N extending our eighty-eighth greeting to you, our customers and friends, we, the third generation of Hendersons, wish also to extend our sincere gratitude for your loyal patronage, which, in many instances, we are also enjoying from third generations of garden lovers—grandsons and daughters of people who bought garden requirements from the founder of our firm since 1847.

Never has the art of gardening had a more propitious era than the present. The home vegetable garden is doing much to offset some of the deprivations which we are experiencing and to many it is proving a new delight in table delicacies. Also, the art of ornamental gardening is growing in every section of the United States. The inherent love for beauty finds a most enjoyable means of expression in gardening. There is no better relaxation for wearied nerves than an actual contact with the soil.

Whether you garden for utilitarian purposes, or for the pleasure of growing beautiful flowers, or even to improve the intrinsic value of your home grounds, our catalog is offered to you to serve those needs. In back of this catalog stands an organization that is kept perennially young in mind and action. Our trial grounds and greenhouses at Red Bank, N. J., are busily engaged throughout the year in testing, improving and developing new varieties of flowers and vegetables. Our warehouses at Jersey City are stocked with the highest quality seeds and other garden requisites to serve your instant needs. Our year round exhibit at Rockefeller Center is maintained to show visitors the results obtained with our products, and here at Cortlandt Street we maintain what has frequently been referred to as the finest seed store in the world

Very truly yours,

PETER HENDERSON & CO.

ete Idenderson

January 1st, 1935

#### DELIVERY IN THE UNITED STATES AND **POSSESSIONS**

All Vegetable Seeds, Flower Seeds, Grass Seeds and Bulbs offered in this catalog will be delivered—at the prices listedtransportation paid in the U. S. and Possessions. In making this Free Delivery offer we reserve the right to ship goods either by Parcel Post, Express or Freight.

**REMITTANCES** may be made by Money Order, Check, Cash or Stamps. Please send 2c stamps only.

NOTE.—IF CASH OR STAMPS ARE SENT BY MAIL, BE SURE TO REGISTER THE LETTER.

C. O. D. ORDERS .- By Parcel Post or Express. If you wish goods sent C. O. D. send 25 per cent. of the amount due with the order. The Post Office Department does not allow a prior examination of C. O. D. parcels. We do not ship plants or potatoes C. O. D.

ACCOUNTS .- We will be pleased to open charge accounts for the convenience of our customers. Kindly furnish references, New York City preferred, to avoid delay.

ORDERS.—We guarantee the safe arrival of all shipments in the U. S. A. and Possessions. We use the greatest care in filling, checking and packing. Yet should anything be omitted, we will promptly forward when advised. Please sign your orders.

ADVISORY SERVICE.—We are glad to answer letters in detail, regarding your garden problems, but all requests for information should be written on a separate sheet of paper, and not on orders.

GARDENERS' AND GREENSKEEP-ERS' SITUATIONS.—We have at all times names of practical gardeners, farm managers and greenskeepers in want of situations. If parties desiring such will write us, we shall be glad to put them in communication with men we deem suitable. We make no charge for this service.

ALL GARDENERS OF EXPERIENCE know that success with seeds depends largely on weather conditions and proper cultivation, so in accordance with the universal custom of the trade **PETER HENDERSON & CO.** gives no warranty expressed or implied, as to description, quality, productiveness, or any other matter, of any seeds, bulbs, plants or roots they send out, and they will not be in any way responsible for the crop.

Henderson's Autumn Bulb Catalog, published in September.

#### Our Front Cover SULGRAVE MANOR, HOME OF WASHINGTON'S ANCESTORS

The old Northamptonshire manor house built early in the Sixteenth Century, which was the ancestral home of the Washingtons, has within the past few years emerged from an extensive process of restoration.

Utilizing a fund of \$52,500 raised in the United States, the Sulgrave Manor Board, whose membership included both Americans and British, entrusted the work required to Sir Reginal Blomfield, R. A., and the results achieved certainly reflect error to red its both on the president each the Reserve could be the property of the service of the Reserve could be the property of the service of the Reserve could be the property of the service of the Reserve could be the property of the service of the Reserve could be the property of the service of the Reserve could be the property of the service of the Reserve could be the property of the service of the Reserve could be the service of the service of the Reserve could be the service of the Service of the Reserve could be the service of t

work required to Sir Reginal Biomneld, R. A., and the results achieved certainly reflect great credit both on the architect and the Board.

Both the house and the gardens have been restored to what was probably their condition in the prosperous days of the Washingtons in England.

Visitors to the estate average about 10,000 annually, and they will now be able to view the manor and gardens in a state of greater loveliness than before.

#### NOTICE REGARDING OUR

The enlargement of our Plant Department has made it imperative for us to issue a separate Plant Catalog.

This catalog, which contains many outstanding novelties in Roses and other

#### SPECIAL OFFER

Meadowbrook Polo Field

#### SPECIAL MIXTURES for LAWNS. TERRACE SOD

This is a special mixture of Grasses best suited for sowing on terraces, embankments and hill-sides; Grasses that produce long, strong, spreading roots, thus preventing heavy rains from washing them out; that will withstand drought, thrive on shallow soils, and at the same time produce a rich, velvety-green turf throughout the season.

Sow seed at the rate of 1 lb. for 200 sq. ft.: 5 lbs. for 1000 sq. ft.

Price, ½ lb., 40c; lb., 70c; 3 lbs., \$2.00; 5 lbs., \$3.25; 10 lbs., \$6.25; 20 lbs., \$12.00; 100 lbs., \$58.00, transportation paid.

#### SEASIDE

Our "Seaside" mixture will make a good turf of green on sand where the finer Grasses will not thrive, though, of course, the sand must be top-dressed with not less than 2 inches of soil before even our "Seaside" Grass Seed is sown, to enable the young Grass to get a start, after which the long roots—peculiar to the varieties we use in this mixture—drive down deeply in the sand and remain permanently self-sustaindry weather. Sow seed at the rate of 1 lb. for 200 sq. ft.; 5 lbs. for 1,000 sq. ft.

Price, ½ lb., 35c; lb., 60c; 3 lbs., \$1.75; 5 lbs., \$2.75; 10 lbs., \$5.00; 20 lbs., \$9.00; 100 lbs., \$42.50, transportation paid.

#### SUNNY SOUTH

It is especially prepared for the South, and contains all the best Grasses that are by nature adapted for hot, dry situations. By using this mixture, and with some care and attention to watering, an all-the-year-round lawn can be maintained in Southern States where Grasses do not usually thrive. Sow seed at the rate of 1 lb. for 200 sq. ft.; 5 lbs. for 1000 sq. ft.

Price, ½ lb., 40c; lb., 70c; 3 lbs., \$2.00; 5 lbs., \$3.25; 10 lbs., \$6.25; 20 lbs., \$12.00; 100 lbs. \$58.00, transporation paid.

#### ATHLETIC FIELD **GRASS SEED MIXTURE**

Produces a close, compact and densely matted turf of great resiliency, though free from slip-periness. The Grasses are fine-leaved, deep-rooting and of an attractive green. The seed, if sown under proper conditions, should form a turf ready for mowing in about four weeks from

Many of the leading Athletic, Baseball and Football Clubs are using this grass seed mixture with complete satisfaction.

Sow at the rate of 150 lbs. to 200 lbs. per acre, according to soil condition.

Price, lb., 60c; 10 lbs., \$5.00; 25 lbs., \$11.25; 100 lbs., \$42.50; transportation paid.

#### FOR GOLF COURSES

Mixtures of Grass Seeds that have been scientifically blended by experts in the produc-tion of turf for Golf Courses are preferred by experienced greenkeepers. They have learned that a quicker and more uniform stand of grass is obtained where a mixture is employed; also that the resulting turf possesses greater qualities

#### PUTTING GREEN

(Rent Formula)

This mixture contains a large percentage of the various Bents and is the best that scientific skill and many years of experience can produce. Sow from 75 to 100 lbs. for the average sized 90 x 90 ft. green.

Price, lb., \$1.00; 10 lbs., \$8.50; 25 lbs., \$20.00; 100 lbs., \$70.00; transportation paid.

#### FAIRWAY

The importance of good Fairways cannot be overestimated, for walking on a springy turf that is pleasing to the eye, is one of the added attractions of the game.

This mixture is specially blended to fulfill these requirements. Sow 150 to 200 lbs, per acre, according to the nature of the soil For renovating, use half this amount.

Price, lb., 60c.; 10 lbs., \$5.00; 25 lbs., \$11.25; 100 lbs., \$42.50; transportation paid.

#### SPECIAL MIXTURE FOR THE ROUGH

As more attention is now given to the refinements of the game, the Rough is no longer allowed to be covered with weeds, but is sown with a recleaned grass seed mixture such as offered here.

Price, lb., 50c.; 10 lbs., \$4.50; 25 lbs., \$10.00; 100 lbs., \$35.00; transportation paid.

#### SPECIAL MIXTURE FOR TEES

This Special Mixture is composed of extremely deep rooting grasses that will stand great wear. Sow at the rate of 10 lbs. to 1,000 square feet

Price, Ib., 60c.; 10 lbs., \$5.00; 25 lbs., \$11.00; 100 lbs., \$40.00; transportation paid.

#### SPECIAL MIXTURE FOR BUNKERS

Price, lb., 60c; 10 lbs., \$5.00; 25 lbs., \$11.00; 100 lbs., \$40.00; transportation paid.

#### POLO FIELD GRASS SEED MIXTURE

#### Used on the Leading American Polo Fields

This is a special blend of deep-rooting, fineleaved, turf-forming Grasses, especially suited for Polo Grounds. This mixture forms a thick strong enduring turf that will stand any amount of hard usage without showing wear and tear.

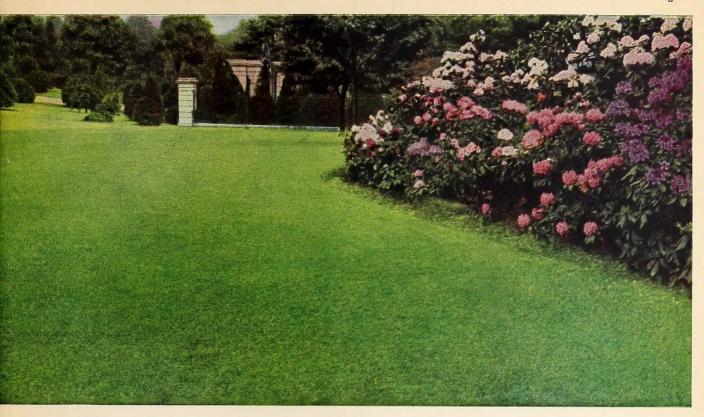

Sow at the rate of 150 lbs, to 200 lbs, per acre according to soil conditions.

Price, lb., 60c; 10 lbs., \$5.00; 25 lbs., \$11.25; 100 lbs., \$42.50; transportation paid.

#### WHITE DUTCH CLOVER

An excellent clover for lawns, makes a close compact growth, covering the ground like a carpet. It also prevents the washing out of soil during heavy rains. Thrives well on all soils

Price, ¼ lb., 25c; ½ lb., 40c; lb., 75c; 10 lbs., \$7.00; 25 lbs., \$16.25; 100 lbs., \$60.00.

# The Most Beautiful Lawns in America

Whether on Vast Estates, Small Gardens, or on Roofs of Metropolitan Skyscrapers are made with

# THE "HENDERSON" LAWN GRASS SEED

A good lawn is unquestionably the most beautiful and most essential feature of the home grounds; or of any landscape development. Nothing else can set off the architectural beauty of a building to better advantage than a well-made, well-kept lawn. A beautiful lawn is not only valuable from an aesthetic viewpoint, or because it promotes pride of ownership; but, it also has intrinsic value, actually increasing the value of the property upon which it grows.

A lawn made with THE "HENDERSON" LAWN GRASS

SEED is practically permanent. Customers tell us that lawns made with this mixture twenty or more years ago are as beautiful today as when they were first made.

It should be borne in mind when considering the making of a lawn that the cost of the seed represents only a small part of the actual investment. The labor cost is usually far in excess of the cost of the seed. It is therefore

false economy to save a few cents by buying a mixture of grass seeds obtained from a questionable source, only to be obliged to endure the annoyance and expense of continually repatching a weedy, irregular turf, and perhaps being forced to do the entire work over again in a short time.

Henderson's celebrated Lawn Grass Seed Mixture has been thoroughly tested by country-wide use during three-quarters of a century. It is the fruit of years of our personal experience and study, coupled with that of many of America's foremost

gardeners, who steadfastly maintain and unite with us in saying that it has no superior for American conditions and the American climate. The rapidity with which it will form a deep green velvety turf, has been the delight of gardeners since its introduction in 1847, for, under ordinary conditions, the bare soil will be clothed with an emerald carpet of living green in four weeks' time.

#### AMOUNT OF SEED REQUIRED

| Size of Plot | Square Feet | Quantity        |
|--------------|-------------|-----------------|
| 10 x 20      | 200         | 1 lb.           |
| 20 x 50      | 1,000       | 5 lbs.          |
| 20 x 100     | 2,000       | 10 lbs.         |
| 40 x 100     | 4,000       | 20 lbs.         |
| 200 x 200    | 40,000      | 100 to 150 lbs. |

For renovating use half these quantities. Our new booklet "How to Make a Lawn" enclosed in every package, contains full instructions how to make a new lawn or renovate an old one.

Price of The "Henderson" Lawn Grass Seed (Delivered Transportation Paid)

1/2 lb. 35c; lb. 60c; 3 lbs. \$1.75; 5 lbs. \$2.75; 10 lbs. \$5.00; 20 lbs. \$9.00; 100 lbs. \$42.50

#### Visit Our Display at "Gardens of Nations" R.C.A. Bldg., Rockefeller Center, N. Y. City

The roof gardens at Radio City and the other buildings of the group which comprise Rockefeller Center in the heart of Manhattan are the modern version of the famed hanging gardens of Babylon. Unquestionably the greatest horticultural venture of recent years.

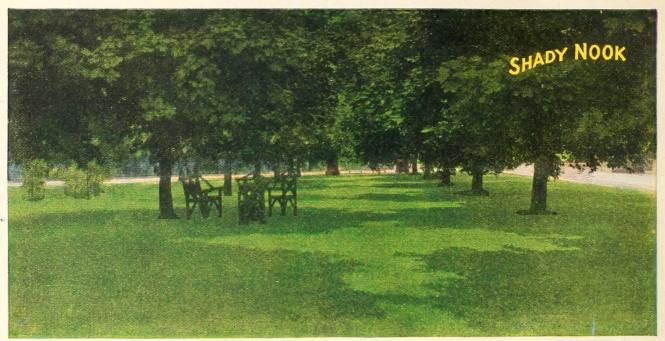

On the three-quarter acre roof of the eleventh floor of the R.C.A. building has been built an exquisite collection of gardens representing various nations. Each garden is a gem, each is authentic and in their respective classes they range from the most precise formal garden to the opposite extreme of naturalistic simplicity. Specimen plant material will be found in all of them, and in some, trees up to thirty feet high are growing luxuriantly.

Here all of the finest flowers will be displayed throughout the seasons, beginning with the earliest spring flowers, which will be followed with annuals and perennials through the summer and up to late fall. All of the lawns in these gardens, as well as those on the French and British Empire buildings, were made with The Henderson Lawn Grass Seed, and all the spring-flowering bulbs were furnished by us. Our annuals and perennials will be shown throughout the season. A model vegetable garden will also be maintained by us.

Our annuals and perennials will be shown throughout the season. A model vegetable garden will also be maintained by us.

The entrance to the gardens is through a large exhibition hall in the center of which Peter Henderson & Co. will maintain throughout the year a complete seed store; here also specimen flowers will be on display, and men trained in the art of garden making will be in charge.

### Henderson's Lawn Grass Seed Mixtures for special purposes and situations

# SHADY NOOK The Ideal Mixture for Shaded Areas

(See Color Plate)

On nearly all lawns there are unsightly bare spots under the shade of trees, which have baffled all efforts to get into Grass, but with this mixture there need be no further difficulty. It is a combination of fine, dwarf growing, evergreen varieties, which in their wild or natural state are to be found growing in the woods or other sheltered and shaded spots. Ground that has been densely shaded by trees is frequently "sour," and if the drainage is defective it is apt to be covered with moss and coarse Grasses. In such cases an application of slaked lime, at the rate of one hundred pounds to each thousand square feet, or two tons to the acre, is an excellent corrective and sweetener, but the moss should be first raked off. Sow seed at the rate of 1 lb. for 200 sq. ft., 5 lbs. for 1,000 sq. ft.

Price, ½ 1b., 40c; 1b., 70c; 3 lbs., \$2.00; 5 lbs., \$3.25; 10 lbs., \$6.25; 20 lbs., \$12.00; 100 lbs., \$58.00; transportation paid in the U. S.

# TOUGH TURF For Tennis Courts, Croquet Grounds, Bowling Greens, etc.

The turf required for outdoor sports must be closely interwoven, firm, elastic, smooth, and durable to stand the wear and tear. These requirements are met in this mixture, which is composed of fibrous, deep-rooting Grasses that spread and intermingle. The seeds are blended in the proper proportions to form and maintain a tough matted sward, constantly green, even in dry weather. These varieties of Grasses, being low-growing and fine-leaved, require to be sown liberally if a playing turf is desired quickly; not less than one pound should be used for 200 square feet, or 100 to 150 lbs. per acre, although 50 per cent more may be used with advantage. Half that quantity will do for renovating. This mixture has been used with great success at the Rumson Polo Fields, also at the Forest Hills Tennis Courts, the great sport centers for Tennis, and numerous other playing fields.

Price,  $\frac{1}{2}$  lb., 35c; lb., 60c; 3 lbs., \$1.75; 5 lbs., \$2.75; 10 lbs., \$5.00; 20 lbs., \$9.00; 100 lbs., \$42.50; transportation paid in the U. S.

There is a Special Henderson Grass Seed Mixture for Every Purpose. Our pamphlet "How to Make a Lawn" is enclosed in every package or bag. It tells how to make a new lawn, or renovate an old one.

# SPECIAL "BENT FORMULA"

#### It Makes Every Lawn Like a Putting Green

(See Color Plate)

A combination of the finest recleaned Grasses, using as a basis for this mixture the imported and domestic Bent Grasses which are so largely used in the finer Putting Greens of today.

A lawn seeded with this mixture and properly cared for will in truth make every lawn a Putting Green. On a lawn of this type, Clock Golf and other lawn games may be enjoyably played.

It is imperative in maintaining a lawn of this type, that the grass should be kept cut short and well rolled all through the season. Starvation of the grass plants is the most frequent cause of unsatisfactory lawns, and grass needs constant small applications of fertilizer and plenty of water to maintain a perfect lawn.

We advise seeding at the rate of one pound to cover a space of 10 x 20 or 200 square feet.

Price, lb., \$1.25; 5 lbs., \$5.75; 10 lbs., \$11.00; 25 lbs., \$25.00; 100 lbs., \$90.00; transportation paid in the IJ. S.

# HENDERSON'S VEGETABLE SEEDS

Vegetable Gardening is a profitable and pleasurable occupation. There is no food in all the world that can compare with the fresh vegetables from your own garden

Our Prices Have Been Reduced to the Lowest Point, Consistent with the Production of Quality Seeds

The varieties of vegetable seeds offered on this and the following pages are the highest developments in their respective classes and have by rigid tests, as required for the Henderson Standard of Excellence, proven their worth to occupy space in this catalog. Many of them are varieties that were originated by us during the four score years of our existence, and which today are household words throughout the vast expanse of this great land.

It has always been our aim to describe all of our offerings accurately and truthfully, which in many cases has necessitated a rather long description. This year we have applied the blue pencil and boiled them down, so that the outstanding facts concerning a variety

may be seen at a glance.

# COLLECTIONS of VEGETABLE SEEDS

These collections are made up of varieties of known merit, that have been selected in quantities for the allotted garden space, to produce a continuous supply of delicious high quality vegetables throughout the entire season.

They save time and at least 25 per cent. off the regular list prices of the seed.

Henderson's Vegetable Seed Collections are delivered transportation paid anywhere in the United States.

# COUNTRY GENTLEMAN

7006 Collection \$6.50

For a Country Estate Vegetable Garden, 75x75 Feet

This well-planned assortment of 46 varieties will furnish a continuous supply of fresh vegetables for the table all through the season, and also provide some for winter storage.

the season, and also provide some for winter storage.

Every box contains a plan and instruction sheet which will help
the gardener in laying out the plot, and also in the cultivation.

Pumpkin, to June. Radish, Spring, until Radish, Winter, to Aug. Ruta Baga, to June. Spinach, Sept. 15th. Swiss Chard, Aug. 1st. Turnip, Aug. 1st.

#### ASPARAGUS ROOTS

One to two years' time is saved by planting roots, which we can supply from November 1st to May 15th. One hundred roots will plant a plot 6 feet by 50 feet which is enough for an ordinary family. Send for our free pamphlet "Asparagus Culture."

GIANT WASHINGTON

Developed under the auspices of the United States Dept. of Agriculture, this has become the most popular variety in cultivation, primarily because of its immunity to the dreaded rust disease. The shoots are of giant size, very vigorous, straight and of superb quality. Color dark green tinged with purple.

Per 100 Per 500 \$14.00 \$25.00 \$3.00 Two-year-old roots..... Three-year-old roots. 4.50 21.00 40.00 (Buyer pays transportation charges according to zone rates.) It weigh about 8 lbs. 100 three-year-old roots will weigh about 20 lbs. 100 two-year-old roots will

**PALMETTO** 

Large, early, a strong, quick grower, prolific and continuous yielder; the stalks, large and uniform under ordinary culture, average nearly an inch in diameter, retaining their thickness up to their plump tips.

# BUSH BEANS GREEN PODDED

CULTURE.—Sow every two weeks from early May until August for succession crops in the latitude of New York. Further south, sow earlier; further north, later. Plant two inches deep in drills two and one-half feet apart. Plant seeds two inches apart, thin out plants to stand four inches apart. They commence bearing in six to eight weeks. 2 lbs. to 100 feet of drill.

1 lb. equals 1 pint

2 lbs. equals 1 quart

15 lbs. equals 1 peck

#### 1 BOUNTIFUL (Henderson's)

#### A Flat, Green-Podded, Stringless Variety-Prolific and Continuous Bearer

Introduced by us thirty years ago, this superior, stringless bush bean is in greater demand to-day than any other variety in cultivation. The plant is very vigorous, almost immune from disease, hardy, early and prolific. It bears rich green pods, of immense size, thick broad, extra long, very uniform in shape, solid, meaty and of high quality, meltingly tender and having a delicious flavor exclusively their own. The pods are stringless and entirely free from any tough, membraneous lining when young, and this tender "snap brittle" quality is retained even into maturity. (See illustration.)

Price, pkt., 15c; 1/2 lb., 25c; lb., 45c; 2 lbs., 80c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation

#### 22 "HENDERSON" STRINGLESS Really Stringless, Tender and Meaty, Rust-Resisting

This stringless bush bean, introduced by us in 1920, has been received with great appreciation by our customers who grew it. Letters are reaching us from all parts of the country from customers who commend us for its beautiful appearance and absolute freedom from string.

The "Henderson" Stringless Bush Bean is absolutely stringless from the first to the last picking and is quite free from rust. The vine is upright, strong and healthy; about one and a half to two feet in height, and bears a heavy crop of meatry, tender pods six to seven inches in length, in about seven weeks from planting the seed. The quality and flavor of the pods are unexcelled, and even when canned they retain their color and flavor just as if freshly picked from the vine. We recommend it to our customers, knowing that it will give great satisfaction. (See illustration.)

Price, pkt., 15c; ½ lb., 30c; lb., 55c; 2 lbs., 95c; 8 lbs., \$3.50; 15 lbs., \$6.00; transportation

#### 19 LONGFELLOW

An ideal Snap Bean, producing a fine crop of round, straight, solid, fleshy pods, averaging 6½ inches long, wonderfully tender and brittle, without a trace of tough interlining, and having no string when broken, excepting when the pods are quite old. The flavor is most delicious, while the delicate green color of the pods is retained after cooking, adding to its attractiveness when served. The plants are of robust, compact habit, unexcelled in bearing qualities, maturing the crop very regularly.

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation

#### 25 REFUGEE or 1000 to 1

The extremely productive nature of this bean accounts for its extensive cultivation for canning and pickling purposes. Many thousands of bushels are grown annually to supply the demand for the popular German schnitzel beans. The plants grow about 15 inches high. The pods are light green in color, long and slim, but slight string. An ideal fall cropping

Price, pkt., 10c; ½ lb., 20c; lb., 35c; 2 lbs., 60c; 8 lbs., \$2.00; 15 lbs., \$3.50; transportation

#### 4 BLACK VALENTINE (Henderson's)

For many years this has been a popular variety in bean growing districts for the early or late crop. The plant is very hardy and heat resisting, and is a very prolific bearer. It is, therefore, a valuable all season variety. The pods are soft green in color, straight, tender and attractive.

Price, pkt., 10c; ½ lb., 25c; lb., 40c; 2 lbs., 70c; 8 lbs., \$2.25; 15 lbs., \$4.00; transportation paid.

#### 9 BURPEE'S STRINGLESS

The plants are medium large, of somewhat spreading growth, with dark green foliage. The pods are medium in length, somewhat curved and very thick and meaty. Hardy

and productive.

Price, pkt., 10c; ½ lb., 25c; lb., 40c; 2 lbs., 70c; 8 lbs., \$2.25; 15 lbs., \$4.00; transportation paid.

#### 10 DWARF HORTICULTURAL or Cranberry

A green-podded bush variety of the climbing Horticultural. The pods average five inches long and are stout and flat. Used

either as snap beans or for shelling green.

Price, pkt., 10c; ½ lb., 25c; lb., 40c;
2 lbs., 70c; 8 lbs., \$2.25; 15 lbs., \$4.00;
transportation paid.

#### 16 RED VALENTINE, Earliest (Henderson's)

The healthy, vigorous plants are unusually hardy, successfully withstanding early frosts; it may therefore be planted very early. It will always yield a large crop of handsome, long, round, fleshy pods, rich green in color and of unsurpassed tenderness when gathered young, when it is practically stringless.

Price, pkt., 10c; ½ lb., 20c; lb., 35c; 2 lbs., 60c; 8 lbs., \$2.00; 15 lbs., \$3.50; transportation paid.

transportation paid.

#### 18 GIANT STRINGLESS

Fully an inch longer than Burpee's Stringless. The pods are also larger and heavier in proportion; very meaty, round, brittle and stringless. The plants bear prolific crops.

Price, pkt., 10c; ½ lb., 25c; lb., 40c; 2 lbs., 70c; 8 lbs., \$2.25; 15 lbs., \$4.00; transportation paid.

#### 20 MASTERPIECE (For Forcing)

This is a splendid forcing variety and is now in great demand; free from string and very tender when cooked. The plants are robust, very prolific, and can be grown outside just as easily as any other bush bean.

Price, pkt., 15c; ½ lb., 30c; lb., 55c; 2 lbs., \$1.00; 8 lbs., \$3.75; transportation

paid.

#### BUSH BEANS

28 TENDERGREEN (Henderson's) (See Color Plate, Page 20)
Bears a Profusion of Exquisitely Tender Green Pods—

Absolutely Stringless.

For those who demand quality above all else, we recommend Tendergreen. Absolutely stringless and fiberless, with a delicious flavor and a melting tenderness that lutely stringless and fiberless, with a delicious flavor and a melting tenderness that distinguishes it as the ultimate in quality. Unlike many other high-quality products, Tendergreen is not an erratic producer, but a dependable and prolific bearer. It is one of the earliest beans in cultivation. The plants possess a constitutional vigorousness that makes them practically immune to disease; they average from 14 to 15 inches high, the stems are stout and rigid, the foliage is heavy, glossy and attractive. The pods are deep, rich green in color, extremely brittle, perfectly round, and average from 4½ to 6½ inches long.

Price, pkt., 15c; ½ lb., 40c; lb., 75c; 2 lbs., \$1.25; 8 lbs., \$4.50; transportation paid.

# BUSH BEANS WAX PODDED

Culture same as that recommended for Green Bush Beans on Page 7.

44 GOLDEN AGE (Henderson's) (See Color Plate, Page 20) A Triumph of Horticultural Art. The Best Stringless Wax Bean Extant.

We have named this supreme product of the horticultural art "Golden Age," because we believe its advent is an achievement in the science of plant breeding. Besides being absolutely stringless, it is remarkable for its rust-resisting and disease-resisting qualities. The plants are vigorous in growth, and bear heavy crops of transparent, tender, golden, waxy pods, delightful to the eye, and ready to pick in 45 days from the planting of the seed.

Price, pkt., 15c; ½ lb., 40c; lb., 75c; 2 lbs., \$1.25; 8 lbs., \$4.50; transportation paid.

#### 50 HODSON LONG POD

Enormous Yielder. Never Affected by Rust or Blight.

The strong, sturdy plants often attain dimensions 21/2 feet in height, and bear great quantities of long, meaty pods, measuring 7 to 8 inches in length and of a waxy cream-yellow color. The ample foliage sheltering the pods from the hot sun renders them exceptionally tender, brittle, and if picked before too old they are string-less, free from fibre and of fine table quality. (See illustration.)

Price, pkt., 10c; ½ lb., 25c; lb., 40c; 2 lbs., 70c; 8 lbs., \$2.50; 15 lbs., \$4.50; transportation paid.

HODSON

#### 56 UNRIVALED Earliest Wax Podded Variety Grown

It is above all else the earliest Wax Bean within our knowledge. We have found it two days earlier than any other in our trials, which alone renders it extremely valuable. The color develops

very early in the growth of the pods, which remain tender for a long period. flavor is excellent, and both plant and pod are free from rust and blight. (See illustration.)

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 8 lbs., \$2.75; 15 lbs., \$4.50! transportation paid

55 SURE CROP STRINGLESS—Clear Amber, Stringless Pods This variety is well adapted for market purposes because of its vigorous growth, productiveness and hardiness. Pods are rich yellow, 6 to 7 inches long, entirely stringless at all stages of development.

Price, pkt., 15c; ½ 1b., 25c; 1b., 45c; 2 lbs., 80c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation exists.

transportation paid.

59 WARDWELL'S KIDNEY WAX

One of the best large, podded wax beans. Very robust and hardy, producing heavy crops of broad, long, flat waxen pods not liable to rust.

Price, pkt., 10c; ½ 1b., 25c; 1b., 40c; 2 1bs., 70c; 8 1bs., \$2.50; 15 1bs., \$4.50; transportation poid.

#### SHELL BEANS

7 BOSTON SMALL PEA.—One of the oldest beans in cultivation. The popular baking bean. Price, pkt., 10c; ½ lb., 20c; lb., 30c; 2 lbs., 55c; 8 lbs., \$1.75; 15 lbs., \$3.25; transportation paid.

31 WHITE MARROW.—The pods range from 5 to 6 inches in length and produce from five to seven

Price, pkt., 10c; ½ lb., 20c; lb., 30c; 2 lbs., 55c; 8 lbs., \$1.75; 15 lbs., \$3.25; transportation paid.

#### Henderson's Succession Collection of 34 DWARF GREEN AND WAX BUSH BEANS

These collections are made up of standard varieties, and are selected to give a continuous supply of garden beans throughout the season. Plantings of all the varieties may be made at one time and they will mature in succession.

Longfellow. Green. Plant for early.

Refugee 1000 to 1. Green. Plant for late.

Black Wax. Plant for early.

Wardwell's Kidney Wax. Plant for medium early.

Price, 4 sorts, pkt., each 30c; ½ lb. each, 75c; lb. each, \$1.35; 2 lbs. each, \$2.40 transportation paid.

#### 35 BLACK WAX

(Henderson's Improved)

One of the oldest varieties grown, which has been so greatly improved that it compares favorably with newer sorts. It is very early, enormously productive and of fine quality. of fine quality.

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation paid

#### **BUSH LIMA BEANS**

CULTURE. — These dwarf or bush forms of pole Limas come into bearing much earlier and do not require poles or other support to climb on; and they continue in bearing for weeks. Being more tender than Dwarf Snap Beans, the seed cannot be planted as early. Plant about the middle to latter part of May around New York. The rows should be two and one-half feet apart, the seed sown edgewise in the drills six inches apart and covered one inch. They commence bearing in from twelve to fifteen weeks, according to the earliness of the variety. Do not brush against bean foliage when wet. 1 lb. to 100 ft. of drill; 1 lb. equals 1 pint; 2 lbs. equals 1 quart; 15 lbs. equals 1 peck.

#### 69 EARLY GIANT (Henderson's) True Bush, Enormous Pods and Beans

(See Colored Plate, Page 19.)

This variety is the best possible Bush Lima Bean, possessing every quality

Inis variety is the best possible Bush Lima Bean, possessing every quality so long known and esteemed in the older pole varieties, and can be grown as easily as any Snap Bean. It is the earliest of the large bush sorts. The strong, rugged plants of true bush form, 1½ feet in height, are of healthy, sturdy, upright growth, requiring neither poles nor stakes—and bear from July until frost, almost unbelievable quantities of 5- to 6-inch pods, each containing usually four large, thick beans, averaging as large as those of the large pole Limas, and whether used green or cured they are of superb quality—tender rich and and whether used green or cured, they are of superb quality—tender, rich and buttery, the true Lima flavor.

In the green state their tender freshness is maintained beyond the ordinary, accounted for by the pods being unusually fleshly and thick and the foliage luxuriant and sheltering.

Price, pkt., 15c; ½ lb., 30c; lb., 55c; 2 lbs., 95c; 8 lbs., \$3.50; 15 lbs., \$6.00;

transportation paid.

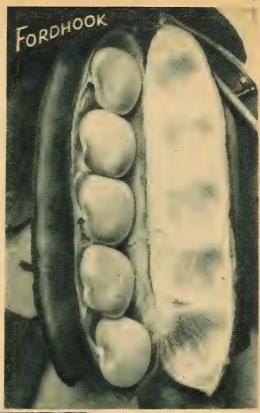

#### 72 FORDHOOK

A Favorite with the Home and Market Grower
One of the best known and most widely grown Limas in cultivation. It is an
improved form of the popular Kumerle or Bush Potato Lima. It is an extremely
heavy cropper, just a few days later than our Early Giant. The bush, which
grows stiffly erect about 16 to 20 inches high, holds the broad, plump pods well above the ground so that they do not become beaten or discolored by wind or rain. The pods usually contain from 3 to 5 large plump beans of excellent quality. This variety is equally as valuable for the home gardener as for the market grower. Price, pkt., 15c; ½ lb., 30c; lb., 55c; 2 lbs., 95c; 8 lbs., \$3.50; 15 lbs., \$6.00; transportation paid. (See illustration.)

The preparation of the soil for the vegetable garden-starting the seed-cultivation and storing are all fully covered in our Garden Guide and Record. Sent free on request with an order of \$3.00 or over.

See page 1.

#### 78 "IMPROVED HENDERSON"

Yields Continuously from Early Summer to Frost—Suitable for all Sections, North and South

> The original Bush Lima Bean, the "Henderson," was defective in size, and though because of its extreme earliness, thousands

of our customers were enabled to grow Lima Beans where none had grown before, the defect the customers were enabled to grown before, the defect the customers where the customers where none had grown before, the defect the customers than the customers that the customers the customers that the customers that the customers that the custo least 50 per cent. larger than the original. Though a day or two later, it is still ten days earlier than other bush forms, and weeks earlier than any of the pole varieties, yet retaining all the remarkable qualities of its predecessor.

It grows as freely and is just as dependable in the North as in the South; in fact, it is suitable for all sections. The quality is excellent, possessing the rich, buttery flavor common to all Limas. (See illustration.)

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation paid.

#### 75 "HENDERSON"

#### The Original "Baby" Lima Bean

It produces a continuous crop from the time it comes into bearing (it is fit for the table in the latitude of New York the middle of July) until frost, and, being enormously productive, a very small patch will keep a family supplied with this splendid vegetable through the season. The plant forms a compact bush about 18 inches high. The Beans are the size of the Sieva or small Lima, and of delicious quality. (See illustration.)

Price, pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 70c; 8 lbs. \$2.50; 15 lbs. \$4.50: transportation paid.

#### 66 DREER'S

This variety is desirable on account of earliness, productiveness, and its fixed habit of growing in the dwarf or bush form. The Beans are oval in shape and thick, sweet and succulent.

Price, pkt., 10c; 1/2 lb., 25c; lb., 45c; 2 lbs., 80c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation paid.

Our leaflet on Bean Culture-sent free on request when ordering-tells how easy it is to grow high-quality Limas.

PETER-HENDERSON & CO., 35 Cortlandt St., New York, N. Y.

# POLE LIMA BEANS

POLE LIMA BEANS are grown in hills three feet apart in rows four feet apart, but being very tender, the seeds should not be planted until the ground has warmed up about, two weeks later than other beans, or in the latter part of May around New York. 1 lb. equals 1 pint. 2 lbs. equals 1 quart. 15 lbs. equals 1 peck.

#### 85 LEVIATHAN (Henderson's) The Earliest Pole Lima Bean Grown

Many growers prefer the pole varieties of Limas. These are later than the bush sorts, and in some localities there is difficulty in maturing the crop. In Northern States, or where by reason of continued cool nights the growth is less rapid, Leviathan will be found admirably adapted.

The plant is strong and takes to the poles more readily than any other sort. The plant is strong and takes to the poles more readily than any other sort. It is fully a week earlier than any other pole variety, therefore can be grown successfully where other sorts would be caught by frosts of early autumn. It is a prodigious cropper, producing its pods in large clusters, well filled with large, fleshy Beans, pale green in color, of a rich, buttery flavor. (See illustration.) Price, pkt., 15c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation paid

# 90 IDEAL (Henderson's) Of Gigantic Size. Tenderness and Flavor Superb

The vine does not differ materially from that of the ordinary pole varieties. Its chief distinction lies in the size of the pods, which hang in wonderful profusion on the vines. The average yield is greater than in any other variety.

Though a little later than our early Leviathan, it is just as early as the ordinary pole varieties and continues to produce enormous crops up to frost.

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation paid.

#### 91 SPECKLED POLE LIMA—NEW

This speckled variety is practically immune form diseases such as blight, and the withering of blossoms.

It matures about the same time as Early Leviathan and the crop of beans in the early stages are green in color, but later develop red splashings, hence the name.

Price, pkt., 25c; ½ lb., 50c; transportation paid.

Lima beans should not be planted until the ground is warm and danger from frost is over. Grow plenty of beans; they have almost as much nutritive value as beef.

#### POLE BEANS

CULTURE OF POLE BEANS.—These are planted about the middle of May, in hills from three to four feet apart. From five to six seeds are planted in each hill, about two inches deep. Rough cedar, or similar poles seven to eight feet long should be used for Pole Beans to climb on. 2 lbs. to 150 hills. 30 lbs. to the acre in hills.

#### 93 GIANT WAX (See Color Plate, Page 20.)

#### Truly a Giant. Bears Pods 8 to 10 in. Long

Since its introduction in 1932, Giant Wax has won many admirers. It is a show bean par excellence, as it develops beautiful, unblemished, flat pods 8 to 10 inches long and clear amber yellow in color,

The plant is vigorous, tall and very resistant to disease giant pods are produced in abundance over a long period. withstanding its large size, the bean is of fine texture, free from string in the young stages, very brittle and tender. As an exhibition bean it excels all others.

Price, pkt., 25c; ½ lb., 50c; lb., 95c; transportation paid.

#### 96 OLD HOMESTEAD or Kentucky Wonder

This most popular green-podded snap Pole Bean is a marvel of continued productiveness and is ten days earlier than any other green-podded Pole Bean. First

pickings may be made in the latitude of New York early in July, and the vine will continue to produce in abundance until frost.

The pods hang in great clusters from the top to the bottom of the vine and can be gathered by the handful; they are very large, 6 to 8 inches in length, stringless, plump, meltingly tender and of superb

Price, pkt., 10c; ½ lb., 25c; lb. 45c; 2 lbs., 80c; 8 lbs., \$2.75; transportation paid.

#### 98 SCARLET RUNNER

A 10-foot ornamental vine for A 10-100t ornamental vine for shade, with dazzling scarlet flowers. Pick pods when half grown for use as "snap."

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 80c; 8 lbs., \$2.75; transportation raid

# HENDERSON'S BEETS

1 oz. to 50 feet of drill; 5 lbs. to the acre in drills.

CULTURE—The best soil for Beets is light, and enriched the year before with well-rotted manure. For early, sow in spring, as soon as the ground is fit to work, in drills about one fool apart and one inch deep. For main crop sow the first week in May, and for winter use, sow in June or July. These dates are for the latitude of New York. South, sow earlier; north, later. When the seedlings have attained three or four leaves, thin out to four inches apart.
Our booklet, "Garden Culture of Root Crops" is forwarded free on request. It describes the culture of Beets

and all other root crops

#### 210 CRIMSON GLOBE (Henderson's)

It is of medium size, generally about 3 inches in diameter, very handsome in shape, a little deeper than round, with a smooth, even surface. The flesh is deep crimson, ringed and zoned in varying shades. It is exquisitely tender, and delicious in flavor. Though it grows quickly enough for very early use, it will remain tender for a very long period. A grand second early and main crop variety. (See illustration.)

Price, pkt., 10c; oz., 25c; ½ lb., 65c; lb., \$1.50; transportation paid.

#### 212 CROSBY'S EGYPTIAN Henderson's Selected Strain

The largest of the very early sorts. It is very quick to attain size. The shape is a little flat, but very uniform. The tops are small, and the whole plant grows easily and quickly. flat, but very uniform. The tops are small, and the whole plant grows easily and quickly. The flesh is somewhat lighter in color than usual, but it is very attractive. It is an excellent variety for early use. (See illustration.)

Price, pkt., 10c; ozi, 25c; ½ lbi, 65c; lb., \$1.50; transportation paid.

214 DETROIT DARK RED

Probably the best of the larger sorts. It succeeds equally well at all seasons, and is one of the best to sow in early spring, to succeed the extra early and medium crop sorts. It may be sown about August 1st (in the vicinity of New York) for a crop to store for winter. The flesh is solid, always tender, of good flavor and excellent color. (See illustration.) Price, pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$1.75; transportation paid.

#### 216 EARLY BLOOD TURNIP (Henderson's)

Very attractive in appearance, the roots being smooth and uniform, and the color deep blood red. The flesh is tender and sweet, and it is an excellent variety for canning. This variety should be sown for a late crop on account of its quickness in maturing. For winter storage it is unexcelled. (See illustration.)
Price, pkt., 10c; oz., 25c; ¼ lb., 65c; lb., \$1.50; transportation paid.

219 EARLY WONDER

Early Wonder matures two weeks earlier than most other varieties and is very highly recommended for spring and summer sowing; it can also be planted later in the season than any other kind for the last crop of the year. The roots are nearly globe-shaped with small tap roots and are very uniform in size. The skin is deep red and the flesh dark in color, fine grained and particularly tender and sweet. (See illustration.)

Price, pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$1.75; transportation paid.

Exceedingly popular, and one of the best early varieties; of uniform globular shape; flesh bright, glossy red, fine-grained, and unusually tender and sweet.

Price, pkt., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.25; transportation paid.

#### 226 EXTRA EARLY EGYPTIAN

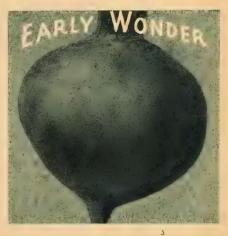

An exceedingly early variety and considered by many to be the best of the early garden When sown in the open ground in favorable weather, the roots may be pulled for table use in June, at which time they are as big as a small apple, and their flavor is at its best. The root grows almost entirely out of the ground, to which it is held by a slender tap-root. The skin is very smooth; violet-red in color; flesh of a dark blood color. Price, pkt., 10c; oz., 25c; ¼ lb., 65c; lb., \$1.50; transportation paid.

231 OVAL GEM (Henderson's) (See Color Plate, Page 20)

It is oval in shape, slightly receding toward the base; it is extremely smooth and uniform, medium in size—just the right size for the home garden as well as for making an attractive bunch for marketing. The foliage is small, bronze-green in color. The beets are dark red, slightly ringed; when cooked (which, by the way, requires less time than the ordinary sorts), the rings disappear, turning the entire beet to the color of a glowing ruby. When sliced or squared, the pieces have a certain translucent appearance which bespeak a melting tenderness a sweet flavor, and an entire absence of fibra. tenderness, a sweet flavor, and an entire absence of fibre.

Price, pkt., 20c; oz., 50c; ¼ lb., \$1.50; lb., \$4.00; transportation paid.

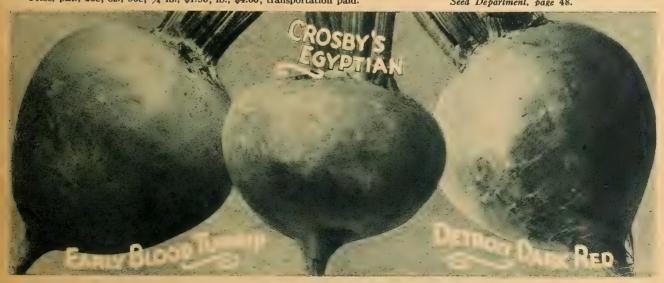

#### 238 WINTER KEEPER

An exceptionally fine, large, solid beet with good keeping qualities and good flavor. It has a short, thick, tapering root and the quality is just as good after being stored all winter as when freshly

Price, pkt., 10c; oz., 25c; ½ 1b., 65c; 1b., \$1.50; transportation paid.

For Swiss Chard Beet, see page 38. For Sugar Beet and Mangel Wurzel, see Farm Seed Department, page 48.

# BROCCOLI

## 241 RIVIERA (Henderson's)

#### The Improved Italian Type A Delicious Vegetable

(See Color Plate, Page 19.) Famed for its tender, delicious and savory flavor, also for its healthful and obesity-reducing qualities, and lastly for its extreme ease of culture.

The plant grows about two feet high, is branching in character, and each branch terminates in a green sprout. When the green sprouts, which are actually a mass of flower buds, have devela mass of nower blus, have dever-oped to -two or three inches across (and before the flowers appear), they are ready for use. It thrives anywhere. For an early crop, start the seed in a cold frame and transplant seed-

lings in the open ground after frost.

For late crop, start seed in the open ground during the early Summer months. It is cooked and served like Cauliflower.

Price, pkt., 25c; 1/2 oz., \$1.75; 1 oz., \$3.00; transportation paid.

#### 242 LONG ISLAND STRAIN

#### (A Special Dwarf Selection.)

This is a fine strain of Sprouts. grown extensively for the New York market, where they bring a good price, especially during the winter. The plants produce a large crop. We offer a special dwarf selection. (See illustration.)

Price, pkt. 25c., oz. \$1.50. Transportation paid

A very excellent selection of this estimable vegetable. Sown in June in the latitude of New York, it produces an abundant crop of Sprouts—solid, succulent and de-licious—in the fall and early winter.

Price, pkt., 15c; oz., 50c; 1/4 lb., \$1.75; transportation paid.

The culture of Broccoli and Brussels Sprouts is given in our Cabbage pamphlet, sent free on request if asked for when ordering

#### EXTRA EARLY and EARLY VARIETIES

# CULTURE.—For earliest crop, start seed in holbed in February, cover seed one-half inch. Transplant in April, eighteen inches apart in rows and two feel between rows. For late crop start seeds in May or June outdoors in good, rich soil and transplant in July.

#### 254 CHARLESTON WAKEFIELD (Henderson's)

The pointed-head Cabbages are of excellent quality, quite free from the coarse rankness so commonly associated with Cabbage. Henderson's Charleston Wakefield is larger, but fully equal in quality to any of its class and admirably suited to succeed the very

Price, pkt., 10c; oz., 50c; 1/4 lb., \$1.50; transportation paid.

One of the earliest round-headed Cabbages on the market. It finishes with the Earliest Wakefield type; but unlike that type, it remains in perfect condition on the field for a long time without bursting or bolting to seed. This is a very desirable quality for the home gardener who wants his crop to extend over a long period

Price, pkt., 25c; ozl, 90c; 1/4 lb., \$2.75; transportation paid.

#### 260 EARLY JERSEY WAKEFIELD (Henderson's Original)

The Best First-Early, Pointed-Head Cabbage The heads are pyramidal in shape, having a blunted or rounded peak. It is beyond question the best variety for spring and early summer in the private garden. Its first appearance brings a welcome change from the hard-headed winter sorts, for Early Jersey Wakefield is attractive in appearance and essentially good in quality. (See illustration.)

Price, pkt., 10c; oz., 50c; ¼ lb., \$1.50; transportation paid.

#### 262 EARLY MARKET (Henderson's) A Very Desirable, Early, Round-Headed Variety

The plant is small, with short stem, and few outer leaves. These have the excellent habit of curving inward, thus providing protection to the head.

For home use its remarkably fine quality and tenderness will be greatly appreciated. There is an entire absence of coarse veins and leaves, and it has the quality peculiar to some of the best sorts of hardening the head before it has attained its full size.

Price, pkt., 15c; oz., 75c; 1/4 lb., \$2.25; transportation paid.

#### 269 GOLDEN ACRE

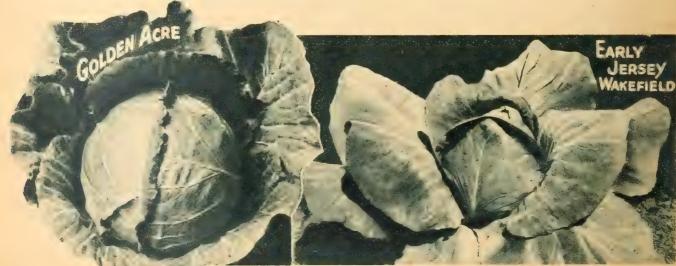

Golden Acre Cabbage is an early round-headed variety resembling Early Market in shape and type, but is smaller. It is also eight to ten days earlier than that well-known variety. It will remain on the field for a long time without bursting or bolting to seed (See illustration.)

Price, pkt., 15c; oz., 75c; 1/4 lb., \$2.00; transportation paid.

#### 273 PREMIER (Henderson's)

It is the earliest of all the round-headed varieties, fully 3 to 4 days earlier than Earlykrop. The head is a trifle smaller, the plant is more compact; it can therefore be planted closer than other sorts, so that quality cabbage can be grown in even the smallest garden. The heads are very firm, and the quality is delicious, tender and succulent. (See Color Plate, Page 19.)

Price, pkt., 25c; oz., 90c; 1/4 lb., \$2.75; transportation paid.

# CABBAGE SECOND EARLY or SUMMER VARIETIES

Our leastet, "The Culture of Cabbage," sent free with orders, gives complete cultural instructions on all varieties of cabbage.

#### 265 GLORY OF ENKHUIZEN

An excellent variety for private gardens and also for Market gardens because of its sure heading quality. It is of the Copen-hagen type but the heads are much larger and very solid. It is a very hardy sort.

Price, pkt., 10c; oz., 50c; 1/4 lb., \$1.50; transportation paid.

#### 266 EARLY SUMMER (Henderson's)

As an ideal second-early Cabbage it continues to hold its place. It forms large, round, flattened, solid heads, weighing usually 8 to 10 lbs. each. The quality is excellent, tender and sweet. Price, pkt., 10c; oz., 70c; 1/4 lb., \$2.00; transportation paid.

#### 274 SUCCESSION (Henderson's)

The Most Celebrated Second-Early Variety

The heads become solid long before they are fully grown, so that heads of satisfactory size may be cut long before it is at its best.

Is so finely bred, so free from coarse veining of the leaves, that in addition to its reliability and sure cropping quality, it possesses all the fine qualities of the very best earlier varieties. Succession Cabbage is much sought after, and much seed is offered as "Succession" which is spurious. True stock can only be obtained direct from us. (See illustration.)

Price, pkt., 10c; oz., 80c; ¼ lb., \$2.50; transportation paid.

#### LATE VARIETIES 252 AUTUMN KING (Henderson's)

Enormous Solid Heads-Often 20 to 30 lbs. Each

We say without hesitation that it is the finest late Cabbage in this country today, entirely distinct, and the best keeper; it produces enormous solid heads of that desirable sea-green shade.

It produces a greater weight of crop per acre than any other variety, from the fact that it develops very few outer leaves and goes all to head.

A distinct feature of the Autumn King is the peculiarly crimped leaves, which not only add to its appearance, but enable it to be distinguished anywhere. There is no late-keeping variety which maintains its fresh character so long after it has matured. This quality has made it known as "the sweetest Cabbage ever eaten." (See illustration.)

Price, pkt., 15c; oz., 75c; 1/4 lb., \$2.00; transportation paid.

#### 258 DANISH BALL HEAD (Henderson's)

Short Stem

This type has become very popular on account of the great solidity and weight of the heads; it is a strong, vigorous grower, producing large, round, compact heads, almost as hard as iron, weighing, when trimmed, fully one-fourth more than any other Cabbage of equal size; in consequence, it keeps in choice condition until

Price, pkt., 10c; oz., 50c; 1/4 lb., \$1.50; transportation paid.

#### 268 LATE FLAT DUTCH (Henderson's Selected)

Large, Round, Solid Heads-an Excellent Keeper

It produces very large, round, flattened heads, very uniform, is firm and hard, a reliable header even under unfavorable conditions, and is esteemed one of the best late fall and winter-keeping Cabbages.

Price, pkt., 10c; oz., 50c; 1/4 lb., \$1.50; transportation paid.

#### SAVOY CABBAGE 250 AMERICAN DRUMHEAD SAVOY

The Savoy Cabbages differ from all other in the peculiar crumpled character of the leaves.

Although excellent at any season of its growth, the Savoy Cabbage is never at its best until touched by frost. It is sweet and delicious.

Price, pkt., 10c; oz., 75c; ¼ lb., \$2.00; transportation paid.

271 PERFECTION SAVOY (Henderson's)

**Perfection**, both in appearance and quality. The head is medium in size, and the leaves are so distinctly and deeply crumpled as to give it it almost a mossy appearance, making it thereby highly ornamental.

Its flavor is sweet and delicious, and it is positively the tenderest cabbage in existence. (See illustration.)

Price, pkt., 20c; oz., 75c; 1/4 lb., \$2.00; transportation paid.

#### RED CABBAGE

#### 270 MAMMOTH ROCK RED

A large-growing, select strain, producing very solid heads, weighing 10 to 12 lbs. each; color, intense dark red.

Price, pkt., 15c; oz., 50c; ¼ lb., \$1.50; transportation paid.

272 RED DUTCH

A popular, hard-headed sort for pickling, etc. The best keeper; not extra large, but of excellent quality. Very early.

Price, pkt., 10c; oz., 50c; 1/4 lb., \$1.50; transportation paid.

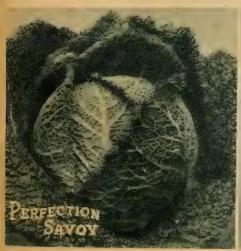

#### CHINESE CABBAGE

Chinese Cabbage is a fine vegetable when cooked like other cabbage, but it is delicious when used as a salad

257 CHI-HI-LI or CELERY CABBAGE

This variety has a long, compact head which resembles celery when the outer leaves are removed. It has a crisp, nutty flavor.

Price, pkt., 15c; oz., 50c; 1/4 lb., \$1.25; transportation paid.

CULTURE.—Prefers a deep, mellow soil. Sow seed in April for an early, or in July for a fall crop. Sow seed half an inch deep in rows twelve inches apart. Thin out to three inches apart. If their growth is checked, carrots split and become rooty. To avoid this, water them thoroughly during a drought. Make successive plantings so as to insure a constant supply all summer. Seed may be sown from early Spring to as late as August 15th.

#### HENDERSON'S SELECTION OF SUPERIOR TABLE VARIETIES

#### 290 CHANTENAY

A popular favorite for its rich orange-red color, its fine grained flesh, its superb flavor. Fully developed, it averages 6 inches in length, is broad at the neck and narrows gradually to a round,

In the latitude of New York, it may be sown in the latter part of April for an early crop, and from the 1st to the 20th of June for the main crop. (See illustration.)

Price, pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.00; transportation

# 292 CORELESS (Henderson's) (See Color Plate' page 20.)

Its beautiful appearance alone wins favor for it wherever grown-Besides, its coreless, rich red-orange flesh possesses a sweet-melting tenderness that appeals even to those who otherwise are not fond of carrots. The shape is cylindrical, stump-rooted, about 6 inches long. It is clean skinned, smooth and very early.

Price, pkt., 15c; oz., 50c; 1/4 lb., \$1.50; lb., \$4.00; transportation

#### 294 DANVERS (Henderson's Selected Half-Long)

A dependable, handsome, half-long cylindrical, stump-rooted Carrot of a rich dark-orange color; it grows to a large size, is smooth, and the flesh is very close in texture with very little core. It is a first-class Carrot for all soils, and has yielded 25 to 30 tons per acre, with the smallest length of root of any now grown. It is more easily harvested than the longer types, and is excellent to store for winter, for stock or table use. (See illustration.

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.00; transportation

#### 296 EARLY FRENCH FORCING

The earliest and largely grown for forcing. Small, almost globular roots, orange-red in color,

Price, pkt., 10c; oz., 30c; 1/4 lb., 90c; lb., \$3.00; transportation

#### 298 EARLY SCARLET HORN

Early Scarlet Horn, or "Shorthorn" Carrot, is a very popular variety, 3 to 4 inches long and 11/2 inches in diameter

Price, pkt., 10c; oz., 20c; 1/4 lb., 60c; lb., \$1.75; transportation

#### 300 HALF-LONG RED STUMP-ROOTED

A shapely, stump-rooted variety, of medium size, and one of the

best for private gardens for summer use; medium early.
Price, pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.00; transportation

# 302 INTERMEDIATE (Henderson's)

A large, handsome, main crop variety, between half-long and long, with an enormous yielding capacity in deep soils. The root, 10 or 12 inches in length, is very broad at the neck, 2 to 3 inches through, and tapers evenly to the small tap-root. (See illustration.

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.00; transportation

#### 304 LONG ORANGE (Improved)

An improved strain of this popular variety for either garden or field culture, roots averaging 12 inches in length and 3 inches in diameter at the top; an enormous yielder and a good keeper. Price, pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50; transportation

#### 308 OXHEART or GUERANDE

An excellent sort for the private garden, being especially valuable for spring and early summer crop. Its short, stocky character gives it great value on shallow soils, where the larger varieties will not succeed.

Price, pkt., 10c; oz., 20c; 1/2 lb., 60c; lb., \$1.75; transportation

#### 309 RED CORE CHANTENAY

We feel confident that the popularity of this strain will outrival that of the old Chantenay, because in this type, the core has been practically bred out. The color is also deeper and richer, which gives the beautifully-shaped roots an even more attractive appearance. In all other respects it possesses the fine qualities of its parent, Chantenay.

Price, pkt., 10c; oz., 25c; 1/4 lb/, 75c; lb., \$2.00; transportation

#### 310 TENDERSWEET (Henderson's)

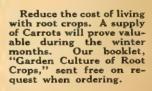

(See Color Plate, page 20.)

#### The Sweetest, Tenderest and Hardiest Red Carrot Grown

An outstanding sort for the home gardener because it represents quality at its zenith. It is a favorite with the market grower because its beautiful orange-red color and attractive appearance because its beautiful orange-red color and actuative appearance sells it on sight. The plant is distinct; the leaf-stalks dark purplish-green. The roots when fully matured average from 8 to 10 inches long. They taper slightly from the shoulder to a blunt end.

Price. pkt., 20c; 3 pkts., 50c; oz., 75c; ½ lb., \$2.25;

transportation paid.

# CARDOON 280 LARGE SPANISH

Large fleshy-leaved plants, used as a winter vegetable. The blanched stalks and ribs of the inner leaves when cooked are tender and of an

agreeable flavor.
Price, pkt., 15c; oz., 50c; 1/4 lb., \$1.50; transportation paid.

Although Caulissower may be grown as easily as Cabbage, we urge those who are not familiar with its cultivation to ask for our free pamphlet. "Cultivation of the Caulistower," when ordering.

# **CAULIFLOWER**

We have always controlled Henderson's Snowball Cauliflower and unless the seed is bought directly Beware of imitations. from us you do not get the genuine, as we do not supply it to dealers.

# 323 SNOWBALL (Henderson's) 322 "PRIMOSNOW

Incomparably the Best for Spring or Fall Crops. An Excellent Forcer. It Has Won More Prizes Than Any Other Variety in Cultivation.

#### The Genuine is Obtainable Only Direct From Us

Beyond all question, Henderson's Snowball is the one perfect Cauliflower for the American gardener. In most sections of the United States the best and most satisfactory crop is grown from seed sown outdoors about May 20th and transplanted during July, so that the plants make their best growth during the cooler months. For this crop, Henderson's Snowball is unsurpassed.

Henderson's Snowball Cauliflower, grown from seed sown under glass in February and transplanted after frost, will produce perfect heads of snowy whiteness in the open ground by June 1st. There is none to equal it in value for forcing under glass for a winter crop, for which it is especially adapted by reason of its compact, upright habit, quick growth, and sure-heading quality. For all purposes and at all seasons it has become indispensable, owing to its reliability in heading, its strong, vigorous habit, and the whiteness of its perfectly formed flowers. It is, without doubt, the ideal Cauliflower, perfect in size, in reliability, in color, and in quality. (See illustration.) quality. (See illustration.)
Price, pkt., 25c; ½ oz., \$2.25; oz., \$4.00; ¼ lb., \$14.00;

transportation paid

"I thought you would be interested in knowing that I won first prize on Cauliflower four years out of five at our local vegetable show with Henderson's Snowball Cauliflower seed; none better could be bought." J. Stauffer, Dillsburg, Pa.

#### 317 EXTRA EARLY DWARF ERFURT

One of the best varieties for either early or late crops. It heads with great certainty and under ordinary conditions produces large, deep and very solid white "flowers." The plant is large, sturdy and robust in growth, with short, broad leaves which furnish ample protection to the "flower."

Price, pkt., 20c; oz., \$3.50; 1/4 lb., \$12.00; transportation paid

# '99 See Colored Plate

#### Henderson's 1932 Introduction

#### The Earliest Quality Cauliflower Ever Offered

This is an ideal type. It possesses many of the characteristics of our famous Snowball—good form, good size, great depth, and above all, a beautiful snow-white; firm head free from ricyness or leafyness. The plant is sturdy; the foliage of fine conformation, the inner leaves being incurved, give ample protection to the developing flower. **Primosnow** is the earliest high-quality cauliflower that has ever been developed. It is ready to cut fully 8 to 10 days before each extraine as Speeuhell or Effective of the conformation.

nower that has ever been developed. It is ready to cut fully 8 to 10 days before such strains as Snowball or Erfurt.

Price, pkt., 50c; 3 pkts. for \$1.25; transportation paid.

"I would like to say that your Primosnow Cauliflower is the best I have ever grown. I have grown it side by side with other varieties and have always obtained better results, as it is at least eight days earlier. The large while heads are heavy, smooth, compact, and absolutely free of leave."

Aug. 7, 1933.

Fred Leucht, St. Joseph, Mo.

#### 326 SNOW KING (Henderson's)

#### Produces Fine Medium-Sized Heads on Poor Land Where Tender Varieties Fail

It is now possible for the small garden owner to grow excellent Cauliflower even in back yards and small gardens where soil conditions are none too good. Snow King possesses many valuable characteristics, one of the most important of these is its Hardiness. It is also a winner because of its Earliness. It matures very quickly, and is fully two weeks earlier than Early Dwarf Erfurt.

Snow King will also be enjoyed because of its delicious flavorits creamy whiteness, and prove to be an invaluable addition to the dietary because of its high vitamin content. The very dark green leaves, shorter than those of most Cauliflowers, are strongly ribbed, which is a sure indication of the hardiness of the plant, and its ability to survive very trying conditions. They curl in at the top, thus protecting the young heads.

We therefore highly recommend Henderson's Snow King Cauliflower for your 1935 garden. Price, pkt., 50c; ½ oz., \$2.00; oz., \$3.50; transportation paid.

# CELERY HENDERSON'S SELECT

CULTURE.—Sow seeds as soon as frost is out of ground, about one-quarter inch deep. When seedlings are four inches high, they should be cut back about one inch and transplanted into well-enriched soil. Set plants six inches apart in rows three feet apart.

#### 339 GOLDEN PLUME (Henderson's) The First Early Celery Par Excellence

Henderson's Golden Plume Celery is absolutely the earliest maturing celery grown. It is large, vigorous, and appears to be immune to blight and rust. We highly recommend it to the home gardener on account of its ease of culture—it requires no banking -for a attractive appearance, which when fully matured is most inviting; the foliage is creamyyellow, and the stalks creamy white, becoming almost white at the base. It is entirely devoid of any ribs or fibre, and it is brittle, tender and deliciously flavored. Its earliness, vigor, freedom from disease, large size, attractive appearance, and high quality commends it to all growers. (See illustration.)

Price, pkt., 25c; oz., \$3.50; ¼ lb., \$10.00; transportation paid.

#### 332 EASY BLANCHING (Henderson's)

A Favorite Second-Early Variety

Emphatically Distinct from Any Other Sort. The Easiest and Quickest to Blanch. Excels All Late Sorts in Long-Keeping Quality

It bleaches earlier and quicker than any of this class.

It is the longest-keeping variety grown (if put away green), excelling in this respect every other sort. It has proved to be among the most valuable additions we have made to the vegetable gardens of the world, and fit to take rank with the many famous varieties of vegetables with which our name is associated

So easily is it grown that the amateur can produce Celery equal in quality to that which formerly could be grown only by skilled men equipped with years of experience. The plant is of medium height, of great vigor—having thick, rather than broad, stalks, with shallow ribs. The leaves are slightly crumpled, distinguishing it from any other variety. Its quality is superb. The stalks are tender and brittle, and the flavor extremely spicy and aromatic. (See illustration.)

Price, pkt., 20c; oz., 90c; ¼ lb., \$2.75; transportation paid.

#### 348 WINTER QUEEN (Henderson's) The Standard Variety for Winter Keeping

Late Celeries require different treatment from the self-blanching sorts.

After a slight banking up in the open ground the plants are put away in deep trenches to blanch. Kept thus in contact with the earth, they acquire a greater

degree of tenderness and flavor.

Winter Queen is a fine selection of Henderson's Golden Dwarf, and has all the qualities which made it popular, plus a larger and fuller heart. It is an excellent variety for a late crop, is very hardy, slow to rot in the trench, and is perfect in

Price, pkt., 10c; oz., 80c; 1/4 lb., \$2.25; transportation paid.

#### EARLY VARIETIES

#### 342 GOLDEN SELF-BLANCHING

(Henderson's)

Stalks Thick, Crisp and Brittle. Waxen Yellow. Brittle. Waxe.. Very Early

An excellent variety of French origin. It is very early, blanches quickly and

early, blanches quickly and its rich color makes it quite attractive. The habit of the plant is short and stocky; the stalks are broad, thick, very solid, crisp and brittle; the quality is superb, tender and free from stringiness; flavor rich and delightful. It develops a large heart quite early in its growth, which makes the greater part of the plant edible. It is fit for use early in Sentember September.

Price, pkt., 20c; oz., \$1.25; ½ lb., \$4.00; transportation paid.

#### 341 GOLDEN DETROIT

The plants are very compact and full hearted. The stems are broad and thick, blanching to a light yellow, and are entirely free from strings. It is of the very finest quality and we believe will become very popular.

Price, pkt. 25c; 3 pkts., 60c; oz., \$3.50;

transportation paid:

#### 347 UTAH (NEW)

SHIP IN

This celery originated near Salt Lake City and has long been famous in that region because of its very agreeable nutty flavor. It became known to Easterners through being served, wrapped up daintily, on the Pullman Dining Cars.

Price, pkt., 25c; oz., \$3.50; transportation paid.

#### 350 PERFECTED WHITE PLUME (Henderson's)

It is as easy to grow White Plume Celery as any other vegetable. If the stalks are drawn together when the plant is three-fourths grown and the soil drawn to or pressed around the plant it will soon be fit for use, as the stalk portions of the inner leaves and the heart are white naturally. At maturity the plant is highly ornamental. Its ample white heart and variegated leaves present a beautiful appearance, and the delicate flavor of its crisp, succulent stalks is unequaled.

Price, pkt., 10c; oz., 70c; ½ lb., \$2.00; transportation paid.

# STANDARD LATE VARIETIES

336 GIANT PASCAL

A desirable, long-keeping, green winter Celery; robust, healthy stock, about 2 feet high, making broad, thick, stringless stalks and large hearts, all remaining deep green until blanched by earthing up or by being stored for winter. It blanches to a pearly white and the stalks are extremely brittle entirely entirely entirely entirely entirely. brittle, entirely stringless and exceedingly crisp.

Flavor surpassingly rich and nutty.
Price, pkt., 10c; oz., 50c; 14 lb., \$1.50; transportation paid.

#### 338 GOLDEN DWARF (Henderson's) With a Heart of Cream and Gold

This popular, standard, long-keeping variety was This popular, standard, long-keeping variety was introduced by us 40 years ago and has for many years been planted almost exclusively by the growers of the famous celery-growing district of Kalamazoo, Mich. Golden Dwarf has a large heart and solid, cylindrical stalks, blanching golden yellow. The flavor is very fine, deliciously risp and a splendid keeper.

Price, pkt., 15c; oz., 80c; ¼ 1b., \$2.25;

transportation paid.

Delicious Celery can be grown successfully in the average garden. Our "Celery Pamphlet" will tell you how. Sent free on request when ordering

# CELERIAC TURNIP-ROOTED

CULTURE.—Sow the latter part of April, covering seeds one-quarter of an inch. Thin out to about one inch apart in the row and transplant into rows one and one-half feet apart and six inches apart in a row.

#### 358 "SNOWBALL" (Henderson's)

It is a delicious vegetable of easy culture. The seed should be sown outdoors early in spring and the plants grown like any ordinary root crop. It requires no banking or blanching.

The smooth, round, turnip-like roots average three inches across, the flesh is snowy-white, and it has the flavor of a delicious nutty celery. Celeriac may be served in a great number of ways. It is greatly relished in salads and soups, and may also be cooked and served in the same manner as turnips, and the like. The foliage manner as turnips, and the like. The foliage of the Celeriac is also valuable for flavorings, soup, etc. (See illustration.)
Price, pkt., 15c; oz., 50c; 1/4 lb., \$1.50;

transportation paid.

#### **CHERVIL** 360 FRENCH CURLED

The young aromatic leaves are much used

in soups and salads.

Price, pkt., 10c; oz., 20c; 1/4 lb., 60c; lb., \$1.50; transportation paid.

#### CHICORY 365 LARGE-ROOTED

The "Barbe de Capucin" of the French. It is very easy to grow and is also used in

summer as greens.

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.50; transportation paid.

#### 367 WITLOOF

Called also "French Endive."
Price, pkt., 10c; oz., 35c; ½ lb., \$1.00; lb., \$3.50; transportation paid.

A collection of Herbs is a valuable addition to the garden. page 44.

SWEET CORN VARIETIES

be the distance apart. We make our, first plantings in this vicinity about the middle of May and plant every two or three weeks until the last week in July. In more southerly to twelve weeks. It b. for 150 hills, 12 to 15 ths. per acre.

Note.—On account of the excessive drought, seed of practically all varieties of Sweet Corn is pery scarce and we would advise ordering early.

#### 119 GOLDEN BANTAM

(See Color Plate, Page 21.)
The Famous Sugar Corn
A Gem for the Small Garden. Small Ear of Remarkable Quality
and Flavor

Golden Bantam is a dwarf, medium early variety of exceptionally good quality and reliability. It has become one of the most popular varieties in our list. The plant is about 5 feet high, but exceptionally stocky and vigorous. It is particularly well adapted to small gardens on account of its small size; to the more pretentious garden on account of its excessive cropping ability on a given area.

It may be planted to advantage in hills 3 feet apart each way. If in rows, they should be 3 feet apart and the plants singly at 12 inches apart. It is probably the best to use where only one sort is planted, for it succeeds admirably under all conditions. Price, pkt., 15c; ½ lb., 25c; lb., 45c; 2 lbs., 85c; 8 lbs., \$2.75; 15 lbs.; \$4.50; transportation paid.

#### 125 GOLDEN CROSS BANTAM

(See Color Plate, Page 21.)

A New Disease-Resisting Sweet Corn Practically Immune from all Bacterial Diseases

It is with great satisfaction that we introduce this variety to our friends because it fills a long-felt want, viz., a sweet corn not susceptible to the prevalent bacterial diseases that have devastated large and small plantings during the past few years.

The ears of Golden Cross Bantam are larger than its prototype Golden Bantam, as they carry usually ten to fourteen rows of kernels. It matures about four days later than Golden Bantam with results as the carry was a superfection but it is equited to its results.

This variety originated at the Purdue Experimental Station at Lafayette, Ind.

Price, pkt., 25c; ½ lb., 75c; lb., \$1.25; transportation paid

#### 122 GOLDEN SUNSHINE

The value of this comparatively recent introduction lies in the fact that it matures several days in advance of the well-known Golden Bantam.

The ears are very compact, about the same size as Golden Bantam, but more refined in appearance, having from 10 to 12 rows of grains instead of 8, as Golden Bantam. It is a very rapid grower. (See illustration.)
Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 85c; 8 lbs., \$2.75;
15 lbs., \$4.50; transportation paid.

# 116 METROPOLITAN

(Henderson's)

(See Color Plate, Page 21)

The Largest and Best White Early Variety

Metropolitan combines the essential features of earliness, productiveness and good flavor.

The pure white ears are from 8 to 9 inches long and all set low. They are 10 to 12 rowed, well filled to the tip with large, deep grains, which are very tender. It is not merely sweet, but necessary the der. but possesses that exquisite richness so well

known in the larger and later sorts.

Price, pkt., 15c; ½ lb., 25c; lb., 45c;
2 lbs., 85c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation paid.

#### 127 POCAHONTAS (Henderson's)

The plant is of dwarf habit and very robust. The ears are snow white, of good size and are always well filled, having no gaps between the rows. The flavor is excellent.

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 85c; 8 lbs; \$2.75; 15 lbs., \$4.50; transportation paid.

#### 129 SILVER BANTAM (Henderson's)

(See Color Plate, Page 21.)

The flavor of the silvery-white grains "reminds one of honey and cream," says one who has been privileged to feast upon it, and this characteristic is undoubtedly its outstanding recommendation. We may add that, like its golden-hued twin, it will be a great favorite with all garden owners, whether their gardens be large or small, because of its delicious sugary flavor and milky kernels.

Price, pkt., 15c; ½ 1b., 30c; 1b., 50c; 2 1bs., 95c; 8 1bs., \$3.50; transportation paid.

#### 132 SUGARSWEET (Henderson's)

(See Color Plate, Page 21.)

Superlatively Sweet—A Delicious Morsel
This is one of the earliest varieties. The dainty snow-white
ears grow to a length of 5 or 6 inches, and each ear has an ample stem or handle, which should be left on when cut, so that when

stem or nande, which should be left on when cut, so that when served at the table the ear will be more convenient to hold. The dwarf size of the stalks, which never attain a height of more than 4 feet, enables the suburbanite to raise more corn on the same space of ground. It is one of the very few varieties that will thrive well in city back-yards.

Price, pkt., 15c; ½ lb., 30c; lb., 50c; 2 lbs., 95c; 8 lbs., \$3.50; transportation paid.

transportation paid.

#### 134 WHIPPLES EARLY YELLOW

The Best Large Early Yellow Variety

For those who want an early yellow sweet corn with larger ears than the Golden Bantam, Whipple's Early Yellow fills the bill. It is practically as early as Golden Bantam, but the ears are 12 to 14 rowed, and the quality is all that could be desired. The plant itself is particularly vigorous and healthy.

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 85; 8 lbs., \$2.75; transportation paid.

NOTE.—On account of the excessive drought, seed of practically all varieties of Sweet Corn is very scarce and we would advise ordering early.

#### 123 GOLDEN COUNTRY GENTLEMAN (Henderson's)

It Delights Both Eye and Palate (See Color Plate, Page 21.)

A few years ago we conceived the idea that it would be a great accomplishment if we could combine the nectar-like sweetness and milky character of Country Gentleman with a golden

Our efforts were rewarded with unlooked-for success in combining all the sugary sweetness, tenderness and lusciousness of the original Country Gentleman with the rich golden color now in such favor with lovers of sweet corn. Its appearance is most inviting—the color being a glistening, glowing, golden yellow hard to describe or even to reproduce in a colored

The ears are not quite as large as white Country Gentleman but the remarkable depth of kernel characterizing the original variety is fully retained in the new, as well as the ball-shaped ends of the kernels. It matures a few days earlier than the white.

Price, pkt., 15c; ½ lb., 40c; lb., 75c; 2 lbs., \$1.25; 8 lbs., \$4.25; transportation paid.

#### 121 GOLDEN ROD (Henderson's)

Delicious Golden Grains of Rich Flavor (See Color Plate, Page 21.)

Golden Rod is the result of a cross between Stowell's Evergreen and Golden Bantam, and proves to be a happy and complete blending of each sort. The ear is just large enough for ordinary consumption. The plants are 6 to 7 feet high, and bear on each stalk, at a con-

venient height, two ears packed with delicious golden grains of appetizing flavor. Price, pkt., 15c; ½ lb., 25c; lb., 45c; 2 lbs., 85c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation

#### 101 BLACK MEXICAN

Medium early, bearing 8-inch ears. Well filled with large kernels, which, paradoxically, though black when ripe, are white when "green" and then exceptionally sweet. Price, pkt., 10c; ½ lb., 25c; lb., 40c; 2 lbs., 70c; 8 lbs., \$2.50; transportation paid.

#### 107 COUNTRY GENTLEMAN (Henderson's)

The Most Delicious Sweet Corn in the World Plump, Pearly-white, Milky Kernels, Fairly Melting in the Mouth

When we first placed this Corn before the public in 1892 it created a great furore among Corn lovers—and who is there in America who does not enjoy "green Corn on the Cob."

These first impressions have been fully justified by later experiences, and the Country Gentleman Corn has become justly famous all over the United States and in some foreign countries as well. It is at once the delight of the epicure and a luxury within the reach of everybody.

It is of nectar-like sweetness, luscious, tender and milky, and remains "in the milk" longer than other Sweet Corn. The ears measure 8 to 9 inches in length, and the plant is very prolific, often producing three ears to a stalk. It is a slow-maturing variety and arrives at full

perfection just in time to succeed the earlier varieties. (See illustration.)
Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 85c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation

#### 130 STOWELL'S EVERGREEN The Best Late Variety

Long recognized everywhere as a standard variety, both for home use and market, and is a general favorite. The ears are of a large size, grains deep, exceptionally tender and sugary, and have the advantage of remaining longer in the green state than any other. Our stock

has been carefully grown and selected. (See illustration.)

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 85c; 8 lbs., \$2.75; 15 lbs., \$4.50; transportation

Our leaflet, "The Cultivation of Sweet Corn," gives complete instruction for growing. Sent free on request when ordering

#### 135 CONTINUITY COL-LECTION OF SWEET CORN (Henderson's)

Seeds of the entire collection should be planted at one time, otherwise the succession will be broken.

Pocahontas for Extra Early. Metropolitan for Early. Medium Golden Bantam for

Early. "Country Gentleman" for Mid-Season.

Stowell's Evergreen for Late.
Prices of Henderson's "Continuity" collection of Sweet Corn.

1 pkt. each of 5 varieties (sufficient for 125 hills), 50c; ½ lb. each (sufficient for 300 hills), \$1.00; 1 lb. each of 5 varieties (sufficient for 600 hills), \$1.90; 2 lbs. each of 5 varieties (sufficient for 1,200 hills), \$3.75.

Transportation paid.

Sow 1 lb. for 200 feet of row, 4 lbs. per acre. The Pop Corns we offer are shelled. 6641 JAPANESE HULLESS

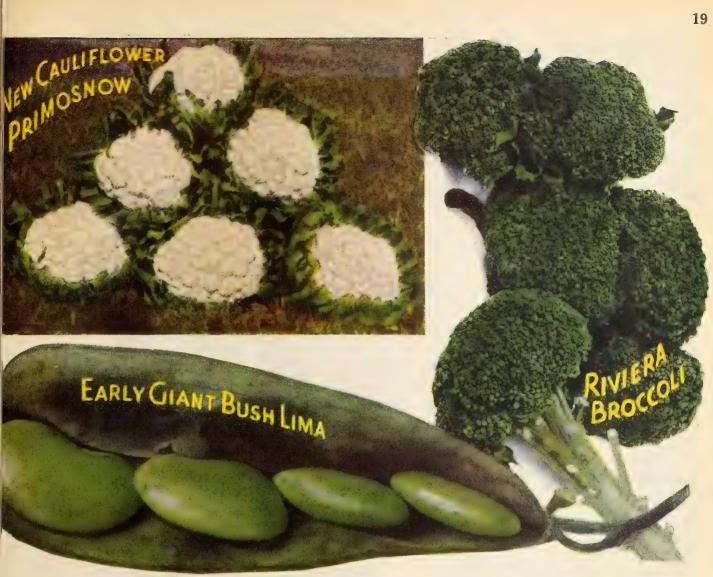

This variety is also known as Australian Hulless and Tom Thumb.

It is quite dwarf in habit and produces an immense yield of short, thick ears about 4 inches long and 2 inches in diameter. Price, 10c; lb., pkt.,

transportation paid.

6640 AMBER PEARL Very early 8 to 10-inch ears; ambercolored kernels, popping white.
Price, pkt., 10c; lb., 25c; transportation paid.

PETER HENDERSON & CO., 35 CORTLANDT STREET, NEW YORK, N. Y.

# NEW CABBAGE PREMIER

#### FOUR TASTY VARIETIES

#### 69 Early Giant Bush Lima Bean Henderson's

The best of the Bush Limas both in size of pods and beans, also in fine quality and earliest of the large bush sorts. (See description on page 9.)

Price, pkt. 15c; ½ lb. 30c; lb. 55c; 2 lbs. 95c; 8 lbs. \$3.50; 15 lbs. \$6.00.

#### 241 Riviera Broccoli

A delicious vegetable. For an early crop sow seed in cold frame, transplant in open ground after frost. For late crop sow in open ground in early summer. (See description on page 12.)

Price, pkt. 25c; ½ oz. \$1.75; oz. \$3.00.

#### 273 Premier Cabbage

Earliest of the round head varieties three days earlier than Early Krop of finest quality, plant compact, can be planted closer than other sorts. (See description on page 12.)

Price, pkt. 25c; oz. 90c; 1/4 lb. \$2.75.

#### 322 Primosnow Cauliflower

The earliest high quality Cauliflower yet developed being ten days earlier than Snowball. A decided acquisition. (See description on page 15.)

Price, pkt. 50c; 3 pkts. for \$1.25.

# Sweet Corn GOLDEN CROSS BANTAM

See page 17

"Your Golden Cross Bantam is the most prolific and most delicious Sweet Corn I ever grew It is a revelation to growers here. The stalks were lush and heavy and entirely free from disease "Kenneth M. Murray, "Pellsford, Vt"

It remains longer in an edible condition on the stalk than Golden Bantam. Practically immune from all Bacterial Diseases, Plants Healthy and Robust.

Price, pkt. 25c; ½ lb. 75c 1 lb. \$1.25.

#### COLLARDS

370 GEORGIA. A tall, loose form of Cabbage. Price, pkt., 10c; oz., 20c; ¼ lb., 45c; lb., \$1.25; transportation paid.

#### CORN SALAD

375 LARGE-LEAVED Hardy plants for late rosettes of tender, edible leaves.

Price, pkt., 10c; oz., 20c; 1/4 lb., 60c; lb., \$1.75; transportation paid.

#### CRESS or PEPPER GRASS

380 EXTRA CURLED. Crisp pungent leaves used as a condiment and for garnishing. Price, pkt., 10c; oz., 20c; 1/4 lb., 50c; lb., \$1.25; transportation paid.

382 UPLAND. Resembles Water Cress, though this sort succeeds in dry soil.

Price, pkt., 15c; oz., 50c; ¼ lb., \$1.25;

transportation paid.

384 WATER CRESS. It must be grown in moist locations.

Price, pkt., 15c; oz., 50c; transportation paid.

culture.—1 oz. for 60 hills; 2 to 3 lbs. in hills the open air until settled warm weather—in the in hills about 4 feet apart each way. The hills are rotted manure. Plant 8 or 10 seeds in each hill. Thin out the plants, leaving 3 or 4 of the strongest to each hill.

for an acre. Cucumbers should not be planted in vicinity of New York about the middle of May plant prepared by mixing with the soil a shovelful of well-

Our leaflet, "Cucumber Culture," tells you how to grow prize-winning fruits in your own garden-sent free on request when ordering

#### 416 THE HENDERSON

#### Extra Early—Healthy Vines—Prolific—Handsome

It is early, prolific, and produces a continuous crop of uniformly large and symmetrical fruits of an intensely rich, deep green color, faintly marked with light yellowish shading toward the tip. It runs very close to type, bearing practically no misshapen fruit or culls. It is the ideal for slicing; the flesh is compact, fine grained, sparkling white and of most refreshing and delightful flavor. The vines are vigorous, healthy and mildew-proof, maintaining their luxuriance and bearing abundantly from the earliest to the latest season. (See illustration.)

Price, pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.00; transportation

#### 391 CHINESE (New)

The fruits are long and slender, often measuring 15 inches in length. It is extra good for slicing and for pickles, the flesh being crisp and tender. An important quality of this Chinese variety is its disease-resisting power, not being at all subject to blight and fungus dis-eases. It keeps on bearing fruits much longer than any variety of Cucumber. longer than any (See illustration.)

okt., 20c; 3 pkts., 50c;

Price, pkt., 20c transportation paid.

#### 394 DAVIS PERFECT

A well-bred selection of the White Spine type, distinguished by the long, slim character of the fruits. It has excel-lent color and the flesh is very crisp and delicate in flavor.

Price, pkt., 10c; oz., 30c; 1/4 lb., 90c; 1b., \$2.50; transportation paid.

#### 402 EXTRA EARLY GREEN, **PROLIFIC**

An early strain of the Green Prolific type but far more productive; the best pickling variety grown.

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; transportation paid.

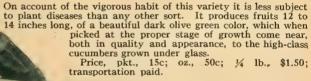

#### 392 COOL AND CRISP (Henderson's) Firm and Crisp—Bears the Whole Season

An extra early, exceedingly prolific and continuous-bearing variety; a very distinct and attractive selection of the old White Spine class; the shape is unique, rather longer than most sorts, tapering at each end, slightly ridged throughout, with but few "knobs." The color is a beautiful dark green, shading off a little toward blossom end. (See illustration.)

Price, pkt., 10c; oz., 30c; ¼ lb., 90c; lb., \$2.50; transportation

naid.

#### 411 LONGFELLOW

#### 412 LONG GREEN

It is the best variety used for big yellow mustard pickles.

Price, pkt., oz., 25c; ¼ lb., transportation paid. 75c;

#### 413 NATIONAL **PICKLING**

The wonderful solidity of this cucumber will appeal to all who are fond of pickles, as it is just as firm after pickling as before. It is early maturing, very productive and uniform in shape and color.

Price, pkt., 10c; oz., 25c; ¼ lb., 75c; transportation paid.

#### ENGLISH FORCING CUCUMBER

Cucumbers for frames or greenhouses. Packets contain 12 seeds

425 EVERY-DAY. The plants set freely at all seasons of the year, hence the name.

Price, pkt., 50c; transportation paid.

426 LOCKIE'S PERFECTION. Favorite old standard variety. Price, pkt., 50c; transportation paid.

429 MATCHLESS. One of the most prolific varieties; fruit smooth, dark in color, admirable in form, of the highest quality. Price, pkt., 50c; transportation paid.

430 TELEGRAPH. Smooth fruits. 14 to 16 inches long. A popular exhibition variety.

Price, pkt., 50c; transportation paid.

#### DANDELION

436 ITALIAN DANDELION (Ciccoria Catalogna). Sometimes called Asparagus Chicory. Its habit of growth resembles Common Dandelion, but its leaves are more upright.

Price, pkt., 15c; oz., 60c; 1/4 lb., \$1.75; transportation paid.

437 IMPROVED THICK LEAVED. Upright habit; broad, heavy curled leaves; very tender.

Price, pkt. 15c; oz., 75c; 1/4 lb., \$2.25; transportation paid.

# EGG PLANT

CULTURE.—Sow seed one-half inch deep in holbed or greenhouse in March or April; when an inch high, put in two or three-inch pots. Plant out, late in May.

#### 450 NEW YORK SPINE-LESS IMPROVED (Henderson's)

The plant is of low growth with a vigorous branching habit, strong enough to support its massive and shapely rick purple fruits, and compact enough to economize space. It is very prolific, the plants usually bearing 8 to 10 im-mense fruits of superb quality before being killed by frost. New York Spine-less is a lided published to the control of the control less is an ideal exhibition variety. It is invariably a prize-winner wherever shown. (See illustration.)

Price, pkt., 15c; oz., 85c; 1/4 lb., \$2.50; transportation paid.

#### 446 BLACK BEAUTY

An early variety, handsome, large and of great merit; a prolific producer of uniformly large, purple-black fruits of inne quality, developing with great rapidity and ready about two weeks earlier than other large sorts.

Price, pkt., 15c; oz., 85c; ¼ lb., \$2.50;

transportation paid.

#### 448 EARLY LONG PURPLE

Early Long Purple is a very early, hardy variety; in fact, about the earliest egg plant to mature. The fruits are club-shaped, dark purple in color and 6 to 8 inches long.
Pkt., 15c; oz., 85c; ¼ lb., \$2.50; transportation paid.

#### ENDIVE

CULTURE.—Sow during March or April in hotbed or cold-frame; cover seed ½ inch, transplant I fool apart in open ground in April or May. As endive is used mostly in the fall months, main sowings are made in June and July and transplanted I fool apayl each way. I oz. for 3,000 plants.

#### 457 GOLDEN HEART SUMMER (Henderson's)

A Valuable New Salad Plant. Reaches Perfection in Midsummer •Is a vigorous grower and produces an attractive, very compact plant. As the plant develops, the center changes from green to a beautiful creamy-yellow, giving it a most inviting and appetizing appearance, and, in fact, gives the impression of having been artificially blanched. The leaves, which are crisp and tender, have a delightful nutty flavor that is greatly relished. (See illustration.)
Price, pkt. 15c; oz. 30c; ¼ lb. 80c;

transportation paid.

#### **453 BROAD-LEAVED** BATAVIAN (Escarolle)

Has broad, fleshy leaves, forming a large heart; makes excellent winter salad. It is also boiled as "greens." Sow in the same way as Green Curled, but thin out the plants to 10 inches apart in the rows

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.00; transportation paid.

#### 459 GREEN CURLED ENDIVE

The "Chicoree Frisee" of the French Green Curled is the best for general use and is easily blanched by covering the full-grown plants with boards or pieces of slate. Good results come from early spring sowing and even better when treated as a fall crop. Successional sowing during July gives a continuous supply after cool weather.

Price, pkt., 10c; oz., 25c;: ¼ lb., 75c;

Ib., \$2.00; transportation paid.

#### 967 FLORENCE FENNEL

The Popular Italian Finocchio. makes an excellent salad and is also boiled for use as a vegetable. The flavor is sweet, spicy and very distinct. It should be sown between July 15th and August 1st.

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.25; transportation paid.

#### KALE

CULTURE.—If wanted for use in late fall or early winter, sow one-half inch deep early in June and transplant middle of July, 2 feet apart in rows 2 feet apart. If needed for spring use, sow in April. 1 oz. for 2,000 plants or 150 feet drill.

#### 467 DWARF GREEN CURLED SCOTCH

Henderson's Special Selected Dwarf Largely grown for supplying "greens" during the fall, winter and spring; also used small, like spinach; also usealso used small, like spinach; also useful in garnishing. The plants are hardy above zero; frost improves the quality. The leaves are very large, deeply curled and fringed, and of that desirable rich bright green color; the plants are of very dwarf, even growth, the leaves hugging the ground, so that they are not broken off by beauty weter growth. not broken off by heavy, wet snow. (See illustration.)

Price, pkt., 10c; oz., 20c; ½ lb., 60c; lb., \$1.50; transportation paid.

469 Siberian. Green, curly leaves; tender

and of delicate flavor. Price, pkt., 10c; oz., 20c; 1/4 lb., 50c; lb., \$1.25; transportation paid.

#### KOHL-RABI

CULTURE.—Seeds may be started in the hot-bed or cold-frame during February or March and plants set out 1 foot apart in rows 2 feet apart in April or May, or sowings may be made in the open ground where the plants are to grow in April or May and for fall use in July. Cover the seeds ½ inch. 1 oz. for 2,000 plants.

#### **473 EARLY WHITE** SHORT-LEAVED VIENNA

A singular variety of Cabbage with a Turnip-like bulb which forms immediately above the ground. It is extremely tender and partakes of the flavor of both Turnip and Cabbage. The bulbs are large enough to be eaten in from 10 to 12 weeks from sowing, and as they are more tender and delicately flavored before full maturity, it is advisable to make successive sowings, rather than depend upon a standing crop. Should be in every gardens (See illustration.)

Price, pkt., 15c; oz., 50c; 1/4 lb., \$1.50; lb., \$4.00; transportation paid.

475 EARLY PURPLE VIENNA. The outside color is purple; flesh, white and del-

Price, pkt., 10c; oz., 35c; 1/4 lb., 90c; lb., \$2.50; transportation paid.

477 LARGE WHITE VIENNA. quick-growing, greenish-white and ten-der white flesh.

Price, pkt., 10c; oz., 40c; 1/4 lb., \$1.25; lb., \$3.50; transportation paid.

Henderson's Booklet, "Salads, Growing and Bleaching," tells about the cultivation of lettuce. Explains how to grow other salad plants. How to force Witloof Chicory, Endive, etc., for winter salads. It is sent free if requested when ordering.

LEEK CULTURE.—Sow early in April or May, in drills 18 inches apart; cover the seed ½ inch deep; the plants should be thinned to 'stand 4 to 6 inches apart in the row, or for very early the seed may be started in cold-frame or hotbed in February or March and be transplanted when large enough as deep as possible without covering the center leaves, that the neck may be blanched. 1 oz. will sow 100 feet of drill.

#### 480 LARGE AMERICAN FLAG The Finest for American Gardens

The Leek is closely allied to the Onion. The entire lower portion of the plant is used, which is smooth, solid, and generally the same thickness throughout. It is boiled whole, or used in soups. American Flag is the best variety for general use and is largely grown for fall and tor general use and is largely grown for fall and early winter use. It is of quick, strong growth, producing long stems of uniform shape and size, averaging 2 inches through by 10 inches long, blanching beautifully white, and of fine, mild flavor. (See illustration.)

Price, pkt., 10c; oz., 35c; ½ lb., \$1.00; lb., \$3.25; transportation paid.

Of all the Salad Plants grown, Lettuce stands pre-eminent because of its bloodenriching and tonic properties, and at the same time it is not fattening. Our booklet, "Salads, Growing and Blanching," may be had free on request when ordering.

#### **499 EARLY BUTTERNUT** LETTUCE (Henderson's)

Valuable for Forcing in the Frame. Earliest Head Lettuce for Growing in the Garden

Of the popular butter-head type this Lettuce Of the popular butter-head type this Lettuce is valuable not only for forcing, but for its compact, creamy-white heads. It is five days earlier than any other. Many growers have experienced difficulty in forcing Lettuce in frames on account of mildew and other fungus diseases. Our trials have proved that this variety is immune. (See illustration.)

Price, pkt., 20c; oz., 60c; transportation paid.

#### 516 MAY KING LETTUCE Good for First Outdoor Planting

This early butter-head variety of Lettuce is very well suited for the first outdoor

The heads are of a medium size and very compact in form, being very tightly wrapped. The hearts are creamy yellow in color, very tender and crisp, and of excellent flavor.

# LETTUCE HEADING VARIETIES

CULTURE .- For early crops, start the end of February in a cold-frame or indoors in a box of soil at a sunny window. Cover the seed not over one-eighth of an inch. Seedlings should he ready for setting outdoors in April. Set the plants one foot apart in rows eighteen inches apart. Seed may also be sown during April or May. For a Fall crop, sow seed during the month of August.

#### 492 BIG BOSTON (Henderson's)

A Grand, Large Cabbage Lettuce. Compact, Tender and Crisp, Creamy-White Heads

This grand variety, introduced by us, has proved to be a most valuable addition to our list of salad plants, whether grown in the open ground for early summer and fall use, in frames for spring, or forced tall use, in frames for spring, or forced cool in green-houses for winter use. It invariably gives both grower and user the utmost satisfaction, producing under ordinary favorable conditions splendid, large, creamy-white heads, packed with thoroughly blanched leaves, crisp, tender and sweet, delighting both the palate and the eye. This grand variety makes a handsome plant, with but few outside leaves, and stands long before bolting to seed. While it succeeds at all seasons, except during the very hottest months, it is peculiarly adapted for late fall culture. (See illustration.)
Price, pkt., 10c; oz., 25c; ½ lb., 75c lb., \$1.75; transportation paid.

#### **518 MIGNONETTE** (Henderson's)

A First-Early, All Heart-Ideal for the Home Garden

A delicious gem of a lettuce that only the home gardener can enjoy. It cannot be bought on the market, as market gardeners would not consider it profitable on account of its small size. However, for the home gardener who demands quality above all else Henderson's Mignonette is the ideal sort for him to grow. It is a deliciously sweet-flavored, tender morsel, with that creamy-white melt-in-your-mouth appear-

It is extremely hardy, and is the best sort for early spring use, for cold frame culture or for an outdoor winter crop in the Southern States. It is very early and heads quickly and surely, being slow to go to seed. Plants may be set 5 inches apart; an

# LETTUCE HEADING VARIETIES

#### 520 NEW YORK (Henderson's)

Also Known as California "Iceberg"

The King of Main Crop Head Lettuce. It produces immense heads, often 10 and 12 inches across, and weighing enormously. The interior is beautifully blanched, white, crisp, tender and delicious, being absolutely free from any trace of bitterness.

It is a very large, robust-growing variety, rooting deeply, resisting hot, dry weather, very slow to run to seed and a sure header under most trying conditions. The outer color is of a distinct apple green.

We introduced this variety a number of years ago, and it has been extensively grown by our customers in almost all sections of the country and from whom we receive most gratifying reports. As a standard main summer crop, hot weather Lettuce, it is in every way desirable and has no equal, but it is not recommended for forcing. (See illustration.)

Price, pkt., 15c; oz., 35c; 1/4 lb., \$1.00; lb., \$3.50; transportation paid.

#### Important Notice Regarding Henderson's New York Lettuce

This Lettuce was introduced by Peter Henderson & Co. in 1886, and the seed has been sold by us continuously ever since.

During the past few years growers have been shipping to the principal markets of the country vast quantities of New York Lettuce under the name of Iceberg. All of this has been grown from seed of Henderson's New York, which is the true name of the variety.

#### 522 SALAMANDER (Henderson's Perfected)

A Splendid Summer Variety

Salamander is one of the few varieties that will head well during hot weather. If the instructions given on lettuce culture in our booklet, "Salads, Growing and Bleaching," are followed, success is assured with Salamander. It will grow equally well as an earlier crop, but is excelled by others for fall use. It forms a good-sized, compact head, creamy-white in color, and has all the rich flavor of the "butter" Lettuce.

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.25; transportation paid.

#### LEAF VARIETIES

#### 508 GRAND RAPIDS (Henderson's)

Indoors or Out, the Easiest of All to Grow

This is probably the best of the loose-leaved varieties. It forms no head, but produces an abundant crop of pale green leaves, slightly but closely crumpled, which, even when old, retain their characteristic sweetness and brittle character.

We strongly urge those who cannot succeed in getting Lettuce to head to grow Grand Rapids. The plant may be cut whole, or the outside leaves may be removed, leaving the younger ones to grow. It is largely grown for forcing. (See illustration.)

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.25; transportation paid.

#### 496 BLACK SEEDED SIMPSON

The plants forming large, loose masses of curly and crumpled, yellow-green leaves, which are very tender crisp and delicious. It stands the summer heat splendidly and is practically everbearing, for as the leaves are picked, new leaves will grow.

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.00; transportation paid.

530 Henderson's "Succession' Collection of

**502 EARLY CURLED** 

Forms a compact mass of yel-

lowish-green, curly leaves; earlier

SIMPSON

than head Lettuces.

This is in many respects a decided improvement upon Trianon, Into is in many respects a decided improvement upon Trianon, Its great recommendation is that it does not readily run to seed and also that it is one of the best varieties for an early crop under glass. "Crispycos" is undoubtedly a very fine lettuce of good green color with broad leaves, folding well in at the top, and producing hearts crisp and sweet. Everybody should try Henderson's "Crispycos" Lettuce. (See illustration.)

Price, pkt., 20c; 02., 50c; ¼ lb., \$1.50; transportation paid.

#### 526 TRIANON COS (Henderson's)

By far the best of the Cos, or Romaine, varieties. These are becoming very popular; they have a distinct and pleasing flavor. The long, spoon-shaped leaves form oval-shaped heads. Romaine Lettuce may be used to advantage where the heading varieties do not succeed, as almost the entire plant is tender and palatable.

Price, pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.25; transportation

# MUSKMELON or CANTALOUP

CULTURE.—These thrive best in a light soil. Place the hills four feet apart each way. Previous to planting, incorporate well into the soil in each hill a couple of shovelfuls of thoroughly rotted manure, or, in the absence of this, about one-half a shovelful of pulverized sheep manure, or, in the absence of this, about one-half a shovelful of pulverized sheep manure or a smaller quantity of Henderson's Garden Fertilizer. Plant 8 or 10 seeds in each hill one inch apart and three-quarters of an inch deep. In the latitude of New York, plant about the middle of May. In the South, plant earlier, and further North, later. Thin out all but three or four.

**GREEN FLESHED VARIETIES** 

# 538 HONEYSWEET. A New Muskmelon from the Rocky Ford Section of Colorado

The fruits are very attractive, medium in size, oval shaped, slightly ribbed and finely netted. The outside color has a light silvery sheen,

ribbed and finely netted. The outside color has a light silvery sheen, while the flesh is green, resembling the Honey Dew. It has a small seed cavity and ripens well up to the rind.

The best feature of this new variety is that it can be grown in any section where the ordinary varieties can be grown. It is not extremely late, like the Persian and Honey Dew types; this season it matured a few days after the well-known Rocky Ford, which is considered an early sort. The vines are vigorous and healthy, producing a good crop of fruits of excellent flavor. (See illustration) of excellent flavor. (See illustration.)

Price, pkt., 25c; oz., 50c; transportation paid.

#### 537 EARLY HACKENSACK (HENDERSON'S)

Deliciously Flavored, Very Productive

A large, green-fleshed variety, round, slightly flattened from the stem to the blossom end, very deeply and broadly ribbed, with bold, strongly defined netting. The flesh is very thick, rich in appearance and delightful in flavor.

It is a selection which we originated from the famous Harlengely.

Hackensack. The fruits are not so large as the older sort, but weigh from 5 to 6 lbs. each. It is fit for use immediately after the very early sorts.

Price, pkt., 10c; oz., 25c; 1/4 lb., 60c; lb., \$1.75; transportation paid.

557 ROCKY FORD (Henderson's)

Earliest Strain-Beautiful Appearance-Delightful Flavor This newer type is more rounded, the rib less prominent, and the outer surface of the fruit is densely covered with delicate lace-like netting. The quality and rich aromatic flavor have also been greatly improved. The flesh is green, with a suggestion of pink at the seed cavity, which is peculiarly attractive. It is beautiful in appearance, delightful in flavor, and a general flavority with all. (See illustration)

favorite with all. (See illustration.)
Price, pkt., 10c; oz., 25c; ½ lb., 60c; lb., \$1.75; transportation paid.

ORANGE, RED and SALMON FLESHED VARIETIES

# 554 "PERFECTED PERFECTO"

Remarkably Thick-Fleshed—Exquisite Flavor

We feel confident that this variety will achieve great popularity for its attractiveness and superb flavor. The medium-sized, oval-shaped fruits are finely netted, which in itself gives them an attractive appearance; but, when they are halved, and disclose their beautiful salmon-colored flesh, their appeal is irresistible, and they actually taste better than they look. The flesh is thick, of a fine, custard-like texture; the seed cavity is the smallest found in melons of this type.

All who enjoy fine flavored melons will welcome the "Perfected

Perfecto" because they can depend upon its uniform, superb quality

(See illustration.)

Price, pkt., 15c; oz., 30c; ¼ lb., 90c; lb., \$2.50; transportation paid.

539 EMERALD GEM

No variety surpasses this for flavor; the thick, salmon-colored flesh is granular, rich and delicious. It is exceedingly early, prolific and long-bearing; fruits small, smooth-skinned, deep emerald-green with light

Price, pkt., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.75; transportation paid. 540 HEARTS OF GOLD

The Melons are medium in size, but present a fine appearance, the rind being very firm and closely netted, each vein appearing as if highly embossed on the surface. The flesh is a rich, deep orange-scarlet in color, very fine grained and deliciously sweet.

Price, pkt., 10c; oz., 30c; ¼ lb., 75c; lb., \$2.00; transportation paid

**542 HONEYDEW** 

The flesh of this variety is green, verging on creamy yellow, in color, thick and succulent, with a very small seed cavity. It is a remarkably sweet Melon and has a flavor peculiarly its own; quite distinct

from all other varieties.

The fruits measure 8 to 9 inches long and about 6 inches in thickness, are light cream in color, and almost entirely devoid of netting. The Melons should be allowed to ripen thoroughly before serving.

Honeydew is grown principally in California and Colorado for ship-

Price, pkt., 15c; oz., 30c; 1/4 lb., 90c; lb., \$2.50; transportation paid.

#### **544 LAKE CHAMPLAIN**

An extremely early and productive sort. The plant possesses an unusually vigorous constitution and the fruits set freely under the most adverse weather conditions. They are medium in size, round and flattened ends. The deliciously sweet flesh is of a deep, rich golden color.

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.00; transportation paid.

#### 546 HALE'S BEST

ment to northern markets.

A salmon-fleshed type similar to Rocky Ford. It is oval in A samon-neshed type similar to Rocky Ford. It is oval in shape, slightly ribbed, well netted and grows larger than ordinary Rocky Ford. Hale's Best is also several days earlier in ripening, is very attractive in appearance, and the thick, salmon-colored flesh is exceedingly sweet in flavor.

The seed cavity is also comparatively small and it is a very required variety with phipment and growers for the market.

popular variety with shippers and growers for the market.

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; lb., \$2.00; transportation paid.

548 HONEY ROCK

A variety of recent introduction. The melons are perfectly round, of medium size, skin light yellow when ripe. Flesh, rich salmon of the very finest quality; a valuable acquisition

for the home garden.

Price, pkt., 15c; oz., 35c; ¼ lb., \$1.00; lb., \$3.00;

transportation paid.

PETER HENDERSON APPROVES

Our customers are safe in selecting any of the insecticides, fertilizers or garden implements offered on pages 100 to 116, as they have all been subjected to a searching examination in our laboratory and careful tests at our Trial Grounds at Red Bank, N. J.

# WATERMELON

CULTURE.—Watermelons thrive best in warm latitudes, although in warm, sandy soils in the latitude of New York fine crops are often obtained. Cultivate exactly as for Muskmelons. Hills should be eight feet apart. One oz. for 30 hills.

# 567 COLE'S EARLY-North Rivals South With Cole's

If you have failed with other sorts you can succeed with Cole's Early. It is the best variety for the family garden and good in every respect, producing a liberal crop of Melons 12 inches long and 9 inches in diameter. of delicious quality. The deep red, fine-grained flesh ripens from heart to rind, while its rich color and luscious flavor satisfies the most exacting Price, pkt., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.50; transportation paid.

#### 565 CITRON.

Red seeded. Small, round fruits, for preserves only.
Price, pkt., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.50; transportation paid.

#### 570 HALBERT HONEY.

The Melons average 18 to 20 inches in length; 6 to 8 inches in diameter. Color of rind deep green. The flesh is crimson, extending clear to the rind.

Price, pkt., 10; oz. 25c; ¼ lb., 60; lb. \$1.50; transportation paid.

#### ENGLISH FORCING MELONS

- 562 KING GEORGE. A very distinct scarlet-fleshed melon; skin, buff-yellow. The fruits often weigh 5 to 8 lbs., and the flavor is so rich that it cannot fail to be appreciated. Price, pkt., 50c; transportation paid.
- 563 RINGLEADER. Fruit above the average size, beautifully netted. Flesh, pale green; delicious flavor. The plant ripens very early, and does well in frames. Price, pkt., 50c; transportation paid.
- 561 SUPERLATIVE. Fruits medium sized, perfectly round, beautifully netted. Rich scarlet flesh of delicate flavor. Very prolific. Price, pkt., 50c; transportation paid.

560 FAVORITE COLLECTION OF DELI-CIOUS MUSKMELONS. Described on page 27.

Rocky Ford, Emerald Gem and Early Hackensack.

Coll. of 3 pkts., 25c; 1 oz., each, 60c; transportation paid.

#### 573 KLECKLEY'S SWEET.

An oval-shaped variety, with dark green skin and thin rind. The bright scarlet flesh is extremely sweet.

Price, pkt., 10c; oz., 25c; 1/4 lb., 60c; lb., \$1.50; transportation paid.

#### 580 STONE MOUNTAIN

A large Melon nearly round but somewhat blunt at the ends. The color is solid dark green with faintly indicated broad ribs. A wonderful Melon for the private garden. The flesh is bright scarlet, very small seeds; flavor delightful.

Price, pkt., 10c; oz., 25c; 1/4 lb., 60c; lb., \$1.50; transportation paid.

#### 581 TOM WATSON

Long oval shape, thin but tough rind; bright scarlet flesh; excellent quality. Price, pkt., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.50; transportation paid.

Our leaflet, "Melon Culture," tells how to grow Watermelons to perfection; free on request with orders.

### MUSHROOM SPAWN

#### 6770 AMERICAN Spore Culture Spawn (Creamy White)

This is produced from original spore cultures under the new French process, which permits the indefinite reproduction of selected varieties, without dilution of the strain, and free of any trace of the parasitic diseases of the mushroom. Positively the most vigorous and prolific spawn on the market. Each brick weighs from 1 to 1¼ pounds and will spawn about 10 square feet of beds. We keep on hand the cream-white variety

which is generally preferred in the markets. (See illus-

Price, per brick, 45c; 10 bricks, \$3.50; 25 bricks, \$8.50; purchaser pays transportation charges. If wanted by Parcel Posl, send postage according to zone rates. Packed weight of one brick is 2 lbs.

#### 6771 PURE CULTURE Bottle Spawn (Pure White)

We offer this brand of Mushroom Spawn because it is now used very successfully by large growers. This spawn is made in bottles under absolutely sterile conditions, so that spores of other fungi, many of them poisonous, insect eggs, weed seeds and all other extraneous matter is excluded. One carton of this spawn equals 5 bricks of ordinary spawn and will spawn an area of about 40 square feet. We include full instructions with the spawn.

Price per carton, \$1.25; 6 cartons, \$7.00; 1 dozen cartons, \$13.00. Purchaser pays transportation charges. If wanted by Parcel Post, send postage according to zone rates. Packed weight of one carton is 1 lb.

Send for our pamphlet, "Mushroom Culture." Sent free on request with orders.

#### MUSTARD

586 FORDHOOK FANCY. The ordinary Mustard Plant is usually eaten as a salad only; but Fordhook Fancy is used cooked like Spinach, as well as eaten raw. (See illustration.)

Price, pkt., 10c; oz., 20c; 1/4 lb., 45c; lb., \$1.25; transportation paid.

587 GIANT SOUTHERN CURLED. A favorite in the South, where it is grown in the fall for spring salad.

Price, pkt., 10c; oz., 20c; 1/4 lb., 45c; lb., \$1.25; transportation paid.

The preparation of the soil for the vegetable garden—starting the seed—cultivation and storing are all fully covered in our Garden Guide and Record. Sent free on request with an order of \$3.00 or over

#### OKRA or Gumbo

#### 597 LONG GREEN

One of the most popular varieties. It is a vigorous grower, plants ranging from 2½ to 3 feet high, produce long, tender pods in abundance. (See illustration.)

Price, pkt., 10c; oz., 20c; ½ lb., 45c; lb., \$1.00; transportation paid.

#### 595 DWARF PROLIFIC

Of dwarf, stocky growth, very early and prolific. Price, pkt., 10c; oz., 20c; ¼ lb., 45c; lb., \$1.00; transportation paid.

#### 500 WHITE VELVET

The pods are long, smooth, greenish-white. Price, pkt., 10c; oz., 20c; 1/4 lb., 45c; lb., \$1.00; transportation paid.

#### THE WORLD'S FINEST ONIONS

#### 605 ADRIATIC-BARLETTA

Extremely early; small, pure white with silver skin; flesh mild, but firm; unexcelled for pickling.

Price, pkt., 10c; oz., 40c; 1/4 lb., \$1.25; lb., \$4.00; transportation paid

#### 614 EBENEZER

A dependable Onion for the home or market grower; medium large in size, yellow in color and flattened in shape. The quality is excellent, its texture firm; therefore, the bulbs are very solid, insuring hardiness and goodkeeping qualities. It is grown in great quantities to produce sets, which are frequently offered on the market as

Japanese. Price, pkt., 10c; oz., 40c 14 lb., \$1.25; lb., \$4.00; transportation paid.

### 611 EXPRESS GLOBE

(New)

(See illustration.)
The Earliest Onion in Cultivation and the Mildest-Flavored of Any,

This new variety is distinct from any other onion in cultivation, and as for earliness, it matures before even the earliest of the Bermuda types. The bulbs are beautiful in appearance, light yellow in color, and medium in size.

Express Globe is of Spanish origin and has the mild flavor of this type. On account of its tender-ness, it is not recommended for

winter keeping.
Price, pkt., 15c; oz., 60c.
transportation paid.

HENDERSONS

# ONION

CULTURE.—One oz. for 100 ft. of drill; five to six lbs. in drills for an acre. For an early crop, seed may be sown in cold-frames in February or March, transplanting when large cola-frames in reorupy or March, transplanting when large enough to handle in April or May. Regular open-ground sowing should be made about the latter part of April or early May in latitude of New York, in soil that has been manured the previous year. Sow about one-half inch deep in rows one foot apart, and then thin out to three inches apart in the

Owing to an almost complete seed crop failure of some varieties of onions, seed is very scarce and we have been compelled to advance prices.

#### HENDERSON'S FAMOUS GLOBES

There are no Onions to compare with the famous Southport Globe Onions.

Years of selection, in which every bulb used for seed purposes has had to pass the critical eyes of veteran experts, have had no uncertain effect on these, and they are today, beyond doubt, the best of all Onions. They are supreme in keeping quality. (See illustration.)

#### 617 SOUTHPORT RED GLOBE

The outer skin is a rich purplish-red, and the flesh is faintly tinged with the same color. It is a little stronger than the white and yellow, and preferred by many for this reason.

Price, pkt., 10c; oz., 50c; 1/4 lb., \$1.50; lb., \$5.00; transportation

paid. Special price on larger quantities.

#### 619 SOUTHPORT WHITE GLOBE

This is perhaps the best Onion of all for family use, for, while it is similar in some respects to the other Southport

Globes, it is more attractive in appearance. The flesh when cooked is of a rich, milky color, tender and of delicious flavor, and when

color, tender and of deficious havor, and when eaten raw is the mildest of the three. Price, pkt., 15c; oz., 65c; ¼ lb., \$2.00; lb., \$6.00; transportation paid. Special price on larger quantities.

#### 621 SOUTHPORT YELLOW **GLOBE**

The very best strain of yellow Onion, the exterior color does not extend to the flesh, as in the red variety. It is mild in flavor and may be grown by anyone where Onions will grow, and is probably the best of all for general use.

Price, pkt., 15c; oz., 65c; ½ lb., \$2.00; lb., \$6.00; transportation paid. Special price

on larger quantities.

#### 622 Collection of Famous Globe Onions

Southport White Globe
Southport Red Globe
Southport Yellow Globe
Southport Yellow Globe Price, Coll. of 3 pkts., 35c; 1 oz. each, \$1.50; transportation paid.

Scallions, those welcome and greatly relished young, green onions, are obtained early in spring by planting onion sets as soon as the frost is out of the ground.

#### ONION SETS

In private gardens, growing Onions from sets saves much labor, the crop is surer to grow, and is ready for use weeks in advance of that grown from seed.

- 645 Garlic Sets. Esteemed in cookery. Price, lb., 50c.

Purchaser pays transportation charges on Onion sets. Packed weight, 1 lb. per quart. If wanted by Parcel Post, send postage according to zone rates.

PETER HENDERSON & CO., 35 Cortlandt Street, New York, N. Y.

HENDERSON'S NEW Sweet Spanish Onions

An Exotic Luxury American Gardeners

#### 612 ESPANOLA

The Handsomest and Mildest Large Onion in the World

Spanish Onions may be grown in any locality where onions will grow, but ideal conditions for their best development are found in locations having a warm, long season, deep, rich, well-tilled soil, and an available water supply in case of drought. Under such conditions great crops of ideal Spanish Onions are produced; bulbs that will measure 4 to 6¼ inches in diameter, and weigh up to 2¼ lbs. each, equal in every respect to the imported onions.

When transplanting the seedlings see that they are placed 6 inches apart to give the long roots ample feeding ground and encourage rapidity of

growth.

'An experienced onion grower gives this brief description of **Espanola**: "Bulbs extremely large, almost globular in shape; neck and root disc. almost globular in shape; neck and root disc, small and fine; skin light yellow; interior fine-grained, and flavor mild; foliage distinctive, a deep green with glossy surface rendering Espanola practically immune from fungoid diseases." (See illustration.)

Price, pkt., 15c; oz., 50c; ½ lb., \$1.50; lbs., \$5.00; transportation paid.

#### 610 BARCELONA

A Spanish, Keeping Onion, Sparkling White, Mild Flavor

We have named this novelty Barcelona because it is a selection obtained from our famous onion, Espanola, although it is pure silvery-white in color, instead of pale golden-yellow, like its parent. It is also more of a true globe shape. The outer skin is silver-It is also more of a true globe shape. The outer skin is silver-white and the inside is sparkling white, of fine texture, mild flavor and delicate tenderness.

In sections where there is a long, warm season and on soil that is well tilled and rich, Barcelona will attain almost as large a

size as its parent Espanola.

The Espanola and Barcelona onions are very popular; are in all respects equal to the imported. They also keep fairly well for winter use but not quite equal in keeping qualities to the Southport Globes or Danvers.

Price, pkt., 15c; oz., 75c; 1/4 lb., \$2.25; transportation paid.

It's easy to grow high quality onions in your garden by following the instructions given in our leaflet, "Onion Culture"—sent the instructions given in our leaflet, "Onion free on request when ordering

#### 613 PRIZETAKER

Magnificent in Size—Delightfully Mild in Flavor—A Match-less Keeper—Succeeds in All Sections of the U. S.

Prizetaker is at once the largest and most handsome of all Amer-

ican Onions, and is renowned everywhere.

It is so well-bred that the tops dry down entirely when it ripens, leaving a clean, sound bulb, perfect in form, rich in color and wonderfully solid. The outer skin is rather pale yellow, the flesh pure white throughout. It is extremely mild in flavor, very much esteemed for slicing, baking and boiling; in fact, in what-ever way it is prepared it is unsurpassed. (See illustration.)

Price, pkt., 10c; oz., 40c; 1/4 lb., \$1.25; lb., \$4.50; transportation paid. Special price on large quantities.

#### 623 LARGE RED WETHERSFIELD

This is a general favorite everywhere, and is largely grown both for market and private use. It shapes up very quickly, insuring a good supply during the growing season, while its keeping quality is equal to the best. The exterior color is dark, glossy red, and the flesh is faintly tinged with the same color.

Price, pkt., 10c; oz., 35c; 1/4 lb., \$1.00; lb., \$3.50; transportation

#### 627 WHITE PORTUGAL or Silver Skin

This is beyond doubt the very best Onion for general use during the spring, summer and autumn. We do not esteem it so highly for

winter use, as it is excelled by other sorts for keeping purposes.

There are none that yield more delicious "scallions," or young plants for salad purposes, none which are more suited to boiling during the growing season, and none so generally esteemed for their mild, delightful flavor. Should there be any small bulbs left in the row at the end of the season, they may be used for pickles. Price, pkt., 10c; oz., 40c; ¼ lb., \$1.25; lb., \$3.75; transportation

paid.

#### 625 WHITE BUNCH

Of vigorous growth and of fine, mild quality; especially adapted for using when young.

Price, pkt., 10c; oz., 35c; 1/4 lb., \$1.00; lb., \$3.50; transportation

#### 629 YELLOW GLOBE DANVERS

There is a considerable variation in the shape of this variety shapes that vary from flat to deep oval. We have consistently adhered to the original type, which, but for a slight depression from top to bottom, is a perfect sphere. The matter of tops has had close attention, and are so bred that at maturity they disappear entirely, leaving the bulbs quite without neck, clean, solid and good throughout.

Price, pkt., 10c; oz., 50c; 1/4 lb., \$1.50; lb., \$5.00; transportation

Owing to an almost complete crop failure of some varieties of onion seed, we have been compelled to advance prices.

PARSLEY CULTURE.—The germination of Parsley seed is very slow, taking about three to four weeks. Sow seed in rows one foot apart, covering seed one-half inch. Thin out the plants to stand two inches apart.

653 EMERALD (Henderson's)

A distinct variety of robust growth, freely furnished with short-stemmed leaves, very finely cut and most beautifully curled, making a compact and extremely graceful plant. Most varieties of parsley are dark green; but, as its name implies, Emerald is brilliant emerald-green in res name implies, Emerated is brimaint emerated green in color and therefore more highly esteemed for decorative and garnishing purposes. (See illustration.)

Price, pkt. 10c; oz. 20c; ½ lb. 60c; lb. \$2.00;

transportation paid.

#### 655 EXTRA DOUBLE CURLED

A popular, fine dwarf, beautifully curled sort. Price, pkt. 10c; oz. 20c; 1/4 lb. 50c; lb. \$1.50; transportation paid.

## 660 PEERLESS (New)

A new variety, with all the good qualities of the moss curled type, but is hardier, darker in color, densely curled and holds its dark green color well into the late fall, when other varieties have turned yellow. A most desirable sort for garnishing and

Price., pkt., 15c; oz., 25c; ¼ lb., 75c; transportation paid.

## 659 HAMBURG or Turnip Rooted

The fleshy roots of this kind resemble small Parsnips and are esteemed for flavoring soups,

Price, pkt. 10c; oz. 20c; 1/4 lb. 45c; lb. \$1.25;

transportation paid.

## 661 PLAIN or Italian

The leaves are not curled; plant very hardy. Price, pkt., 10c; oz., 20c; 1/2 lb., 45c; lb., \$1.25; transportation paid.

## **PARSNIP**

CULTURE — Sow seed in rows two feet apart as soon as ground is in condition in spring, cover seed one-half inch.

## 667 HOLLOW CROWN (Henderson's)

Our selection of this highly esteemed variety is surely the best for the private garden. We have discarded the types with slim, long roots that invariably break in digging and offer only a shapely, heavy-shouldered strain with its greatest girth at the crown and gradually tapering to a small root.

For winter use lay the roots horizontally in small boxes packed with ordinary garden soil and store them in some convenient place outdoors away from snow or rain. Frost improves their quality. (See illustration.)

Price, pkt. 10c; oz. 20c; 1/4 lb. 55c; lb. \$1.25; transportation paid.

## A Succession Trio of Quality Garden Peas

(Shown In Colors On Page 22.)

The Succession Trio of Garden Peas will supply your table with delicious Peas throughout the entire season.

## 162 FIRST-OF-ALL (Henderson's)

Beyond All Question the Earliest Pea Grown

The extreme earliness of First-of-All emphatically distinguishes it from all others.

While it lacks the "marrow" flavor of the larger and later sorts it has a sweetness peculiar to its class, and a flavor which is preferred by many. Anyway First of All peciniar to its class, and a havor which appreferred by many. Anyway, First-of-All may be eaten and the crop removed while other sorts are maturing. The slim, 3-foot vines permit close planting; it may be planted as soon as frost leaves the ground.

Price, pkt.10c; ½ lb. 25c; lb. 40c; 2 lbs. 75c; 8 lbs. \$2.50; 15 lbs. \$4.50; transportation paid.

## 186 PROSPERITY

(Henderson's)

The Largest and Best Flavored Early, Pea

It is very gratifying to the grower to be able to supply the table with such delicious Peas as early as the first week in June. The immense size of the pods borne in such great profussion and so liberally filled, insures a bountiful supply at all times.

The vines are three feet high, the pods are borne singly and freely from top to bottom of the vine and contain from six to ten Peas of delicious quality, large and rich in flavor.

Price, pkt. 15c; ½ lb. 25c; lb. 45c; 2 lbs., 85c; 8 lbs., \$2.75; 15 lbs., \$4.75; transportation paid.

### 180 ONWARD

A Very Fine Main Crop Pea

This is undoubtedly a very distinct and valuable addition to the midseason varieties. It is fit for the table just before Telephone, and bears a very heavy crop of pods four inches long, large, broad, straight, and blunt at the ends; always filled with from six to eight dark green, sweetly flavored peas.

Its vigorous constitution is such that it is practically immune to blight; conit is practically immune to blight; consequently, it bears a large crop, as its bearing season is longer than others. Height, 2½ to 3 feet.

Price, pkt. 10c; ½ lb. 25c; lb. 45c; 2 lbs. 85c; 8 lbs. \$2.75; 15 lbs. \$4.75; transportation paid.

# PEAS EARLY AND MEDIUM EARLY

CULTURE.—The dwarf early Peas are sown in rows two feet apart, the larger and mid-season varieties in rows three feet apart and the tall late varieties in rows four feet apart; the seed should be covered about two inches and the plants thinned to two inches apart in the row. 2 lbs. for 100 feet of double drill, or 200 feet of single row.

1 lb. equals 1 pint

2 lbs. equals 1 quart

15 lbs. equals 1 peck

176 MELTING MARROW

# 174 LITTLE MARVEL,

(Early Dwarf)
This is the most prolific of the Early
Dwarf Garden Peas, and we especially recommend it to the home gardener. The Pods—borne in pairs—mature earlier than Nott's Excelsior. The vines grow about 18 inches high and both vine and pod are in color an extremely dark green, now so much in demand. (See illustration.)

Price, pkt., 15c; ½ lb., 30c; lb., 50c; 2 lbs., 90c.; 8 lbs., \$3.25; 15 lbs., \$5.75; transportation paid.

MAINOTKA

Admirable for a second early crop, and so Admirable for a second early crop, and so vigorous, so sure to produce a good crop, that it may be safely relied on, not only for early use, but for successive sowings throughout the entire season when Peas can be grown. The pods are large and are produced in abundance. They are always bountifully filled with very large Price, pkt., 15c; ½ lb., 25c; lb., 45; transparting processing \$15\$ lbs., \$2.75 15 lbs., \$4.75;

transporttion paid.

179 NOTT'S EXCELSIOR

Early Big Cropper, Extra Fine Quality A distinctly American production of re-markably vigorous constitution, enormously markably vigorous constitution, enormously productive, and generally excellent. The pods are of good size, produced liberally, and are well filled with excellent Peas of perfect quality. The plant is among the smallest, very rarely exceeding 15 in height, and is easily grown. It the smallest, very rarely exceeding 15 inches in height, and is easily grown. It still is, and long will be, extremely popular. Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 85c; 8 lbs., \$2.75; 15 lbs., \$4.75;

transportation paid.

#### 166 JUBILANT

### (Henderson's)

One of the Best Second Early Varieties The Jubilant Pea is medium early, beginning to bear a few days after our famous Prosperity has started. The plants, which are extremely vigorous, grow to a height of  $3\frac{1}{2}$  to 4 feet. The large deep green pods literally cover the vines. The pods, which are easily shelled, are usually filled with 9 to 10 large luscious marrow peas of exquisite

The vigorous constitution of the plant makes it practically immune to blight and consequently the production of peas is extended over a long period.

Price, pkt., 10c; ½ lb., 25c; lb., 40c; 2 lbs., 75c; 8 lbs., \$2.50; 15 lbs., \$4.50; transportation paid.

#### 171 LAXTONIAN

#### A Grand Early Marrow Dwarf Pea

The vine is only eighteen inches high, which makes it possible for any one to raise the largest Peas very early in the season on a small area, and with very little effort. It is a vigorous and dependable grower, and very prolific.

The pods are not only large, but are always well filled with Peas of great size and remarkably good quality. The crop and remarkably good quality. The crop is ready for use about a week later than the earliest sorts. By sowing this variety at intervals of ten days up to the end of May, a very satisfactory supply of Peas may be raised for continuous use. (See illustration.)

Price. pkt., 15c; ½ lb., 30c; lb., 50c; 2 lbs., 90c; 8 lbs., \$3.25; 15 lbs., \$5.75; transportation paid.

## 157 Dwarf Alderman (A 1935 Introduction) Possesses Outstanding Qualifications

A Rugged Constitution, Beautiful Large Well-formed Pods, Exceptional Quality

The Henderson standard of perfection set up by our founder many years ago has proven a barrier to many inferior vegetable introductions. To pass this barrier an item must possess outstanding qualifications. Our tests of Dwarf Alderman have not only let down the bars for it, but have aroused our enthusiasm to such an extent that we feel confident

the bars for it, but have aroused our enthusiasm to such an extent that we feel consider it will prove its value wherever grown. Possessing the rugged constitution of the tall-growing late varieties, it reaches a height of only 20 inches, but is correspondingly sturdy and bushy. The pods, which are borne in profusion, average  $4\frac{1}{2}$  inches long; they are dark green and pointed. The pods invariably contain 7 to 8 large rich-green peas of an exceptional quality; they are sweet and delicious. For a main crop garden pea, it has no superior. (See illustration.)

Price, pkt., 15c; ½ lb., 30c; lb., 50c; 2 lbs., 90c; 8 lbs., \$3.25; 15 lbs., \$5.75; transportation paid.

## 151 AMERICAN CHAMPION (Henderson's)

Extra large pods, liberally filled with Peas of great size and of particularly good flavor. It does not come into use until the end of the season and, as it grows from 4 to 5 feet high, the vines need some support, but it well repays both the waiting and the extra labor, for, properly cared for, it bears an extremely bountiful crop of the most delicious Peas.

Price, pkt. 10c; 1/2 lb. 25c; 1 lb. 45c; 2 lbs. 85c; 8 lbs. \$2.75; 15 lbs. \$4.75; transportation

## 158 DWARF TELEPHONE (Improved)

A robust growing variety; the haulm is strong and bears an abundance of pods about 5 inches in length, tightly filled with 8 to 9 dark green wrinkled peas of the finest quality. Immensely valuable to both the home gardener and commercial growers for its productivity and ease of cultivation. The plants average from 11/2 to 2 feet high.

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 85c; 8 lbs., \$2.75; 15 lbs., \$4.75; transportation paid.

## 172 LAXTON'S **PROGRESS**

The earliest of the sweet large-podded varieties. Our experience is that in the latitude of New York, Laxton's Progress is four days earlier than Laxtonian, heretofore considered the earliest large-podded

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 85c; 8 lbs., \$2.75; l5 lbs., \$4.75; transportation

#### 180 ONWARD

#### New Main Crop Garden Pea

This new variety is un-doubtedly a very distinct and valuable addition to the mid-season varieties. It is fit for the table just before Telephone, and bears a very heavy crop of pods 4 inches long, large, broad, straight, and blunt at the ends; always filled with from 6 to 8 dark green sweetly flavored peas. Although it does not grow as tall as Telephone,

its vigorous constitution is its vigorous constitution is such that it is practically immune to blight; consequently, it bears a large crop, as the bearing season is carried over a long period of time. Considered by experts to be decidedly the best pea recently introduced. Height, 2½ to 3 feet.

2½ to 3 feet.

Price,pkt.,10c;½1b.,25c;
lb., 45c; 2 lbs., 85c;
8 lbs., \$2.75; 15 lbs., \$4.75; transportation paid.

## 189 TELEPHONE

#### The Standard Large Podded Late Pea. **Delicious Quality**

The plant is about 5 feet high and bears a heavy crop of enormous pods well filled with large Peas of delicious quality, rich in flavor, tender in quality and most attractive in appearance. (See illustration.)

Price, pkt., 15c; ½ lb., 25c; lb., 45c; 2 lbs., 85c; 8 lbs., \$2.75; 15 lbs., \$4.75; transportation paid.

## 196 WORLD'S RECORD

The vines are 2 feet in height, very productive, medium green in color, and bear large quantities of pods, 4 inches in length, rather broad and pointed, and containing

seven to nine very large dark green peas quite exceptional in quality.

Price, pkt., 10c; ½ lb., 25c; lb., 45c; 2 lbs., 85c; 8 lbs., \$2.75; 15 lbs., \$4.75; transportation paid.

The Henderson Garden Fertilizer possesses all the elements required to produce high quality Peas. See page 115.

## **PEPPER**

CULTURE—Sow one-has sinch aeep in holbed, greenhouse or warm window in March or April. When one inch high, transplant into two-inch pots and plant out late in May or early June in rich soil in rows two and one-half feet abart in the row. Cultivate frequently throughout the season to keep the soil mellow and free from weeds.

## 674 BULGARIAN (Hot)

Larger and More Pungent than Cayenne

The peppers average from 6 to 8 inches in length and are about one inch in diameter at the shoulder, tapering gradually to a point. They have a highly polished sheen, the color at the picking stage is red, blended with yellow, the entire pod finally turning deep red.

It is more pungent than Cayenne and has an agreeable peppery flavor. (See illustration.)

Price, pkt., 25c; 5 pkts. for \$1.00; transportation paid,

## 676 CALIFORNIA WONDER (Sweet)

(Shown in Colors on Page 22.)

Thick Flesh, Sweet, Crisp and Tender

It is similar in appearance to Chinese Giant, being of just such a vivid scarlet color, but it is much more weighty and has much thicker flesh.

Fruits of California Wonder often weigh half a pound to one pound each, and there is no doubt that this is the "meatiest" pepper ever introduced. The flavor is so mild, delicious and free from pungency that it may be eaten just like an apple.

Price, pkt., 20c; oz., 90c; ¼ lb., \$3.00;

transportation paid.

## 677 CHINESE GIANT

This monstrous fruiting variety averages 12 to 15 inches in circumference, and, notwithstanding its immense size, it is very early and prolific; the stocky, well-branched plants, about 2 feet high, carry so many peppers that in places they seem bunched together. The flesh they seem bunched together. The flesh is thick tender, mild, sweet, and unexcelled when sliced as salad, or for stuffing for "Mangoes." When ripe the surface is of a brilliant glossy scarlet. Price, pkt., 15c; oz., 90c; ½ lb., \$3.00; transportation paid.

### 683 LARGE BELL or Bull Nose (Hot)

Early bright red, pungent; a favorite for stuffing when green.
Price, pkt., 10c; oz., 70c; 1/4 lb., \$2.00;

transportation paid.

#### 685 LONG RED CAYENNE (Hot)

Scarlet pungent pods, used for pickling when green and when ripe.

Price, pkt., 15c; oz., 75c; 1/4 lb., \$2.25; transportation paid.

## 688 PERFECTION or Pimiento (Sweet)

The Sweetest Pepper Ever Grown.
Absolutely Without Pungency
It is so smooth that it is quite easy to

get the skins off by boiling a few minutes. The skins can then be pared off with a

The plants are very productive and the peppers, which, when ripe, are a beautiful scarlet in color, hold more edible meat than any other sweet variety. It is much sought after for pick-les, cutting up in salads, and for flavor-

ing. (See illustration.)
Price, pkt., 10c; oz., 75c; 1/4 lb., \$2.25; transportation paid.

## 689 RED CHILI (Hot)

Small red Peppers, hot and pungent, used for making Pepper sauce. Price, pkt., 10c; oz Price, 10c; 07...

transportation paid.

# 693 RUBY KING (Sweet) The Most Popular Large-Fruited Pepper, Thick Fleshed, Sweet. Mild

and Attractive Ruby King is held in high estimation

by market gardeners and is equally val-uable for the home gardener. The plants, which are vigorous, grow to a height of about two feet, and are clothed with rich, dark green foliage.

The fruits average about five inches long by three inches in diameter and are usually three lobed; the color is a pleasing deep green, which turns to a glowing. ruby red when ripe.

Price, pkt., 10c; oz., 75c; 1/4 lb., \$2.25;

## 697 WORLD BEATER(Sweet)

The peppers are first dark green in color

## POTATOES

#### Selected Northern Grown

We do not ship potatoes C.O.D.

FOR CULTURE, Etc.—Send for our pamphlet Garden Culture of Root Crops. The sack is 23/4 bushels or 165 lbs. net weight.

## GREEN MOUNTAIN (Improved)

### The Most Popular Potato on Earth, Ideal for Main Crop. A Dependable Winter Keeper, An Excellent Baking Variety

A reliable medium late potato that is so popular in some sections it has superseded all other main crop varieties. It seems to thrive in all soils and in all localities, making heavy, healthy vines, and yielding big crops of large, smooth, white skinned tubers of of large, smooth, white skinned tubers of handsome flattish oval form. It cooks white, dry and mealy, and has a desirable flavor exclusively its own. It keeps well, and is not liable to scab or decay. (See illustration.)

Price, peck, \$1.00; Bushel \$3.25; \$6.50 sack of 165 lbs. net weight; purchaser

pays transportation charges.

## IRISH COBBLER

## An Ideal Potato for the Home Garden—High Quality—Early A Large Cropper

A fine, early variety, producing large, handsome tubers, uniform in shape and size. The demand for this variety is greatly increasing as it does well under most soil conditions It also keeps fairly well.

The flesh is white, and of excellent quality; the skin very light brown, with whitish

netting. It is a heavy cropper.

Price, peck, \$1.00; bushel, \$3.25; \$6.50 sack of 165 lbs. net weight; purchaser pays transportation charges.

## BOVEE (Henderson's)

It is not only early, but produces its crops in great abundance, and yields a very large percentage of perfectly formed tubers. The cultivator can be used to better advantage on a crop of Bovee than any other sort, owing to the short and compact growth of the vines, and its habit of setting the entire crop close in the bill.

Bovee, perhaps more than any other sort, delights in a rich soil, where it will yield an abundance of medium-sized potatoes of per-

Price, peck, \$1.25; Bushel, \$4.00; \$8.00 sack of 165 lbs. net weight, purchaser pays transportation charges.

## EARLY OHIO

Extra-early, maturing about two weeks be-fore the Early Rose almost round; flesh solid, cooks dry and mealy.

Price, peck, \$1.25; bushel, \$4.00; \$8.00 sack of 165 lbs. net weight; purchaser pays transportation charges.

#### **EARLY ROSE**

The popular standard early; noted for earliness, productiveness and fine quality.

Price, peck, \$1.00; bushel, \$3.25; \$6.50 sack of 165 lbs. net weight, purchaser pays transportation charges.

## SIR WALTER RALEIGH

It produces an extremely large crop of round, slightly flattened tubers, smooth, white skinned, and very attractive in appearance.

Its good quality is greatly improved when stored in a cool, dry cellar. When cooked it breaks up thoroughly, presenting a flaky, snowy appearance, at once appetizing and indicative of its superior flavor.

Price, peck, \$1.25; bushel, \$4.00; \$8.00 sack of 165 lbs. net weight; purchaser pays transportation charges.

#### SPAULDING ROSE NO. 4

Handsome red tuber, somewhat flat, a little later than the regular Early Rose but usually a better vielder.

Price, peck, \$1.00; bushel, \$3.25; \$6.50 sack of 165 lbs. net weight; purchaser pays transportation charges.

#### UNCLE SAM

The crop averages remarkably regular in size and shape. Its flaky, snow-white appearance gains instant favor. The tubers are oval shaped, with light russet skin, very even in outline and with shallow eves.

Price, peck, \$1.25; bushel, \$4.00; \$8.00 sack of 165 lbs. net weight; purchaser pays transportation charges.

## **PUMPKIN**

CULTURE.—Sow late in May in the latitude of New York, in very rich soil, cover the seed one inch. When grown alone the hills should be eight feet apart each way. As soon as the seedlings are out of the ground sprinkle with air-slaked lime or land plaster mixed with dry garden soil or ashes. This prevents the ravages of striped beetle. 1 oz. for 30 hills.

## 701 CALHOUN (Henderson's)

A small, almost round Pumpkin, with creamy brown skin; flesh deep salmon-yellow, wonderfully thick, fine grained, and of the finest quality for rich colored

Price, pkt., 10c; oz., 25c; ¼ lb. 75c; lb. \$1.75; transportation paid.

## 703 LARGE CHEESE (Original Strain)

The most popular variety, either for pies or table use. The shape may be ples of table use. The snape may be described as flat, round. The skin is creamy yellow in color, and the flesh is deep orange, of fine quality and very tender. Large Cheese is a splendid keeping variety.

Price, pkt., 10c; oz., 25c; 1/4 lb., 75c; lb. \$1.75; transportation paid.

## 705 CONNECTICUT FIELD

A productive reddish-orange colored field pumpkin, the inside flesh is orange yellow. It is solid, fine-grained and slightly ribbed. This variety is grown vellow. extensively for canning purposes, also for stock feeding, but it also makes good

Price, pkt., 10c; oz., 15c; ¼ lb., 40c; lb. \$1.00; transportation paid.

## 707 LARGE OR MAM-**MOTH TOURS**

An old, well-known variety, productive and growing to a large size and tremendous weight.

Price, pkt., 10c; oz., 25c; 1/4 lb., 60c; lb., \$1.50; transportation paid.

### 709 SUGAR

A handsome and productive small Pumpkin, 10 to 12 inches in diameter, round-flattened, skin orange, flesh deep yellow, fine grained and very sweet. (See illustration.)

Price, pkt., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.50; transportation paid.

## 711 WINTER LUXURY

A superior pie Pumpkin, small but enormosly productive and an excellent keeper; shape slightly oval, about 10 inches in diameter; color, golden-russet, finely netted.

Price, pkt., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.50; transportation paid.

CULTURE—Radishes thrive best in a sandy, loamy soil, and to have a continuous supply for the table sow as early in the spring as possible and at intervals of ten days thereafter. Where the sumers are very hot, sow until the fifteenth of May and then omit until August. Then make three sowings at intervals during this month.

## **RADISH**

Radishes are divided into three classes—spring, summer, and winter kinds, and all kinds should be used in a garden. Radishes are fit for the table in 25 to 40 days from sowing in the open ground. For extra early crop sow seed in hot bed in February. One ounce for each 100 ft. of row.

## EARLY ROUND VARIETIES 722 CRIMSON GIANT (Early)

This variety grows to 5 and often 6 inches in circumference, weighing up to 1 oz. per root, but notwithstanding its immense size, does not get hollow or pithy, but keeps in condition for a long time. The flesh remains sparkling, white, solid, crisp and juicy and it is of the mildest flavor.

Price, pkt., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.50; transportation paid.

#### 724 EARLY ROUND DARK RED

The darkest colored of the round red varieties and an excellent sort for family use. The roots are round, the tops medium in size. Inside, pure white, crisp and tender. (*See illustration*.)

Price, pkt., 10c; oz., 20c; ½ lb., 50c; lb., \$1.25; transportation paid.

## 752 ROSE TURNIP (Henderson's)

This variety is distinguished by its color, which is a charming shade of rosy-pink. In other respects it closely resembles the

better known Scarlet Turnip.
Price, pkt., 10c; oz., 25c; 1/4 lb., 60c; lb., \$1.50; transportation paid.

## 726 SCARLET TURNIP (Early)

The popular standard variety and one of the best table radishes being highly esteemed for its mild flavor. The skin is bright scarlet in color and the flesh snow white. Medium size and a rapid grower.

Price, pkt., 10c; oz., 20c; 1/4 lb., 50c; lb., \$1.25; transportation paid.

#### 728 WHITE-TIPPED EARLY SCARLET TURNIP

Unsurpassed as a table Radish where, by reason of the strong contrasting colors of the root, it makes a most attractive appearance. The flesh is crisp, white and tender, and extremely mild.

Price, pkt., 10c; oz., 20c; 1/4 lb., 50c; lb., \$1.25; transportation paid.

#### Henderson's Collection of Five Turnip Radishes

768 Price, one pkt. each of the following five varieties—Early Round Dark Red, Early Scarlet Globe, Early Scarlet Turnip, Rose Turnip, White-tipped Scarlet Turnip, 40c; 1 oz. of each for 90c; transportation paid.

### OVAL-SHAPED VARIETIES 730 FRENCH BREAKFAST

This is not a turnip radish but a favorite oval-shaped, bright scarlet Radish, with white tip. It is extremely attractive

Price, pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.25; transportation paid.

#### 748 RED ROCKET

This variety has a very small top which permits close planting. It is quite smooth, deep scarlet in color. The flesh is crisp and of a mild flavor. (See illustration.)

Price, pkt., 10c; o2., 25c; ¼ lb., 60c; lb., \$1.50; transportation paid.

#### 760 WHITE-TIPPED ROCKET

The color is deep rose, tipped white at the base. The flavor is deliciously mild. Price, pkt., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.50; transportation paid.

#### **758 WHITE ROCKET**

A trifle larger than Red Rocket. It has an equally small top; the root is pure white, while the color of the flesh is waxy white.

Price, pkt., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.50; transportation paid.

One packet of each of the 3 Rocket Radishes described above for 25c, one ounce of each for 60c, transportation paid.

#### EARLY LONG VARIETIES

#### 734 ICICLE

The leading long white radish, and one of the earliest; tender, juicy and of agreeable snappy flavor. When fully matured it reaches a length of 6 inches. It is pure white, and has a translucent and appetiz-

ing appearance.

Price, pkt., 10c; oz., 25c; 1/4 lb., 60c; lb., \$1.50; transportation paid.

738 LONG SCARLET Short Top. Bright scarlet with white, mild flesh; grows 6 inches in length; matures in about 25 days. Price, pkt., 10c; oz., 20c; 1/4 lb., 50c; lb., \$1.25; transportation paid.

740 LONG WHITE VIENNA, or Lady Finger. Tapering, about 4 inches long and pure white, mild and tender; matures in

about 25 days.

Price, pkt., 10c; oz., 20c; 1/4 lb., 50c; lb., \$1.25; transportation paid.

#### SUMMER AND AUTUMN VARIETIES

732 GIANT WHITE STUTTGART. A large white, oval-shaped summer Radish.

Very tender and mild.
Price, pkt., 10c; oz., 25c; 1/4 lb., 60c; lb., \$1.50; transportation paid.

762 WHITE STRASBURG. An early summer Radish, 4 to 5 inches long and tapering; flesh and skin white, solid and fine. Price, pkt., 10c; oz., 25c; ½ lb., 60c; lb., \$1.50; transportation paid.

#### WINTER VARIETIES

These varieties grow so firm and compact that they will keep almost all winter if stored in a dry cellar; they require 2 to 3 months to mature

720 CELESTIAL, or White Chinese. An extra fine, large, white Radish; grows to an enormous size; flesh firm, mild and crisp. Price, pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.25; transportation paid.

736 LONG BLACK SPANISH. A leading winter variety, one of the best keepers. Roots cylindrical, 7 to 10 inches long; skin blackish-brown; firm white flesh.

Price, pkt., 10c; oz., 25c; 1/2 lb., 60c; lb., \$1.50; transportation paid.

## The Three Choice Radishes Shown in Colors on Page 22

#### 756 EARLY SCARLET GLOBE

The best of the forcing varieties and the best of its class for outdoor culture; one of the most attractive radishes grown. The roots are a little longer than round, the skin intense scarlet in color, with tiny thread-like roots. It is very early, oval-shaped, and has very small tops.

Price, pkt., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.50; transportation paid.

#### 757 SPARKLER

Brilliant scarlet with a very pronounced white tip. It wins by appearance alone. But to this must also be added its sparkling white, solid, crisp flesh and mild sweet flavor. It is desirable both for forcing and garden culture. Foliage

Price, pkt., 10c; oz., 25c; 1/4 lb., 60c; lb., \$1.50; transportation paid.

## 731 GIANT WHITE GLOBE (New)

Repeated trials at our seed testing farm have convinced us that this is a very desirable variety. It is a pure white, globe-shaped radish, firm and crisp, and mild in flavor. Another good quality is that it remains solid and fit for table use for a long time.

Price, pkt., 10c; oz., 30c; 1/4 lb., 90c; transportation paid.

## RHUBARB

CULTURE.—Sow in April, in drills a foot apart, covering the seed three-quarters of an inch, thinning out to about ten to twelve inches apart in rows when a few inches high. The following Spring transplant into deep, rich soil, about three feet apart each way. One oz. to 500 feet.

770 ST. MARTIN'S. This variety is famous in many countries, being much esteemed wherever grown. The stalks are large and red, and exceedingly juicy, rich and spicy.

Price, pkt., 15c; oz., 50c; transportation paid.

### SORREL

795 Broad-Leaved French. Large, pale green leaves of mild, acid flavor, esteemed as salad, cooked as "greens," etc.
Pkt., 10c; oz., 25c; ½ lb., 75c; lb., \$2.00; transportation paid.

#### Culture same SALSIFY or Ovster Plant as for Parsnip 780 MAMMOTH SANDWICH ISLAND

Salsify is one of the best of our root vegetables, and is rapidly increasing in popularity. Cooked in any form, Salsify is wholesome, appetizing and nutritious. Its peculiar oyster-like flavor is most apparent when sliced and fried; it may also be served and forms of indigestion. Most of its medicinal value is contained in the milk, which exudes from the skin. (See illustration.)

Price, pkt., 10; oz., 35c; ¼ lb., \$1.00; lb., \$3.00; transportation paid.

## **SPINACH**

CULT URE.—Sow thinly in rows 12 to 15 inches apart, covering the seed about one-half inch; thin the plants to four inches apart in the row. The main crop is sown in August and September. It is sometimes covered up in cold localities with straw or salt meadow hay during the winter, but in sheltered fields there is no necessity for covering. For summer use it may be sown at intervals of two or three weeks, from April to June. Spinach develops best and is most tender and succulent when grown in rich soil and in cool weather; during the summer it often bolts to seed. 1 oz. for 100 feet.

### 802 LONG SEASON (Henderson's)

#### The Best for Sowing in Spring and Summer for a Successional Supply

The 'development of a type showing a marked long-standing character has given us Henderson's Long Season Spinach. removing the only obstacle to its general cultivation, so that there is now nothing to hinder the least experienced from enjoying this wholesome vegetable through-out the entire season. The plants are very hardy. Seed sown in September will produce small plants, which, with a slight covering of loose, dry material, will be available for use very early in the spring

The plant is small, with rich, lustrous green leaves. These are short, broad, yery thick, and of so great substance that it loses bulk in cooking less than any other sort. The flavor is unequalled. (See illustration.)

Price, pkt., 10c; oz., 20c; ¼ lb., 30c; lb., 75c; transportation paid.

## 805 LONG-STANDING SAVOY

This variety stands heat much longer than Norfolk Savoy before running to seed. This is a great advantage. (See illustration.)

Price, pkt., 10c; oz., 25c; 1/4 lb., 40c; lb., \$1.00; transportation paid.

#### 808 NORFOLK SAVOY-LEAVED

A very popular variety to sow for the late fall cutting. It is quick-growing and a heavy cropper, producing large, fleshy, dark green leaves as deeply crumpled as a Savoy Cabbage. It is largely grown in the South for winter and early spring crops. If sown in the spring it must be cut as soon as ready, as it quickly runs to

Price, pkt., 10c; oz., 20c; ¼ lb., 30c; lb., 75c; transportation paid.

### 809 PRINCESS JULIANA (Henderson's)

This is of the long season type, with large, crumpled, rich dark green leaves. It is valuable either for spring or autumn planting. A popular variety for its rapid, uniform growth and delicious and tempting flavor.

#### 811 VIRGINIA Blight-Resistant

Specially recommended for fall planting. Extensively planted in fall by market growers, as it has shown a high degree of growers, as it has snown a high degree of resistance to the disastrous blight dis-ease. It is of equal value to the home gardener, suitable only for fall planting, as in the summer is quickly runs to seed. The plant produces large, crumpled, dark

An Entirely New Vegetable Recently Introduced

It has a most delicious flavor peculiarly its own, and combines in itself the qualities of both Spinach and Mustard.

It makes an excellent spinach grown

in the same way, and it has the advantage over any other plant used for greens, because it is ready for the table in from three to three and one-half weeks from planting the seed.

A continuous supply for the table may be had by making successive sowings, because it flourishes during hot weather, as well as in moderate periods when ordinary varieties of spinach fail to

Chemical analysis shows this plant to have abundant protein, mineral matter,

lime and iron.

Price, pkt., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.25; transportation paid.

### 806 NEW ZEALAND

# The Cut and Come Again Spinach. Yields Continuously from Early Summer to Late Fall

Is a valuable addition to the summer supply of edible greens, the beneficial effects of which are so well known that it is needless to add further comment. During the hot summer months, when ordinary Spinach bolts and goes to seed. the New Zealand Spinach is at its best. It thrives on almost any soil and withstands drought wonderfully well.

The plant is bushy in form, and produces quantities of succulent, rich green leaves of a delightful flavor. As the tops are cut off, side shoots develop and in a few days another crop may be cut.

For an early crop, start the seed indoors during March and transplant the seedlings to the open ground after danger from frost. (See illustration.)

Price, pkt., 10c; oz., 25c; ½ lb., 60c; lb., \$1.25; transportation paid.

## 807 "PERPETUAL"

That this new plant can without any stretch of the imagination be called "Perpetual" is due to the fact that it is in reality a form of Swiss Chard. petual Spinach, however, is entirely without the somewhat bitter flavor of Swiss Chard, and tastes like a good

variety of Spinach.

Seed should be sown early in the spring, as soon as the ground is in working condition for best results.

Price, pkt., 15c; oz., 45c; 1/4 lb., \$1.00; 1b., \$3.00; transportation paid.

## SWISS CHARD The Cut and Come Again Vegetable

CULTURE.—Sow the seed in April or May in drills 18 inches apart and thin the plants to stand 6 inches apart in the rows. Do not let the plants suffer from lack of water. The leaves may be gathered during summer and fall. One ounce to 75 feet of drill.

## 235 GREEN PLUME (Henderson's)

The Spinach-Leaved and Asparagus-Ribbed Variety

The leaf is almost identical with that of the Spinach plant, and is as dark a green in color. It is a much darker green than any other variety of Swiss Chard, and it is also much more tender. The midribs too, are edible and tender, and very white and attractive looking.

Its greatest value lies in the fact that it produces "greens" all summer long, and is therefore available when Spinach is unobtainable. It can be easily grown in any ordinary garden soil. When picking for use cut the leaves from the outside when still young, or pull them off in an outward and downward direction. Leaves may be picked from it continuously from June until frost.

"Green Plume" may be cooked and served as "boiled greens" in the same way as Spinach, or when using the midribs only; it is always cooked and served in the same

way as Asparagus. (See illustration.)
Price, pkt., 15c; oz., 30c; ¼ lb., 75c; lb., \$1.75; transportation paid.

## 234 LUCULLUS Crumpled-Leaved

This is quite distinct from the old and wellknown variety. The leaf stems are rounder, very thick and fleshy. The whole plant is taller and the leaves, instead of being smooth, are deeply and closely crumpled, similar to a Savoy Cabbage. It is very tasty and palatable, and preferred by many in place of Spinach.

This variety is much sought after by those who prefer the rib of the leaf, as it is more strongly developed than in the old variety. pkt., 10c; oz., 25c; 1/4 lb., 65c;

lb., \$1.50; transportation paid.

## 232 SWISS CHARD

The term "Chard" is applied to the edible and mid-rib of the leaf of certain plants, hence Swiss Chard is a Beet with the heavily ribbed leaves developed instead of the root.

This is the variety we have sold continuously for many years. It is the one

vegetable that is always ready for use.

Price, pkt., 10c; oz., 20c; ½ lb., 60c; lb., \$1.25; transportation paid.

## SQUASH

CULTURE.—Sow when the weather has become settled and warm. Plant in hills. For bush varieties the hills should be 4 feet apart each way, and for running sorts, 8 feet. Eight seeds should be sown in each hill 1 inch deep, thinning out after they have attained their third and fourth leaves, leaving two or three of the strongest plants. One ounce for 30 hills; 3 or 4 lbs. in hills for an acre.

#### SUMMER VARIETIES

821 COCOZELLE or Italian Vegetable Marrow. Smooth dark green fruits which when mature become marbled with yellow. Fruits are best when 6 to 8 inches long. illustration.)

Price, pkt., 10c; oz., 30c; 1/4 lb., 80c; lb., \$2.50; transportation paid.

822 DELICATA (Henderson's). This beautiful Squash is orange-yellow and striped with dark green on the outside. Delicata is the earliest of any vine Squash and the most prolific (about 9 inches long). (See illustration.)

Price, pkt., 15c.; oz., 35c; 1/4 lb., \$1.00; lb., \$3.00; transportation paid.

834 LONG ISLAND WHITE BUSH (Henderson's). The white scalloped "Patty Pan" or "Cymling" has for years been a favorite summer Squash. This new sort is a vast improvement; it is just as early, more prolific and the Squashes are much larger, and have less prominent scallops. The plants are the true bush habit. (See illustration.)

Price, pkt., 10c; oz., 25c 1/4 lb., 75c; lb., \$1.75; transportation paid.

836 MAMMOTH Bush Summer Crookneck: It is early and the fruits are large, measuring 20 to 24 inches in length, solid, heavy, and freely produced on healthy, vigorous plants of compact bush habit; fruits heavily warted; surface color deep golden, flesh yellow, and of superior quality. (See illustration) tration.)

Price, pkt., 10c.; oz., 25c; 1/4 lb., 75c; lb., \$1.75; transportation paid.

839 "STRAIGHT NECK" is much easier to prepare for cooking than its parent variety, the old Mammoth Crookneck. It is similar in color and flavor. (See illustration.)

Price, pkt., 15c; oz., 30c; ½ lb., 80c; lb., \$2.25; transportation paid.

842 WHITE BUSH SCALLOPED. The white "Patty Pan" or "Cymling" creamy-white skin, fine quality, free cropper.

Price, pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.25; transportation paid.

844 YELLOW BUSH Summer Crookneck. A bush variety, early and prolific.
Price, pkt., 10c; oz., 20c; ½ lb., 50c; lb., \$1.25; transportation paid.

#### AUTUMN AND WINTER VARIETIES

818 ACORN or Table Queen. A very dark green squash about 6 or 7 inches long and 4 inches in diameter.

inches in diameter.

Price, pkt., 10c; oz., 30c; ¼ lb., 80c; lb., \$2.50; transportation paid.

819 BLUE HUBBARD. The squashes are light bluish gray in color, and the flesh is very fine-grained, dry and tasty.

Price, pkt., 10c; oz., 35c; ¼ lb., 90c; lb., \$2.75; transportation paid.

820 BOSTON MARROW. The reddish yellow skin is thin but the squash is fine-grained.

skin is thin but the squash is fine-grained and firm.

Price, pkt., 10c; oz., 25c; 1/2 lb., 60c; lb., \$1.50; transportation paid.

823 COCOZELLE DI PERGOLA or Long Italian. An Italian variety of squash usually grown on a trellis or pergola. The usually grown on a trellis or pergola. The vines are very vigorous, the squashes grow to a length of 3 or 4 feet and are about 4 inches in diameter. They are light green in color, and the pulp inside is pure white.

Price, pkt., 15c; oz., 30c; ¼ lb., 90c; transportation paid.

825 GOLDEN DELICIOUS. A very handsome fall squash, in size and shape similar to Gregory's Delicious except the color is deep orange.

orange.

Price, pkt., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.50; transportation paid.

826 GOLDEN HUBBARD. Similar to the old

Hubbard, excepting the skin is of a rich orange red.

Price, pkt., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.75; transportation paid.

830 HUBBARD. Very productive, yielding large, heavy Squashes of dark bluish-green

color. It is an excellent keeper.
Price, pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.00; transportation paid.
832 LARGE WARTED HUBBARD. It is

named on account of the excessive rough "warty" surface of the fruits; heavy warts indicate a hard shell, and the harder the shell the better the Squash will keep. (See illustration.)

Price, pkt., 40c; oz., 30c; ¼ lb., 80c; lb., \$2.50; transportation paid.

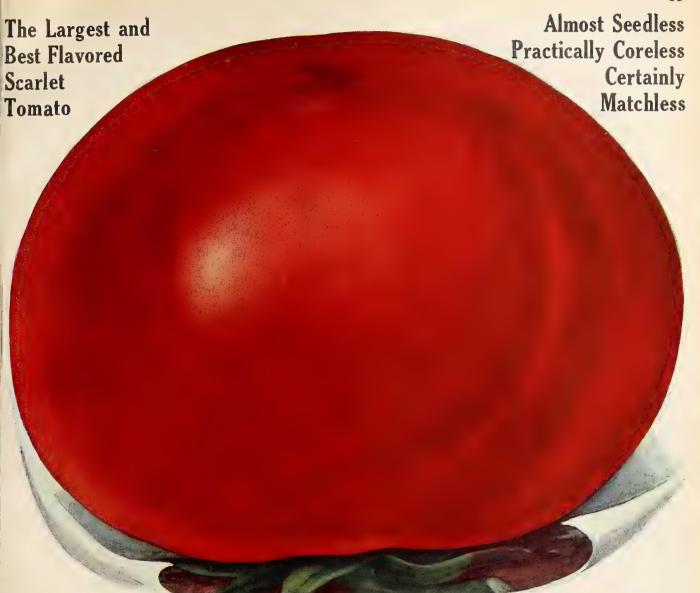

838 MAMMOTH CHILE. The largest of all Squashes, often weighing 200 lbs. or over.

Price, pkt., 10c; oz., 30c; ¼ lb., 75c; lb., \$2.00; transportation paid.

840 VEGETABLE MARROW BUSH. A fareverte English variety, bearing freely abloar.

vorite English variety, bearing freely oblong, dull yellow fruits 10 to 15 inches in length.

Price, pkt., 10c; oz., 35c; ¼ lb., 90c; lb., \$2.75; transportation paid.

## THE FAMOUS No. 600 TOMATO NO LONGER NAMELESS

Many Thousands of Our Customers and Friends Entered the Contest in 1934 to Name this Tomato,
The Greatest and Most Widely Known Vegetable Novelty of the Year.

The winning name was suggested by LOREN E. SLOCUM, FAITH, SOUTH DAKOTA, and our check for \$100.00 has been forwarded to him.

The Name is

## HENDERSON'S TOMATO RICHMEAT

We thank all participants in the contest for their interest. It has been the means of attracting attention from the Atlantic to the Pacific to this famous tomato, which has been of immeasurable benefit to growers in the drought-stricken portions of our country in 1934, producing bountiful crops of luscious Tomatoes, when other varieties withered away. We have received thousands of letters testifying to this important fact.

A great philosopher once remarked that "without enthusiasm we can do nothing" and HENDERSON'S TOMATO RICHMEAT is a case in point, as it is the result of six years' hybridization and selection by one of our plant breeders who has made such work his life interest.

It is similar to Winsall in one respect; it is a very shy seeder, consisting almost entirely of plump, solid "meat"; indeed, it is so free from seeds that we grow five times as many fruits as we do of other varieties to obtain the same quantity of seed. As will be noted it is a handsome variety, very smooth, round-oval in shape, and RICH SCARLET in color.

#### Henderson's World Famous Tomatoes HENDERSON'S 915 WINSALL WINSALL WINS **EVERYWHERE**

PRIZE TOMATO The outstanding merits of Henderson's Winsall Tomato are its remarkably vigorous and disease-resistant growth, its uniformly round

form, its large size, and the delicious flavor of its firm flesh.

Henderson's Winsall is about five days later than Ponderosa in maturing its first fruits, but its second fruits seem to ripen more rapidly than do the fruits of Ponderosa. The coloring is indeed perfection, the bright pinkish red extending close up to the stem ends. Henderson Winsall is undoubtedly the most meaty tomato ever produced; the entire fruit being edible, tender and delicious, and remarkable for an almost entire absence of seeds.

Our esteemed customer, Mr. D. P. McCracken, editor of Floral

Lore, Paxton, Ill., writes:
"It is the best of the fleshy class, and the fleshy sorts are best by long odds; it is as meaty as the 'Beefsteak,' yet devoid the tough, leathery walls of that famous variety. It is far more uniform in both size and conformation than the popular Ponderosa, and eclipses in productivity as well as bearing period, any tomato I have been able to secure in my fifty continuous years of growing.

"Picked just before the stem-end is entirely red, and spread on a

low table, stem-end down, in a cool basement, it ripens in a day or two to as near perfection as could possibly be." (See colored plate opposite.)

Windsall Tomato is very vigorous in growth and produces superabundant foliage. It is therefore necessary to prune away some of the superfluous foliage to admit light and air to the flowers and assist pollenization. A dense mass of leaves and vines overshadowing the blossoms will cause them to fall, and fail to produce fruit.

## Price, pkt., 25c; 3 pkts. for 60c; ½ oz., \$2.00; 1 oz., \$3.50; transportation paid.

896 THE ORANGE TOMATO (See colored plate, opposite:)

A Real Deep-Orange Colored Tomato of Appetizing Appearance We have been selecting this variety for several years in order to

perfect it.

The vines are vigorous and free from disease; and the fruits are very large, almost equaling in size our famous Ponderosa. The outside color There are very few seeds. The flavor is very good, mild and delicious; quite different from the yellow varieties which usually contain considerable acid

Makes a most attractive dish when sliced and served with the red varieties. All our customers should try the Orange Tomato this year.

Price, pkt., 25c; 5 pkts. for \$1.00; transportation paid.

#### 876 BEEFHEART

#### A New Home Garden Tomato of Superior Excellence Customers Say It Is as Delicious as It Is Beautiful

Customers who grew it last year say that they have never grown a tomato that was more beautiful, more meaty, or better flavored. It is not uncommon to see the vines carrying fruits weighing from two

to three pounds each.

The color is brilliant scarlet and the skin is so smooth as to give the ruits a polished appearance. The solidity and weight of this variety is derived not from a thick-fleshed outer wall and tough skin, but, like our famous Ponderosa, the seed cavities have given way to a solid mass of meaty, succulent flesh, so that the fruit is practically seedless. The plant is vigorous and bears large crops of beautiful fruit. illustration below.)

Price, pkt., 25c; 5 pkts., \$1.00. Transportation paid.

## **TOMATO**

SELECTED VARIETIES

CULTURE.—The seed should be sown about ½ inch deep during March or early April in a holbed, greenhouse, or window of a room, where a night temperature of not less than 60 degrees is kept. When the SELECTED VARIETIES where a night temperature of not less than 00 degrees is kept. When the plants are about two inches high, they should be set out three inches apart n boxes three inches deep, or potted into three-inch pots, allowing a single plant to a pot. They are sometimes shifted a second time into larger pots, by which process the plants are rendered more sturdy and branching. About the middle of May in this latitude, the plants may be set in the open ground.

877 BONNY BEST

Produces Large Size Tomatoes Bright Scarlet in Color

Bonny Best is decidedly the "best" in its class. It is almost as early as Earliana; and is a larger tomato, and a heavier cropper. The fruits are deep scarlet in color, very smooth, perfectly round, solid and meaty. Bonny Best is also an excellent variety for the canner, as it yields from 12 to 15 tons to the acre.

Price, pkt., 10c; oz., 60c; 3/4 lb., \$1.75; transportation paid.

## 878 BREAK-O'DAY

The Most Solid of the Extra Early Varieties-Disease Resistant

This marks an epoch in the breeding of globe-shaped tomatoes now so popular. It is a cross between the well-known variety Marglobe and another variety, not as yet introduced to commerce. It is greatly disease-resistant and is the same shape, color and size as Marglobe but much more solid; and to crown all is 10 to 12 days earlier in ripening. This means that Break-O'Day will ripen along with Bonny Best and the other extra early tomatoes, but excels them greatly in size, solidity and seedlessness.

Price, pkt., 20c; oz., 60c; 1/4 lb., \$1.75; transportation paid.

## 881 CRIMSON CUSHION (Henderson's)

Crimson Cushion is a scarlet "sport" from Ponderosa, and resembles the original stock in nearly all respects, but the color is brilliant crimson-scarlet. It bears a prodigious crop of perfectly shaped fruits of enormous size that ripen clear to the stem, while its rich color is sustained throughout the entire fruit.

It ripens a few fruits immediately after the very early sorts, and from then right up to frost it yields a constant supply of massive, luscious fruits. These are always extremely solid, and remain so after cooking. Served in slices its solid tempting appearance compels instant admiration.

Price, pkt., 15c; oz., 75c; 1/4 lb., \$2.25; transportation paid.

## 883 DWARF CHAMPION

Of dwarf, stiff, upright growth, scarcely needing support; early and prolific, smooth, medium-sized fruits of red-purple color.

Price, pkt., 10c; oz., 60c; 1/4 lb., \$1.75; transportation paid.

#### Henderson's Garden Fertilizer

See Description and Price, Page 115 Promotes a rapid and uniform growth which is ideal for the development of Tomatoes.

### 885 EARLIANA

This is still the best extra early Tomato for the family garden, as it bears a very heavy crop quite early in the season. It has excellent flavor and is remarkably solid for an early sort. (See illustration.)

Price, pkt., 10c; oz., 50c; 3/4 lb., \$1.50; transportation

Our pamphlet, "Tomaloes, How to Grow Them," tells how to grow them to perfection. Sent free on request with orders.

## HENDERSON'S TOMATOES SELECTED VARIETIES

Perfect fruit without a blemish will be obtained if your tomato plants are trained on the Wooden Tomato Supports offered on page 103

### 888 THE FRUIT TOMATO

Solid, Meaty, Sweet, Delicious Flavor Almost Seedless

At last we have developed a tomato that can be placed in the class of fruit, as its delicious, sweet flavor and solid meaty texture make it possible to eat it at any time as one would eat a peach.

Practically free from acidity and seeds, it makes a most delicious and appetizing morsel whether eaten raw between meals, as a dessert, or prepared in any of the standard methods.

Vigorous in growth, disease-resistant, bearing great clusters of sweet luscious, beautifully formed, deep pink tomatoes, this great addition to the list of table delicacies will soon be known and grown throughout the (See illustration.)

Price, pkt., 25c; 5 pkts., \$1.00; transportation paid.

## 889 GOLDEN PONDEROSA Special Strain

It Equals Ponderosa in Size But Bears Rich, Golden-Yellow Fruits in Abundance

A vellow Tomato that has color alone to distinguish it is not entirely novel. Many such varieties have been introduced, but, having failed to gain popularity owing either to lack of flavor or some other essential, have disappeared from cultivation. GOLDEN PONDEROSA is equal in every respect to its parent the red Ponderosa, possessing all the qualities that have made our Ponderosa a household word throughout the land, and, in addition, has the striking color which compels instant attention. It originated as a "Sport" from red Ponderosa and comes remarkably true; but some parti-colored fruits may be expected.

It presents a striking appearance when served sliced with the red Ponderosa, and supplies a decorative table effect both novel and attractive.

Price, pkt. 20c; 3 pkts. 50c; oz. \$1.00; transportation paid.

#### 893 GLOBE

This variety is glossy pink with purple tinge. It is distinctly globe shape, large size, and of the finest quality, making it very desirable for slicing.

Price, pkt. 10c; oz. 60c; ¼ lb. \$1.75; transportation paid.

## 894 MARGLOBE Resists Rust and Wilt

Almost perfectly round; of large size, and bright red in color. It is one of the most productive tomatoes in cultivation, it being rare that a flower fails to set.

Marglobe is early and continues bearing over a long period of me. It possesses a delicious flavor, and this combined with its attractive appearance, its immunity to wilt and rust, as well as to the tenaciousness of its skin, which minimizes the cracking of the

fruit, are certain to insure a promising future for it.

Price, pkt. 15c; oz. 80c; ¼ lb. \$2.25; transportation paid.

# 900 PONDEROSA Henderson's Special Strain Sometimes called Beef Steak

For Years the Best and Most Popular in the American Garden
--Produces Fruits Magnificent in Size---Delicious in Flavor---

From its first appearance it gripped and held the admiration of all who grew it, and each recurring season sees thousands more added to the number of its appreciative admirers.

There are two kinds of solid tomatoes. One derives its solidity from a thick-fleshed outer wall and a tough skin, and this is eagerly sought by the shipper. The solidity of Ponderosa is different. A serious defect in many sorts is the hard, core-like character of the cell walls, which frequently remain green and hard long after the other parts of the fruit are ripe.

We have succeeded so thoroughly in modifying, developing, and enlarging these cell walls in Henderson's Ponderosa that they have almost filled the seed cavities with tender flesh which in less carefully bred strains contain only seed and watery pulp.

The original, highly bred and selected type of Ponderosa can only be secured direct from us, as we do not supply dealers. Spurious and uncared-for stocks will be disappointing. (See illustration.)

Price, pkt., 15c; 2 pkts., 25c; oz., 90c; ½ lb., \$3.00. Transportation

### 905 THE PRITCHARD

#### or SCARLET TOPPER

The result of extensive experiments conducted by the U.S. Dept. of Agriculture in their quest for a perfect disease, wilt and rust resisting tomato.

Its general appearance is like the popular Marglobe, but it begins to bear much earlier. At our Trial Grounds, it is as early as

## SMALL FRUITING TOMATOES For Salads, Preserves, Etc. 892 LARGE RED PLUM OR POMODORA (Italian)

A beautiful bright red plum-shaped tomato. It is the most delicious and attractive salad tomato ever introduced. It contains practically no acid and possesses a delicate flavor so much desired in salads. Large Red Plum and possesses a delicate flavor so much desired in salads. Large Red Plum is one of the best varieties in cultivation for making the delicious tomato preserve, and it is also ideal for dehydrating. It is one of the most prolific tomatoes we have ever grown, beginning early in the season and continuing uninterruptedly up to frost. The fruits are the size of a good-sized plum and are borne in clusters of six or more. (See illustration.)

Price, pkt., 25c; 3 pkts., 60c; transportation paid.

902 RED CHERRY. Bears clusters of bright red fruits the size of a Cherry.

Price, pkt., 15c; oz., 75c; transportation paid.

904 RED, PEAR-SHAPED. Produces bright red, pear-shaped fruits.

Price, pkt., 15c; oz., 75c; transportation paid.

908 STRAWBERRY, Winter Cherry or "Husk" Tomato. Low spreading plants, yellow fruits half an inch in diameter surrounded by a husk. Used for preserving.

for preserving.

Price, pkt., 15c; oz., 75c; transportation paid.

914 YELLOW PLUM. Oval-shaped yellow fruits 2 inches in diameter.

Price, pkt., 15c; oz., 75c; transportation paid.

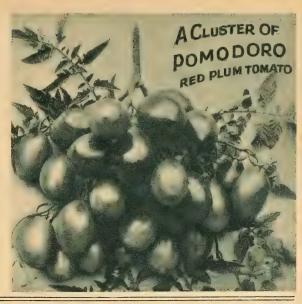

## **English Forcing Tomatoes**

907 STIRLING CASTLE. Small size, solid; finest flavor; scarlet.

Price, pkt., 25c; 5 pkts., \$1.00; transportation paid.

909 SUNRISE. Deep rich red. The finest Tomato for indoor cultivation.

Price, pkt., 25c; 5 pkts., \$1.00; transportation paid.

TURNIP CULTURE.—Sow the early varieties in April or May in drills, from fifteen to eighteen inches apart, and thin out from four to six inches in the rows. For a succession sow at intervals of a fortnight until the last week in May for early crop, and in July or August for the fall crop, at which season they grow best. One oz. to 150 feet of drill.

#### WHITE FLESHED VARIETIES

## Japan Sends Us Two Valuable New Turnips

## 919 EARLIEST FLAT JAPAN

The earliest turnip in cultivation, maturing in about 37 days. This delightful gem is destined to create a new interest in this excellent vegetable. The beautiful smooth glistening appearance of the small flattish snow white turnip and the mild delicate flavor will make it a welcome addition to the daily diet.

It is particularly recommended for an early spring crop, for it is at this season most turnips are inclined to have a slightly bitter flavor which is entirely missing in this sort. The foliage of most turnips grows close to the ground and becomes an ideal breeding place for aphis; not so this variety, it grows directly upright, consequently it does not protect aphis and also permits thorough spraying. (See illustration.)

Price, pkt. 10c; oz. 25c; 1/4 lb. 75c; lb. \$2.00; transportation

paid.

#### 17 TOKYO

Like the foregoing, is also a new Japanese turnip; it varies, in that the turnips are globular in shape, otherwise it is very similar with the exception that it is three or four days later than the Earliest Flat Japan.

In many sections "turnip greens" is very popular. especially recommended for this purpose, because the foliage grows upright and is very resistant to the attacks of aphis or blight and produces a fine crop of foliage.

Price, pkt., 10c; oz., 25c; 1/4 lb., 70c; lb., \$1.75; transportation

## 918 EARLY PURPLE TOP MILAN

Resembles White Milan, but has purple top. Price, pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.25; transportation

## 920 EARLY RED TOP STRAP LEAVED

This is a quick-growing sort for the early spring crop. It grows rapidly and in eight weeks from sowing will produce a good crop of tender roots of mild flavor. The leaves are short, the roots quite flat, the upper half reddish purple, the lower half white. The flesh is pure white, crisp and fine grained.

Price, pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.25; transportation raid

## 922 EARLY WHITE MILAN

An extra early variety of rapid growth with entirely white roots and very small leaves.

Price, pkt., 10c; oz., 20c; 1/4 lb., 50c; lb., \$1.25; transportation

### 930 PURPLE TOP WHITE GLOBE

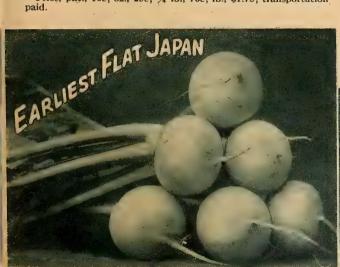

A large, globe-shaped variety. The upper surface of the bulb is reddish purple, the lower part is white. It has a small, smooth root and medium-sized tops. The flesh is pure white, crisp, very fine and is one of the best sorts to store for winter. Recommended for fall crop. (See illustration.)

Price, pkt., 10c; oz., 20c; 1/4 lb., 45c; lb., \$1.00; transportation

## 936 SNOWBALL, EARLY

The finest white-fleshed, ball-shaped, early table Turnip; bulbs, small, smooth and round with white skin and sparkling white flesh, crisp, tender and sweet. It is a fitting companion to the yellow-fleshed Golden Ball offered on page 44, and equally early, Price, pkt., 10c; oz., 20c; ¼ lb., 45c; lb., \$1.00; transportation

Henderson's Garden Guide and Record (new edition) is an authority on vegetable culture—written in a terse easily understood manner. It is free on request with orders of understood manner. \$3.00 or over or sold at 35c per copy. (See page 1.)

## TURNIP

Our Pamphlet, "Garden Culture of Root Crops" tells how to grow Turnip and Ruta Baga. Sent free on request when ordering.

#### Yellow-Fleshed Varieties

## 926 GOLDEN BALL or "Orange Jelly"

A very distinct variety, and the finest yellow-fleshed sort for family use. It grows a very shapely bulb, medium in size, almost round, very smooth, and quite free from side roots. The skin is pale yellow, the flesh deep yellow throughout, and so fine in texture as to earn the name "Orange Jelly." Sown in July it gives a very satisfactory crop in ge Jelly." Sown in July it gives a very satisfactory crop in fall, and can be stored and used during the winter. early fall, and (See illustration.)

Price, pkt., 10c; oz., 20c; 1/4 lb., 45c; lb. \$1.00; transportation paid.

### 940 YELLOW GLOBE

A yellow-fleshed, globe-shaped variety, of large size; a splendid winter-keeper; excellent for both table and stock.

Price, pkt., 10c; oz., 20c; ¼ lb., 45c; lb., \$1.00; transportation paid.

# RUTA BAGA Swede or Russian Turnip

## 945 EARLY CORTLANDT (Henderson's)

The Earliest and Sweetest Ruta Baga

A very fine early Ruta Baga. The roots are almost round, smooth, with small tops and practically no neck. The flesh is of a beautiful creamy yellow color, of fine texture and mild flavor. Besides being early, it has good keeping qualities.

Price, pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$1.75; transportation paid.

## 944 GOLDEN HEART (Henderson's)

Excellent for the family garden. It grows as clean and smooth as a Turnip. Both tops and roots are smaller than those of any sort; it may therefore stand closer in the row, and may also be sown later in the season. The

flesh is remarkably fine grained and of good flavor.

Price, pkt., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.25; transportation paid.

## 949 RIVERHEAD, L. I., Strain (New)

The Long Island Ruta Bagas have established a nation-wide reputation for their high quality; so, when an improvement appears in this type, it can be accepted at once as an outstanding and extraordinary sort. For many years, it has been the object of growers of this valuable vegetable to obtain years, it has been the object of growers of this valuable vegetable to obtain a type that would be finer in texture and flavor. In other words, to grow a Ruta Baga, that would create a greater appeal for table use. We believe that the Riverhead strain will supply that appeal. It is very refined in appearance, smooth and clean, medium in size, globular in shape with small top growth and no indication of a neck. Its flavor is sweet and delicious; as desirable for the home garden as it will be for the market grower.

Price, pkt., 10c; oz., 25c; ¼ lb., 75c; lb., \$1.75; transportation paid.

Henderson's Garden Guide and Record, given free on request with a three-dollar order, contains much information about garden management and crop rotation. (See page 1.)

## HERBS Sweet Pot and Medicinal

951 Anise. For garnishing, cordials and flavoring.
Pkt., 15c; oz., 30c.
955 Basil, Sweet. The popular Basilico Napolitano of the Italians The leaves and tops of the shoots are used for soups, stews and sauces. Pkt., 15c; oz., 35c.

Borage. Excellent for bees. The leaves are used in salads or boiled as spinach; the flowers are aromatic and used in cool drinks.

Pkt., 10c; oz., 30c.

959 Caraway. The aromatic seeds are used in confectionery, cakes and medicine. Pkt., 10c; oz., 20c.

961 Catnip. Used for seasoning. Pkt., 15c; oz., 75c.

963 Coriander. For garnishing; seeds aromatic. Pkt., 15c; oz., 25c.

965 Dill. The aromatic seeds are used in pickles, preserves, soups and

Sofs Dill. The aromatic seeds are used in pickles, preserves, soups and sauces. Pkt., 10c; oz., 15c.
969 Fennel Sweet. The leaves enter into-sauces. Pkt., 15c; oz., 30c.
973 Horehound. Useful for its tonic properties and for cough remedies. Pkt., 10c; oz., 40c.
975 Hyssop. For medicinal purposes. Pkt., 15c; oz., 30c.
977 Lavender. A popular aromatic herb, emitting a delightful perfume. Pkt., 15c; oz., 60c.
979 Marjoram, Sweet. The leaves and shoots are used for seasoning. Pkt., 20c; oz., 75c.
983 Rosemary. Used for seasoning. Pkt., 20c; oz., 75c.
985 Sage. Used both green and minced or dry and powdered for seasoning. Pkt., 15c; oz., 50c.
989 Savory, Summer or Bohnenkraut. Used for seasoning and flavoring soups and dressings. Pkt., 15c; oz., 40c.
991 Savory, Winter. Used for seasoning. Pkt., 15c; oz., 75c..
995 Tansy, for medicinal purposes. Pkt., 25c; oz., \$1.00.
993 Thyme, Broad-leaved. Used for seasoning. Pkt., 15c; oz., 75c.
All transportation paid.

All transportation paid.

## 950 IMPROVED LONG ISLAND RUTA BAGA (Henderson's)

Long Island Improved has been bred from the American Purple Top, over which it is a great improvement. much larger, has no neck, and is a remarkably good keeper; the flesh is rich yellow, and of fine quality.

Price, pkt., 10c; oz., 20c; 1/4 lb., 50c; lb., \$1.25;

## 367 WITLOOF CHICORY or French Endive

Called also "French Endive," "Brussels Chicory," and "Christmas Salad." Seed sown in spring produces long, thick roots, which after lifting and "resting" a few days are replanted to start new growth, when they form the blanched crowns which make the tenderest and most delicately flavored of salads. (See illustration.) Price, pkt., 10c; oz., 35c; 1/4 lb., \$1.00; lb., \$3.50; transportation paid

Henderson's booklet "Salads Growing and Blanching" gives full cultural directions. Sent free on request with orders.

## Tobacco Seed

Primus. The earliest of all; succeeds well even as far north as

Canada.
Pkt., 15c; oz., 75c; 1/4 lb., \$2.00.
Zimmer's Spanish. The earliest and best American-Spanish, and a favorite cigar variety, increasing in

demand and culture every year.

Pkt., 15c; oz., 90c; ¼ lb., \$3.00.

Havana, Imported.

Pkt., 15c;
oz., \$1.50; ¼ lb., \$5.00.

Havana, Domestic.

Pkt., 15c;
oz., 75c; ¼ lb., \$2.00.

oz., 75c; ½ lb., \$2.00.

Sumatra, Domestic. Pkt., 15c;
oz., \$1.00; ½ lb., \$3.50.

Connecticut. Pkt., 15c; oz. 75c;

½ lb., \$2.00. Kentucky. Pkt., 15c; oz., 75c;

1/4 lb., \$2.00. Virginia. Pkt., 15c; oz., 75c;

1/4 lb., \$2.00. All transportation paid.

# HENDERSON'S AGRICULTURAL SEEDS

A Condensed List. For Complete List Send for Our Farmers' Manual, Published in February

## Henderson's Special Grass Mixture for Hay and Pasture

Produces Wonderful Hay Crops and Luxuriant Pasture Lasting for 20 Years or More

## HAY AND PERMANENT PASTURE

#### Special Grass Seed Mixture

This mixture is made up of native and acclimated foreign Grasses, thoroughly blended, and improved upon during trials under widely varied conditions, soils and localities for several years until practically perfect, our aim being to produce, under the extremes of the American climate, a permanent, dense and deep-rooting turf that would yield year after year the maximum quantity of foliage. These Grasses are of superior quality, inviting, sweet and nourishing, whether used as hay or pasture.

hay or pasture.

In preparing these Mixtures, the greatest care is exercised in selecting such varieties as are suited to the soil to be sown and are likely to realize the object in view. Therefore, a description of the soil, whether Light, Medium or Heavy, and climate, and if with or without a grain crop, should accompany each order. (See illustration.) Sow 40 lbs. per acre.

Price, 1b., 50c; 10 lbs., \$4.50; 25 lbs., \$10.00; 100 lbs., \$35.00; transportation paid.

#### PERMANENT PASTURE

#### Special Grass Seed Mixture

There is no more important part of a farm than a good pasture, and that can only be obtained by the use of the proper Grasses, varieties that have different root formations and different habits and season of growth, in order to maintain a rich, close turf throughout the entire season. Timothy should never be used for pasture because entire season. Timothy should never be used for pasture because it will not stand trampling, and soon runs out when heavily pastured and at best is short-lived, as compared with the permanent Grasses used in our Special Mixtures. These Mixtures contain over a dozen of the best permanent Grasses, both American-grown and imported. All are permanent, and when once established will last indefinitely, if the fertility of the soil is kept up by occasional top-dressing. Sow 40 lbs. per acre.

Price, lb., 50c; 10 lbs., \$4.50; 25 lbs., \$10.00; 100 lbs., \$35.00; transportation paid.

#### PERMANENT HAY Special Grass Seed Mixture

An acre of Henderson's Special Grass Mixture for Permanent Hay will yield double the quantity of an acre of Timothy and Clover.

Sow 40 lbs. per acre.

Price, lb., 50c; 10 lbs., \$4.50; 25 lbs., \$10.00; 100 lbs., \$35.00; transportation paid.

## WOODLAND PASTURES Special Grass Seed Mixture

It will make a closer and more even pasture than Orchard Grass alone. Sow 40 lbs. per acre.

Price, lb., 60c; 10 lbs., \$5.00; 25 lbs., \$11.25; 100 lbs., \$40.00;

transportation paid.

## RENOVATING MIXTURE For Impoverished Grass Lands

Sow the grass seed at rate of 40 lbs. to an acre. Price, lb., 50c; 10 lbs., \$4.50; 25 lbs., \$10.00; 100 lbs., \$35.00; transportation paid.

Mixed Permanent Clovers, on account of their greater weight, should be sown separately, but at the same time as the Grasses. below. Sow 10 lbs. per acre. Price, lb., 60c; 10 lbs., \$5.50; 25 lbs., \$12.50; 100 lbs., \$45.00.

Full directions for sowing enclosed in every bag. In ordering, state whether for Light Soils, Heavy Soils or Medium.

# CLOVERS—HENDERSON'S SUPERIOR Natural Soil Improvers Valuable for Stock Feeding

#### ALSIKE or Hybrid (Trifolium Hybridum)

Alsike is a perennial and one of the hardiest of

Alsike is a perennial and one of the hardiest of all Clovers, thriving in the coldest climates, making hay of fine texture.

Sow (if alone) 8 lbs. per acre.

We advise farmers to add 2 to 3 lbs. per acre to their usual seeding of Red Clover and Timothy.

Price, lb., 70c; 10 lbs., \$6,00; 25 lbs., \$14.00; 100 lbs., \$50.00.

## KOREAN (Lespedeza)

This strain, an improvement on the ordinary Japan, ripens earlier, makes a larger growth and a heavier cropper. Sow 15 lbs. per-acre.

Price, lb., 50c; 10 lbs., \$4.50; 25 lbs., \$10.00.

PETER HENDERSON & CO. 35 CORTLANDT ST., NEW YORK

CRIMSON or Scarlet (Trifolium Incarnatum)

Plowing under a crop of Scarlet Clover is equivalent to 20 tons of stable manure per Plowing under a crop of Scarlet Clover is equivalent to 20 tons of stable manure per acre and even if the Clover be harvested or pastured, the benefits derived from the nitrogenous root formation will many times repay the cost of seed and labor.

Sow at the rate of 15 lbs. of seed per acre, either broadcast or drilled.

Cover lightly with a harrow. In the latitude of New York City sow from July 15 to September 15, and in the South as late as October. Time of flowering is June.

Price, lb., 50c; 10 lbs., \$4.00; 25 lbs., \$8.75; 100 lbs., \$30.00.

MEDIUM RED (Trifolium Pratense)

Domestic Grown Red Clover grows 1 to 2 feet in height and usually makes two crops a year, yielding two to three tons of cured hay per acre. It is very valuable, adding humus and nitrogen to the soil. In Northern States seed is usually sown in the spring; the earlier the better If grown alone, use 12 to 14 lbs. of seed per acre broadcasted, and cover not over half an inch deep.

an inch deep.

Price (domestic grown), lb., 70c; 10 lbs., \$6.00; 25 lbs., \$14.00; 100 lbs., \$50.00.

MAMMOTH RED (Trifolium Pratense perenne)

Pea Vine Domestic Grown

Quite distinct from the common Red Clover. Of very robust growth, yielding enormous bulk, valuable for reclaiming exhausted lands. Perennial. Time of flowering, July.

Sow (if alone) about 12 lbs. per acre.

Price (domestic grown) lb. 70s. 10 lbs. \$6.50; 25 lbs. \$15.00; 100 lbs. \$55.00.

Price (domestic grown), lb., 70c; 10 lbs., \$6.50; 25 lbs., \$15.00; 100 lbs., \$55.00

WHITE (Trifolium repens)

**Dutch or Honeysuckle** 

A valuable addition to permanent pastures, as it furnishes plant food to the other Grasses. In mixture for lawns White Clover is used to prevent washing out of soil during heavy rains. Sow (if alone) 8 lbs. per acre.

Price, lb., 75c; 10 lbs., \$7.00; 25 lbs., \$16.25; 100 lbs., \$60.00.

WHITE BOKHARA (Melilotus alba)

Sweet Clover

Grown as a forage plant, and often for bees; the numerous small, white flowers possess a sweet, honey-like fragrance. It is of great value for plowing under for green manuring. Sow 10 lbs. per acre. Price, lb., 35c; 10 lbs., \$3.00; 25 lbs., \$6.00; 100 lbs., \$20.00.

#### MIXED PERMANENT CLOVERS

Do not omit to sow Clovers with the Grasses, as they add to the vield of hay and pasture, collect atmospheric nitrogen and store it in the root nodules, assist the growth of the Grasses and are of benefit to subsequent crops. Permanent Clovers, on account of their greater weight, should be sown separately but at the same time as the Grasses. This Mixed Clover comprises White, Mammoth Perennial or Cow Grass, Alsike, etc. Sow 10 lbs. per acre.

Price, lb., 60c; 10 lbs., \$5.50; 25 lbs., \$12.50; 100 lbs., \$45.00 (Purchaser pays transportation charges on Clovers)

# Henderson's Superior Recleaned Grasses

For Pasture, Hay, Turf on Golf Courses, Athletic Fields, etc., etc.

Cleaned at the source of production, and recleaned in our own warehouses with the most modern seed-cleaning machinery in America. They are then analyzed and tested by us, and verified by check tests at State and Government Stations.

Henderson's Individual Recleaned Grasses are therefore Unequaled for Purity and Germination.

Better turf is obtained in most cases if a mixture of grass seed is sown. We will be glad to make special mixtures when desired, in accordance with the purchaser's requirements or after his own formulas. Transportation Charges Paid.

Awnless Brome Grass (Bromus Inermis). Will produce heavy crops in dry sections and on poor soils when other grasses perish. It is one of the hardiest grasses and succeeds in a wide range of temperature. Price, lb., 60c; 10 lbs., \$5.00; 25 lbs., \$11.25.

Bent, Astoria (Agrostis Capillaris). This variety differs from Rhode Island Bent in that it is an underground creeper, usually by rhizomes. It gives a dense, reinforced sod of a pleasing green color and a fine texture. Very desirable for putting greens and lawns Price, lb., \$1.75; 10 lbs., \$17.00; 25 lbs., \$40.00.

Bent, Colonial (Agrostis Tenuis). This grass imported from New Zealand, is identical with Rhode Island Bent. Leaf-blades very narrow and flat; dark green; slightly creeping habit and makes a fine turf for putting greens. It succeeds on all well drained soils and will thrive on acid soils. Price, lb., \$2.00; 10 lbs., \$17.00; 25 lbs., \$40.00;

Bent, Creeping (Agrostis Species or South German Mixed Bent). This is undoubtedly one of the finest grasses for putting greens. The distinctive feature of this species is its compact, creeping rooting stems. The stoloniferous roots form a strong, enduring turf which withstands hard usage. Does well on all soils, particularly on light, moist land. Price, lb., \$2.50; 10 lbs., \$24.00; 25 lbs., \$57.50.

Bent, Rhode Island (Agrostis Tenuis). Rhode Island Bent is distinguished from Red Top by its dwarf habit, shorter and narrow leaves and its peculiar open, panicle which does not become closed when mature. Thrives well on acid soils. Rhode Island Bent produces only short stolons or runners; makes a very fine dark green turf. An excellent grass for putting greens. Price, lb., \$2.00; 10 lbs., \$17.00; 25 lbs., \$40.00.

Bent, Seaside (Agnostis Maritima). This was first identified in Oregon, and has been offered by others under a special trade name. It is a hardy creeping variety, forming a close mat-like sward and is very desirable for putting greens. Does well in moist situations, making a rapid growth; blades are almost as narrow as true creeping bent. It is a vigorous stoloniferous creeper and the only bent that compares favorably with Creeping or Velvet Bents. Price, lb., \$1.75; 10 lbs., \$17.00; 25 lbs., \$40.00.

Bermuda Grass (Cynodon Dactylon). A most valuable grass for the southern course. It is of dwarf habit with long creeping stems, rooting at the joint and covering the ground with a matting of fine turf. It grows on all types of soils but shows a preference for clay and clay loams, and particularly land that is well limed. Price, lb., 60c; 10 lbs., \$5.00; 100 lbs., \$45.00.

Blue Grass, Canada (*Poa Compressa*). A very hardy perennial grass with creeping root-stocks. It grows on the poorest and driest soils—sandy, gravelly, or clayey, standing severe wetness or drought. A useful grass on Fairways and Tees. Price, lb., 70c; 10 lbs., \$6.00; 25 lbs., \$14.00; 100 lbs., \$50.00.

Blue Grass, Kentucky (*Poa Pratensis*). It is a true perennial lasting indefinitely and improving every year. Kentucky Blue Grass has creeping underground stems; leaf blades very narrow; color a deep, vivid green. It is one of the very best grasses for Fairways in the North and succeeds well on all good soils, especially where lime is used. Price, lb., 60c; 10 lbs., \$5.50; 25 lbs., \$12.50; 100 lbs., \$45.00.

Crested Dog's Tail (Cynosurus Cristatus). Should enter in moderate quantity in pasture and lawn mixtures. Price, lb., 75c; 10 lbs., \$7.00.

Fescue, Chewing's New Zealand (Festuca Chewings). This variety of Red Fescue imported from New Zealand is now recognized as one of the leading grasses for Putting Greens and Fairways. Makes a fine, compact turf of a dark green color. Price, lb., 75c; 10 lbs., \$7.00; 25 lbs., \$16.00; 100 lbs., \$60.00.

Fescue, Creeping Red (Festuca rubra North German grown). This is the true creeping variety thriving well on poor soils, and especially adapted for shaded locations. It forms a dense, permanent turf which leaves little room for weeds to come through. Price, lb., \$1.50; 10 lbs., \$14.00.

Fescue, Fine Leaved Sheep's (Festuca Tenuifolia). The leaves of this variety are very fine and dark green. It thrives on very dry soils and in the shade. Price, lb., \$1.50; 10 lbs., \$14.00.

Fescue, Hard (Festuca Duriuscula). A variety of Sheep's Fescue. Leaves broader, wire-like, not flat. Grows in bunches if sown alone. For the "rough" where the soil is thin or sandy, it thrives well. Price, lb., 75c; 10 lbs., \$7.00; 25 lbs., \$16.00; 100 lbs, \$60.00.

Fescue, Meadow (Festuca Pratensis). This grass is also called English Blue Grass, and in the South, Randall's Grass; flat and bright green. Grows to a height of 30 inches when left uncut. For wet soils few grasses are equal to Meadow Fescue. Price, lb. 50c; 10 lbs., \$4.50; 25 lbs., \$10.00; 100 lbs., \$35.00.

Fescue, Red (Festuca Rubra). Forms a close and lasting turf of dark green, specially adapted for dry, sandy soils. It resists extreme drought and thrives on inferior soils, gravelly banks and exposed hillsides; also in the shade. It is preferred to the Bents on the sandy type of soil in the Northern States for Putting Greens. Lime need not be used where this grass is desired. Price, lb., 75c; 10 lbs., \$7.00; 25 lbs., \$16.00; 100 lbs., \$60.00.

Fescue, Sheep's (Festuca Ovina). It is a bunch grass, forming dense tufts 3 to 6 inches in diameter with wire-like leaves 2 to 4 inches long of bluish gray. It is an excellent grass to grow on poor sandy soils for Fairways, when mixed with other grasses, as it helps to make a durable sward. Sown alone, it is too bunchy. For the "rough" on sandy soil, it is excellent. Price, lb., 75c; 10 lbs., \$7.00; 25 lbs., \$16.00; 100 lbs., \$60.00.

Fescue, Various Leaved (Festuca Heterophylla). This grass is a native of Europe; the leaves fine and dark green and the plant is of a tufted habit though slightly creeping. It does best on soils rich in humus. Used to a limited extent on Fairways and Tees. Price, lb., \$1.50; 10 lbs., \$14.00.

Fescue, Tall Meadow (Festuca Elatior). Early, nutritive and productive in pastures on wet or clay soils. Price, lb., 75c; 10 lbs., \$7.00.

Orchard Grass (Dactylis Glomerata). A valuable grass in mixtures either for pasture or hay. Price, lb., 50c; 10 lbs., \$4.50; 25 lbs., \$10.00; 100 lbs., \$35.00.

Red Top Fancy (Agrostis Palustris). It is a perennial grass with a creeping habit of growth; leaf blades narrow. Red Top is a remarkable grass, accommodating itself to a variety of soils and conditions. It grows well on wet land. It is strongly drought-resistant and flourishes on soils so very poor in lime that most other grasses fail. Price, lb., 50c; 10 lbs., \$4.50; 25 lbs., \$10.00; 100 lbs., \$3.500.

Rye, Domestic. A mixture of Italian and English grown in the United States. Price, lb., 30c; 25 lbs., \$5.50; 100 lbs., \$18.00.

Rye Grass, English (Lolium Perenne). It grows rapidly and makes a good showing in a month. Price, lb., 35c; 25 lbs., \$7.00; 100 lbs., \$22.00.

Rye Grass, Italian (Lolium Italicum). Like Perennial Rye Grass, it is a rapid grower and is treated as an annual. It is used largely in the South to sow over the Bermuda sod as soon as it turns brown. Used in this way, it makes an excellent Fairway for the winter. Price, lb., 35c; 25 lbs., \$6.00; 100 lbs., \$20.00

Rye Grass, Pacey's Perennial (Lolium Perenne Pacey's). This variety used in a mixture is an excellent "nurse" grass where a quick turf is desired. It produces a verdant growth four or five weeks after sowing. The leaves are narrow, flat and smooth. Price, lb., 40c; 10 lbs., \$3.50; 25 lbs., \$7.50; 100 lbs., \$25.00

Rough Stalked Meadow (Poa Trivialis). A spreading, thickly matting, stoloniferous-rooted species; leaf blades narrow, flat, and dark green in color. Forms a fine turf and adapted for shady situation on Fairways under trees. Thrives on moist and stiff clay lands. Price, lb., 75c; 10 lbs., \$7.00; 25 lbs., \$16.00; 100 lbs., \$60.00.

Sudan Grass (Sorghum). A valuable forage plant introduced from Egypt, similar in appearance to Johnson Grass but makes a finer hay. Sow 20 lbs. per acre. Price, lb., 30c; 25 lbs., \$6.00; 100 lbs., \$20.00.

Sweet Vernal, True Perennial (Anthoxanthum Odoratum). Emits an agreeable odor, which it imparts to the hay. Price, lb., \$1.50.

Tall Meadow Oat (Avena Elatior). Of rapid growth, recommended for soiling and hay mixtures. Price, ib., 75c; 10 lbs., \$6.50.

Timothy (Phleum Pratense). The grade we offer is choice, free from weed seeds and of high germinating power. Price, 1b., 40c; 10 lbs., \$3.75; 25 lbs., \$8.00; 100 lbs., \$28.00.

Wood Meadow Grass (Poa Nemoralis). This grass is adapted for moist, shady places and should be included in mixtures for shady places. Price, lb., \$1.75; 10 lbs., \$17.00; 25 lbs., \$40.00.

Yarrow (Achillea Millefolium). Used to a great extent on Tees. It is a deep-rooting perennial and withstands drought. Sow alone, or with grass mixtures. Price, lb., \$2.00.

FIELD CORN Sow 8 to 10 qts. per acre. In ten-bushel lots or over, deduct 10c per bushel on Dent and Flint Corns. Purchaser pays transportation charges.

DENT VARIETIES

## EARLY GOLDEN ORANGE LONG'S CHAMPION, (Henderson's)

A 90 to 100-Day Variety. Long Desired by the Northern Farmer. Ears 8 to 11 inches long. 14 to 18 rows of Kernels

It is at least ten to fifteen days earlier than any other Dent variety, maturing in about ninety to one hundred normal corn days and especially adapted for short seasons of the Northern latitudes.

The stalks are about 10 to 12 feet high, very strong and rank. The ears grow eight to eleven inches long and contain 14 to 18 rows of kernels on a red cob. The grains are deep and solid, making it very heavy in grain and a wonderful sheller.

Price, qt., 50c; peck, \$1.25; bushel, \$4.00.

EUREKA, YELLOW (Henderson's)

A tremendous yielder, 150 bushels of shelled corn per acre is not unusual. Gives unqualified satisfaction from New Jersey

to Ohio and south. Price, qt., 50c; peck, \$1.10; bushel, \$3.75.

DIAMOND JUBILEE (Henderson's)

Matures in 110 Days. Small Cob.
The ears average 10 to 14 inches in length, are of a beautiful golden-yellow color, and are produced low down on the stalk. The cob is produced low down on the stalk. The cob is red, small and firm, and covered with 18 to 22 rows of deep, heavy grain. Seventy pounds of the ears will, when dry, shell 60 to 62 pounds of Corn. The ears are of surpassing uniformity, which accounts for the extra good yield of over 100 bushels per acre when planted on good corn land

Price, qt., 50c; peck, \$1.50; bushel, \$4.50.

## **FLINT VARIETIES**

#### EXTRA EARLY YELLOW

This is the earliest variety in existence and especially adapted to Northern conditions (cool nights and short summers). The ears are eight-rowed, frequently measuring 15 inches and over, of a rich amber color, thickly set with large, broad kernels. The stalks are of medium height. In ordinary seasons it will mature in 90 days.

Price, qt., 50c; peck, \$1.10; bushel, \$3.50.

KING PHILIP. Coppery-red. Very early. Usually matures three months after planting. Ears large sized and handsome.

Price, qt., 50c; peck, \$1.10; bushel, \$3.50. LARGE WHITE. Large, handsome, wellfilled ears.

Price, qt., 50c; peck, \$1.10; bushel, \$3.50.

# YELLOW

In the last 15 years on a section of 90 acres this Corn has yielded an average of 133 bushels of Shelled Corn per acre and has yielded as high as 160 bushels

This King of Corns is without doubt the most productive Yellow Dent Corn ever produced, and will be found to be of great value to the farmer, especially in the Middle and Eastern States, where from 120 to 130 days of good corn-growing weather can be relied upon; on account of its immense yield, at least 25% account of its inhibities yield, at lease 25% and often 50% more than can be obtained from the old-type varieties:

The ears are of immense size, 12 to 14 inches in length, 8 to 11 inches in circumference, carrying 20 to 24 uniform rows of long, large kernels, well developed over tip and butt.

Long's Champion is the result of years of breeding and selection by Mr. I. S. Long, of the Pennsylvania Corn Belt.

Price, qt., 50c; peck, \$1.50; bushel, \$4.50.

## WOOD'S EARLY NORTHERN WHITE.

Extraordinarily prolific; yields 110 bushels per acre (shelled); ripens thoroughly south of Albany and Buffalo. Large ears 10 to 12 inches long, 7 to 8 inches in circumference. Borne 2 to  $2\frac{1}{2}$ feet from the ground. Long kernels, small cob.

Price, qt., 50c; peck, \$1.10; bushel, \$3.75.

#### FODDER AND ENSILAGE CORN Sow broadcast 2 bushels; in drills, 1 bushel per acre

#### SOUTHERN HORSE TOOTH.

Grows to a large size, is very leafy and well adapted for ensilage. Large quantities of this Corn are sold by feed and other stores which usually result in disappointment to the farmer. The stock we offer is carefully selected, sundried and of high germination.

Price, peck, \$1.10; bushel, \$3.50.

#### EVERGREEN SWEET FODDER.

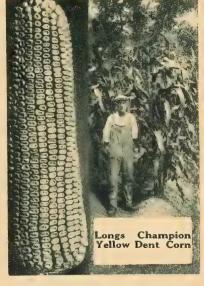

Richer, sweeter and more digestible than the ordinary.

Price, peck, \$1.00; bushel, \$3.00.

#### SWEET FODDER.

Succulent and nutritious for feeding green, Price, peck, \$1.00; bushel, \$3.00.

IMPORTANT.—A change of Seed Oats is necessary and the seed should be renewed at least every second or third year. Oats grown on the same soil or in the same neighborhood year after year deteriorate rapidly and soon become light, chaffy and unprofitable.

## CLYDESDALE (Henderson's)

### The Most Popular High-Grade White Oat

These Oats weigh considerably more per measured bushel than any other variety, so that the produce is worth for seed purposes at least double the market value of ordinary Oats. No other Oat can show such a record —75 to 100 bushels per acre, and double the usual quantity of straw. Another most important advantage of Henderson's Clydesdale Oat to the farmer is the fact that they have been thoroughly cleaned by the latest and most improved machinery and are absolutely free from weed seeds. Sow 3 bushels per acre. from weed seeds. (See illustration.)

| Price, peck                           | \$0.75 |
|---------------------------------------|--------|
| Standard bushel of 32 lbs             | 2.00   |
| 10-bushel lots and upward, per bushel | 1.90   |
| 100-bushel lots, per bushel           | 1.80   |
|                                       |        |

#### SWEDISH SELECT

Recommended by the U.S. Department of

Agriculture. Stroing grower, grain short, plump and heavy. Sow 3 bushels per acre.

Price, peck, 75c; bushel of 32 lbs., \$2.00; 10-bushel lots, per bushel, \$1.90; 100-bushel lots, per bushel, \$1.80.

## LONG'S WHITE TARTAR

## Vigorous Constitution. Immense Yielder. Very Early

The earliest, heaviest and most prolific domestic-grown Side Oat in cultivation. It is suitable for all soils; of robust and vigorous constitution, is remarkably early and an imconstitution, is remarkably early and an immense cropper; the straw is long and stout, stands up well and does not readily lodge or twist. The heads measure from 8 to 10½ inches, and the kernels are of immense size, thick, plump and heavy; it is undoubtedly the heaviest cropping domestic white Oat ever offered. Makes an ideal Oat. Sow 3 bushels

Price, peck, 90c; bushel of 32 lbs., \$2.50; 10-bushel lots, per bushel, \$2.40; 100-bushel lots, per bushel, \$2.30.

#### STORM KING

This is a side Oat. The true white tartarian. The average weight of the grain is 40 lbs. Sow 3 bushels per acre.

Price, peck, 90c; bushel of 32 lbs., \$2.50; 10-bushel lots, per bushel, \$2.40; 100-bushel lots, per bushel, \$2.30.

For Complete Description of all Farm Seeds, Write for Henderson's Farmers' Manual— Ready in February. Sent Free to All Applicants. Purchaser pays transportation charges on Farm Seeds except where noted.

# AGRICULTURAL SEEDS-GENERAL LIST

For Complete Description of all Farm Seeds, Write for Henderson's Farmers' Manual-Ready in February. Sent Free to All Applicants. Purchaser pays transportation charges on Farm Seeds except where noted.

Grimm-The Hardiest Alfalfa Known. This strain of Alfalfa seed endures extremely low temperature, and will bear more abuse in the way of pasturage than any other forage plant. Grimm Alfalfa has larger crowns, and a more spreading root system than the ordinary Alfalfa, and will yield from ten to fifteen per cent. more, will start and thrive htteen per cent. more, will start and thrive in moist locations, where the ordinary sort was tried unsuccessfully. Sow broadcast 30 lbs. per acre, 25 lbs. if drilled.

Price (domestic grown), lb., 70c; 10 lbs., \$6.50; 25 lbs., \$15.00; 100 lbs., \$5.500.

Write for our pamphlet, "Alfalfa on Northern Farms." Free to all applicants.

Northern Grown-Henderson's June, July and August, 30 to 40 lbs. of seed per acre if broadcast, 25 to 30 lbs. if drilled. In the South sow in February or September. Price (domestic grown), lb., 60c; 10 lbs., \$5.50; 25 lbs., \$12.50; 100 lbs., \$45.00.

#### BARLEY

Sow 2 to 21/2 bushels per acre.

Oderbrucker. This is a stiff-strawed, heavy-yielding, six-rowed, bearded variety; kernels very plump. Oderbrucker is early, prolific and hardy.

Price, peck, 90c; bushel (48 lbs.), \$2.50; 10 bushels, at \$2.40 per bushel.

#### BIRD SEED, Fancy

Canary Seed. Recleaned. Price, lb., 20c; 25 lbs., \$3.75.

Hemp. Fancy recleaned. Price, lb., 20c; 25 lbs., \$3.75.

"Wild Bird Seed" Mixture. feathered friends during the winter when food is scarce with this mixture.
Price, lb., 20c; 100 lbs.,

\$14.00:

transportation paid.

BROOM CORN

Evergreen Selected. Sow 8 to 10 lbs. per acre. Free from crooked brush and remains green.

Price, lb., 25c; 100 lbs., \$15.00.

## BUCKWHEAT

Japanese (Henderson's). It is of strong, branching growth, stands up well and produces from two to four times as much grain as any other variety under same conditions. It is also fully a week earlier.

Our seed is grown from the largest Japanese type imported by us for stock seed. Sow

Frice, lb., 30c; 10 lbs., \$1.50; 50 lbs., \$3.75; 100 lbs., \$7.00.

#### CANADA FIELD PEAS

There is no crop of greater value than Field Peas. Whether for fodder, in mixture with Oats, sown at the rate of 100 lbs. of Peas and 1 bushel of Oats per acre, or the Peas sown alone at the rate of 150 lbs. per acre for plowing under.

Canada White. Price, lb., 30c; 10 lbs., \$2.00; 50 lbs., \$4.00; 100 lbs., \$7.50.

#### COW PEAS

Cow Peas are more tender than Canada or Field Peas and should not be sown until corn-planting time. Sow 100 as late as the middle of July. Sow 100 lbs. per acre

Black Eye: A popular and productive early sort.

Price, lb., 35c; 10 ips., \$2.00; 50 lbs., \$4.75; 100 lbs., \$9.00.

New Era. A new, extra-early variety, earlier than the Black Eye, the quickest-growing of any of the Cow Peas, maturing in about 60 days; adapted for the North.

Price, lb., 35c; 10 lbs., \$2.00; 50 lbs., \$4.75;

100 lbs., \$9.00.

#### DOURA

Sow 8 to 10 lbs. per acre.

Yellow Branching. Very productive fodder plant. Price, lb., 25c; 100 lbs., \$15.00.

## GREEN MANURING SEED MIXTURE

A combination of various rapid-growing legumes which will add humus and nitrogen to the soil. Plant early in the fall for turning under in the spring. Mixture may be broadcast, or sow at the rate of 1 lb. per 1000

Price, lb., 50c; 2 lbs., 90c; 5 lbs., \$2.00; 10 lbs., \$3.75; 25 lbs., \$9.00; 50 lbs., \$16.00; 100 lbs., \$30.00; transportation paid.

#### KAFFIR CORN

Sow 8 to 10 lbs. per acre.

White. Fodder plant; the grain is valuable for feeding poultry; 4 to 6 feet. Price, lb., 25c; 100 lbs., \$15.00.

Taller than white; leafy and juicy. Price, lb., 25c; 100 lbs., \$15.00.

#### MANGEL WURZEL

Sow 6 to 8 lbs. per acre.

Colossal Long Red, Henderson's. Extra large roots; blood-red, very nutri-

Price, 1/4 lb., 30c; lb., 85c.

Danish Sludstrap. Color, reddish-yellow, of Giant Intermediate type.

Price, 1/4 lb., 30c; lb., 85c.

Golden Tankard. Flesh yellow, thus differing from other varieties; sheep prefer it; heavy yielder.

Price, 1/4 lb., 30c; lb., 85c.

Half Sugar Rose. The flesh is white, very solid and rich in saccharine. Price, ¼ lb., 30c; lb., 85c.

#### MILLET

Golden (Northern Grown). Golden Millet is considerably larger than Hungarian and yields a much heavier crop. Sow 50 lbs. per acre not later than July in this latitude.

Price, lb., 30c; 10 lbs., \$2.00; 50 lbs., \$7.00;

100 lbs., \$12.00.

Japanese. For dried fodder it should be cut in the blossom stage. Sow from May to July, 15 lbs. of seed per acre if broadcast, or if in drills 12 to 18 inches apart, use 10 to 12 lbs. per acre.

Price, 1b., 30c; 10 lbs., \$2.00; 100 lbs., \$12.00.

Hungarian. Hungarian Millet is one of the quickest and earliest catch crops for hay and can be successfully grown when sown up to the middle of August. Fairly drought-resistant. Sow 50 lbs. per acre.

Price, lb., 30c; 10 lbs., \$2.00; 50 lbs., \$7.00; 100 lbs., \$12.00.

Pearl. Is not so hardy as the other varieties, and succeeds best in latitudes south of New York. Sow in drills, 5 to 6 lbs. per acre; if broadcast, 8 lbs. per acre.

40c; 10 lbs., Price, 1b., 100 lbs., \$20.00. \$3.00:

#### POTATOES (See page 35)

#### RAPE

**Dwarf Essex.** In the North, sow from May to the end of August for fall pasturing. as it thrives best in cool weather, should not be sown in the Southern States until September or October for winter pasture. In the latitude of New York, July or August is the best time to sow. Sow 4 lbs. per acre broadcast, 2 to 3 lbs. per acre in drills.

Price, 1b., 100 lbs., \$15.00. 30c; 50 lbs... \$8.00;

#### RUTA BAGA or Russian Turnip

Sow 2 to 3 lbs. per acre. (See also page 44)

Henderson's Long Island Improved. Bred from American Purple Top, over which it is a great improvement, nearly double in size; a big yielder and good keeper; flesh vellow.

Price, Ib., \$1.25.

#### RYE. Spring

Sow 1½ bushels per acre. Price, peck, \$1.10; bushel of 56 lbs., \$3.75; 10-bushel lots, per bushel, \$3.65.

#### RYE. Winter

For winter varieties, see our Fall Wheat and Grain Circular sent to you in August.

Giant Winter. It outyields others. Price, qt., 30c; ½ peck, 50c; peck, 90c; bushel, \$2.50.

Rosen. Thrives as well on all soils. Price, qt., 30c; ½ peck, 50c; peck, 90c; bushel, \$2.50.

Winter. Cultivated for straw or cutting

Price, qt., 30c; ½ peck, 45c; peck, 80c; bushel, \$2.25.

#### SORGHUM OR SUGAR CANE

Sow 8 to 10 lbs. per acre.

Early Amber. Productive and nutritious forage plant, yielding several cuttings in a season.

Price, lb., 25c; 10 lbs., \$2.00.

#### SOY OR SOJA BEAN

Early Wilson Black. Planted in rows 2½ feet apart, 6 to 8 plants to the foot of row, requiring 50 lbs. per acre, they yield 15 to 20 tons per acre of fodder, very rich in flesh formers. For green feed, use from time of blossoming till pods are well filled. The Soja Bean is also valuable as a soil enricher, gathering nitrogen from the air.

Price, lb., 35c; 10 lbs., \$2.00; 50 lbs., \$4.00; 100 lbs., \$7.50.

Mammoth Yellow. Grows well on very poor soils, easily reaching a height of three feet in the latitude of New York eight weeks after sowing. Sow 50 lbs. to the acre. Price, lb., 35c; 10 lbs., \$2.00; 50 lbs., \$4.00;

100 lbs., \$7.50.

#### SUGAR BEET

Sow 6 to 8 lbs per acre.

Vilmorin's Improved White. Contains the highest percentage of sugar; also valuable for stock.

Price, Ib., 10-lb. lots, per lb., 80c.

#### SUNFLOWER

Mammoth Russian. Sow 4 lbs. per acre. Very productive; large heads of large seeds. Valued for feeding fowl. Price, lb., 25c; 100 lbs., \$15.00.

#### **TEOSINTE**

Sow 6 to 8 lbs. per acre. Resembles Corn, but more leafy and tillers enormously; fine for green fodder.

Price, lb., \$1.25; 10 lbs., \$10.00.

#### VETCH

Sand or Winter, Vicia Villosa. It is perfectly hardy, remaining green all winter, and should be sown during August and September, mixed with Rye, which serves as a support for the plants, or in spring with Oats or Barley. or Barley Sow 60 lbs. per acre, with 1/4 bushel of Oats

or Barley.
Price, lb., 40c; 10 lbs., \$3.50; 100 lbs., \$25.00.

#### SPRING VETCH, or Tares

Sow 120 lbs. per acre. Species of Pea, grown for soiling, or sown with Oats for feeding green. Price, lb., 35c; 10 lbs., \$2.75; 100 lbs., \$18.00.

## WHEAT, Spring

Sow 1½ bushels per acre.

Marquis (Beardless). An early variety and enormous cropper; kernels hard and darkamber color.

Price, peck, \$1.00; bushel (60 lbs.), \$3.50; 10-bushel lots, per bushel, \$3.40.

## ANNUAL FLOWER SEEDS

These complete the cycle of their existence, growing from seed to seed in one year. Many sorts require to be sown in some sheltered situation such as a greenhouse, cold frame, or window box about a month before they may be planted outdoors. This is necessary not only on account of their tenderness, but also because they need more time for development, and by sowing thus early, the growing season is proportionately prolonged. Others may be sown where they are to stand, in which case they require careful attention for the first

While there is no class of plants that will survive better under rigorous conditions, yet in order to achieve the best results they should be planted where they can obtain ample sunlight, may be easily watered, and, in case of early frost, may be quickly protected.

It is almost needless to urge the importance of careful weeding, when the seedlings are quite young..

A continuity of bloom may be secured by occasional sowings of any sorts. In the latitude of New York these sowings may be many sorts. made as late as June 15th.

## PERENNIAL FLOWER SEEDS

The great charm of Perennials lies in their permanence. established they are a constant source of pleasure, and among the most interesting plants in our gardens, presenting a variety of size, form and color so great as to fit them for almost every conceivable purpose in the garden. Some may be made to thrive under most unkind conditions, while others require skilful cultivation.

A very large proportion of the Perennial plants that may be grown

from seed have great value as cut flowers, particularly so because of their great substance, which enables them to stand up well long after

Notwithstanding their individual charm, they are most effective when planted in a mixed border, where by arranging them according to height, color and season of flowering, an attractive display may be had from the earliest days of spring, all through the summer, and even after the first frosts herald the approach of winter.

Perennials are generally raised from seed sown from early spring to about August 1st, in the latitude of New York.

Treated thus, they make strong plants which may be planted in a permanent situation early enough in the fall to enable them to winter

## "The Garden Beautiful" COLLECTION

A Collection of Annuals for Garden, Beds, Borders, etc.

(Sown in the spring these rapidly attain perfection the same season.)

4701 Collection of 25 Kinds Listed below, \$1.50, postpaid. 4702 Collection of 12 Kinds, Prefixed x, for 75c, postpaid. Ageratum, Blue Perfection. Compact bushes, 8 inches, blue

- x Alyssum, Little Gem. An improved white Sweet Alyssum.
- x Aster, Giant Comet, Double Mixed Colors. One of the best Asters.

Calliopsis, Golden Wave. Large golden flowers, freely produced. Candytuft, Empress. Hyacinth-like spikes of white flowers. Celosia, Ostrich-Plumed, Mixed. Brilliantly showy, free-

- x Cosmos, Giant-Flowering, Mixed. Fall-flowering, fine and showy
- x Dianthus, Double Pinks. Various colors.

Eschscholtzia, Golden West. Large flowering. Poppies 4

Hollyhock, Henderson's Annual Ever-Blooming, Mixed Colors. Larkspur, Mixed Colors. Large, showy spikes.

- x Marigold, Pride of the Garden, Mixed Colors. Improved
- x Mignonette, Bird's Mammoth. Long, large spikes of fragrant flowers.
- x Nasturtium, Giant-Flowering, Tom Thumb, Mixed Colors.
- x Pansy, Bedding, Finest Mixed. Large flowers of beautiful colors. Petunia, Large-Flowering, Single, Mixed. Blotched, striped.
- x Phlox, Drummondii, Large Flowering, Mixed. Improved varieties
- x Poppy, Giant, Double, Brilliant Mixture. Immense, showy flowers.

Portulaca, Double, Mixed. Showy for edges or low beds.

- Salvia Bonfire. Improved Scarlet Sage, compact, vivid scarlet. Scabiosa Maxima, Double Mixed Colors. Large-flowering, sweet-scented
- x Stocks, Large-Flowering, Dwarf, 10 Weeks, Mixed Colors. Sunflower "Cut-and-Come-Again." Bushy plants, 3 to 4 feet. Verbena, Mammoth, Mixed. Large flowers, scarlet, white, blue,
- x Zinnia, Giant, Double, Mixed Colors. Immense double flowers.

#### A COLLECTION OF SEEDS OF

## Climbing Perennials

4731 Collection of 7 Kinds-Listed below, 50c, postpaid.

Ampelopsis Veitchii. Boston Ivy, clings to walls, etc. 30 feet. Aristolochia Sipho. Dutchman's Pipe Vine, climbs 30 feet. Bignonia Grandiflora. Trumpet Creeper clusters of orange-red flowers. 40 feet.

Clematis Paniculata. Bears white, star-like flowers. 20 feet.

Kudzu Vine. Grows rapidly; purple flowers. 20 to 30 feet.

Lathyrus Latifolius, Mixed Everlasting Pea. Sweet Pea-like 6 to 8 feet

Wistaria Sinensis. Pendant cluster of blue flowers. 25 to 40 feet.

#### A COLLECTION OF SEEDS FOR

## "The Seashore Cottage" Garden

To Bloom During July and August

4771 Collection of 18 Kinds-Listed below, \$1.25, postpaid.

Most owners of seashore or mountain summer cottages are anxious to have their places looking well during the period of occupancy, usually July and August.

We have selected the 18 varieties listed below as sure to produce a good showing.

Helichrysum Aster Portulaca Ageratum Larkspur Scabiosa Centaurea Nasturtium Salpiglossis Cosmos Marigold Verbena Calendula Petunia Wallflower Annual Euphorbia Phlox Zinnia

climbers.

Besides sowing the above collection during the spring months, the owner of a seashore cottage will do well to plant the following roots, viz.—Dahlia, Gladiolus, Canna, and Cinnamon and Madeira Vines for

## A COLLECTION Climbing Annuals

(Sown in the spring these rapidly attain perfection the same season.)

4721 Collection of 12 Kinds-Listed below, 75c, postpaid.

Balloon Vine. White flowers, succeeded by balloon pods, 10 feet Canary-Bird Vine. Yellow butterfly-like flowers. 15 feet.

Cobaea Scandens. Large, bell-shaped, rich blue flowers. 20 feet. Cypress Vine, Mixed. Feathery foliage, star-shaped flowers. 15 feet. Dolichos. Giant Crimson. Wistaria-like clusters of crimson flowers. 10 feet.

Humulus, Japanese Variegated. Foliage striped silver and green.

Mina Lobata. Luxuriant climber, with clusters of blood-red flowers. 20 feet

Moon Flower Vine. Immense white flowers. 50 to 75 feet. Morning Glories, Imperial Japanese. Magnificent colors. 30 feet. Nasturtium, Giant-Flowering, Climbing, Mixed Colors. 10 feet. Sweet Peas, Giant Spencer, Mixed. The finest strain. 10 feet.

## Thunbergia, Mixed Colors. Charming vine, flowering freely: 6 feet. A COLLECTION OF PERENNIAL FLOWER SEEDS FOR

## Rockeries and Rock Gardens

4761 Collection of 15 Kinds-Listed below, \$2.00, postpaid.

When laying out a rock garden, it will help to study some natural rock formation. If a bank or terrace already existing is utilized, loosen it up with a pickaxe and add more soil. Place the stones in position, but work the soil well around to prevent air spaces

Preparations for a Rock Garden must be made ahead, if Perennials are used, as they do not bloom the first year. Seeds should be planted outdoors on the rock garden in the places they are to grow, early in spring and up to July 15th. We recommend planting Darwin Tulips and other bulbs in Rock Gardens to provide a show in spring.

Alyssum Saxatile Compacta. "Basket of Gold." Hardy plant, large flowers, pure yellow, 9 inches high.

Agrostemma Coronaria. "Rose Campion." Mixed Colors.

Arabis Alpina. A very useful, hardy plant for rockeries; pure white flowers. Height, 6 inches.

Aubretia Hybrids, Mixed. A lovely, mauve spring-blooming plant; produces great masses of bloom. Hardy and easily grown.

Campanula Persicifolia Blue. "Peach-leaved bell-flowers," large blossoms of blue or white, 2 to 3 feet high.

Candytuft Gibraltica. Blooms early, hardy, large flowers, red and rose-white, 12 to 18 inches high.

Candytuft Sempervirens. .Blooms early in spring.

Cerastium Tomentosum. "Snow in Summer." Of sprawling habit, white leaves and white flowers.

Cowslip. Spring flowering, hardy, bears fragrant flowers.

Delphinium Blue Butterfly. Beautiful blue variety of compact growth; blooms the first year if sown early. Height, 18 inches.

Geum Nrs. Bradshaw. A large, double strain, bears brilliant crimson-sca let flowers. Height, 2 feet.

Heucher a. Alum Root. Flowers are a beautiful red. Bloom all summer. Height, 2 feet.

Myosotis Pulustris. The popular blue Forget-me-not.

Sedum Acre "Stone Crop." Beautiful yellow flowers.
Saxifraga, Mixed Colors. Known as "Rockfoil." Mossy leaves. Invaluable for rockeries, stone walls, etc., etc.

POT-GROWN PLANTS FOR ROCK GARDENS (See Plant Catalog.)

A Rock Garden where both seeds and plants were used.

# Henderson's "Hardy Border" Collection

(See Color Plate, page 3 of Cover)

## 4715 Seventeen Packets of Hardy Perennials, \$1.25 Postpaid

Perennials renew their beauty every spring, and will keep a garden a-bloom all the season. This collection consists of 17 of the most popular and easily-grown sorts which will bloom the year following the sowing of seed. A few often flower the same year, if the seed is sown early in spring.

Perennial flower seed can be sown in the open ground from early spring to about August 1st in the latitude of New York.

Our pamphlet, "A Perennial Flower Garden from Seed," sent with every collection

# Henderson's "Cut Flower"

Collection (See Color Plate on page 4 of Cover)

# 4751 Sixteen Packets of Garden Annuals for \$1.00 Postpaid

This collection is composed of sixteen of the best long-stemmed Annuals for growing in the home garden. Many occasions arise when it is desirable to be able to go into the garden and gather huge armfuls of choice cut-flowers. It is then indeed gratifying to have a large selection as offered here to choose from All produced on long stems that lend themselves to every style of artistic arrangement.

Flowers purchased in a store can never be as interesting as a bouquet cut fresh from your own garden. The Helichrysums or Everlasting Flowers included in this collection may be dried, and will remain bright and attractive for an entire year.

## Henderson's Special Mixed Flower Seeds

4740 A flower garden may be made in any out-of-the-way place by broadcasting and raking in, at the rate of 1 oz. per 100 square feet, mixed with sand or dry soil to secure even distribution.

Price, oz., 25c; 1/4 lb., 75c; lb., \$2.00; postpaid.

"Henderson's Flowers for American Gardens" supplies full instructions for growing Flowers from Seed. Sent free if asked for.

# HENDERSON'S FAMOUS ASTERS

Just when summer is beginning to merge into autumn and the floral bloom in the garden is diminishing, along comes the queenly Aster to make up the deficiency and renew the attractiveness of the garden.

WILT-RESISTANT ASTER SEED—Through the use of wilt-resistant seed, success may be had where the soil is infected with wilt fungus, where it has been impossible to grow perfect flowering plants. It is not claimed, however, to be free from Aster "yellows" and other Aster diseases or insect pests.

## Henderson's Invincible

(Wilt Resistant)

(Shown in Colors on page 64)

# "They are Royally Grand." The Largest and Most Beautiful of all Asters

A superior race in every way. The plants are of very healthy, robust, branching growth, about 2 feet or more high, producing, on long stems, massive Chrysanthemum-like flowers of perfect form, exceedingly double to the very center. The petals are thick, durable, and the flowers last long in perfection. They are continuous bloomers from summer until frost. When grown in masses in garden borders, or grouped in beds, their effect is gay and enlivening. When well grown the flowers average  $3\frac{1}{2}$  inches across; 4-inch flowers are quite common, and if grown for cut flowers, the side branches pruned, allowing a plant to carry not over 8 flowers, one flower to a stem, they may measure up to 5 inches across.

Many of our patrons have been fortunate enough to win numerous prizes with them at flower shows, etc.

## Improved New Giant California Sunshine

(Shown in Colors on Page 63)

There is no doubt that the Sunshine Aster is a distinct acquisition to floriculture. They have become instantaneously popular, and we anticipate a demand greater than ever this year.

The colors are surprisingly beautiful, chiefly because of the strongly contrasting, disc-like centers with the surrounding aurea of petals.

The ensemble presents an airy, lace-like effect different to any other Aster. The flowers average 3 to 4 inches in diameter.

## Next to Invincible— Giants of California The Most popular

(Shown in Colors on Page 63)

We take pleasure in recommending this truly grand aster as being the best in its class ever offered to garden lovers. It is a combination of the well-known Comet or Ostrich Plume type of flower, with long-branching stems and sturdy habit of growth.

Careful selection has perfected the type and we recommend them strongly both for cutting and bedding.

## LARGE-FLOWERING HARDY

#### (Perennial)

These "Michaelmas Daisies" form large, bushy clumps, 1½ to 2 feet high, covered with clusters of large, single flowers during the late summer months. The charm of the autumn garden.

- 1462 Farreri. Unlike the other varieties, it begins blooming early in May and remains in flower for fully two months. The color is soft violetmauve with a golden disc.......Pkt. 25c
- 1464 Alpinus Goliath. A beautiful lilac with
- immense size.....
- 1468 Wartburg Star. A new, giant-flowering race. The bright lavender-blue Marguerites with yellow centers more than 4 inches across are borne on stalks 28 inches long and flower at the same time as white Marguerites.

# FLOWER SEED NOVELTIES for 1935

We offer these novelties to our customers, as comprising the best of the new introductions by the world's foremost floriculturists. Where a variety has not been raised or tested by us in our Red Bank seed trial grounds, we have printed the raiser's own description

# BEGONIA "Elegant"

Semperflorens Marginata

1519 This variety is white with a vivid edging of crimson, a combination most charming. As a pot plant one can hardly imagine anything more exquisite. It is also very desirable for bedding purposes and has been tried out with great success in large public gardens. The plant is of bushy habit, very floriferous. The foliage is fresh green which forms a lively contrast to the attractive color of the blooms. (See illustration.) Pkt. 35c

## **NEW SHASTA DAISY**

Giant Double White

1899 This strain includes an assortment of various types of double flowers ranging from the most fully double ranging from the most fully double fringed petaled sorts through semi-doubles, to a type which, though single, forms unusual and beautifully shaped flowers with lacinated, curled and quilled petals. The flowers are all large and carried on long wiry stems.

(See illustration.) Pkt. 25c

Dianthus Laciniatus Splendens

## **NEW RUST PROOF** ANTIRRHINUM

In some sections of the country Antirrhinum cannot be grown on account of the rust which attacks the foliage. By planting these new rust proof varieties success may now be attained.

1146 Maximum Crimson A mag-nificent Rust Proof Antirrhinum of the Maximum type, with huge in-dividual flowers and flower spikes. The color is pure crimson overlaying a ground of orange and gives the effect of a fiery crimson. The foliage and the stem is dark plum color. The combination of fiery crimson foliage and dark ground flowers, dark green foliage and dark plum colored stems makes a blend of color shades quite out of the ordinary and most attractive. Pkt. 50c

Chorizanthe Palmeri

#### RUST-PROOF ANTIRRHINUM cont'd.

1147 Shasta. A pure white Rust Proof Antirrhinum. This fine sort is very early flowering and exceedingly floriferous, throwing from six to eight spikes to a plant. It has a very distinct base 

### CHORIZANTHE PALMERI

Turkish Rugging (Annual)

1861 A new subject for the border or rock garden. This easily grown annual forms a dense mat of statice like flowers of a delicate pink which blends beautifully with the dull green foliage. In early fall, the plant changes to a charming shade of autumn brown, which makes a bold showing. It grows about 8 inches and has a spread of 12 to 18 inches. (See illustration.).....Pkt. 25c

## DIANTHUS

LACINIATUS Splendens

Special Mention Award All-American Selections

2133 One of the outstanding introductions, a most striking variety. The flowers are very large, over 2 inches across, in a brilliant shade of crimson, with a large boldly contrasting glistening white eye. (See illustration.) 1 foot high.
Pkt. 25c

#### DOUBLE SWEET WIVELSFIELD

2142 A remarkable successor to the original "Sweet Wivelsfield" Allwoodii and Sweet William. novelty has a larger and fuller flower, which lasts longer in the beds and gives a display all through the summer. There is a fine range of color from velvety crimson to white and salmon pink, and the plants, 15 inches high, are vigorous. Mixed colors. Pkt. 50c

# FLOWER SEED NOVELTIES (Cont'd)

# MARIGOLD YELLOW SUPREME (Annual)

Gold Medal Award by The All American Selections Committee

2712 A beautiful double Carnation flowered variety; color, rich primrose yellow; odorless; growing 2 to 3 feet tall. A splendid companion for Marigold Guinea Gold. (See illustration.)... Pkt. 25c

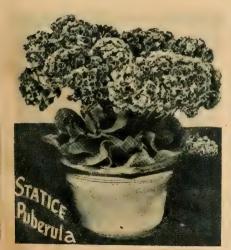

#### GOLDEN EMBLEM. Tall African

# NEW VERBENA VIOLET BOUQUET

Nana Erecta (Annual)

4513 This charming New Verbena has a very long blooming season and is strictly a dwarf type. It is very symmetrical in appearance and has from 20 to 30 trusses of flowers blooming at the same time.

The plant is 8 inches high and 8 inches in diameter. The color of the flower when it first opens is a deep violet tinged with garnet, changing to deep violet as the flower gets older. The eye is cream, making a rich color combination. (See illustration.). Pkt. 25c

### NIEREMBERGIA (Annual)

Hippomanica

## PETUNIA GAIETY

Fimbriata Erfurt Dwarf (Annual)

3367 The fringed Erfurt Dwarf Petunia are becoming more and more popular. Still another variety has been added to the brilliant rose colored "Setting Sun," the amaranth red "Gottfried Michaelis" and the white "Lace Veil."

Nierembergia

#### PETUNIA PERIWINKLE

Nana Erecta (Annual)

## STATICE

Puberula (Annual)

3691 This is a very desirable and long-lasting pot plant for summer and late autumn. Statice Puberula flowers five months after sowing, grows only 4 to 6 inches high and forms large magnificent dark violet blooms. It can be used for pots and in the open, also in rock gardens. A soil composed of turfy loam mixed with peat and plenty of sand is the most suitable. The plants can be kept over the winter in a greenhouse, or window box in a dwelling. (See illustration.) Pkt. 25c

## TITHONIA

Early Flowering Strain (Annual)

4476A Flowers ten days earlier than the regular strain. Tall-growing plants with rich single orange-scarlet flowers of a very telling color. Succeeds well as an annual if seed is sown in February or March, so as to have plants for planting out in May, invaluable for clumps in the tall border. Height, 4 feet. (See illustration.)

Pkt 25c

# COLORED PLATE SELECTION of NEW FLOWERS,

## New Calendula ORANGE SHAGGY A Very Distinct New Break in Calendulas

(Gold Medal Award by the All American Selections Committee.)

1597 This variety is undoubtedly the greatest departure yet known from the original form of the Calendula. The petals are long and deeply fringed or laciniated. Row after row of these long, fringed petals overlap each other in a rather irregular fashion and build up a bloom with the shaggy appearance of some Chrysanthemums. These blooms are of great beauty, sharply contrasting with the rather formal appearance of varieties such as Orange King, etc.

The color is a deep orange, shading to slightly lighter orange in the center of the bloom, giving the flower a delightful two-tone effect. Well grown, Orange Shaggy produces long stems and forms plants about 18 inches high. (See Color Plate opposite.) Pkt. 25c

## Cosmos Early Klondyke ORANGE FLARE

(Gold Medal Award by the All American Selections Committee.)

2029 Orange Flare is one of the most discussed and enthusiastically admired novelties on the market today. Reports received on trials of seed we have sent to various parts of the world confirm the results we have obtained in our own cultures, viz.: that it is in full flower less than four months after the time seed is planted.

The color is the same vivid orange of the ordinary Klondyke but the attractive light green foliage, while quite distinct, is much less abundant, giving a plant which is a mass of color. The stems are long and wiry, well adapted for cutting. (See Color Plate opposite.).....Pkt. 25c

## New Zinnia FANTASY

The Most Noticeable New Zinnia Ever Produced The Petals Are Curled and Twisted Like Those of Chrysanthemums

(Award of Merit by the All American Selections Committee.)

4690 While the giant flowered varieties are still popular, the trend of late years has been toward the smaller flowered, more graceful strains, of which Fantasy is by far the best. Flower lovers in all parts of the world have enthusiastically welcomed it as one of the

most colorful new flower introductions.

The strikingly attractive flowers are 3 inches in diameter, in the brilliant colors of the improved, large-flowering sorts, and there are also newer pastel shades.

The flowers are borne on long, strong stems, covering the well-rounded, bushy plants with color. The flowers keep well when cut. Picking the blooms freely causes the plants to branch and increases the production of flowers, and those forming at an angle hold that position without drooping. The plants are free from insects and disease, and grow where any garden plant can be grown, doing best in full sun; but they thrive also in part and the plants are free from the plants are free free from the plants ar 

## Zinnia Mexicana "GYPSY GIRL" A New Mexican Variety of Lasting Quality

4649 A beautiful dwarf variety, producing a mass of single flowers; a fine sort for edging and unsurpassed as a cut flower for small jars and bowls for table decoration. Color, maroon with orange edge; height, 10 inches. (See Color Plate opposite.) ... Pkt. 25c

## DOUBLE NASTURTIUMS—NOVELTIES AND RECENT INTRODUCTIONS

### New Double Sweet-Scented GOLDEN GLEAM

(Awarded a Gold Medal as one of the leading All American varieties of flower seeds for 1933.)

3012 Owing to the ever-increasing popularity of this well-known novelty, the demand will surpass that of previous years. The vigorous plants, covered with a mass of the large, golden-yellow flowers, produce a blaze of color in the garden. The long stems lend themselves admirably to cut-flower use, and the sweet-scented flowers impart a delightful fragrance to the room in which they are used.

The neat, compact habit and early flowers also make Golden Gleam an excellent pot plant subject. (See Color Plate, page 83.)

Price, per ½ oz., 25c; per oz., 40c; pkt., 15c.

## Dwarf Double "GOLDEN GLOBE"

3002 This pretty Novelty bears the same large, double, sweet-scented golden-yellow flowers that made the reputation of the Nasturtium Golden Gleam, but the habit of the plant is quite different. Instead of being a semi-runner, it grows into an almost perfect globe, thus obviating the trouble experienced by gardeners in 

#### Double, Sweet-Scented SCARLET GLEAM

(Gold Medal Award by the All American Selections Committee.)

3014 Delightfully sweet-scented, superior in type, extra large-flowered, indescribably lovely. The leading novelty Nasturtium for 1935. Scarlet Gleam when grown in a large block has been likened to a huge fiery carpet spread over the ground. It is in fact the most intensely dazzling color one could imagine in a flower, even more showy than the vivid golden yellow of Golden Gleam. Similar in habit of growth, the type of doubleness found in the individual flowers is somewhat different from that known in the popular Golden Gleam. While Golden Gleam derives its effect of doubleness from petals which are markedly wrinkled, almost fluted, Scarlet Gleam is more or less plain petaled and deeper throated, although the individual petals are at least twice the size of ordinary Nasturtiums. (See Color Plate, page 83) ...... Pkt. 25c

## Bodger's Double GLORIOUS GLEAM HYBRIDS Finest Mixed, Sweet-Scented

3018 The flowers are fine, large, well-formed, sweet-scented doubles, of the same type as the well-known Golden Gleam. In habit of growth they also closely resemble Golden Gleam, with semidwarf plants throwing short runners from well-rounded, freeflowering bushes. The stems are long, and bear the flowers well above the lush green of the foliage, giving the effect of a solid mass of color. The color range includes an evenly-balanced blend of the glorious assortment of brilliant shades of salmon, golden-yellow, orange-scarlet, cerise, cream-yellow, orange, maroon, crimson, and many spotted varieties. (See illustration.)

#### IMPORTANT NOTICE

Our Catalogue of Growing Plants, Roots, Etc., for 1935 is now printed separately. It contains many outstanding novelties in Roses and other plants, besides the standard varieties. It will be mailed to all customers on our list when issued in January.

Glorious Gleam Hybrids, Sweet-Scented

1036 AGERATUM BLUE PERFECTION

This desirable annual carries large heads
of deep blue flowers all summer. Very
suitable for beds, edgings or pots. Per 1000
seeds 25c. Pkt. 10c.

1490 BALSAM GOLIATH

An extremely robust variety of this well known annual. Height 3 to 4 feet. Mixed Colors. Per 500 seeds 35c. Pkt. 10c.

CALLIOPSIS "KING"

Large Flowering Annual

1602 Crimson. 1604 Golden. The plants form little bushes 10 inches high, carry a mass of bloom all summer. Pkt. 10c. 1610 King Mixed 1/4 oz. 25c. Pkt. 10c.

New Annual

Many years of endeavor have at last produced an Annual Canterbury Bell. Seed sown in February blooms in July. Mixed Colors. Pkt. 25c.

1690 CAND YTUFT

Dwarf Hybrid Annual

The flowers are twice as large as the old varieties, and cover the plants with bloom. Height 4 to 6 inches. Mixed Colors. Per 1000 seeds 25c. Pkt. 10c.

Plumed Cockscomb Annual
Height 3½ feet. Grows quickly from seed, and gives a gay appearance to the garden. Also nice for pots. Mixed Colors.
Per 1000 seeds 50c. Pkt. 10c.

1890 CHRYSANTHEMUM

Single Annual

These produce an aboundance of flowers on plants about 18 inches high, fine for cutting.

Mixed colors. Per 1,000 seeds 25c; pkt.

MOUNTAIN GARLAND FLOWER
These annual plants send up a mass of slender branches covered with buds and flowers. Height 2 ft. Mixed colors, Per 1000 seeds 25c; pkt. 10c.

CENTAUREA Cyanus (Annual)

Bachelor's Button, Ragged
Sailor or Cornflower

A great favorite with most flower lovers. Height, 2 to 3 feet; largely used for cut flowers. 1825 Double Blue...Per ½ oz., 30c; pkt. 10c. 1830 Cyanus, Double, Mixed Colors

2170 DIGITALIS or FOX GLOVE

Perennial

The spikes grow 2 to 3 ft, high and are filled with flowers resembling Gloxinias.

Mixed colors, per 1000 seeds 35c; pkt. 10c.

2232 ESCHSCHOLTZIA or CALIFORNIA POPPY

Plants of this new hybrid type are very erect and bear extra sized flowers in shades never before seen. (They are annuals.) Mixed colors, per 1000 seeds 50c; pkt. 15c.

HOLLYHÖCK, Hendersons' Ever-blooming (Annual)

These annual Hollyhocks flower the first season from early-sown seed and set out in May commence blooming in July and August, 2450 Henderson's Ever-Blooming Annual Hollyhocks. Grand Combination Mixture of doubles and semi-doubles. Per 500 seeds, 50c; per pkt. (about 50 seeds), 15c.

Brief Cultural Instructions are Printed on the back of all Packets. When ordering ask for booklet "Henderson's Flowers for American Gardens" for full details.

2772 MESEMBRYANTHEMUM Tricolor

This dwarf annual plant is much prized for rock gardens and sunny banks, Grows about eight inches high, daisy-like flowers.

Mixed colors. Per 1000 seeds 50c; pkt.

3028 NEMESIA STRUMOSA

Free everblooming annuals, fine for the open border and pot culture, height 12 to 15 inches. Now becoming very popular. Mixed colors, pkt. 15c.

3040 NEMOPHILA or CALIFORNIA BLUE BELL

Splendid annuals one foot high, bears clusters of bright flowers all summer long. Does well in partially shaded places. Mixed colors, 1000 seeds 25c; pkt. 10c.

PORTULACA

These brilliant garden annuals, 6 inches high, bloom profusely from spring until frost. Equals the phlox in desirability for frost, 3500 Double Mixed colors, Per 1000 seeds 50c; pkt. 10c. 3510 Single mixed colors, Per 1000 seeds 25c.; pkt. 10c.

3390 PHLOX Drummondii

For making beds, few varieties equal these beautiful and popular annuals. We offer a greatly improved strain. Mixed colors, Per 1000 seeds 40c; pkt. 10c.

4645 ZINNIA Lilliput

A very pretty small type, now extremely popular. Seed sown in the spring, produces flowering plants in 75 days. Mixed colors, Per 500 seeds 50c; pkt. 10c.

Brief Cultural Instructions are Printed on the back of all Packets. When ordering ask for booklet "Henderson's Flowers for American Gardens" for full details.

# HENDERSON'S GARDEN OF ANNUALS WINS 1st PRIZE

# A PARTIAL VIEW OF OUR PRIZE EXHIBIT AT THE INTERNATIONAL FLOWER SHOW, HELD AT GRAND CENTRAL PALACE, NEW YORK CITY, 1934

This garden earned first prize for **Peter Henderson & Co.** It was planned in a formal style which might be called Italian, but the various flower beds composing it were filled entirely by annual flowers, grown from seed which by their varied forms and free-flowering habits, charmingly disguised the severe geometrical lines of a formal garden. It was this feature, we think, that attracted universal attention and added much to the beauty of that portion of the exhibition hall.

As may be seen in the photo, there was a fountain in the center, surrounded by four squares, with one angle of each cut off by the fountain circle. These four enclosures were filled with Stocks and Snapdragons in pink and white and the edgings of each were of dwarf boxwood. On each side of these were two enclosures of the same shape as those next to the fountain, these being filled with plants of Nemesia, rose and blue, and also edged with boxwood.

The garden was enclosed with a balustrade in the classic style and with this for a background a long stretch of double early Wallflowers were displayed with a semi-circular plot in the center, filled with plants of the new Calendula Sunshine. This was repeated on the opposite side of the fountain, the whole ensemble thus presenting a completely symmetrical appearance. In each angle of the garden was displayed a clever piece of topiary work cut in the form of a peacock and surrounded by Linaria, African Daisy, Marigold and Petunia. There was also a brave showing at the sides of such annuals as Nicotiana, Brachycome, Nemesia in various colors, Ursinia and Stocks. Box edging was, of course, largely used and the entire creation was set up on an emerald green lawn, grown with the Henderson Lawn Grass Seed, as a base.

The garden was considered by observers to be a fine exposition of what can be accomplished by the use of annual flower seeds.

We will be glad to furnish a plan, with quantities of seed required, to anyone purchasing flower seeds to reproduce this garden on their own properties.

Address inquiries to our Advisory Department, written on a separate sheet of paper, and not on order blanks.

4791 Collection of 14 new and select varieties, 1 pkt. each. \$2.00

#### THE VALUE OF ANNUAL FLOWERS

As all gardeners are aware, no plants flower so lavishly, or are so varied in color and habit as are the annuals, and, if well grown, whether in outside beds and borders or for greenhouse display, they are the most satisfactory group of plants in all creation. Of course, as all know, the Perennial Flower Border is charming in spring and early summer, but it has its blank periods, and this void can only be filled by sowing annual flower seeds here and there in such a border.

## BIENNIALS AND PERENNIALS WHICH SHOULD BE GROWN AS ANNUALS

There are also a limited number of Biennials and Perennials which can and should be grown as Annuals. Antirrhinum or Snapdragon is now sown early to bloom the same season. Dianthus does even better treated as an annual, and the same may be said of Coreopsis, Eschscholtzia, Gaillardia, Lupinus, Pentstemon, Salvia, Scabiosa, Verbena, and some others.

Note that these varieties should be started in gentle heat very early and the seedlings hardened off for transfer to outside beds. Esch-scholtzia is an exception and should be sown where it is to grow.

CULTURAL INSTRUCTIONS ARE PRINTED ON THE BACK OF ALL PACKETS, BUT WHEN ORDERING ASK FOR BOOKLET, "HENDERSON'S FLOWERS FOR AMERICAN GARDENS," FOR FULL DETAILS OF CULTURE

# Alphabetical General List of HENDERSON'S FLOWER SEEDS

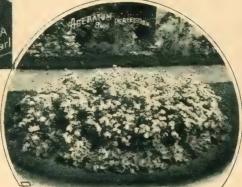

AGROSTEMMA CORONARIA (or Hardy Rose Campion) (Perennial)

Perennial growing 2 feet high, suitable for rock gardens and borders. Colors are crimson and white ith a rosy eye. The foliage is silvery-white. They bloom abundantly and are very easy to grow.

Pkt. 10c with a rosy eye. The foliage is si 1045 Mixed Colors....

## ALYSSUM, SWEET (Annual)

1054 Maritimum. The well-known Sweet Alyssum; white flowers borne profusely. ¾ foot. Per ½ oz., 25c; pkt. 10c 

## ACHILLEA (Perennial)

1012 Ptarmica, The Pearl. Produces large and fully double, pure white flowers, which are borne in clusters on long stems. It grows about 2 feet high and is covered with snowy blossoms until frost. Splendid cut flowers. Although a perennial, it will flower freely the first season if the seed is sown indoors early. (See illustration.)
Pkt. 15c

1014 Millifolium, Cerise Queen. Dark cherry

## ACONITUM NAPELLUS (Monkshood) (Perennial)

ACROCLINIUM, Double Mixed (Annual)
1020 Free summer-flowering plants for garden decoration; the flowers dry as
"Everlastings" for winter bouquets. They are also grown as pot plants for
market. In full bloom the plants are showy and effective. Grows to a height of 1 foot...

AGERATUM or Floss Flower (Annual)

Dwarf, compact-growing plants, 6 to 12 inches high, flowering freely all season from spring-sown seed. Splendid for bedding, edgings or pots. The flowers of the taller varieties are fine for bouquets.

from spring-sown seems fine for bouquets.

1032 Little Dorrit Blue. Height, 5 to 6 inches. Pkt. 10c
1034 Little Dorrit White. Height, 5 to 6 inches. Pkt. 10c
1035 Mexicanum nanum Rosabella. A most valuable, deep rose-colored variety from Mexico. It belongs to the Star type, and is valuable for pot culture, as well as for growing outdoors in beds or borders. Pkt. 25c
1036 Blue Perfection. Large heads of deep amethyst-blue flowers; plant very even in growth; about 8 inches high. (See illustration.)

Per 1,000 seeds, 25c; pkt. 10c
1037 Dwarf Blue Cap. This is the best dwarf Ageratum. The plants are tiny mounds of flowers, large and compact, and rich blue. The foliage is small, so the effect is that of a solid mass of flowers; height, 6 inches.

Pkt. 25c

(Perennial)

## AMARANTHUS (Annual)

1073 Aurora. The plant is clothed to tip with long, arching leaves, colored green and bronze at the base; brightening toward the top into rose-yellow, red and green. . Pkt. 10c

1076 Molten Fire. Bronze with intense scarlet tops..... Pkt. 10c 1077 Oriflamme. A strikingly showy new variety of branching, pyramidal growth, about 5 feet high. It is well clothed, with large leaves of glossy maroon, while the central and side branches are all topped with bright

scarlet leaves...

## AMPELOPSIS VEITCHII, "Boston" or "Japan Ivy" (Perennial)

1082 A valuable climber. Entirely hardy in the most exposed places, often attaining a height of 20 to 30 feet in two or three years, clinging to stones, brick or wood-work with the greatest tenacity. It is a great protection to walls, etc., as the leaves lapping over each other, shed rain. In the summer the foliage is a rich shade of green, but in the fall it assumes the most gorgeous tints of autumn. Pkt. 10c

### **ANCHUSA**

1087 Italica "Dropmore" variety. (Perennial) A fine, large, hardy, herbaceous plant, 4 to 5 feet high. The beautiful Forget-Me-Not-like flowers are much larger than others and of a lovely Gentian blue, produced in long, loose sprays. Invaluable for the hardy border, as flowers are produced all season. Pkt. 15c

#### ANCHUSA—Continued.

1088 Myosotidiflora (Perennial.) A beautiful, hardy variety from Siberia, bearing 

"Blue Bird." (Annual.) Special mention award by the All American Selection Committee. The perennial Anchusa, in its highest development, the Dropmore variety, is deservedly popular by its lovely bright blue flowers. This esteem is now shared by the annual Anchusa, which grows about 18 inches high, is of compact habit, and bears its flowers in a luxuriant bouquet at the top of the 1089 "Blue Bird." habit, and bears its nowers in a luxuriant bouquet at the top of the plant. The latter are of a vivid indigo blue and of brilliant effect for the decoration of beds and borders, (See illustration.).........Pkt. 15c

#### ANEMONE (Perennial)

#### ANTHEMIS Hardy Yellow Marguerite (Perennial)

## ANTIRRHINUM or Snapdragon

### DWARF HYACINTH FLOWERED (Annual)

The varieties known as **Hyacinth flowered** are a great improvement over the ordinary dwarf sorts. The great size and perfect form of the individual bloom are its main characteristics. A beautiful variety for beds or borders; height, 1 foot. Seed is sown in the open ground in May to flower in July, but a better way is to start seeds indoors in March and transplant outdoors when ready. (See illus-

## ROCK HYBRIDS (Annual)

Forms compact bushes with variously colored flowers, shades of rose, pink, purple, mauve and bicolors being produced in great profusion. It blooms two weeks earlier than the average Snapdragon and is eminently suitable for decoration of rock and alpine gardens. 1145 Mixed Colors. ...... Pkt. 25c

## AQUILEGIA OR COLUMBINE (Perennial)

These hardy perennial plants bloom at a time when there is a short lapse of bloom in the gardens immediately after the spring bulbs are through flowering, and before the perennials have begun.

ARABIS ALPINA (Rock Cress) (Perennial)

1173 A fine, dwarf hardy perennial, largely used for rock gardens. Flowers pure white, blooming early in the spring.....

## **ARCTOTIS GRANDIS** (Annual)

1175 Pearly white flowers on long stems well above the foliage. The petals are white on the upper surface and pale lilac on reverse and in the center of the flower is a light blue disc surrounded with white stamens and a narrow golden band, which contrast beautifully with the blue disc and the stamens. Very good for cutting. The plant is of branching habit and forms a clump 2 to 3 feet high. (See illustration.) Pkt. 10c

#### ARGEMONE (Annual)

1182 Hybrida Grandiflora. These new "Prickly Poppies" form branching plants about 3 feet high and 18 inches across. The large, single, Poppy-like flowers are white, cream, primrose and yellow, borne freely all summer long. The thistle-like foliage is of a grayish-green with silvery ribs.

Pkt. 10c Pkt. 10c

#### ARISTOLOCHIA SIPHO (Perennial)

1185 Dutchman's Pipe Vine. Luxuriant, hardy climber; large leaves, making dense shade; flowers, yellow and brown; mottled and curiously shaped; 30 feet. . Pkt. 10c

#### ARMERIA Thrift, Sea Pink (Perennial)

Compact plants with Moss-like foliage, flowers borne on globe-like heads.

1189 Maritima. Pink flowers, height 1 foot.....Pkt. 15c

#### ARNEBIA CORNUTA (Annual)

1192 Grows in bushy form, 2 feet high and about the same breadth. It blooms all summer. Flowers rich primrose yellow marked with five black spots; the spots change to a rich maroon, and then vanish, leaving the flower a clear, bright yellow. Pkt. 10c

#### ARTEMESIA or Summer Fir (Annual)

1195 This ornamental foliage plant reaches its full size the year of sowing. It forms pyramidal bushes 3 to 5 feet high. As a solitary plant it looks like a nicely developed Christmas tree. The color of the finely pinnated foliage

#### ASPARAGUS, Ornamental (Perennial)

1202 Plumosus Nanus. Greenhouse climber with Fernlike foliage........Per 100 seeds, 50c; Pkt. 25c

1205 Sprengeri. Decorative perennial for pots, vases,
etc.; drooping chenille-like fronds 4 feet long.
Per 100 seeds, 25c; Pkt. 10c

ASTERS (See pages 52, 53, 63, 64.)

#### BALLOON VINE (Annual)

1486 Rapid-growing annual climber, 10 to 15 feet, white flowers followed by balloon-like seed

#### BALSAM, DOUBLE (Annual) (See Color Plate, Page 58.)

These are the most perfect in form and largest flowers yet developed in this old garden favorite, height, 1½ to 2 feet.

1490 Goliath. Mixed colors. A new type of robust growth, throwing up a main stem 4 feet high, the lower half of which carries several candelabra-like side branches, all bearing large double flowers.

Per 500 seeds 50c; Pkt. 10c.

Per 500 seeds 50c; Pkt. 10c. 

"HENDERSON'S FLOWERS FOR FOR AMERICAN GAR-DENS," sent free on request.

## BARTONIA, Golden (Annual)

1506 It produces large single golden-yellow flowers with a metallic lustre. A large cluster of yellow stamens adds to the effectiveness of the blossoms. They measure 3 inches across, and are borne all summer long, on bushy plants about 1 foot high. It will thrive almost anywhere, but prefers a moist situation.

(See illustration.) Pkt. 10c

#### BEGONIA, Tuberose Rooted Varieties (Perennial)

These profusely-flowering pot plants flower all summer. The individual florets will average from 2 to 3 inches in diameter, height, 1 foot.

1510 Double, Large-flowering. Mixed Colors. illustration.) Pkt. 50c 1520 Single, Large-flowering. Mixed Colors. Pkt. 25c

#### BEGONIA, Everblooming Fibrous-Rooted Varieties (Perennial)

The semperflorens (Ever-flowering) varieties offered below are unsurpassed bedding plants. Thriving equally well in partially shaded or sunny locations, flowering through summer and fall. As pot plants for winter flowering they are also superb; easily grown from sown seed early indoors.

1512 Luminosa. A popular bedding variety having flowers of a deep dark scarlet, foliage reddish brown.

Pkt. 25c

1513 Gracilis Luminosa Compacta. The plants grow only 5 inches high bearing scarlet blossoms. Very useful for beds, borders, edgings and as pot plants. Pkt. 25c

1514 Magnifica. A very striking bedding or pot plant, producing bright crimson flowers; dark bronze foliage, plants bushy and compact, about 10 inches high. Per 1,000 seeds, \$1.00; Pkt. 25c

1515 Rosabella. The fine compact growth and the profusion of delicate salmony pink flowers places this variety in the fore-front of Bedding Begonias. Pkt. 50c

1516 Prima Donna. Splendid bushy plants, 10 inches high by 12 inches across. The flowers are unusually large, 1 to 1½ inches in diameter, and of charming rose color shading to carmine in center. (See illustration).

Per 1,000 seeds, \$1.00; Pkt. 25c

1517 Radio. The plants, 1 foot high, produce large loose clusters of brilliant carmine rose contrasting with the golden accounter of the plants.

carmine rose contrasting with the gold-en-yellow anthers and the brown-green foliage......Pkt. 25c

1518 Vernon. Fine bedding and pot plant, 6 inches high, blood-red flowers in profusion. Per 1,000 seeds, \$1.00; Pkt.

#### ASPERULA ODORATA (Perennial) Sweet Woodruff, Waldmeister

#### AUBRETIA (Rainbow Rock Cress) (Perennial)

1478 Large flowering hybrids mixed. A fine hardy plant for rock gardens and edgings. Flowers mauve, rose, etc., height 1 foot. (See illustration.) Pkt. 25c

#### AURICULA (Perennial)

1480 Primula Auricula, Beautiful early spring plants, fine for borders, pot culture, etc., the fragrant flowers of many rich colors are borne in clusters on the top of stalks 4 to 6 inches long. (See illustration.). Pkt. 25c

#### BELLIS or Double English Daisy (Perennial)

Greatly improved varieties of the popular "Double Daisies." Adapted for edgings, borders and low beds and also well suited for growing in pots. Although perennials, they will flower the same season if the seed is sown early, though it is preferable to sow in fall, and winter the plants in cold frames. (See illustration.) Height, 6 inches.

1522 Red. Large, densely double flowers, glowing red, shaded rose.

Per 1,000 seeds, 75; Pkt. 10c

1524 Longfellow. Extra large double rose-pink flowers...... Per 1,000 seeds, 75c; Pkt. 10c

1526 Snowball. Large, very double, pure white flowers......Per 1,000 seeds, 75c; Pkt. 10c

1530 Double Mixed Colors. Per 1,000 seeds, 75c; Pkt. 10c

1532 Helichrysoides. Beautiful pink flowers, with 

#### BELLIS Monstrosa (Perennial)

These surpass all other strains in abundance of bloom. Each plant produces 12 to 15 flowers that measure 2 to 3 inches across carried on long stems.

1534 Monstrosa Double Rose.

1534 Monstrosa Double Rose. Per 1,000 seeds, \$1.00; Pkt. 15c 1536 Monstrosa Double White. Per 1,000 seeds, \$1.00; Pkt. 15c 1540 Monstrosa Double Mixed. Per 1,000 seeds, \$1.00; Pkt. 15c

#### **BIGNONIA Grandiflora or Trumpet** Vine (Perennial)

#### BRACHYCOME or Swan River Daisy (Annual)

1560 B. iberidifolia is a compact bush, 8 inches high; single, blue or white flowers. It is very suitable for beds or borders as it blooms most of the summer. As a pretty pot plant for the house it is very desirable. Mixed Colors. .... Pkt. 10c

#### BROWALLIA (Annual)

1565 Speciosa Major. Free flowering annual for either gardens in summer or pot culture in winter; produces flowers ½ to 2 inches across, indigo blue with white throat; 1 foot. Pkt. 25c

#### CACALIA (Tassel Flower) (Annual)

#### CALANDRINIA Grandiflora (Annual)

1575 Forms a dwarf bush, having fleshy leaves and umbels of large rose-colored flowers which expand if grown in a sunny situation; if foot.

Pkt. 10c

### CALCEOLARIA (Perennial)

1578 Lignosa. "Bunch of Gold." A fine variety for bedding, having golden yellow flowers, growing about a foot high (See illustration.)

1580 Large-flowering Spotted Varieties, Mixed.
Gorgeous plants for growing in green-house and conservatory. The flowers are borne in the greatest profusion through spring and summer; colors, yellow, maroon, white, etc., spotted and blotched in the most unique fashion; 1½ feet. Pkt. 35c

#### **CALENDULA or Scotch Marigold** (Annual)

Calendulas are bushy plants 1 foot high by 1 foot in diameter, and are literally covered with large showy double flowers. Our seed has been saved from most perfect flowers in shape, size, depth and color.

1588 Campfire. This is a distinct new type originating from Orange King.

Per 14 oz. 25c; Pkt. 10c

Gold Medal Award by the All American Selections
Committee

1589 Chrysantha Sunshine. The petals are long and wide, drooping in the same manner as some Chrysanthemums, giving the large double flowers a globular outline. The color is a clear buttercup yellow and it is an ideal cutting flower. (See illustration.)

Per ½ 0z. 35c; Pkt. 10c

1594 Meteor. Bright yellow, striped orange through the center of each petal. Per 1/4 oz. 25c; Pkt. 10c

1596 Orange King. Large, double flowers of intense golden-orange....... Per 1/4 oz. 25c; Pkt. 10c

1597 Orange Shaggy. This is a very distinct new break in Calendulas. The petals are long and deeply fringed or laciniated. The color is a deep orange shading to slightly lighter orange in the center of the bloom, giving the flower a delightful two-tone effect. Well grown, has long stems and forms plants about 18 inches high. (See Color Plate, page 57.) Pkt. 25c

Calendula Chrysantha Sunshine

### CALLIOPSIS "KING" Large-Flowering (Annual)

One of the showiest garden annuals. These new One of the shownest garden annuals. These new large-flowering sorts are great improvements; the plants form little bushes about 10 inches high by 1 foot across and are a perfect mass of bloom from early summer until frost. The flowers average nearly 2 inches across, and range through yellow, golden and crimson, usually with a garnet eye. (See Color Plate, page 58.)

1602 Crimson King. Rich, dark crimson flowers.

dark eyes...

1606 Drummondii or "Golden Wave." Compact, bushy plants, covered with golden blossoms 2 inches across, with small dark centers. Per ½ 02. 25c; Pkt. 10c

1608 Star of Fire. A brilliant Tom Thumb Calli-opsis, only 12 inches high; covered with a mass of fiery-red, Cactus-shaped flowers...Pkt. 10c 1610 King, Mixed Colors. Per 1/4 oz. 25; Pkt. 10c

### 4740 Henderson's Special Mixed Flower Seeds

A garden may be made in any out-of-the way place by broadcasting and raking in at the rate of 1 oz. per 100 square feet, mixed with sand or dry soil to secure even distribution.

Price, oz. 25c; 1/4 lb. 75c; lb. \$2.00; postpaid.

## CUP AND SAUCER CANTER-BURY BELLS (Biennial)

The "Cup and Saucer" (Campanula Calycanthema) varieties are biennials flowering the second year from seed, produce beautiful single flowers 3 inches in length, saucers 3 to 4 inches across. The plants form perfect pyramids of bloom for weeks during the early summer. (The seed should be sown every year for flowering the next year.)

#### CLEMATIS (Perennial)

1957 Paniculata. Of robust habit and covered with pure white, fragrant flowers, followed by pretty seed pods of bronzy-red; 12 feet....Pkt. 10c

## CLEOME ("Spider Flower") (Annual)

1965 Gigantea Rosea. The feathery petals and long stamens give the flowers the appearance of an Orchid. Sow seed in May and when the seedlings are three or four inches high, thin out to stand two feet apart. The plants grow yery rapidly and attain a height of from 3 to 5 feet. Recommended as a honey plant for bees. 

#### COBAEA SCANDENS or Cathedral Bells (Annual)

Elegant, rapid-growing climbers, attaining a height of 20 to 30 feet. Particularly desirable for covering arbors, walls, etc. Can be grown in the conservatory in winter.

Flowers large and bell-shaped.

1967 Blue......Pkt. 10c

1958 White......Pkt. 10c

#### COLEUS (Perennial)

Plants with richly colored foliage of maroon, green, riants with richly colored foliage of maroon, green, crimson, yellow, etc. For groups on lawns and ribboning they are indispensable, and also valuable for pot culture. Although tender perennials, they attain perfection the first season from seed sown indoors; 1 to 3 feet.

1970 Choice Mixed......Pkt. 15c

1972 Large-leaved, Fringed Mixture....Pkt. 25c

#### CONVOLVULUS or Morning Glory (Annual)

"An encyclopedia of flower culture boiled down to vest-pocket size," describes our booklet, "Henderson's Flowers for American Gardens," sent free on request.

#### COREOPSIS (Perennial)

These long-lasting flowers are simply perfect, measuring 3 inches and over in diameter, and are borne on stalks 15 to 18 inches in length.

1992 El Dorado. Color, brilliant golden-yellow. This variety, although a hardy perennial, will flower the same season from seed sown early; compact, busy plants, about 2 feet high, blearing abundantly diving the appearance. blooming abundantly during the summer ar

1993 New Double. This semi-double form of this hardy perennial is proving to be very popular and valuable for cutting and for the hardy border; color, bright yellow......Pkt. 15c

1994 Harvest Moon. It flowers the first season from seed sown early. It is an improved variety of the lanceolata grandiflora type, producing immense, long-stemmed, rich yellow flowers, shaded with orange, and flowering in profusion.

Good for cutting; grows anywhere. (See illustration.)......Per 500 seeds, 50c; Pkt. 10c

1995 Mayfield Giant. Is of Australian origin and the best yet introduced. It produces a taller and more vigorous plant than others, with longer and firmer stems and larger individual blooms. The color is intense yellow. Both for the border and for cutting we can strongly recommend this excellent new strain. Pkt. 15c

#### CORN (Burbank's Rainbow) (Annual)

1996 A highly decorative type of Corn. It is an annual, grows about 5 feet high and suckers out, forming good-sized clumps. The foliage is striped with rose, purple, green and cream color, exceedingly effective in the mixed flower border...... Per 1/2 oz., 25c; Pkt. (25 seeds) 10c

#### COSMIDIUM (Annual)

1998 Orange Crown. Handsome annual, forming many-branched bushes 1½ to 2 feet in height. The flower heads are golden-yellow, with a circle of rich orange around the disk. It blooms 

4740 Henderson's Special Mixed Flower Seeds. A garden may be made in any out-of-the-way place by broadcasting and raking in at the rate of 1 oz. per 100 square feet, mixed with sand or dry soil to secure even distribution. Price, oz., 25c; 1/4 lb., 75c; lb., \$2.00; postpaid.

Cardinal Climber (see page opposite)

## Henderson's Selected Cosmos COSMOS, MIDSUMMER Large Early Flowering

(Annual)

This early-flowering strain begins blooming scatteringly in June, the quality increasing gradually until July, and from that time until frost the plants are a mass of flowers. The flowers average 3 inches across; the plants are more dwarf than the late-flowering Cosmos,

COSMOS, NEW CRESTED (Annual)

The New Crested Cosmos is a distinct type, having double centers, with a row of guard petals around the base. It is a highly decorative garden and cut flower.

2011 Crested Crimson King. Rich, brilliant crimson. Pkt. 15c 2012 Crested Pink Beauty. A soft and pleasing shade 2013 Crested White Queen. Pure glistening white... Pkt. 15c

COSMOS, HOLLYWOOD STAR

2017 A new departure in Cosmos, coming true to type. The flowers are pink, red and white, borne on long stems. We recommend this striking novelty, offered in mixed colors......Pkt. 15c (See Color Plate.)

COSMOS, Double Crested New (Annual)

Early Flowering

A flower of rare grace and beauty, reminding one of a small Japanese peony. This new Cosmos is early flowering in habit and blooms from July until frost.

2019 New Early Flowering, Double Crested Mixed.

Per 500 seeds, \$1.00; Pkt. 25c

COSMOS, GIANT

COSMOS, EARLY KLONDYKE, Orange Flare Gold Medal Winner 1935 All American Competition

The color is the same vivid orange of the ordinary Klondyke, but it flowers in less than 4 months from seed. (See color cowslip (Perennial) .....Pkt. 25c

2030 This beautiful spring-flowering dwarf, hardy perennial bears clusters of fragrant flowers of various colors; 6 inches high. Pkt. 15c

CYCLAMEN, GIANT PERSIAN (Perennial)

The petals are beautifully crimped, the coloring is a lovely .Pkt. 50c

2045 red. .Pkt. 50c White Swan. A pure, snow-white giant-flowering variety; very profuse. The blossoms are borne on long, stiff stems.

Pkt. 50c 

(Cynoglossum amabile) (Annual) 2051 Amabile Blue. A fine border plant, growing 18 inches high, producing sprays of bright blue flowers which bloom through-

Vine (Annual) The fringed foliage forms an effective background for the brilliant scarlet tubular flowers. 1 to 11/2 inches across. grows about 10 feet high, being literally bespangled with flowers from July until late fall. The seed is very hardshelled, and if sown in the open ground should be soaked in shelled, and if sown in the open ground should be soaked in warm water. (See illustration, page opposite).....Pkt. 15c

Cypress Vine

Pretty vines, growing to a height of 10 to 15 feet, with delicate fern-like foliage and dainty, star-shaped flowers....
2056 Scarlet. 2058 White. 2060 Mixed Colors. Pkt. 10c

## DELPHINIUM

## or Hardy Larkspur (Perennial)

(Shown in Colors on this page.)

These varieties are indispensable in the hardy border. The immense flower-stalks are garnished to the tip with large blossoms, showing wonderful combinations of color, and they all flower about the same time. (See illustration.)

#### Chinensia Cambridge Blue (Annual)

2083 This Blue Annual or Chinensis Delphinium far surpasses
Belladonna in brilliancy. It is a rich clear Blue. Habit
of growth about two to three feet high, fine for the

## Delphinium Sinensis, Blue Butterfly

2084 A beautiful blue variety of compact growth. This is a perennial but blooms the first year if seed is sown early. .....Pkt. 15c Height 18 inches.

## Hybridum Belladonna Fanny Stormonth

2085 A greatly improved variety of the "Belladonna" Larkspur; it retains the early blooming habit and the light, azure blue color, but the flowers are much larger, and the stems are from 5 to 7 feet high; the upper 2 to 3 feet form a huge branching raceme of fine, well-placed flowers. . . . Pkt. 15c

## Iceberg (Perennial)

2086 We have genuine pleasure in offering this variety, as it is the first white delphinium to come true from seed. The plant grows about four feet high and the spikes are thickly 

#### Formosum

2087 This popular variety produces long, spur-shaped flowers, on loose spikes about a foot long. The color is deep blue with a white center. The branching plants grow from 2 to 3 feet high. Excellent for the perennial border and fine for cutting.......Per 1,000 seeds, 75c; Pkt. 15c

#### Lemon Gem (Delphinium Nudicaule)

Lemon Gem (Delphinium Mulicule)

2088 A very hardy dwarf-growing type of the perennial larkspur. The plant grows from 1 to 1½ feet high, and it bears
spikes of clear yellow flowers. This is by far the best
wellow introduced. Pkt. 25c

## Giant Single and Double Superb Hybrids

2090 A splendid race of these popular hardy, garden plants. The blossoms are of immense size, single and double, borne on towering spikes for from 2 to 5 feet of their length. The colors are white, lavender, blue, azure, indigo and purple, several shades being blended in some of the varieties. The plants grow from 6 to 10 feet in height.

Mixed Colors....... Per 1,000 seeds, \$1.00; Pkt. 25c

## New Double Flowering Delphinium Or Hardy Larkspur

These are of striking beauty and are becoming more popular every year. They bloom during the early summer months.

(See Color Plate, page 59)

These annual Hollyhocks flower the first season from seed.

The plants from early sown seed set out in May commence blooming in July and August, and then flower until frost.

Some plants produce densely double flowers without guards, others with guard petals; there are semi-doubles with Anemone-flowered centers, etc., and maroon pink, crimson, canary-yellow, cerise, white, scarlet, apricot, wine-red, etc., etc.

2450 Henderson's Ever-Blooming Annual Hol-lyhocks. Grand Combination Mixture of doubles and semi-doubles. Per 500 seeds, 50c; per Pkt. (about 50 seeds), 15c

#### "HONESTY" (Lungria Biennis) (Biennial)

2468 Especially useful in shady, damp places; the flowers of purple, crimson or white are followed by silvery transparent seed pods; prized for winter bouquets; height, 2 feet. Mixed Colors.

Pkt. 10

#### HUMULUS (Japan Hop) (Annual)

Rapid summer climber, attaining a height of 10 to 15 feet. The foliage is luxuriant, making a dense covering for verandas, trellis, etc. Heat, drought and insects do not trouble it.

2472 Japonicus. Green foliage......Pkt. 10c

2472 Japonicus Variegatus. (Silver Striped Japan Hop.) A beautiful variety of the above. Green foliage, blotched and striped white and gray. Pkt. 10c

#### **HUNNEMANNIA SUNLITE**

Award of Merit by the All-American Selections Committee

2478 Its extra band of petals is produced on the outside, rather than the inside of the tulipshaped flowers. The flowers are a bright canary yellow. They flower freely in late summer. Height, 2 feet. (See illustration.)... Pkt. 25c

#### IMPATIENS HOLSTII HYBRIDS (Annual)

2480 Also known as Sultan's Balsam, forming bushes 12 to 18 inches high. The flowers, 1½ to 1½ inches across, are of scarlet, orange-red, pink and white, with a red eye. The plants make unusually showy flower-beds. If grown in pots they are equally effective. Mixed Colors... Pkt. 25c

#### INCARVILLEA (Perennial)

2488 Delavayi. Beautiful half-hardy perennial. It forms large, fleshy roots the first year, and thereafter they throw up strong flower stalks 3 feet high, bearing large tubular flowers of rosy-carmine, spotted yellow; throat brown. Pkt. 25c

Brief Cultural Instructions are Printed on the back of all Packets. When ordering ask for booklet "Henderson's Flowers for American Gardens" for full details.

#### IPOMOEA (Annual)

2496 BABY BLUE. This the most lovely blue about 15 feet high, from March-sown seeds—the plants sheeted until frost with white-throated light coerulean-blue flowers—2½ inches across, often remaining open all day. (See illustration.) Per 100 seeds, 50c; Pkt. 15c

2500 MOONFLOWER Giant White. Grown in awarm, sunny location, the vine will be covered with large heart-shaped leaves, and studded from July until frost with immense saucershaped fragrant flowers. Opening about sunset and closing the next morning, though on cloudy days they remain open until noon. 30 to 40 feet high (Sw. illustration.) to 40 feet high. (See illustration.)
Per 100 seeds, 50c; Pkt. 10c

#### IPOMOEA—Continued

2515 GIANT JAPANESE MORNING GLORY Ruffled and Frilled. (Annual.) The vig-orous vines attain a height of 20 to 30 feet. Immense flowers all wavy, ruffled and fluted from throat to margin, looking just like crumpled velvet. The colors include red, rose, garnet, blue, purple, white, silver gray, etc. (See illustration.) Mixed Colors.

Per oz. 50c; Pkt. 10c

2520 BRAZILIAN MORNING GLORY. (Annual.) Setosa is the botanical name of this summer climbing annual. It is a luxuriant grower. The flowers are of beautiful rose color.......Per 100 seeds, 50c; Pkt. 10c

#### KALANCHOE Globulifera Coccinea

2538 Valuable new and attractive winter-blooming pot plant from Madagascar. If sown in March, plants start to flower the following February and last in full beauty about two months. The blossoms resemble those of Bouvardia, color bright scarlet ...... Pkt. 35c

## KENILWORTH IVY (Perennial)

#### KOCHIA Tricophylla (Annual) Mexican Fire Plant or Summer Cypress

2542 It is easily grown from seed, forming oval bushes 2 to 2½ feet high, densely clothed with small, feathery, light-green foliage, deepening in color until the whole plant assumes a fiery crimson hue. (See illustration.) Per 1,000 seeds, 25c; Pkt. 10c

#### KUDZU VINE (Perennial)

2548 A twining vine of rapid growth, growing 40 to 50 feet in one season from established roots; hardy, though the vine dies down every winter in the North. Foliage large and lobed; purple. 

#### LANTANA (Perennial)

2560 Rapid-growing, constant-blooming, tender perennial plants for pot culture in the winter or garden decorations in the summer; clusters of flowers, orange, white, pink, etc.; 2 to 3 feet.

#### "Sunset" LAVATERA Rosea Splendens (Annual)

2618 These richly colored rose-pink flowers may be cut on stems 2 feet or more in length. The flowers are borne throughout the summer and fall, making Lavatera "Sunset" very desirable for beds on the lawn or as border plants. The plants form branching, compact bushes 2 to 2½ feet in height; well furnished with bronzygreen foliage. (See illustration.) Pkt. 15c

## LARKSPUR (Annual)

### Henderson's Tall-Branching

(Consolida Candelabra fl. pl.)

Grow 2 to 3 feet high and bears flowers on long stems; of exceptional value for cutting. The spikes are of varied shades of red, blue, white, etc. They are of easy culture, keeping up a bright display until cut down by frost. (See illustration.)

| 2572 | Carmine    | Pkt. 10c | 2577 Rose                                 | kt. 10c |

#### Branching Giant Spire (Annual) (See Color Plate, page 83.)

The size of both spike and flower has been increased by hybridizing, and shades of color produced not known Besides this, the branching habit of the plant has been intensified and more laterals are thrown out from the crown stems.

They are of easy culture and thrive best in a sunny location.

2582 La France. A pleasing salmon-pink; double; long stems. (See Color Plate E.)
Pkt. 15c 2583 Carmine Spire. Fine, lustrous carmine. (See Color Plate A.) .... Pkt. 15c 2584 Los Angeles. Rich salmon, overlaid with brilliant rose. (See Color Plate C.)
Pkt. 15c 2586 White Spire. A new, dazzling pure white with upright habit. (See Color 2587 Lavender Spire. Beautiful shade of lilac. (See Color Plate D.) . . . . Pkt. 15c 

#### LIATRIS Gay Feather or Blazing Star (Perennial)

AMMUNTALL BRANCHIN

LATHYRUS Latifolius.

These climb 6 to 8 feet high

when trained on a trellis; the flowers are borne in large clus-ters. They are peculiarly adapted to rough places, to

scramble over rocks and bushes; splendid for cutting.

Hardy, Everla Peas (Perennial)

Everlasting

2622 Highly desirable for the border. The plants grow 3 feet high and produce long spikes of rosy-purple flowers from July to September. This is a hardy perennial and the flowers are much in demand for cutting purposes. Pkt. 25c

#### LINARIA

2627 Maroccana "Fairy Bouquet"
(Gold Medal Award by the All American Selections Committee)

The plants, not more than 8 inches high, are very compact and bear much larger flowers than the type; in many distinct colors, such as rose, yellow, pink, lavender, carmine, red, violet, white and salmon. Mixed Colors. (See illustration.) Pkt. 25c

Mixed Colors.....Pkt. 25c

## LOBELIA, Bedding Varieties (Annual and Perennial)

(L. erinus Competa.) Forms compact bushes about 6 inches ligh, which are sheeted with bloom throughout the season. Highly desirable for edgings and garden decoration, as well as for pot culture.

2636 Snowball Pure white....Per 1,000 seeds, 25c; pkt. 10c 

2642 Speciosa. Fine trailing sort for hanging baskets and boxes; flowers dark blue with dark foliage.

Per 1,000 seeds, 50c; pkt. 10c

#### LOBELIA, HARDY

Tall-growing, hardy perennial with long spikes of brilliant flowers; for permanent beds and borders they are unrivalled; they are one of the few flowering plants that thrive in shady situations; 2 to 4 feet.

2645 Cardinalis. (Cardinal Flower.) Intense scarlet. Pkt. 25c

2680 Haageana Hybrids, Mixed Colors. Haageana Hybrids, Mixed Colors. Usually grown as annuals; of bushy habit, bearing flowers an inch or more across in continuous succession until frost; colors are white to rich scarlet and shades of pink; 1 foot......Pkt. 15c

4740 Henderson's Special Mixed Flower Seeds. A garden may be made in any out-of-the-way place by broadcasting and raking in at the rate of 1 oz. per 100 square feet, mixed with sand or determined the second of th dry soil to secure even distribution. Prize, oz., 25c; 1/4 lb., 75c; lb., \$2.00; postpaid.

## LUPINUS

#### HARTWEGII GIANT (Annual)

2659 A new, improved strain, 3 to 4 feet tall and having the base branching habit, with 4 to 6 spikes to a plant. Colors include dark blue, rose and white. Easily and quickly grown from seed. Mixed Colors. Pkt. 25c

#### Selected (Annual)

They are fine for mixed borders, and some of the varieties are delicately scented. Plants attain a height of about 2 feet, are of robust, branching habit, and covered with pea-shaped flowers for most of their length. (See illus-

2669 Collection of 5 varieties of Annual Lupinus for 40c

#### New Hardy Hybrids (Perennial)

2670 Showy, hardy perennials growing 3 to 4 feet in height, producing during summer long racemes of Pea-like flowers in a variety of colors. The hardiest perennial plant in cultivation..........Pkt. 15c

# MARIGOLD HENDERSON'S

#### AFRICAN (Annual)

- 2707 Orange Prince. A fine, selected strain, having large, double-quilled flowers of a deep golden-yellow; height 3 to 4 feet. Pkt. 25c
- 2710 Double, Mixed. 2 to 3 feet high; large, double flowers of yellow or orange Per 1,000 seeds, 25c; pkt. 10c

2711 Imported Collection of African Marigolds. Six varieties for..........40c

#### GUINEA GOLD (Annual)

(See Color Plate, page 83.)

2715 A distinct type of graceful pyramidal habit, growing 2 to 2½ feet high, and producing 30 to 40 flowers, 2 to 2½ inches across, of brilliant shade of orange flushed with gold. This new variety produces practically 100 per cent. semi-double. The Marigold odor is much less pungent than in other sorts. Pkt. 15c

#### FRENCH (Annual)

- 2715 Double, Mixed. The large perfectly double flowers measure from 3 to 4 inches across; color, velvety maroon, edged with yellow. Per 1,000 seeds, 25c; pkt. 10c
- 2726 Robert Beist. A splendid French sort, having flowers of a deep velvety maroon-red: height, 1 foot; good for borders, also as a pot plant........Per 1,000 seeds, 35c; pkt. 10c

2721 Imported Collection of French Mari-

#### PRIDE OF THE GARDEN (Annual)

Produces densely double flowers 3 to 4 inches across. The plants form dense bushes 2 to 3 feet high. For garden display during the summer and autumn months nothing can surpass them.

2727 Canary-yellow ...... Pkt. 10c 2728 Golden-orange......Pkt. 10c 2730 Mixed Colors...Per 1,000 seeds, 25c; pkt. 10c

#### LITTLE BROWNIE Tom Thumb (Annual)

2736 Forms little bushes 6 to 9 inches high, covered with showy blossoms from the early part of June until frost. The flowers are golden-yellow in color, marked with a velvety crimson blotch at the base of each petal. Fine for massing in beds, or for pot culture.

Per 1,000 seeds, 35c; pkt. 10c

#### **AUSTRALIAN TREE (Annual)**

2738 A very desirable variety, producing pyramidal plants 4 to 5 feet high, blooming from September until frost; excellent for cutting. Flowers are semi-double and double, golden-yellow and brown, produced on long stems. For fall and winter flowering under glass there are few annuals more satisfactory. (See illustration.)

MALLOW (Annual)

# 2700 Dwarf, Large-Flowering. These grow about 2 feet in height and bear throughout the sum-mer months large, saucer-shaped flowers of white, rose or crimson. Mixed Colors. Pkt. 10c

#### MARVEL OF PERU or Four O'Clock (Annual)

Of bushy habit, 2 feet high, bearing throughout the summer large flowers of white, yellow, crimson or striped. The flowers remain closed until about four o'clock in the afternoon, when they open and the plants become a mass of vivid colors.

2750 Mixed Colors...... Per oz. 25c; pkt. 10c

#### MATRICARIA (Double Feverfew) (Annual)

- Tom Thumb Double Yellow. A dwarf border or edging annual making a compact, bushy plant about 9 inches high and covered throughout the summer with miniature golden

#### MAURANDIA, Giant-Flowering (Annual Climber)

2770 The vines quickly hide trellis from view and are thickly studded with flowers nearly as large as Gloxinias. The plants from seed sown in spring will begin flowering by July and continue until frost. Height, 6 to 10 feet. Mixed Colors.

#### MESEMBRYANTHEMUM (Figmarigold) (Annual)

- 2772 Tricolor. A dwarf trailing plant fine for edgings and rock gardens; single daisy-like flowers, crimson, pink and white; height, 6 inches. Mixed Colors. (See Color Plate, page 60.)......Per 1,000 seeds, 50c; pkt. 10c
- Criniforum. An ideal plant for rockeries, edgings and crevices between stones, etc.; flowers are crimson, white, rose, yellow, continuous bloomer; height, 6 inches. Mixed Colors. Pkt. 25c

#### MIGNONETTE, Reseda Odorata (Annual)

- 2782 Allen's Defiance. A splendid variety for greenhouse culture; long spikes of flowers.
  Per 1,000 seeds, 25c; pkt. 10c
  2784 Bird's Mammoth. A most popular variety, producing long spikes and well filled with large, fragrant flowers throughout the season.
  Per 1,000 seeds, 25c; pkt. 10c
- 2786 Odorata Large-flowering. The popular, fragrant garden annual. Per oz., 25c; pkt. 10c
- 2788 Machet Perfection. Produces broad spikes of fragrant red flowers on strong stems, of continuous-blooming habit. Fine for either garden or pot culture. (See illustration.)

  Per 1,000 seeds, 25c; pkt. 10c
- 2791 Golden Goliath. The flowers are a deep golden-yellow in color, with spikes of immense size surpassing both in color and size any golden variety yet introduced. Pkt. 25c
- 2792 Red Goliath. The spikes are immense, 6 to 8 inches long by 2½ inches in diameter, and are filled with giant fire-red florets ½ inch across. The fragrance is delightfully rich and powerful. . . . . Per 1,000 seeds, 50c; pkt. 10c
- 2794 White Goliath. The double- white-flowering counterpart of the splendid "Red Goliath" offered above....Per 1,000 seeds, 50c; pkt. 10c

#### MIMOSA PUDICA (Annual)

2815 ("Sensitive Plant.") Curious annual, having pinkish-white flowers; the leaves instantly close up when touched. 2 feet......Pkt. 10c

#### MIMULUS (Perennial)

Tender, blooming the first year from spring-sown seed. Excellent for baskets or vases.

- 2820 Tigrinus. Monkey Flower. Dwarf plants, 1 foot high, with large Gloxinia-like flowers. Spotted and mottled. Mixed Colors. Pkt. 15c

## MINA LOBATA (Climbing Annual)

MINA LOBATA (Chilling 12825 Adapted for verandas, etc. The flowers, an inch across, are borne in large clusters; color, blood-red, changing to orange. Height, 18 to

#### MUSA ENSETE (Abyssinian Banana) (Perennial)

2838 A sub-tropical foliage plant, very decorative in pots or tubs, or bedded out; 10 feet... Pkt. 25c

MYOSOTIS or Forget-Me-Not (Perennial) (But flowers same year if sown early.)

#### DOUBLE NASTURTIUMS

#### Golden Gleam, Double, Sweet-Scented (See Color Plate, page 83.)

3012 The demand for this well-known novelty will surpass that of previous years. The flowers are borne on erect, stiff, 6-inch stems. When fully developed, the plant sends out short runners, also bearing numerous flowers, which add to the usefulness of the plant for the window box or as a pot plant. In the greenhouse, plants may also be forced, as sweet peas are, for early cut-flower sales. The long stems lend themselves admirably to cut-flower use, and the sweet-scented flowers emit a delightful fragrance.

Per ½ oz., 25c; oz., 40c; Pkt. 10c

#### Scarlet Gleam, Double, Sweet-Scented

(Gold Medal Award by the "All American" Selections Committee.)

#### DOUBLE. Glorious Gleam Hybrids, Finest Mixed, Sweet-Scented

(Award of Merit, 1934, by the "All American" Selections Committee.)

#### DWARF, DOUBLE. "Golden Globe"

#### NASTURTIUM (Annual)

TOM THUMB, Ornamental-Leaved

Mixed colored flowers; cream, orange, yellow, crimson, rose, scarlet, etc., lipped with other colors. Pkt. 15c

NEMOPHILA (California Blue-Pell) (Annual) (See Color Plate, page 60.)

### **NICOTIANA** (Flowering Tobacco) (Annual)

3045 Affinis. The popular, free-flowering variety; fragrant, star-shaped, white flowers; annual; 3 feet high....Per 1,000 seeds, 25c; pkt. 10c

3046 "Crimson Bedder." The Nicotiana affinis has not been found suitable for bedding purposes. This novelty being of dwarf habit, not exceeding 15 inches in height, is very suitable for bedding. The flowers are a rich, deep crimson and freely produced. (See illustration.). Pkt. 25c

3047 Crimson King. Dark, velvety crimson red. Per 1,000 seeds, 40c; pkt. 10c

3050 Affinis Hybrids. Provide continuous display Armis Hybrids. Provide continuous display through summer and autumn, flowering in a few weeks from sowing seed. The plants, of branching, bushy habit, 2 to 3 feet high, carry the flowers in clusters, measuring 1½ to 2 inches across, and are very fragrant. Purple, white, dark red, light red, salmon, violet, rose and pink. Mixed Colors.

Per 1000 seeds 25c: pkt 10c.

Per 1,000 seeds, 25c; pkt. 10c

#### NIGELLA (Love-in-a-Mist) (Annual)

In the finely cut, fern-like green foliage nestle large, double flowers of light blue or white, the charming effect having suggested the popular name of "Love-in-a-Mist." 12 to 15 inches high. (See illustration.)
3056 Miss Jekyll, Blue. Large, double, light blue. Pkt. 10c-3058 Miss Jekyll, White. Pure white flowers. Pkt. 10c-3060 Damascena. Double Mixed. The tall type. Pkt. 10c

## OENOTHERA (Evening Primrose) (Annual)

Fine for mixed borders. Grows in branching form, 1 to 2 feet in height, and produces freely large, single flowers of white, yellow, rose color, etc. They open every evening and last well into the following day.

3068 Royal Rose. "Mexican Evening Primrose." Rose color. Pkt. 10c 3070 Mixed Annual Varieties. Pkt. 10c

#### PANSY (Perennial)

Or, sow in February in window box at temperature of 65 degrees. When large enough, transplant 2 inches apart, and to open ground later.

"How to grow Pansies," our booklet on culture, is sent free to all applicants.

#### BUTTERFLY

Henderson's Mammoth. Originated from selections made by the late Peter Henderson—who was particularly fond of pansies—from the best American English, Scotch, French and German varieties. (See illustration.)
3120 Mixed Colors. Per 1,000 seeds, \$1,00; pkt. 25c

To raise spring-sown Pansies, sow seed thinly in cold frame in March, transplant when the weather is favorable and the plants are of sufficient size.

POPULAR STRAINS

 3100 Bedding.
 Firest Mixed.

 Per 1,000 seeds, 75c; pkt. 15c

 3110 Bugnot's Stained French.
 Mixed.
 Per 1,000 seeds, 75c; pkt. 15c

Henderson's Giant. Well-grown they measure 3 to 3½ inches across. Blotched, spotted, marbled, veined, striped and blended; colors passing through reds, rose, pink, white and purple. 3150 Mixed Colors..... Per 1,000 seeds, \$1.00; pkt. 25c

Henderson's Giant. The broad petals seem to be "gathered" to the stem, causing them to be fluted, not unlike "frilled" velvet. The flowers are of unusual substance and borne on strong stems well above the foliage. 

SWISS GIANT or Roggli's Hybrids

These varieties were raised by a Pansy Specialist in Switzerland and have created a decided sensation in floricultural circles.

The plants are very robust, and the very large flowers of heavy texture are carried on strong stems well above the leaves.

3172 Mixed Colors.

Per 1,000 seeds, \$1.00; pkt. 25c 3173 Cardinal Shades. A selection of many red and crimson sorts. Pkt. 35c 3174 Lake of Thun. Exquisite in color; rich ultramarine blue, having a darker blue blotch on the petals. (See illustration.).

Pkt. 35c 3175 Rheingold. The most intense yellow evolved so far. The three lower petals carry a brown blotch.

Pkt. 35c 3175A Silver Bride. (New.) Silver-white with large blotches.

Pkt. 35c

Henderson's Giant. Years of selection have evolved this superior type. The plants are of robust growth, deep-rooting, and drought-withstanding. The flowers have improved in size, substance, form and colors.

3216 President Carnot. White with large violet blotches.

Per 1,000 seeds, 60c; pkt. 10c
3217 Prince Charming. Rosy-red, veined purplish-lilac; a charming sort.

Per 1,000 seeds, 60c; pkt. 10c

Per 1,000 seeds, 60c; pkt. 10c
3218 Purple. (Airopurpurea.) Velvety royal-purple.

"GIANTS OF CALIFORNIA" Henderson's Giant Double
These are as large as Hollyhocks and very double. The edges are fringed, petals
fluted and crinkled, intensifying and varying the colors with high lights and dark
shadows. They come in a variety of colors—selfs, blotched, veined, margined, etc.;
in short, these Double Petunias are unsurpassed by any other strain.

NOTE.—This strain of Double-flowering Petunias does not produce seed. The pollen from the doubles is transferred to the chosen singles which produce seed so only about one-third of the flowers will be double and these in the seeding stage are always the weak-lings of the batch and are the ones to be transplanted.

#### DOUBLE SELF-SEEDING

This new strain produces seed; insuring (about 60 per cent, double) Petunias from seed. The flowers include a variety of different colors.

3236 The Bride. Fine delicate rose. Pkt. \$1.00
3238 Red Riding Hood. Bright Blood Red. Pkt. \$1.00
3330 Mixed Colors. Pkt. 50c

## "TRIUMPHANT" All Double Giant Fringed

#### GIANT SINGLE, Henderson's

Our strain of Giants of California is of incomparable beauty and size. Most of the flowers are exquisitely ruffled or fringed on the edges, and all are of enormous dimensions, 4 to 5 inches across. (See illustration.)

center. Pkt. 25c

3345 Queen of the Market. Deep carmine red shaded scarlet. Pkt. 25c

3346 Royal Purple. Rich royal purple. Pkt. 25c

3348 The Queen. A lovely large, fringed-flowered variety of rose-pink, variously marked with white; throat yellow. Pkt. 25c

3352 Titania. Royal purple, edged white Pkt. 25c

3360 Giants of California, Single Mixed Colors. Per 1,000 seeds, \$1.00; Pkt. 25c 

3364 Gottfried Michaelis. The bushes, 12 inches high, are covered with daintily fringed, bright amaranth red flowers with dark throat, measuring 3 inches in literature. diameter...

3366 Erfurt Dwarf "Lace Veil". A white fringed variety. The bushy plants, about 1 foot high, are thickly covered with white flowers measuring about 2½ inches across. Pkt. 25c

## PETUNIA "FLUFFY RUFFLES" A Modern Giant Fringed Variety

These beautiful varieties bear large flowers three to four inches in diameter embracing many beautiful colors, crimson, pink, lavender, white, mottled, etc. Many of the flowers have yellow throats while others deeply lined and netted on a white, pink or lavender ground. The flowers are beautifully ruffled, frilled and fringed. This is a fine sort for bedding or pot culture.

(See Colored Plate, Page 84)

#### HENDERSON'S SPECIAL MIXED FLOWER SEEDS

4740 A flower garden may be made in any out-of-the-way place by broadcasting and raking in, at the rate of 1 oz. per 100 square feet, mixed with sand or dry soil to secure even distribution.

Price, oz., 25c; ¼ lb., 75c; lb., \$2.00; postpaid.

Phlox Drummondii Annual

## **PHLOX**

#### PHLOX DRUMMONDII (Annual)

(See Color Plate, Page 60.)

For beds nothing can surpass these beautiful annuals. Separate colors, planted in separate beds, or the scarlet or pink surrounded by the white, or planted in designs, will form a floral picture. They produce immense trusses of large, brilliant flowers throughout the summer; 1½ feet high.

3382 Alba. White... Per 1,000 seeds, 50c; pkt. 10c

|      | Mixed. Brilliant colors          |        |    |

3741 Collection of Colossal Stocks. One packet each of the 5 separate varieties, 60c

#### Large-Flowering Ten Weeks (Annual)

Favorites for garden decoration; flowers double, of various colors and very fragrant.

3745 Cut-and-Come-Again Princess Alice. The branching plants, about 2 feet high, produce continuously from summer to fall, double white flowers, splendid for cutting.

Per 1,000 seeds, 75c; pkt. 10c

3750 Double Mixed... Per 1,000 seeds, 50c; pkt. 10c

#### STOKESIA, The Hardy Perennial Corn Flower

Stokesia blooms the first year from seed sown in any open, sunny position. The plants grow from 18 to 24 inches high, flowering from July till late in October. The flowers, 4 to 5 inches across on long stems, are popular for cutting.

3762 Cyanea Blue. Lavender-blue.....Pkt. 10c

#### FLOWER SEED NOVELTIES. (See Pages 54, 55, 56, 57)

We consider these offerings to be the best of those introduced by the world's foremost floriculturists. Not all have been tested in our Red Bank, N.J.. seed trial grounds, and in such cases we have printed the raiser's own descriptions.

## SUNFLOWER (Annual)

3777 Giant Russian. Immense, single yellow flower. Per oz., 15c; pkt. 10c

3787 Silver-leaved.

3785 "Red Semi-Double and Collarette." The plants are the same as "Red and Gold." The seed we offer has been saved from semi-double and collarette flowering plants.

Per ½ oz., 25c; pkt. 10c

Silver-leaved. Beautiful silvery foliage; large, single yellow flowers with black centers. Per oz., 25c; pkt. 10c

#### DOUBLE VARIETIES

3806 Double Chrysanthemum-flowered. Mag-nificent flowers 6 to 8 inches in diameter 

3808 Double "Globes of Gold." (Helianthus Multiflorus, fl. pl.) A dwarf, well-branched plant, 3 to 3½ feet in height. Each of the branches carries large, double, rich golden flowers........ Per ½ oz., 25c; pkt. 10c

#### "CUT-AND-COME-AGAIN," Branching (Annual)

#### SINGLE-FLOWERING VARIETIES

The plants form bushes 3 to 4 feet high, bearing a succession of flowers from June until frost. The perfectly-formed, single flowers, 3 to 4 inches across are poised on long stems, which "vase" beautifully. They commence to flower in a few weeks from seed. (See illustration.)

**3794 Mars.** Golden yellow, dark eye. Per ½ 0z., 25c; pkt. 10c

3796 Sirius. Lemon, dark center.
Per ½ oz., 25c; pkt. 10c
3798 White Star. White, with black eye.
Per ½ oz., 25c; pkt. 10c
3800 Mixed Colors.....Per ½ oz., 25c; pkt. 10c

## DOUBLE-FLOWERING VARIETIES

The plants form many-branched, pyramidal bushes, 3 to 4 feet high, bearing from base to summit a succession of double flowers from June until frost. They commence to flower in a few weeks from seed.

3816 Double Golden-yellow.

Per ½ oz., 50c; pkt. 10c

Reamy-white, with yellow
guard petals.......Per ⅓ oz., 50c; pkt. 10c

3820 Mixed Colors......Per ⅙ oz., 40c; pkt. 10c

#### Henderson's Special Mixed Flower Seeds

4740 A flower garden may be made in any out-of-the-way place by broadcasting and raking in, at the rate of 1 oz. per 100 square feet, mixed with sand or dry soil to secure even-distribution. Price, oz. 25c; 1/4 lb. 75c; lb. \$2.00; postpaid. "Henderson's Flowers for American Gardens" supplies full instructions for growing Flowers from Seed. Sent free if asked for.

# SWEET ROCKET, or Dame's Violet

Favorite, hardy plants for the garden border; 2 to 3 feet in height. covered with showy spikes of flowers. The colors range from white through lilac to pink and purple; splendid for cut flowers.

4440 Mixed Colors Pkt. 10c

#### SWEET WILLIAM (Annual)

The old favorite Sweet William flowers the second year from seed, but this new type blooms in early summer from spring-sown seed. The plants produce fine heads of bloom of various colors—white, crimson, rose-pink, etc., many of which are broadly edged with white.

4450 Mixed Colors. (See illustration.) Per 1,000 seeds, 50c; pkt. 10c

#### SWEET WILLIAM Perfection (Perennial)

Sweet William (Dianthus Barbatus) is one of our finest hardy garden plants, thriving in any good garden soil and lasting for years. The plants grow about 1 foot high and form fine clumps.

Deep rich crimson, with a well-4454 Diadem. defined white eye.

4455 Double, Karge-flowering Perfection.

Extra choice from a fine collection
Per 1,000 seeds, 60c; pkt. 10c

4456 Double Dwarf Mixed. Large-flowering variety, growing 9 inches high..... Pkt. 10c

4457 Harlequin. Large flowers are produced on one plant. Sometimes a head will be all of one color, but usually florets of different colors will be borne on the same head . . . . . Pkt. 10c

4470 Single Large-flowering Perfection, Mixed. Extra choice varieties.

Per 1,000 seeds, 25c; pkt. 10c

#### TAGETES Signata Pumila (Annual)

4473 A dwarf marigold, growing 6 to 8 inches tall, covered with golden yellow flowers; splendid plant for edgings and rock gardens.

Per 1,000 seeds, 35c; pkt. 10c

#### THUNBERGIA Alata (Perennial)

4475 Rapid-growing climber; height, 6 to 8 feet. A pretty vine for trellis, fences, rock-work, etc. Though a tender perennial, it is usually grown as annual. Mixed Colors ........Pkt. 16c

#### TITHONIA SPECIOSA (Annual)

4476 Tall-growing plant, with rich, single orange-scarlet flowers. Succeeds well as an annual if seed is sown in February or March, so as to have plants for planting out in May. Height 6 feet. (See illustration, Page 55)...Pkt. 25c

4476A Early flowering strain, blooms ten days earlier than the above, height 4 feet. Pkt. 25c

#### TORENIA (Annual)

These are of easy culture and are useful for windowboxes, low borders and bedding; height, 10 inches.

#### URSINIA Anethoides (Annual)

4478 An interesting annual from the Cape of Good Hope. The plants are dwarf, carrying on long, wire-like stems numerous orange-colored, daisy-like flowers with brown centers, making a striking and lasting display......Pkt. 25c

#### TRITOMA (Perennial)

Popularly known as "Torch Lilies," "Red-hot Poker," "Flame Flowers," etc., and produce the brightest flowers of the autumn garden. They grow from seed and flower the second year throughout the summer and fall. The range in color is from pale lemon to orange and from salmon-pink, coral-real etc., to crimson. The plants vary in height from 2 to 3 feet.

4480 New Hybrids. Mixed Colors......Pkt. 25c

4482 Uvaria Grandiflora. (Red-hot Poker Plant.) Orange-red flowers on spikes 2 to 3 feet high. Pkt. 15c

#### VENIDIUM Fastuosum (Annual)

4483 It suggests the exotic splendor of its native Africa, and luxuriates in the midsummer sun. The plants grow about 2 feet high and bear golden-yellow sunflower-like blooms with black centers. (See illustration.)........Pkt. 25c

#### VERBENA (Perennial)

4486 Venosa. A lovely hardy, purplish-blue verbena; fine for beds. The plants grow about 18 inches high and flower profusely...Pkt. 25c

## VERBENA (Annual)

- 4488 ETNA. Large trusses of intense crimson scarlet with a small creamy yellow eye.

  Pkt. 25c
- 4490 BEAUTY OF OXFORD HYBRIDS The giant hybrid, the florets measure over one inch in diameter. The color shades from clear rose-pink to rose red, making this the brightest Rose Verbena. Pkt. 25c
- 4512 FIREBALL. A dwarf variety 6 ins. high, covered with bright scarlet blooms, excellent for borders, beds, or pot plants.....Pkt. 25c
- 4514 SPECTRUM RED. This magnificent Verbena is brighter than any other Verbena yet introduced, having no eye......Pkt. 25c

#### MAMMOTH Henderson's (Annual)

The average trusses measure 3½ ins. across. They bloom freely, are vigorous in growth and for garden beds and massing they are unrivaled. Flowers of the most brilliant colors are produced from spring until late in the autumn.

4492 Mammoth Auricula-eyed Mixed. A variety of colors, each flower having a large white center... Per 1,000 seeds, 50c; pkt. 10c 1,000 Seeds Pkt,

Giant DAHLIA-FLOWERED ZINNIA Double (See Color Plate, page 94.)

# SWEET PEAS

#### Standard Orchid-Flowered Varieties and Novelties

## Price of All Named Sorts; 10c per Packet; 25c per Oz. Packets Contain from 40 to 50 Seeds

- 4002 Adorable. Salmon cerise on cream ground. (See color plate D, page 93.)
- 4006 Ambition. Large deep lavender. (See color plate E, page 93.)
- 4007 America. Striped and flaked brilliant carmine over white; very large.
- 4009 Amethyst. Beautiful clear blue. (See color plate C, page 93.)
- 4016 Ascot. Large frilled, self pink flowers.
- 4021 Avalanche. Very large pure white. (See color plate F, page 93.)
- 4027 Beauty. Large bluish pink flowers.
- 4049 Bonny Briar. The standard and wings have the same delightful shade of rose pink on a white ground, the rose color is toned down with a glint of amber.
- 4054 Celebrity. The most vigorous growing orange colored Sweet Pea, robust in growth the flowers are usually large and the stems long and strong.
- 4055 Chieftain. Beautiful deep mauve.
- 4057 Charm. Rich orange red cerise.
- 4063 Corona: Carmine rose on white ground.
- 4072 Crimson King. Large rich deep crimson waved flowers of fine form.
- 4074 Daffodil. Large flowering very deep primrose. (See color plate G, page 93.)
- 4077 Debutante. The color is difficult to describe, but the general effect is a lovely, soft salmon shaded coral or peach pink.
- 4083 Dolores. Deep rose pink marbled on cream ground. (See color plate A, page 93.)
- 4087 Ecstasy. A pure and lively shade of pale pink on a white ground with enormous frilled blooms.
- 4104 Fortune. A rich dark blue, the wings are real blue, bright and solid; standards of great size, beautifully waved, are real violet.
- 4105 Gold Crest. One of the brightest varieties, orange, tinted salmon.
- 4109 Grenadier. Large waved flowers of deep cerise.
- 4111 Gleneagies. Immense pale lavender blue.
- 4148 Huntsman. A beautiful shade of scarlet.
- 4188 Leviathan. Deep rich maroon. (See color plate M, page 93.)
- **4219 Mary Pickford.** A beautiful light pink, with just the faintest suffusion of salmon. The perfectly formed flowers that are invariably grouped in fours on the long stems are large and decidedly waved.
- **4232** Mrs. A. Searles. An ideal flower for all purposes, rich pink, merging into a soft red or golden orange.
- 4234 Mrs. Cuthbertson. Rose pink white wings. (See color plate P, page 93.)
- 4245 Olympia. Deep rich purple of exquisite form; large flower. (See color plate O, page 93.)
- **4249 Pinkie.** The beautiful rose-pink tone of the flower is free from the "blueness" of other deep pinks, and in a bunch it is glorious. (See color plate K, page 93.)
- 4250 Powerscourt. Flowers of an immense size. color pure lavender.
- 4252 Prince of Orange. The deepest orange. (See color plate L, page 93.)
- 4258 Red Boy. Large flowering deep crimson. (See color plate B, page 93.)
- 4259 Reflection. Beautiful clear blue.
- 4283 Smiles. Beautiful shrimp pink, shaded salmon. (See color plate H, page 93.)
- 4284 Sultan. Large glossy black maroon.
- 4285 Sybil Henshaw. Large flower, deep crimson, well frilled, sunproof.
- 4286 Susan. Blush pink on cream. (See color plate J, page 93.)
- 4287 Tangerine. Brilliant orange or tangerine colored flowers. The large flowers and long stems make this most effective.
- 4288 Tranquillity. Soft rosy lilac on cream, large flowers, long stems. (See color plate I, page 93.)
- 4296 Welcome. Bright dazzling scarlet. (See color plate N, page 93)
- 4298 What Joy. Primrose yellow shading to cream.
- 4300 Henderson's Mixed Giant Spencer Sweet Peas. Composed exclusively of Giant Waved Spencer varieties, blended in proper proportion of bright colors and shades.
  - Price, 10c per pkt. (75 to 100 seeds); 20c per oz. (400 to 500 seeds); 60c per 1/4 lb.; \$2.00 per lb.
  - One ounce will sow a double row twenty feet long.

## Early Flowering Giant Spencer Standard Varieties

The plants of this new race are of strong constitution, and bloom continuously for about four months if grown under congenial conditions. Grown in the open ground they begin flowering in about 106 days from seed sowing or fully four weeks sooner than late flowering sweet peas sown at the same time. This race will supplant all other early and late flowering sweet peas for winter flowering under glass, and also for open ground culture in our Southern States—sown perferably in fall or winter. Condensed cultural instructions for garden culture under both northern and southern conditions and for winter flowering under glass are given in Henderson's leaflet, "How to Grow Sweet Peas to Perfection," free to customers.

Price of any named varieties listed below, 15c per pkt.; 50c per oz. Packets contain from 40 to 50 seeds.

- 4305 Early Alameda. The color is deep rose-pink overlaid with glowing salmon-cerise pink. The stems are long and the flowers, mostly fours, are well placed.
- 4307 American Beauty. A rich, crimson rose color on a white ground. The blossoms are borne on long stout stems having four magnificent flowers.
- 4308 Early Apollo. The color is a soft salmon-cerise. The flowers are unusually large, nicely waved, splendidly placed and the stems are very long.
- 4312 Early Aviator. Dazzling crimson-scarlet.
- 4314 Early Bright Light. A flaming self scarlet. It is absolutely sun proof and, in fact, the brighter the sun, the brighter the color.
- 4315 Early Eleanor Blue. This is the new shade of blue which became so popular in Washington. The color is a delightful Eleanor Blue with a silver sheen and the flowers are spicy fragrant.
- **4316 Early Exposition Pink.** Exposition Pink can be best described as a gorgeous pink. The blooms, four to a stem, are very large, wavy and well spaced. The stems are long and stout and the plant is an extremely prolific producer of blooms over a very long flowering period.
- 4318 Early Fandango. A duplex early of a bright rose color. Early Fandango is strong in growth and usually four flowers are borne on fine, long, stiff stems.
- **4320 Early Fortyniner.** The color is a deep yet bright orange shade, making a glorious bunch. The flowers are large and very bold, frequently with double standards and splendidly spaced on the stems. Standards and wings are alike in richness of color.
- 4321 Fragrance. The color is a pleasing, clear lavender self, and the beautifully frilled standards and nicely spread wings have the same delightful shade.
- 4322 Early Glitters. An attractive orange-scarlet.
- 4339 Early Hope. A mammoth flowering black seeded pure white. The flowers are large and waved, stems long, habit vigorous. The buds have a cream tinge, which turns to a solid paper white. We predict a great future for this variety.
- 4340 Early Lavanda. It is a pure clear lavender—impressing one with the fact that at last we really have a pure lavender sweet pea. The blossoms are extremely large and waved, perfectly spaced on long, stout stems.
- 4341 Early Marine. This is the clearest of all blues either in the late or early class. Both standard and wings carry this truest blue evenly throughout the entire flower. The size is enormous, being the largest blue in existence, the standard measuring fully 2½ inches across.
- 4342 Miss Annie Laurie. The richest tone of pure rose pink ever produced in a sweet pea. Long stems which are maintained throughout its blooming period, and fours, of course.
- 4344 Early Mrs. Kerr. A fine shade of salmon.
- 4351 Early Oriental. The flowers appear in fours, this being the rule rather than the exception. The color is clear, deepest cream. The flowers are well waved and most of the flowers have duplexed standards.
- 4400 Early Flowering Giant Spencer, Mixed. This exquisite strain contains the delightful, characteristic sweet pea colors in infinite variety. The flowers are identical in size and beauty to the named sorts.
  - Price, 10c per pkt.; 40c per oz. (400 to 500 seeds) \$1.25 per 1/4 lb.

## Henderson's "National" Collection of

# GIANT SPENCER ORCHID SWEET PEAS

Sixteen of the Best Varieties Shown in Colors on Opposite Page and Described Below

Sweet Pea evolution is constantly producing additions to the glorified race of "Spencers," which have superseded the older types, and in this collection we include a number of the most recent.

The characteristics of the Spencer Sweet Peas, grown under congenial conditions, are: robust growth, the plants attaining a height of from 6 to 10 feet requiring for full development to be from six inches to a foot apart. The flowers are giants among Sweet Peas, measuring 2 to 2½ inches across. They are beautifully formed, with huge standards, open and upright, and immense wings gracefully poised. Both standards and wings are daintily waved, the undulations

reflecting high lights and casting shadows in the depth, thus showing a varied harmony of tones which greatly enhances the coloring. Three and often four of these queenly blossoms are borne on long, strong stems, rendering them unsurpassable as cut flowers for vases, bouquets and other decorations. Their long-continued profusion of bloom is phenomenal, but accounted for by the fact that a majority of the flowers of true Spencers fall as they fade—before the seed pod is formed—thus continuing the succession of bloom—for, as all know, when Sweet Peas set pods, the flowering diminishes.

4301 COLLECTION. One pkt. each of the sixteen varieties for \$1.00 postpaid.

#### Key to

- A 4083 Dolores. Deep rose-pink marbled on cream ground.
- 4258 Red Boy. Large flowering, deep crimson.
- 4009 Amethyst. Beautiful clear blue.
- 4002 Adorable. Salmon-cerise on cream ground.
- 4006 Ambition. Large, deep lavender.
- 4021 Avalanche. Large glistening white flowers.
- 4074 Daffodil. Large flowering, very deep primrose.
- 4283 Smiles. Beautiful shrimp pink, shaded salmon.

- T 4288 Tranquillity. Soft rosy-lilac on cream; large flowers, long stems.
- 4286 Susan. Blush pink on cream.
- 4249 Pinkie. Rose-pink flowers of large size.
- L 4252 Prince of Orange. The deepest orange.
- 4188 Leviathan. Deep, rich maroon.
- 4296 Welcome, Bright, dazzling scarlet.
- 4245 Olympia. Deep, rich purple.
- 4234 Mrs. Cuthbertson. Rose-pink, white wings.

#### 4300 Henderson's Mixed Giant Spencer Sweet Peas

An unsurpassable mixture. Composed exclusively of Giant Waved Spencer varieties, blended in proper proportion of bright colors, selfs and art tints, also including several new hybrids of exquisite colors and shades.

Per pkt. (75 to 100 seeds), 10c; per oz. (400 to 500 seeds), 20c; per ½ lb., 60c; per lb., \$2.00

One ounce will sow a double row twenty feet long

## NOVELTIES IN GIANT SPENCER ORCHID-FLOWERED SWEET PEAS

These Novelties, because of their outstanding qualities and distinct color features, have created world-wide interest, having been awarded Medals and Certificates of Merit at the National Sweet Pea Society's Trials in England during the summer of 1934.

#### LATE FLOWERING VARIETIES

- A new and distinct color of strong character; it is a dazzling red with golden-salmon shadings. The National Sweet Pea Society listed Lady Macbeth as a new color in their trials of 1933. The flower is massive, with beautifully waved standard, nicely spread wings and a bold
- Pinnacle. It is a true deep rose-pink, with standard and wings alike in color. The rose-pink sparkles with life and is on a white ground. The vines are exceptionally vigorous and are extremely floriferous....Pkt. 25c 4247 Pinnacle.
- 4282 Sentinel. The color is a glowing, deep salmon-cerise on cream, full of life and sparkle. It is a very vigorous grower, the flowers are perfectly placed on long, stout stems. Wings and standard alike in color.........Pkt. 25c

#### EARLY FLOWERING VARIETIES

- Ramona. A distinct new color in Early Sweet Peas: It is a delightful luminous coral-rose, with yellow and pink shadings blended to make an exquisite shade of geranium pink. The flowers are very ruffled and duplexed, which sometimes appear quite double, with four to a stem. Pkt. 25c
- 4383 Sweet Briar. The standard and wings have the same sparkling shade rose-pink on a white ground, toned down with a touch of amber, which makes it sparkle under artificial light. The harmony of this combination is rich and gorgeous. Pkt. 25c is rich and gorgeous.....

#### Brief Cultural Directions for Growing Sweet Peas

Sowing Sweet Pea Seeds in the Open Ground. When Sweet Peas are to be grown from start to finish in the open ground the seeds should be sown at the earliest possible date in spring, even before frosts are over, for they are quite hardy. But, of course, this cannot be done until the ground is dry enough to work, i.e., is crumbly, not wet and sticky. The object of early sowing is to give the roots as long a time as possible to develop before the warm weather excites the tops into rapid growth. Slow sturdy top growth and a well developed root-system, roots clear down to the cool, rich, moist lower layers of soil before hot weather, is one of the secrets of success. After the ground has been prepared, raked and leveled, draw a flat furrow with a hoe about 6 inches wide and 3 inches deep and plant the seeds 2 to 3 inches apart zigzag along the center of the furrow, cover with about 1 inch of soil, then tramp firm with the feet;

this will leave the seeds in a light depression which will hold moisture and hasten When the seedlings have attained a height of 2 to 3 inches they germination. should be thinned out to remain 6 to 12 inches apart, the greater distance is advised for trench culture if the plants are expected to develop their maximum capacity. Cultivation should begin just as soon as the plants are large enough to keep the surface of the ground loose, admit air and conserve the soil's moistures. At each of the earlier hoeings draw a little of the ridged soil into the furrow about the plants until it is all level. This gets the roots down deeper where they are less susceptible to the drying out effects of hot weather. We do not believe in ridging up the young seedlings as ridges turn the water away. The vines are of course to be supported by brush or netting.

4681 Collection—one packet each of the above 8 varieties \$1.00

# The Prizewinning Gladiolus PICARDY

## The Best of its Color Ever Introduced

This beautiful New Apricot pink variety is conceded to be the best sort of its color that has been introduced in recent years and has created a sensation wherever shown, being a consistent PRIZE WINNER.

Color soft apricot pink with a silver sheen, feathering of deeper color in the throat. The individual florets are large, 6 ins. or more across, slightly ruffled and of wax-like substance. There are 6 to 8 of these magnificent blooms open at one time, well placed on graceful spikes. Flowers in 90 days from time of planting.

Price, 20c each; \$2.00 per doz.; \$15.00 per 100.

## PRIMULINUS HYBRIDS

These Hybrids are early flowering, extremely graceful and profuse in bloom and provide a most enchanting array of artistic colors.

# Henderson's "Favorite" Collection of Ten Modern Gladiolus

Illustrated in Colors on Opposite Page and Described Below

We are offering the "Favorite" Collection of Super-Gladiolus for the benefit of many of our customers who often ask for the best ten varieties for exhibition and garden use.

The varieties mentioned are among those indicated as favorites and the most popular by the votes of the members of the American Gladiolus Society, chosen from approximately 7,000 varieties in commerce.

All of these are prize winners and will be found in every Gladiolus Show.

We hope our customers will avail themselves of this opportunity to beautify their gardens with this collection,

Collection A. 10 Bulbs, one of each variety, \$1.00 Collection B. 60 Bulbs, six of each variety, \$5.00 Transportation Paid Transportation Paid.

# SUMMER FLOWERING BULBS HENDERSON'S SELECTED

Caladium

Cinnamon Vine

Montbretia

Tigridia

# These Bulbs Grow Quickly—Easy Culture

The bulbs offered on this page include some of our showiest garden flowers. They are of easiest culture; planted in spring in good garden soil, they flower with great certainty during the summer and fall. They are also very useful to fill up vacant spots in a hardy border of perennials, adding to it a dash of color. After the tops have been killed off by frost, all of the bulbs (with the exception of Cinnamon Vine) should be taken up and stored in the cellar over winter. as they are not hardy.

#### CALADIUM ESCULENTUM

"Elephant's Ear." Grand tropical-looking plant. A favorite for specimens on the lawn, or for bordering large sub-tropical groups. They produce enormous leaves, frequently 4 feet long by 3 feet wide; height, 4 to 5 feet. Plant after the ground has warmed up, and take up before frost. (See illustration.)

First Size. Price, each, 25c; doz., \$2.50.
Extra Size. Price, each, 40c; doz., \$4.00.
Transportation paid.

#### CINNAMON VINE

A beautiful, hardy climber for anything on which the vines can twine; it grows from 15 to 30 feet high, and when established the vines attain a much greater length. The leaves are green, thick and glossy, always clean, healthy and free from insects. The white flowers, while insignificant, emit a delightful cinnamon-like perfume. The roots are quite hardy and, although the stems die down in winter, the vines shoot up with great rapidity in the spring, and cover trellises or arbors quite early in the season. (See illustration.)

Price, extra large, 2-year-old roots, each, 20c; doz., \$2.00; transportation paid.

#### CRINUM Kirkii

Produces flowers of the greatest beauty. Usually two flower stalks of dark purplish color are sent up at the same time, each bearing a large umbel of enormous lilylike flowers of white, with a reddish purple stripe through the center.

Extra large bulbs, each, 50c; doz., \$5.00; transportation

#### HYACINTHUS Candicans

A luxuriant-growing, summer-flowering plant, spreading 2 to 3 feet, throwing spikes 4 to 5 feet in height, each bearing 20 to 30 large, white, bell-shaped flowers, splendid for groups. If planted in the center of beds of scarlet Gladiolus, the effect is magnificent.

Price, each, 15c; doz., \$1.50; 100, \$12.00; transportation raid.

### ISMENE CALATHINA

(Peruvian Daffodil)

Handsome clusters of large, very striking, fragrant, pearly white flowers. Bulbs should be kept warm and dry and planted out in the middle of May. They will then commence flowering in July. It is also admirably adapted for pot culture. (See illustration.)

Price, each, 25c; doz., \$2.50; transportation paid.

#### MADEIRA VINE

The old favorite, "Climbing Mignonette," so much prized for porches and arbors on account of its rapid growth and freedom from insects. Thick, glossy leaves, and long, hanging stems of feathery, fragrant, white flowers. The tubers we offer are selected large size.

Price, each, 15c; doz., \$1.50; 100, \$12.00; transportation raid.

#### MONTBRETIA

The Montbretia is one of the most floriferous and showy of summer-flowering bulbous plants, producing in great numbers, graceful spikes 8 to 12 inches long, each spike bearing from 18 to 30 exceedingly showy, star-shaped flowers, 11/2 to 2 inches across. (See illustration.)

Fire King. Large flowers of a glowing scarlet red; decidedly one of the most beautiful. Price, each, 10c; doz., \$1.00; 100, \$7.50.

George Davison. The stems are from 3 to 4 feet high; very branching, bearing lovely, pale orange-yellow flowers, widely expanded.

Price, each, 12c; doz., \$1.25; 100, \$9.00.

## MONTBRETIA—Cont'd

Golden West. Produces tall, branching spikes and large, well open flowers of a most beautiful pure golden yellow, without the least spot or shade; strong grower. Price, each, 12c; doz., \$1.25; 100, \$9.00.

Lady Hamilton. Very floriferous yellow; the center is suffused with a ray of rosy apricot; strong grower; fine and distinct.

Price, each, 15c; doz., \$1.50; 100, \$12.00.

Lord Nelson. Deep orange-scarlet, externally crimson, eye yellow; large flower, very beautiful; the stems are dark, much branched and 3½ feet high.

Price, each 15c; doz., \$1.50; 100, \$12.00.

Majori. New, pale orange with crimson markings. Price, each, 15c; doz., \$1.50; 100, \$12.00.

Rosea. Bright salmon rose; distinct. Price, each, 15c; doz., \$1.50; 100, \$12.00,

Mixed Hybrids. Containing a fine assortment of yellow, orange and scarlet shades.

Price, each, 8c; doz., 80c; 100, \$6.00; transportation

#### **TUBEROSE**

Albino, Single, Early Flowering. A single white tuberose. It commences to flower in July and August, throwing from two to five flower spikes from a single bulb. Beautiful for gardens and a splendid cut flower. Price, each, 10c; doz., \$1.00; 100, \$7.50; transportation

Pearl, Henderson's Double Dwarf. Plant is dwarf, growth stocky, the flower spikes attaining a height of about 2 feet, and are compactly filled for two-thirds their length with very large, perfectly double flowers 1½ to 2 inches across, or nearly twice the size of the old sort. The flowers have the wax-like substance of a camelia, are glistening white and deliciously fragrant. The bulbs planted in the garden in May, in warm, rich soil, in a sunny position, flower with great certainty in the fall. If early flowers are wanted, the bulbs may be started in pots in the house from February to April, removing the plants to open ground when it is warm enough in May. (See illustration.)

Price, extra large flowering bulbs, each, 8c; doz., 75c; 100, \$5.00; transportation paid.

100, \$5.00; transportation paid.

Silver Leaf. Showy and effective, even when not in bloom, the foliage being distinctly striped white and green. Each bulb frequently throws up two or more spikes, 3 to 4 feet high, each bearing several pure white, single, waxy flowers, delicately perfumed. They flower several weeks earlier than double tuberoses.

Price, each, 10c; doz., \$1.00; 100, \$7.50; transportation paid.

## TIGRIDIA

or Shell Flowers. Extremely handsome summer flowering bulbs, growing about 2 feet high, producing large, gorgeous flowers large, gorgeous flowers in shades of yellow, orange and red, exquisitely spotted, flowering very freely throughout the summer. Mixed Colors. (See illustration.)

Price, each, 15c;

Price, each, 15c; doz.,\$1.50;100,\$12.00

# HARDY LILIES (Lilium Vars)

## Majestic and Charming in the Hardy Garden

Lilies are stately and most beautiful bulbous plants—producing large flowers of exquisite outline and varied coloring. They are hardy even in cold locations with protection, usually surviving for many years. Ideal locations are in the shrubbery or herbaceous border where the roots are sheltered from the hot sun. Groups of 6 or more lilies of a kind, here and there, in such situations are most Groups of 6 or more lines of a kind, nere and there, in such structions are most effective. Large isolated clumps or beds of the varieties Auratum, Henryi, Regale, Speciosum, Tigrinum, etc., are also very beautiful. They should be planted just as soon as the ground can be worked 6 to 8 inches below the surface in light soils, or 4 to 5 inches below in heavy soils; in the latter case the bulbs should be surrounded by sand to facilitate drainage.

Lilium Auratum. (The Golden Rayed Lily of Japan.) The flowers are pure white, thickly studded with crimson spots, while through the center of each petal runs a clear golden band. Fully expanded, the flowers measure nearly a foot across and possess a most delicious fragrance. Season of bloom from July to October. 3 to 5 feet. (See illustration.)

Extra size bulbs, 35c each; \$3.50 doz.; \$25.00 per 100.

Lilium Elegans Mixed Varieties. A fine dwarf Japanese variety of easy culture. Colors shading from yellow to deep blood red. Flowers June-July. 25c each; \$2.50 doz.; \$18.00 per 100.

Lilium Henryi. (The Yellow Speciosum.) A new rare and very beautiful Lily from China. It is very hardy, and without doubt one of the best Lilies for Garden culture. The flower stalks, 3 to 5 feet high, carry 5 to 8 large flowers each, rich apricotyellow, lightly spotted with brown. The shape and size of the flowers has suggested the name "Yellow Speciosum."

40c each; \$4.00 doz.; \$30.00 per 100.

Lilium Longiflorum Giganteum. The well-known, beautiful snow white fragrant, hardy garden Lily. Flowers trumpet-shaped, 6 to 8 inches long; height 1½ to 3 feet.

Extra size bulbs, 35c each; \$3.50 doz.; \$25,00 per 100.

Lilium Regale ("A Royal Beauty"). The flowers are white, slightly suffused with pink, with a beautiful shade of canary yellow at the center; blending out part way up the trumpet. The fragrance is fascinating. A splendid, hardy Lily for the garden, flowering about July 1st. Well-grown bulbs often produce five to eight blooms. (See illustration.)

35c each; \$3.50 doz.; \$25.00 per 100.

"I am sending to you a photograph (which we print on this page) of my Regale lilies raised from bulbs I purchased from you.

"Three of the stalks measure five feet eight inches in height, each of them carries more than thirty lilies and buds. This is the third year they have bloomed."

Mrs. W. C. Sumpter,

Bowling Creen, Kr.

Bowling Green, Ky.

Lilium Speciosum, or Lancifolium. The varieties of L. Speciosum or Lancifolium are perhaps the most popular Lilies grown. They are easy of cultivation, and produce large flowers of delicate beauty on strong stems; height, from 2 to 4 feet; blooming in August. The varieties are: (See illustration.)

. Album. White.

Extra size bulbs, 45c each; \$4.50 doz.; \$32.50 per 100.]

L. Rubrum (Roseum.). White, shaded and spotted with rose and red. Extra size bulbs, 40c each; \$4.00 doz.; \$30.00 per 100.

L. Melphomone. Rich blood-crimson, heavily spotted. Extra size bulbs, 40c each; \$4.00 doz.; \$30.00 per 100.

Tigrinum Splendens. (Improved Tiger Lily.) The grandest of the Tigers black polished stem. Very large pyramids of flowers, orange red, spotted with black 3 to 5 feet high. Blooms in August. 25c each; \$2.50 doz.; \$18.00 per 100.

L. Flora Plens. (Double Tiger Lily.) Double bright orange-red flowers spotted with black. Blooms in August.

30c each; \$3.00 doz.; \$20.00 per 100.

Lilium Umbellatum. Of strong, sturdy habit, growing from 2 to 3 feet high, having large showy flowers in clusters at the summit, flowering in June and July. The colors range through all shades of red from rose to blackish-crimson, yellow, buff, orange, etc., many being spotted. Mixed colors.

25c each; \$2.50 doz.; \$18.00 per 100.

#### **OUR PLANT CATALOGUE FOR 1935**

The enlargement of our Plant Department has made it imperative for us to issue a separate Plant Catalog.

This catalog, which contains many outstanding novelties in Roses and other plants, also features an enlarged list of select standard varieties. It has four full color pages and many rotogravure illustrations. It will be mailed to all customers on our list when issued.

# IMPLEMENT DEPARTMENT EVERYTHING FOR THE LAWN

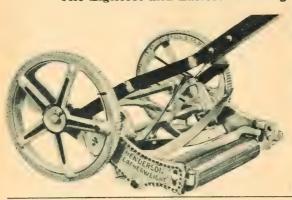

SPECIAL NOTE-We prepay transportation charges on Lawn Mowers, Fertilizers, and Insecticides where noted, by parcel post, express, or freight at our option within the first and second zones (150 miles of New York City). Purchasers beyond these zones pay transportation charges.

Purchaser pays transportation charges on implements, fertilizers and insecticides except where noted. We guarantee the safe delivery of all implements and requisites shipped by parcel post or express in the United States. For postage on mailable articles, see zone rate in next column. Special packing for export shipments charged for at cost.

## THE HENDERSON "FEATHERWEIGHT" LAWN MOWER The Lightest and Easiest Running Mower in the World. Leaves the Lawn Like Velvet

Perfect balance and steel ball-bearings contribute to its ease of operation, and skillful adjustment of the fittings eliminates all rattling and squeakiness. result is a mower that requires no more effort to operate than is needed to push a vacuum cleaner across a rug.

The wheels are 10 inches in diameter; this permits the mower to roll over rough or uneven surfaces without lessening its cutting efficiency. Another feature that is exclusive in the Henderson "Featherweight" is that the knife is close to the outer point of the wheels. This permits close cutting around trees or other obstructions. point of the wheels. This permits close cutting abound the obstactions. The 64-inch diameter of the reel enables it to cut tall grass as well as to clip the closest turf. It has 4 crucible steel, oil-tempered blades. The lower blade is made of the highest grade cutlery steel, hardened, tempered and ground, so that the mower always remains sharp.

The machine is of the two-gear internal driver and pinion type with ratchet in pinions. The pinions revolve on the reel shall when the money wards. The ratchet is of the double pawl design placed in pinions. The pinions revolve on the reel shaft when the mower is rolled back-

wards. The fatcher is of the database price, 14-inch cut, weight 35 lbs. \$13.50

Above are fitted with Hyatt roller bearings and scrapers. Purchaser pays transportation.

## Henderson "Allover" Sprinkler

The Henderson "Allover" Sprinkler

Three patented sprinkler nozzles are attached to

Three patented sprinkler nozzles are attached to two sections of high quality rubber hose, each 15 feet long. This permits great flexibility, allowing the outfit to be laid straight, in a circle or at any angle desired.

When laid straight—with average pressure—it will sprinkle thoroughly an area about 50 feet long and 20 feet wide. The nozzles break the water into a very fine mist which will penetrate into but not wash the soil. It is therefore safe to use even on a newly planted lawn.

Price complete, \$5.50. Extra 15-foot section of hose with couplings, \$1.50; extra Connecting Nozzles, 80c each; extra End Nozzles, \$1.00 each. Transportation paid.

Transportation paid.

## Double Rotary Next Best

The steel gears run in a bath of oil.
The nozzle is adjustable for fine or coarse spray,andpermits covering small or large area without reducing volhase permits moving while in operation. Cannot tip over on any

Double Rotary The enclosed gears run in oil

wearing parts enclosed. Very successful for overhead systems; covers diameter of 15 to 80 feet, according to

pressure.
Price, \$12.50. Transportation paid.

# Dayton "A" Rotary and Oscillating It can be set to spray a complete cir-

Dayton "A" Sprinkler

cle or a half circle. The nozzle can be fixed for any kind of a stream, either fine, medium or coarse. This is a particularly valuable feature, especially on a newly seeded Lawn. It can also be adjusted to a 3-foot or 40-foot radins

Price, \$6.50. Transportation paid.

## Dayton "C"

The sprinkler arm can be adjusted in a half a minute to produce a light or heavy spray. It can also be made to cover a circle from 5 to 50 feet in

diameter with an even diameter with an even distribution of water from the center to the periphery. The babit non - leakable bearing allows the sprinkler to run perfectly on low water pressure. It is made from non - corroding metal.

Price, \$2.00. Transportation paid.

Dayton "C" Sprinkler

#### Rainbow

This is the most practical sprinkler for use in rural communities where gravity or other low water pressures are likely to be encountered.

Rainbow Sprinkler

The revolving arm of the Rainbow Sprinkler is finely balanced. Depending on the pressure, it will water thoroughly a circle from 30 to 60 feet in diameter. \$1.50

Price Transportation paid

#### Anaconda

It stands 10 inches high and at a pressure of 20 lbs. will cover an area 40 feet in diameter. Equipped with 44-inch loose swivel Con-nections. Finished in Duco. Price, \$1.75. Transpor-

#### 'Hole-Proof Hose-Hanger''

Insures the hose against holes, cracks and checks, and doubles its life and useful-ness. Compact and conveni-ent. Carries 100-ft. hose. Price, \$1.00. Transporta-tion paid.

## Cooper Brass Hose Mender

Made of brass tubing; scarcely decreases flow of water.

Price, for hose with ½-in. or ¾-in. bore, 10c each; \$1.00 per doz.; 1-in. bore, 15c each; \$1.25 per doz. Transportation paid.

Gibbs Hose Mender

Simply cut the hose apart where a leak occurs, insert the tube and hammer down the steel fingers.

Price, 34-in., 10c each; \$1.60 per doz.; 1-in., 15c each; \$1.65 per doz. Gibbs Hose Transportation paid.

Bull Dog Hose Clamp
The best device for attaching hose of Hose clamps for 1/2-in. hose, 75c doz.
Transportation paid. couplings.

## Noscrew Hose Clamp

Set contains brass pipe and two clamps. Price, 25c; each \$2.75. doz. sets, Transportation paid.

Hydrant Swivel

Turns in any position; prevents hose from kink-ing. For %-in. hose, 90c each. Transportation paid.

Hose Reducer

For connecting hose of 1-in. bore with \( \frac{4}{2}-in. \)
Price, 40c. Transportation paid.

## The Popular "Planet Jr." Garden Implements

Purchaser pays transportation charges on Implements, except where noted. When packed weight is given, they may be forwarded by parcel post. Include postage according to zone rates on page 152

"Planet Jr." Wheel Hoe and Cultivator Their Attachments and Uses
The Cultivator Teeth, used
for deep or shallow cultivation.
The Flat Hoes for surface hoeing.
The Small Plows (supplied with the
Double Wheel Hoes) are for hilling up, cover-No. 16 ing, furrowing, etc.

The Landside Plow (supplied with the Single Hoes) is used for plowing, furrowing, covering, etc.

The Rakes, are for stirring the surface.

The Leaf Lifters with No. 16 turn aside the foliage.

The Single Wheel Hoes are rather lighter than the double and while the wheel can be set on the side of the frame, enabling both sides of one row to be hoed at one time, yet they are best adapted for working between two rows.

No. 16. Complete, with eight attachments, including leaf lifter.

\$8.50

No. 17/2. Has hoes and cultivator teeth and plow.

7.35

No. 17/2. Has boes and cultivator teeth.

6.40

No. 18. Has hoes only. 5.50
18. Has hoes only

18. Has hoes only

The Double-Wheel Hoes, while they work equally well between two rows plants, are especially adapted for straddling one row, working close up to this sides of the plants until they are 20 inches high. No. 11. (Complete)... No. 13. Has hoes only

No. 119 "Planet Jr." Garden Plow
Has a high wheel for easy running. The equipment is so complete that it will
meet all ordinary garden needs.
Price, \$3.65. Purchaser pays transportation.

Purchaser pays transportation on above.

Fire-Fly Garden Plow

Will throw a furrow 4 to 6 inches wide and 1 to 3 inches deep. Price \$4.00. Purchaser pays transportation.

Purchaser pays transportation. "Planet Jr." Star Pulverizer, Leveler & Weeder It has revolving star shaped discs ideal for pulverizing the surface. Price, \$2.85. Purchaser pays transportation.

The "Planet Jr." Catalog more fully describing and illustrating full line of implements. Mailed to applicants free.

# The "Henderson" Hand Garden Plow It is equipped with a plow, suitable for opening and covering furrows, hilling celery, potatoes, etc., and for plowing under the accumulations in a poultry yard it is very useful. The scuffle hoe cuts off weeds below the surface and loosens the surface of the soil; it is loosens the surface of the soil; it is also fine for cleaning walks; the seed furrow opening tooth is also very useful for its purpose. Price, complete, \$4.75. Purchaser pays transportation.

Planet Jr. Jiffy-Hoe
The Jiffy-Hoe is the handiest little cultivator ever made for a small
garden. It takes the back breaking out of hoeing and weeding,
because with the Jiffy-Hoe you can do all your gardening standing

up.

The strong, straight-grain ash handle is adjustable to any height. Any size member of the family can garden in comfort.

All the steel parts are sturdy and durable.

Price, \$2.25. Plow attachment extra, 75c.

Post paid 1st and 2nd zones (150 miles of New York

#### 'Henderson's" Wide Wheel Wheelbarrow

The tire being 5 inches wide does not cut or deface the turf.

Body—26 inches long, 19 inches

wide in front; 22 inches long in back.
Sideboards—26 inches long, 12 inches high.
Handles—58 inches long by 2 x 1 ¾. Weight, 60 lbs.
Steel Wheel—5 inch tire, 20 inches diameter.
Price, \$11.00. Purchaser pays transportation.

The "Henderson" Wheelbarrow Same construction as Henderson's Wide Wheel Wheelbarrow, with Steel Wheel, 2-inch tire. Fully warranted to stand rough usage and garden use. Does not sink into soft ground. Weight, 55 lbs. Body 26 inches long, 19 inches wide in front, 22 inches wide in back. Sideboards 26 inches long, 12 inches

high.
Price, \$10.00. Purchaser pays transportation. The Regulation Wheelbarrow

A superior barrow, handsomely painted and striped; iron leg braces, bolted, not screwed on run under the legs, forming a shoe to slide on avoiding racking the barrow. Purchaser pays transportation

#### Rapp Hand Seeder

Valuable for sowing

Valuable for sowing the smaller types of seed in Hot Beds, Greenhouse and for Market Gardeners' use in the field. The "Rapp" Seeder is designed to sow seeds of all the smaller seeded vegetable crops which include tomatoes, eggplants, peppers, cabbage, cauliflower, broccoli, spinach, radishes, turnips, kohl rabi, celery, beets, carrots, parsnips, swiss chard, parsley, turnips, kohl rabi, celery, beets, carrots, parsnips, swiss chard, parsley, dandelion, onions, leeks, etc. Large seeded crops like peas, beans, cantaloupes, squash, sweet corn, etc., are not included.

Price, \$5.00. Purchaser payed transportation.

Price, \$5.00 transportation.

## HENDERSONS MODERN HOT BEDS AND COLD FRAMES

### Henderson's 1935 Model Electrically Heated Hot Bed

The age-old custom of making a hot bed with stable manure and deuncertain heat producing element of fermentation, with its accompanying messiness and its all pervading odor, is now supplanted modern

scientific electrical, sanitary plant nursery. Heretofore the hot bed was always hidden in an unseen corner of the garden because of its was always hidden in an unseen corner of the garden because of its unattractiveness. Henderson's Electrically Heated Hot Bed is not only efficient but also attractive. It is neatly built, painted neutral gray, and can be placed near the house, as there is no need to hide it. The electrical heating unit is manufactured by Westinghouse and

carries the Westinghouse guarantee. The 1935 model is so constructed that the heat spreads out uniformly over the entire area of the hot bed, which is covered with 2 half length 3 x 3 ft. sash. The heat may be adjusted to suit the temperature and the automatic, Built-in Watchman thermostat maintains a constant heat without attention. The cost of operation is very low. The average consumption of current ranges from 1½ to 2½ kilowatt hours per day. Based upon a rate of 3 cents per kilowatt hour the operation cost will range from 4½ to 3 cents per knowatt non the operation cost win range from 4% to 7½ cents per day, or when extended over the period that the hot bed is used, the cost of maintenance is less than the amount it would be necessary to pay for the manure to make an old-fashioned hot bed. When the seedlings are far enough advanced they can be hardened

by turning off the current, when it becomes a cold frame. directions included.

Price, complete, \$30.00. Electric unit only, \$10.00. Purchaser pays transportation.

#### Henderson's Hot Bed and Cold Frames

Made of best cypress lumber, planed and painted. The cor-ners join by bolting on angle irons. 8 inches deep in front, 16 inches deep at back. We ship them "knocked down," but they are quickly and easily put together.

put together.
Frames are furnished with or without Extra Fine Glazed Sash.
Prices. Cost of crating sash extra. \$1.50 per crate from two up
to four sash. Purchaser pays transportation.
AA frame with 1 extra fine 3 x 6 ft. glazed sash, \$16.25; without sash, \$9.75
A frame with 2 extra fine 3 x 6 ft. glazed sash, 25.00; without sash, 12.00
B frame with 3 extra fine 3 x 6 ft. glazed sash, 34.00; without sash, 12.00
C frame with 4 extra fine 3 x 6 ft. glazed sash, 43.75; without sash, 17.75
D frame with 5 extra fine 3 x 6 ft. glazed sash, 53.50; without sash, 21.00

#### Half-length Hot Bed and Cold Frames

(36 inches wide)

Made of the same lumber, etc., and painted just the same

as the full sized frames described above, excepting that they are 12 inches above ground at the back which gives the same pitch to 3 x 3-foot sash as a 16-inch back does to full 6-foot length sash. Our frames are all shipped "knocked down," but they are quickly and easily put together by anyone.

Half-length Frames are offered with or without half-length Glazed Sash described in next column. Purchaser pays transportation. Cost of crating sash extra. \$1.00 per crate from two up to four sash. Half-length Frame with 1 glazed sash  $3\times3$  ft. \$11.00 without sash \$7.00 Half-length Frame with 2 glazed sash  $3\times3$  ft. 17.00 without sash 9.00 Half-length Frame with 3 glazed sash  $3\times3$  ft. 22.50 without sash 10.50

### Sash for Hot Beds and Cold Frames

Extra Fine Without Glass—Not Painted

Made of selected Red Gulf Cypress, free from knots and sap. They have finished edges and an iron crossbar in the center.

Size, 3 feet wide by 6 feet long, 1% inches thick, and will require 3 rows of 10 x 12 glass. They are unpainted except the joints, which are white leaded before being put together.

Price, \$3.00 each; \$33.00 per doz.

One box of glass, double thick, will glaze three 3 x 6 ft. sash; cost of glass per box of 60 panes \$5.00. Purchaser pays transportation.

Extra Fine With Glass, Puttied and Painted
With two coats of white paint. \$6.50 each; \$71.50 per doz.
Packed and crated \$1.50 extra per crate—from one to four to a Purchaser pays transportation.

Regulation Without Glass-Not Painted

Regulation Without Glass—Not Painted

These sash are of Gulf Cypress, free from knots and sap. Size, 3
feet wide by 6 feet long and 1% inches thick. They are unpainted,
well made and will take 5 rows of 6 x 8 ft. glass.

Price, \$3.00 each; \$33.00 per doz. Purchaser pays transportation.
One box of glass, single thickness, will glaze three 3 x 6 ft. sash.
Cost \$4.00 per box of 150 panes. Purchaser pays transportation.

#### Half Length Sash

Without Glass-Not Painted

These are made in the best manner of Red Gulf Cypress, 1% inches These are made in the best manner of Red Gulf Cypress, 1% inches thick, 3 x 3 feet square, and will take three rows of 10 x 12 double thick glass. Price, \$2.75 each; \$30.25 per doz.

One box of glass 10 x 12 will glaze 6 half sash.

Price, \$5.00 per box. Purchaser pays transportation.

With Glass, Puttied and Painted, Ready to Use

With two coats of paint. Price, \$4.00 each; \$44.00 per doz.

Packed and crated \$1.00 per crate extra; from one to four sash

per crate. Purchaser pays transportation.

#### Mats for Hot Beds and Cold Frames

These are made of strong burlap bagging, warmly lined with waste wool and cotton which is quilted in to hold position.

Price, 40 x 76 ins., \$1.75 each; \$19.25 per doz.; 76 x 76 ins., \$2.75 each; \$30.25 per doz. Purchaser pays transportation.

Twemlow's Old English Glazing Putty. For bedding glass in, for filling cracks or seams in roof joints and frames. One gallon glazes about 300 lineal feet. Price, 1 qt. \$1.00; gallon \$3.50. Purchaser pays transportation.

Mastica. For glazing greenhouses, sash, etc. Qt. 80c; gal. \$2.50. Machine for applying Mastica \$3.50. Purchaser pays transportation.

Diamond Glass Cutter. Price, \$5.00; transportation paid.

Red Devil Glass Cutter. Price 25c each; \$2,75 per doz.; transportation paid.

Rubber Putty Bulb. Price, \$1.50; transportation paid.

Perfection Glazing Points. The points, being beveled on top, will hug close to glass when driven.

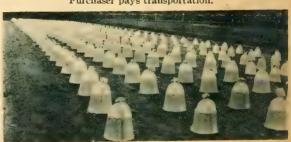

Price, box of 1,000, 75c. Pincers used for glazing, price per pair 70c. Transportation paid.

#### Plant Protectors

These protectors are well made—a wood framework covered with good white muslin which is drawn to a knob at the top to be used as a handle. The uprights project below the bottom bow and thrust into the ground, acting as an anchor to prevent the protectors from being displaced by the wind. The protectors are so shaped that they nest one into another like flower pots for storage and shipment. They will last for years with good care and may be used over and over again for advancing the growth of tender plants and protecting them from frosts. Tomatoes, melons, cucumbers, egg plants, peppers and many other garden vegetables and flowering plants.

The Electric Hedgshear

The Electric Hedgshear

The Electric HEDGSHEAR, weighing approximately 5½ lbs., cuts hedges, shrubs or grass in about one-tenth the time and a little child can operate it. It uses a new exclusive non-vibrating and non-reciprocating cutting principle with cutters attached to an endless chain, making continuous action on both sides of a 14½-in. cutter blade. The cutters are self-sharpening and easily renewed, if necessary. All steel parts are chromium alloy steel, heat treated, tough and harder than a file. Makes 10,000 cuts per minute. Universal A.C.-D.C. motor, developing nearly ½ horse power, operates from any light socket at a cost less than one

cost less than one cent per hour. Long double grip top handle and 5-inch auxiliary rear handle furnished as standard equipment; 15 feet best quality rubber-covered wire furnished.

Price, \$29.50. Purchaser pays transpor-

Extra 100-foot

lengths wire, \$4.50. Postpaid.

## Little Wonder Hedge Trimmer

rimming Side Hedge with Little Wonder

This hand-powered machine

is built along the most practical mechanical lines. Blades are made of high carbon, tempered tough (not brittle), and hold a sharp edge

brittle), and hold a sharp edge for a long period.

With reasonable care the machine will last a lifetime. Weight is only 10 lbs. Runs so easily and is so light that a lady can easily operate it. Not built for "cutting back" hedges, but to keep the new growth trimmed.

Price, 30-inch machine (one man), \$25.00. 40-inch machine (one man), \$27.50.

Side cutting carriage, \$4.50.

Side cutting carriage, \$4.50. Purchaser pays transportation

Henderson's Perfecto Window Box

recognized by scientific gardeners and florists as the correct idea in construction for growing house plants and porch plants. The problem is solved by means of the patented self irrigating and air circulating system. Water can be poured in either end of box and quickly seeks the level of the connecting troughs and rises into the earth to the root of the plants.

Connecting troughs and rises into the earth to the root of the plants. The drainage plug in the end is removable, to be taken out only when the box is in the open and during heavy rainfall.

The material used in construction is copper-steel, with a lead coat, which will neither rust nor deteriorate like plain galvanized iron and is the best material procurable for a long-life flower box to be continually under moisture. It is light in weight. The finish is enamel, in green. Each box shipped or delivered is packed in an individual carton to insure preservation of finish and each delivery to nychoser. safe delivery to purchaser.

## SPRAYERS and SPRAYING EOUIPMENT

#### Compressed Air Atomizer and Sprayer

Delivers a continuous Delivers a continuous fog-like spray. Is fitted with straight and adjustable nozzles, making a perfect under-leaf sprayer. In fact, spray can be solid sheet copper, highly polished, holds 1 quart. Price, \$2.00. Transportation paid.

Solid Copper

**Improved** Cortlandt Continuous Sprayer

Two brass nozzles, one for spraying straight ahead, the other for under-leaf spraying. Slow, easy pumping maintains large, continuous unbroken spray. Easy for man or woman to operate. Sprays all insecticies on gardens, flowers, shrubbery, etc., disinfectants and fly spray. Large two quart galvanized tank. This is a very handy and useful sprayer. portation paid.

Price, \$2.25. Transportation paid.

#### Henderson's Handy Sprayer

It is substantially built of heavy tin and can be used for spraying all sorts of insecticides. Tank will hold one quart.

Price, 50c. Transportation paid.

#### Henderson's Wheelbarrow Sprayer One of the Best Wheelbarrow Sprayers

Price for Galvanized Tank, \$18.50; price for Brass Tank, \$24.00. Pur-chaser pays transporta-

## Hand Bucket Pump

The large pump cylinder air chamber permits operator to easily maintain a constant pressure on the nozzle of from 100 to 200 lbs., producing a continuous, unbroken spray with slow easy pumping.

For spraying small trees, shrubbery, garden vegetables, washing automobiles, wagons, windows, and for spraying whitewash, disinfectants, sheep dip and all insecticides. Price, \$5.50.

With extra 7-foot section of hose and connection for pole (no pole furnished), for tree spraying. Price, \$6.00. We also furnish 2-foot Brass Extension Rods to fit this Pump at 65c each. Transportation paid.

#### **Extension Rods Necessity for Spraying Trees**

Bamboo Extension Rod. Fitted with brass stop cock and drip guard. For use with Barrel Pumps only. Price, 8 feet long, \$4.00; 10 feet long, \$5.00. Express only. Purchaser pays transportation.

Galvanized Iron Spray Rod, complete with stop cock, ¼-inch female pipe thread. Total length, 8 feet; 2 sections. For use with barrel pump only. Price, \$3.00. Transportation paid.

Brass Extension Rod. 2 feet long: ¼-inch thread. For use with Banner

thread. Lotal length, 8 feet; 2 sections. For use with barrel pump only. Price, \$3.00. Transportation paid.

Brass Extension Rod. 2 feet long; %-inch thread. For use with Banner Sprayer and Bucket Pump,
Price, 65c per length. Transportation paid.

Vermorel Bordeaux

Stott

Bordeaux Vermore! Stott Y Twin

Bordeaux Nozzle. Throws long distance spray, a solid stream or a fine mist, and may be shut off altogether. For general spraying and for whitewashing. Impossible to clog.

Price, \$1.00. Transportation paid.

Vermorel Nozzle. Two caps for fine or coarse spray. Impossible to clog, as obstructions are forced out with spring needle. For spraying trees, shrubbery, etc. Price, 90c. Transportation paid.

Y. For spraying two rows at a time.

Price, \$1.75. Transportation paid.

The "Stott" Spray Nozzle. Gives a spray as fine as mist.

Single spray for %-inch connection, \$1.75; Double spray, %-inch, \$3.00.

Transportation paid.

#### Henderson's Banner Compressed Air Sprayer

None Better for the Medium Sized Garden or Small Orchard

The tank is made of heavy solid copper, or heavy galvanized steel, double seamed and well riveted, to stand heavy pressure. Tank has double bottom. For use in Spraying Orchards, Flower and Vegetable Gardens, Vineyards, Field Crops and Lawns; also for Spraying Whitewash, Water Paints, Disinfectants, etc. Very effective in removing Wallpaper.

Pump, heavy seamless brass with cast brass pump head. Pump screws into center of tank and a few strokes of the pump charge the tank with compressed air, and by releasing the lever control spray pours forth in a fine bread spray nours forth in a fine bread

and by releasing the lever control spray, pours forth in a fine broad mist, or long distance spray according to the adjustment of nozzle. Each pump is equipped with shoulder strap adjustment with snap ends for quickly removing.

Hose, 2-foot of ½-inch best grade, with coil spring to prevent breaking when not in use, and in addition a brass rod 2 feet long with angle neck to allow easy spraying undermeath leaves.

derneath leaves

Nozzle, automatic, non-clog. Henderson's Banner Sprayer, Copper tank with Rubber Funnel Strainer. Capacity, 4 gallons. Henderson's Banner Sprayer, Galvanized tank, with Rubber Funnel Strainer. Capacity, 4 gallons. gallons
Henderson's Banner Sprayer

#### Henderson's Double Spray Barrel Pump Two outlets with brass cap for using one or two leads of

hose and four nozzles if desired.

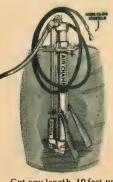

This is an unusually large, powerful spray pump, with all-brass working parts; carefully machined and ground together, making all parts air-tight and non-rusting. The large air chamber develops extra heavy pressure with slow, easy pumping. Capacity, 3 gallons per minute. Nonclog nozzle. One of the most powerful hand spray pumps made.

Price, complete with one lead of hose nozzle.

Pump 14.00
15-foot hoze and nozzle 3.00
50-gallon double head barrel 8.00 

Cut any length, 10 feet up to 50 feet, ½-inch bore, 12c per foot (coupling extra, 30c set); %-inch red tubing, 15c per foot cut any length 10 to 50 feet; couplings extra, 30c per set. Transportation paid.

## SPRAYERS, DUSTERS and WEED DESTROYERS

#### Henderson's Improved Powder Duster

This Duster is simple in construction and easy to operate. It is made from the highest quality of material and guaranteed to be perfect in operation, workmanship and material.

To operate Duster, remove screw nozzle cap, fill reservoir with dry powder. Screw cap on tightly. Take slow, steady strokes, which will give the proper spray. Duster can be held at any angle while operating. Price \$1.25. Transportation raid

#### The Savage Duster

Highly adapted for dusting cotton with calcium

#### Leggett's Champion Powder Gun

With it are supplied various nozzles for different uses. With the "V" nozzles, two rows of potatoes are dusted at one time, then there is a hood nozzle for cabbage worm dusting, it keeps the powder from escaping beyond the head; then there is a curved nozzle for under dusting, and telescope nozzles to blow powder into tall trees. Price, complete, \$10.00. Purchaser pays

transportation

#### Woodason's Double Cone Powder Bellows

For Dusting Plants with Dry Powders
This bellows can be held in any direction without wasting pawder, as it regulates its own supply,
and it does not clog up. The best article ever and it does not clog up. The best article ever invented for destroying insects in the conservatory, garden, orchard or field. Price, \$7.00. Transportation paid.

#### Woodason's Single Cone Powder Bellows

Price, large size, \$5.00; small size (for conservatory and house use), \$3.50. Transportation paid.

#### Jumbo Powder Gun

For applying insect pow-For applying insect powers on plants in the house or small gardens. It will hold about 4 ozs. of powder, which is ejected and distributed by a pressure with thumb

with thumb. Price, 50c each. Transportation paid.

#### Handy Pail Duster

For applying dry insecticides, such as Tobacco Dust, Slug Shot, etc.; practical and durable; easy to operate. Size, 10 by 6 inches, capacity about 5 lbs. of powder. Price, \$1.00. Transportation

#### Bamboo Extension Pole With Brass Connecting Sockets Caterpillar Lamp, Asbestos Torch

The **Bamboo Extension Pole** is made in 3 sections of 4 feet each and is securely connected with brass sockets, light and strong.

Price, \$1.25. Transportation paid. It can be used with torch, lamp, or fruit picker.

The Ashestos Torch is a galvanized wire basket filled with asbestos, when dipped in kerosene and lighted, is ready for use in destroying caterpillar nests in trees. Price, 60c. Trans-

portation paid.

The Collins Caterpilar Lamp is constructed with a pan to catch the worms.

Price, \$1.00. Trans-

Transportation paid.

The Fruit Picker.
Price, 50c, extension pole

#### Henderson's Brass Syringes

They are fitted with Caps for ejecting water in one stream or dispersing in a fine or coarse spray.

No. G. Barrel 16 inches long; 1½ inches diameter; 1 spray rose and 1 stream jet side attachment and elbow. joint. \$6.75. Transportation paid.

No. H. Sheet brass fixed spray rose; barrel 16 inches long; 1½ inches diameter, \$4.00. Transportation paid.

No. 2. Barrel 13½ inches long; diameter 1\*7,16 inches; 1 coarse and 1 fine spray rose and 1 jet; side attachment, \$6.00. Transportation paid.

No. 10. Barrel 18 inches long; diameter 1½ inches; 1 coarse and 1 fine spray rose, and 1 stream jet, with patent valves and elbow joint for sprinkling under the foliage.

Price, \$9.00. Transportation paid

Same as No. 10 without patent valves. Price, \$8.00. Transportation paid.

Price, \$8.00, complete with truck, \$24.50.

LEAF RACK—also built with connections for instant attachment to truck, capacity about 10 bushels.

Leaf Rack and I ruck Spray Pump and Truck

THE TRUCK—consists of a strong frame fitted with 30 inch steel wheels, 3 inch tread. It will pick up a trunnioned barrel filled with water in an instant without any handling, all the weight being balanced over the axle, one man can operate it conveniently.

Price, \$16.50.
THE BARREL—very durable, used for carrying water, ashes, garbage, insecticides or other solutions, capacity about 50 gallons, furnished with trunnions for instant transportation with the truck. Price, \$7.00, complete with truck, \$23.50.

The Truck with Barrel Attached

## The Henderson Sprinkling Cart

The most practical and useful apparatus for sprinkling solutions of Bordeaux, Semesan, Sulphate of Ammonia, and the like, on Golf Courses, Lawns, and Sports Turfs. Strength, endurance, and practicability have been wrought into this outfit. The barrel, which has a capacity of 50 gallons, is made of the best white oak, painted, and open head. The truck is heavily constructed with 3-in. tires. The sprinkler pipe, which is 6 ft. long and 1 in. in diameter, is equipped with approved lift valve. Total weight, 200 lbs.

Price complete \$38.50. Purchaser pays transportation.

Price of Sprinkler Attachment alone \$15.00. Purchaser pays transportation.

#### WEED DESTROYERS Henderson's Fluid Weed Destroyer - KILLS POISON IVY

Kills all vegetation it comes in contact with and prevents growth for a period of one year.

A sure killer of weeds, grass, etc., on tennis courts, paths and driveways. 5 gallons is a sufficient quantity for tennis courts. Easily applied with sprinkling pot or cart. Dilute with water according to directions.

To kill poison ivy, make a solution of one part of Henderson's Fluid Weed Destroyer to fifteen parts of water. Take a crowbar or sharp, pointed stick and make a hole in the soil near the root of the ivy and pour a pint of the solution in the hole.

A quart can makes 7 to 10 gals., sufficient for 200 sq. ft.

A gal. can makes 30 to 40 gals., sufficient ror 800 sq. ft.

Segal. keg makes 150 to 200 gals., sufficient for 4,000 sq. ft.

Segal. bl). makes 1,650 to 2,200 gals., sufficient for 4,000 sq. ft.

Prepaid 1st and 2nd zones, 150 miles, New York City.

ATLACIDE

(Non-poisonous, powder.) Exterminates undersirable vegetation, including poison ivy, Canada thistle, etc. Apply as a dust only.

Price, 1 lb., 50c; 3½ lbs., \$1.50; 15-lb. drum, \$3.50; 50-lb. drum, \$7.00; 100-lb. drum, \$13.50.

1 pound is sufficient for 100 to 300 square feet. Prepaid, 1st and 2nd zones, 150 miles, New York City.

"CLIMAX" LAWN SAND

Non-poisonous chemical, distributed at 4 ounces per square yard. Kills weeds by adhering to the broad, flat leaves, but falls clear to the roots of the grass and fertilizes the soil.

Price, 3½-lb. tin, .65c; 7-lb. tin, \$1.25; 14-lb. tin. \$2.00; 28-lb. tin, \$3.75; 56-lb. tin, \$7.25. Prepaid 1st and 2nd zones, 150 miles, New York City.

## INSECTICIDES—FUNGICIDES and VERMICIDES

NOTE-Items on this page offered transportation paid are prepaid by us within first and second zones (150 miles of New York City), mail, express, or freight, at our option. Beyond these zones, purchaser pays transportation charges.

Insects that suck the juices from plants, foliage, etc., such as lice, green, black and white aphis or fly, mealy bug, red spider and scale, must be destroyed by contact insecticides. Those in powder form kill by the breathing pores in the insect's skin; in liquid form, by being absorbed through their pores. best contact insecticides in powder form are Hellebore, Slug Shot and Tobacco Dust. The best fluids are Aphine, Black-Leaf 40, Evergreen, Fish Oil Soap, Kerosene Miscible Oil, Red Arrow, etc. For San Jose, Oyster and Scurfy Scale, use Lime Sulphur, Scalecide, etc.

Insects that eat plants, foliage, vegetables, fruits, flowers, etc., whether bugs, beetles, worms, caterpillars or slugs, are more quickly and effectually destroyed with a poisonous stomachic insecticide, such as Arsenate of Lead or Hellebore. Less poisonous stomachic and contact insecticides are Deridust, Evergreen, Kerosene Miscible Oil, Red Arrow, Slug Shot, etc. For ground insects, cut worms, grubs, etc., use Snarol or Vermine. For blights, rust, black spot and fungus diseases, use Bordeaux Mixture, Fungine, Fungtrogen, Pyrox, etc.

DIRECTIONS for using any of the following will be found

on each package.

ANT KILLER. A very effective and muchneeded product for use on lawns, sports turf, golf courses, etc.

Price, 4-oz. tin, 50c; per doz., \$5.50; estate size, 16 ozs., \$1.75. Transportation paid; see note at top of page.

A highly efficacious control agent for Argentine and native species of ants. Ready filled set consisting of 4 feeders, complete, 40c.

Regular set, 4 jars and 4 ozs. syrup, 75c; 4 oz. syrup, 35c; 1 pt. syrup, 85c. Extra jar, 10c. Transportation paid; see note at top of page.

APHINE. Very powerful. Applied as a spray, wash or dipping solution. It kills aphis, thrip, red spider, slugs, ants, mealy bug,

and scale.

Price, 1 gill, 25c; ½ pint, 40c; 1 pint, 65c; qt., \$1.00; gal., \$3.00. Transportation paid; see note at top of page.

ARSENATE OF LEAD POWDER. For dusting, mixed with Hydrated Lime or road dust or in liquid form. To kill most chewing

insects on plants, trees, shrubs, etc.
Price, ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.50;
10 lbs., \$2.75; 25 lbs., \$5.00; 100 lbs., \$15.00.
Transportation paid; see note at top of page.
Larger quantities, price on application.

ARSENATE OF LEAD (Oleate Coated) Kills Japanese Beetles. One spray lasts all season. Owing to the superior adhesive qualities of the oleate, it has proved extremely effective against Japanese and Asiatic Beetles, as also the Elm Leaf Beetle. It is not, however, recommended for fruits or vegetable crops, because it adheres so tenaciously. It

gives lasting protection to ornamental trees and shrubs, one pound to 12½ gallons of water. Price, 1 lb., 60c; 2½ lbs., \$1.25. Larger quantities, prices on application. Transportation paid; see note at top of page.

BLACK-LEAF 40. One of the best-known and most widely-used products for the effective and economical control of sucking insects. For delousing poultry, "paint" Black-Leaf 40 on top of roosts.

Price, 1 oz., 35c; 5 ozs., \$1.00; 1 lb., \$2.25; 2 lbs., \$3.25; 5 lbs., \$5.85; 10 lbs., \$9.85. Transportation paid; see note at top of page.

BORDO AND ARSENATE OF LEAD POWDER. A combined insecticide and fungicide, kills bugs and prevents many diseases, such as mildew, blight, rot and fungus. Can

be used as a wet or dry spray.

Price, ½ lb., 30c; 1 lb., 50c; 5 lbs., \$2.50;
10 lbs., \$3.00; 25 lbs., \$6.50. Transportation
paid; see note at top of page. Larger quantities; price on application.

BORDEAUX MIXTURE, POWDERED. For blight, mildew, rust, etc. It has all the advantages of paste, with double the strength. Goes twice as far. Used for dry dusting or spraying. Dilute 1 pound to about 6 gallons of water for 3-3-50 formula.

Price, ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.50; 10 lbs., \$2.75; 25 lbs., \$5.50; 100 lbs., \$16.00. Transportation paid; see note at top of page. Larger quantities, price on application.

BOR-TOX. A scientific preparation of paste that kills boring insects when injected into their burrows. Effective in killing larvae of the common stalk borer working in the stems of flowers and plants. 2-oz. tube, price Transportation paid; see note at top of

COPPER SOLUTION, AMMONIATED. A fungicide for spraying when fruits are nearing maturity, or plants in bloom. One quart is sufficient for 25 gallons of spray.

Price, 1 pt., 85c; 1 qt., \$1.50; 1 gal., \$4.60.

Transportation paid; see note at top of page.

COPPER SULPHATE (BLUE STONE). Used for spraying; also composes a necessary part in Bordeaux Mixture when made up by

Price, 1 lb., 20c; 5 lbs., 85c; 10 lbs., \$1.50; 25 lbs., \$3.50; 100 lbs., \$12.00. Transportation paid; see note at top of page.

CROW REPELLENT. Protects corn from rot, also birds and animal pests, such as gophers, squirrels, etc. Does not hinder germination.

Price, large can, enough for two bushels of seed corn, \$1.00; small can, enough for 1 bushel, 60c. Transportation paid; see note at top of page.

CYANOGAS (A) DUST. For outside use in killing rats, moles, woodchucks, gophers

and ground squirrels.

Price, 1 lb., 75c; 5 lbs., \$3.00; 25 lbs., \$10.00;
100 lbs., \$30.00. Not mailable. Purchaser pays transportation.

CYANOGAS (G) FUMICANT. For greenhouse, mushroom and soil fumigation. ter over the greenhouse walks and close the house for the night. Generates deadly hydro-cyanic acid gas, which is very effective in controlling aphis, thrips, white fly and soft

Price, 5 lbs., \$3.00; 25 lbs., \$10.00; 100 lbs., \$30.00. Not mailable. Purchaser pays transportation.

#### CUT WORM REMEDY. See "Snarol"

DERIDUST. A 34% rotenone dust, nonpoisonous and more powerful than arsenate of lead in killing leaf-chewing and sucking in-It controls cabbage worms, beetles, asparagus, cucumber, potato and flea beetles, leaf hoppers, thrips, red spider, aphis Will not injure tender foliage. and others.

Into Deridust is incorporated a product to act as a shield against the action of sunlight, and a unique adhesive is added to retain the **Deridust** on the foliage, including waxy leaf surfaces. This guards against loss of the insecticide by wind or rain. Recommended by state departments of agriculture for safe, efficient insect control.

Price, 1 lb., 50c; 5 lbs., \$2.25; 10 lbs., \$4.00; 25 lbs., \$8.75; 50 lbs., \$16.25; 100 lbs., \$30.00. Transportation paid; see note at top of page.

EVERGREEN (NON-POISONOUS). New Improved with Spreader. Will not injure or discolor the most tender plant; HARMLESS to man, birds and animals, yet deadly to sucking and chewing insects, such as aphis, thrip, rose bug and bean beetles. One ounce makes up to six gallons of spray.

Price, 1 oz., 35c; 6 ozs., \$1.00; 16 ozs., \$2.00; gal., \$12.00; 5 gals., \$50.00. Transportation paid; see note at top of page.

FISH OIL SOAP (WHALE OIL SOAP). A wash for insects and eggs on the bark, and for smearing the trunks of trees to prevent

worms from crawling up.
Price, 1 lb., 30c; 5 lbs., \$1.25; 10 lbs., \$2.25;
25 lbs., \$4.00; 100 lbs., \$13.00. Transportation paid; see note at top of page.

FORMALDEHYDE. A preventive of fungoid diseases, such as potato scabs, smuts, musty corn, damping off of seedlings, club

root, etc.
Price (40 volume per cent.), 1-lb. bottle, 50c; 5-lb. bottle, \$1.50; 9-lb. bottle, \$2.50.
Not mailable. Purchaser pays transportation.

FUNGINE. An effective sulphurated

spraying remedy for mildew, rust and other blights. Does not stain the foliage.

Price, ½ pt., 40c; pt., 65c; qt., \$1.00; gal., \$3.00. Transportation paid; see note at

top of page.

FUNGTROGEN. Controls mildew, black spot and many fungus diseases of roses and other plants. A highly concentrated fungicide, invisible on the foliage or blooms. It is combined with a plant stimulant. To use, mix with water 60 times its volume.

Price, ½ pt., 75c; pt., \$1.25; qt., \$2.00; gal., \$6.00. Transportation paid; see note

dat top of page.

Grape and Rose Dust. For black spot on roses, powdery mildew on grapes and flowers, blights and leaf-eating insects.

Price, 1 lb., 40c; 5-lb. pkt., \$1.50. Transportation paid; see note at top of page.

HELLEBORE, POWDERED WHITE.
Less poisonous than Paris Green and Arsenate of Lead, and safer to use when fruits or vegetables are nearly ripe. Can be used as a powder or dissolved.

Price, ½ lb., 30c; lb., 50c; 5 lbs., \$2.25.

Not mailable. Larger quantities, prices on

application.
IMPERIAL SOAP SPRAY. Does not

spot fruit or foliage or deface paint work. Very effective against rose bug, white, black and green fly, red spider, thrips and aphis. Price, 1 pt., 60c; 1 qt., \$1.00; 1 gal., \$3.00; 5 gals., \$12.00. Transportation paid; see

note at top of page.

INSECT SPRAY, HOUSEHOLD. Nonpoisonous; will not stain. Will exterminate
the household fly, moth, mosquito, bedbug,
ant, roach, and is a general insect spray. Do not spray on foliage

Price, 8-oz. can, 50c; 1-pt. can, 70c; 1-qt. can, \$1.20; 1-gal. can, \$3.00.

Transportation paid; see note at top of page.

KEROSENE MISCIBLE OIL. Better than Kerosene Emulsion. Is especially

than Kerosene Emulsion. Is especially valuable against all soft-bodied insects. Price, 1 pt., 50c; 1 qt., 75c; 1 gal., \$2.00; 5 gals., \$8.00. Transportation paid; see note at top of page.

Lemon Oil. Destroys mealy bugs, scale, thrips, red spider, etc.

Price, ½ pt., 40c; 1 pt., 70c; qt., \$1.20; gal., \$3.50. Transportation paid; see note at top of page.

at top of page.

LIME SULPHUR SOLUTION. scale insects on trees and such fungus bark diseases as can be treated in winter.

diseases as can be treated in winter. Dilute and spray with a spray pump while trees are dormant, in fall, winter or spring.

Price, 1 qt., 50c; gal., \$1.25; 5 gals., \$4.00; 30 gals., \$11.00; 50 gals., \$15.00. Transportation paid; see note at top of page.

LIME SULPHUR (POWDERED). For dormant spraying of fruit and shade trees and bushes against San Jose and Oyster Shell Scales; also for peach leaf curl and brown rot of peaches. 1 pound makes 314 to 5 gallons. 3½ to 5 gallons. Price, 1 lb., 40c; 5 lbs., \$1.50; 25 lbs., \$5.00;

100 lbs., \$16.00. Larger quantities, prices on application. Transportation paid; see

note at top of page.

## INSECTICIDES—FUNGICIDES and VERMICIDES—(Continued)

NOTE—Items on this page offered transportation paid are prepaid by us within first and second zones (150 miles of New York City), mail, express or freight at our option. Beyond these zones purchaser pays transportation charges.

DIRECTIONS for using any of the following will be found on each package.

MAGNESIUM ARSENATE. Used for the elimination of beau beetles, caterpillars, etc. For wet spraying, 1 pound to 50 gallons water. Care should be taken that the underside of the leaves are thoroughly sprayed. For dry spray, add 4 pounds Hydrated Lime to each 1 pound and dust four times during the growing season.

Price, 2 lbs., 80c. Transportation paid, see note top of page.

MO-LO (Poisoned Tablet). Exterminates moles and field mice.

Price, 25c per box of 12 tablets; \$2.75 per doz. boxes. Transportation paid, see note top of page.

MOLOGEN. Eliminates moles from the lawn within 2 or 3 days; non-poisonous to humans or pets. Per ½ lb. can 50c; 1½ lb. can, \$1.25; 5 lb. can \$4.00.

Transportation paid, see note top of page.

NAPTHALENE FLAKES. For thrip on Gladiolus Bulbs. Apply 1 ounce to 100 bulbs in a tight box or receptacle. Also dust bulbs at planting time.

Price, 1 lb., 25c; 5 lbs., 75c; 25 lbs., \$3.50; 100 lbs., \$12.00. Transportation paid. See note top of page.

NICO-FUME (Liquid). For vaporizing and spraying.

Price, 1 lb., \$2.25; 4 lbs., \$5.75; 8 lbs., \$10.00 Transportaton paid, see note top of page.

NICO-FUME PAPER. Price, box of 24 sheets, \$1.25; box of 144 sheets, \$4.50; box of 288 sheets, \$8.00; transportation paid, see note top of page.

NICO-FUME TOBACCO (POWDER). For fumigating greenhouses.

Price, 1-lb. tin, \$1.00; 5-lb. tin, \$3.35; 10 lb. tin, \$5.85.

Transportation paid, see note top of page.

NICOTINE PYROX. Pyrox plus nicotine. Kills aphis (plant lice) and many sucking insects; also destructive to caterpillars and other pests that chew the leaves. Prevents mildew and blight.

Price, 10 oz., 40c; 1 lb., 50c; 5 lbs., \$1.75; 10 lbs., \$3.00. Transportation paid, see note top of page.

**PARA - DICHLORO - BENZINE.** For peach tree borer. Generates a gas. Directions on container.

Price, ½ lb., 35c; 1 lb., 60c; 5 lbs., \$2.50; 10 lbs., \$4.00. Transportation paid, see note top of page.

PARIS GREEN. 1/4 lb., 20c; 1 lb., 55c; 5 lbs., \$2.50; 14 lbs., \$5.00. Transportation paid, see note top of page.

POMO GREEN WITH NICOTINE. Used extensively as a prevention against black spot, mildew, etc., on roses and growing plants. The nicotine content kills aphis (plant lice) and other sucking and leaf-eating insects.

Price, 1 lb., 75c; 5 lbs., \$3.25. Transportation paid, see note top of page.

PYROX. An insecticide and fungicide for chewing insects, blights and fungus.

Price, 1 lb., 50c; 5 lbs., \$1.75; 10 lbs., \$3.25; 25 lbs., \$6.00; 50 lbs., \$7.25; 100 lbs., \$1.50. Transportation paid, see note top of page.

RED ARROW GARDEN SPRAY. A nonpoisonous Flower and Vegetable Garden Spray scientifically blending Pyrethrum and Rotenone with Soap. Simply mix with water. Harmless to animals. Kills Red Spider, Mealy Bug, Rose Chafer, Mexican Bean Beetle. Aphids (plant lice) and other Chewing and Sucking insects.

Price, 1 oz., 35c; 4 oz., \$1.00; pint, \$2.00; quart, \$3.70; gallon, \$12.00. Transportation paid. See note top page.

ROTENONE see DERIDUST

**SCALECIDE.** Used for the destruction of the San Jose scale. Trees may be sprayed in winter and early spring before they start to come to bud.

Price, qt., 65c; gal., \$1.55; 5 gals., \$5.50; 10 gals., \$9.50; 15 gals., \$11.25; 30-gal. bbl., \$18.50; 50-gal. bbl., \$26.00. Transportation paid, see note top of page.

**SEMESAN.** As a remedy for the malignant grass disease called "Brown Patch."

Price, 2 ozs., 50c; 1 lb., \$2.50; 5 lbs., \$11.75; 25 lbs., \$46.25; 100 lbs., \$180.00. Transportation paid, see note on top of page.

**SEMESAN BEL.** Applied to whole or cut seed potatoes, Semesan Bel will prevent or control the common seed-borne potato disease.

Price, 4 ozs., 50c; 1 lb., \$1.75; 5 lbs., \$8.00; 25 lbs., \$31.25; 100 lbs., \$120.00. Transportation paid, see note on top of page.

SEMESAN JR. For both field and sweet corn seeds to control ear, root and stalk rots.

Price, 4 ozs., 50c; 1 lb., \$1.50; 5 lbs., \$7.00; 25 lbs., \$28.75; 100 lbs., \$110.00. Transportation paid, see note on top of page.

**SLUG SHOT.** A non-poisonous powder insecticide. Not injurious to the person applying it, or to fruits and vegetables. Destroys potato bugs, beetles, green flies, slugs, worms, etc.

Price, 1-lb. canister, perforated top, 25c; 5-lb. canister, \$1.00; 25-lb. fibre bag, \$4.00; bulk, 125-lb. keg, with duster, \$18.00; bulk, 250-lb. bbl., with duster, \$34.00. Transportation paid, see note top of page.

**SNAROL.** For the control of cutworms, snails, slugs, etc., non-injurious to vegetation and very economical to use on account of its insolubility in water.

Price, per 1½-lb. pkg., 35c; 4-lb. pkg., 85c; 15 lbs., \$3.00; 50 lbs., \$8.00. Transportation paid, see note on top of page.

SULPHUR, DUSTING. Used for checking mildew, blight, etc.

Price, 1 lb., 15c; 5 lbs., 50c; 10 lbs., 90c; 25 lbs., \$2.75; 50 lbs., \$4.50; 100 lbs., \$8.00.
Transportation paid, see note on top of page.

**SULFOCIDE.** A powerful summer fungicide for fruits, vegetables and flowers. Very superior for the control of apple scab, brown rot of peaches and other serious diseases. 1 gallon makes 200 gallons of spray.

Price, qt., 85c; gal., \$2.25; 5 gals., \$7.50. Transportation paid, see note top of page.

**TERMITES.** This wood destroyer cannot be satisfactorily controlled by the home owner; it requires the service of a specialist. We offer the service of the best known termite specialist in the United States.

TOBACCO DUST, FINE. For green and black aphis, flea-beetles, etc. Splendid fertilizer and preventive for insects in the ground and around roots.

Price, 1 lb., 20c; 5 lbs., 70c; 10 lbs., \$1.10; 25-lb. bag, \$1.50; 50-lb. bag, \$2.50; 100-lb. bag, \$4.50. Transportation paid, see note top of page.

TOBACCO STEMS. Used for fumigating and as a fertilizer.

Price, bale, about 100 lbs., \$4.00. Transportation paid, see note top of page.

TREE TANGLEFOOT. No crawling insect can pass a band of tree tanglefoot. 1 pound for 12-foot band, 4 inches wide, 1-16 inch thick.

Price, 1 lb., 60c; 5 lbs., \$2.75; 10 lbs., \$5.25 lbs., \$11.00. Transportation paid, see note top of page.

THRIP JUICE (HAMMOND'S). Very effective against aphis, thrip, red spider, mealy bug, etc.

Price, pt., 65c; qt., \$1.25; gal., \$4.80. Transportation paid, see note top of page.

TREE WOUND PAINT. Is an insurance against decay, having penetrating, antiseptic and elastic waterproofing qualities.

Price, ½ pt.,30c; pt. 40c; qt., 75c; gal., \$2.00; 5 gals., \$8.00. Transportation paid, see note top of page.

TRIOGEN. For controlling black-spot, mildew and blight. Especially recommended for roses, asters, snapdragons, carnations, hollyhocks, delphiniums, phlox, chrysanthemums, golden glow, dahlias and many other plants subject to disease and insects.

A. Small Kit (makes 16 quarts) \$1.50—Protects 12 to 20 roses for season.

**B.** Medium Kit (makes 64 quarts) \$4.00—Protects 50 to 80 roses for season.

C. Large Kit (makes 32 gallons) \$6.00— Protects 100 to 160 roses for season.

D. Estate Kit (makes 128 gallons) \$20.00—Protects 400 to 600 roses for season. Transportation paid. See note top page.

**VERMINE.** Kills underground insects. Use 1 part Vermine to 400 parts water, thoroughly saturating the ground.

Price, ½ pt., 40c; pt., 65c; qt., \$1.00; gal., \$3.00. Transportation paid, see note top of page.

VOLCK (Garden). A Volck-Nicotine combination spray for the garden. Controls red spider, mites, white flies, scales, mealy bugs, caterpillars, aphis, thrip, etc.

Price, 3½ oz., 35c; pt., \$1.00; qt., \$1.50; gal., \$4.00.

Transportation paid. See note top of page.

VOLCK INSECTICIDE. (Nursery.) It successfully controls scale, mealy bug, white fly, red spider and mites, aphis, caterpillars and many other insect pests. Prevents rose mildew.

Price, ½-pt. cans, 35c; pt.-cans, 50c; qt., 75c; gal., \$2.00; 5 gals., \$6.00. Transportation paid, see note top of page.

WILSON'S O. K. PLANT SPRAY. For roses, chrysanthemums, evergreens, and all plants affected with scale or insects, under glass or outside.

Price, ½ pt., 40c; qt., \$1.00; gal., \$3.00; 5 gals., \$12.00; ½ bbl., \$50.00; bbl., \$90.00. Transportation paid, see note top of page.

X-L-ALL LIQUID INSECTICIDE. Destroys mealy bug, scale, thrip, red spider, green and black fly, caterpillars, blight and all insect pests in the garden; it is perfectly safe to use on tender plants.

Price, qt., \$3.50; gal., \$9.00.

Transportation paid, see note top of page.

ZELIO PASTE (Bayer's). Sure death to rats, mice, ground squirrels and prairie dogs. Drives rats and mice into the open to die. Price, 2-oz. tube, 50c; 8 oz. can, \$1.50. Transportation paid, see note top of page.

ZELIO POISON WHEAT (Bayer's). The most efficient poison for destroying field mice and small rodents.

Price, 1 oz., 35c. Transportation paid, see note top of page.

# HENDERSON'S PLANT FOODS are FAMED for QUALIT

SPECIAL NOTICE.—We prepay transportation charges on Fertilizers by parcel post, express or freight at our option within the first and second zones (150 miles of New York City). Purchasers, beyond these zones, pay transportation charges.

#### GARDEN FERTILIZER

Contains all the Food Elements Required for Quality Vegetables and Flowers

Strictly high grade, complete, highly concentrated, fine and dry. It is free from objectionable odor, and contains all the food elements needed by vegetables and flowers, for their quick growth, early maturity and perfect development. This is a matter of great importance particularly when growing vegetables, for those that mature quickly are invariably finer flavored than if their development is drawn over a more extended period. It should be applied after plowing or digging and just before harrowing or raking at the rate of 34 to 1 ton to the acre or 10 lbs. for plot 10 x 20 or 200 square feet. A light top-dressing applied at intervals while a crop is growing will produce magnificent

#### TREE and SHRUB FOOD

For Fruit and Shade Trees, Shrubs, Evergreens, Bush Fruits, Grape Vines and Hedges

From 1 to 2 lbs. each will suffice for most shrubs and vines. Trees with a spread of about 10 feet require 5 lbs. each. Those with a spread up to 20 feet, 10 lbs. Up to 30 feet, 20 lbs. Up to 40 feet, 35 lbs. Up to 50 feet, 50 lbs.

The food should be applied over the area covered by the overhang of the tree. Where the ground is covered with grass holes may be

of the tree. Where the ground is covered with grass, holes may be made with a crow bar and these holes filled with the food. When setting out young trees mix from 1 to 5 lbs. to each tree in the soil where they are to be planted. When planting a hedge allow from 1/4 to 1/2 lb. to each plant. Directions for applying sent with each prockets. package.

Prices on larger quantities quoted on request. See Special Notice on top of page regarding Prepayment.

HOUSE PLANT FOOD (Henderson's)

A safe, clean and high-grade fertilizer free from disagreeable odor; prepared especially for feeding plants grown in pots. It is a wonderful invigorator, producing luxuriant, healthy growth, foliage of rich texture and larger and more brilliant flowers. Detailed directions on each package.

Price, 12-oz. package, sufficient for 25 ordinary sized plants for one year, 25c. Transportation paid in United States.

#### NE MEAL Henderson's Medium Fine

It is for its slow disintegrating and long lasting qualities that Bone Meal is so very desirable for fertilizing all hard wooded plants, including flowering shrubs, fruit bushes, trees, and the like.

As there is absolutely no danger of burning or causing rot in fleshy bulbs, including Tulips, Hyacinths, etc., a liberal application of Bone Meal mixed into the soil before planting them will be amply repaid for by the remarkable size and brilliancy of the flowers obtained.

For Lawns it is a dependable fertilizer, as it contains the essential elements that grass requires. It may be broadcast as a top-dressing at any time either in early spring or during the growing season.

Quantity required. For lawns, pasture and mowing lands 10 lbs. to 200 square feet or ½ to 1 ton per acre. For trees and rines, 2 to 4 lbs. each. For field and garden crops, ½ to 1 ton broadcast and harrowed in. For rose beds, pot plants, etc., one part to about fifty of soil.

#### **BONE MEAL Coarse Ground**

Especially valuable for feeding trees, shrubs and grape vines. Price, 100 lbs., \$5.50; 500 lbs., \$25.00. See Special Notice on top of page regarding Prepayment.

#### **BLOOD** and BONE

Henderson's Formula for Lawns and Sports Turf .-- The high nitrogenous and phosphoric content of this absolutely safe fertilizer has won for it great popularity among greenskeepers and groundsmen for top-dressing sports turf. It is also of exceptional value for garden crops, root crops, corn, grain, small fruits, grape vines, etc., and all grass lands.

Price, per 100 lb. bag, \$5.00; 500 lbs., \$22.50. Price on application for larger quantities.

See Special Notice on top of page-regarding Prepayment.

#### LAWN ENRICHER and Top Dresser

For New and Old Lawns, Athletic Fields, Golf Courses, Etc. It is Odorless, and Quickly Induces a Luxuriant Green Growth.

The constant mowing of grass and removal of clippings also removes a proportion of digested plant food. Therefore, if the luxuriance of a lawn is to be maintained, it must be top dressed at least once a year with suitable fertilizer. The Henderson Lawn Enricher is a clean, lawn dressing which never fails in inducing a rapid and rich green

For forming a new lawn a 10-lb. package is sufficient to go over an area of 200 square feet, or 1,000 to 1,500 lbs. per acre, or a smaller quantity for renovating an old lawn. Apply broadcast with machine or by hand as evenly as possible on a quiet day and preferably just before rain. If applied during the summer use half of the quantity and water in thoroughly with a hose.

| Prices: |        | 50 lbs             | \$ 3.25 |
|---------|--------|--------------------|---------|
|         | \$ .50 | 100 lbs            | 4.50    |

| 25 lbs  | 1.75   | 2,000 lbs. (1 ton) | 65.00   |

See Special Notice on top of page regarding Prepayment.

## HENDERSON'S WORM-KILLING **GRASS FOOD**

It not only stimulates the grass on lawns, putting greens, tennis courts, croquet grounds, etc., into rich green growth, but it quickly eliminates the earth or angle worms that burrow in the turf in almost unbelievable quantities. Apply at the rate of ½ pound to a square yard and water in with a hose. The worms will then almost immediately come to the surface. It is a non-poisonous powder not injurious to animal or bird life. Its fertilizing properties, while combined into a wall believed green feed. well-balanced grass food, are not so strong but that it can safely be applied on grass in warm weather according to directions.

Prices, 5 lbs., 55c; 10 lbs., \$1.00; 25 lbs., \$2.00; 50 lbs., \$3.50; 100 lbs., \$6.50; 500 lbs., \$30.00; 2,000 lbs., \$100.00. See Special Notice on top of page regarding Prepayment.

### **HUMUS Hyper Pulverized**

#### Nature's Product for Enriching Lawns and Gardens

Humus is not a chemical fertilizer, but a natural organic substance consisting of deposits of decomposed vegetable matter that have been accumulating for countless ages.

Hyper Pulverized Humus is black in color, it is easy to apply, and serves many functions in the soil. It loosens heavy clayey soils, and promotes aeration. It increases the moisture absorbing power of light, sandy soils and corrects the mechanical condition of medium soils.

Hyper Pulverized Humus is absolutely odorless and is therefore very desirable for starting seedlings indoors, also for potting bulbs and other house plants.

|     | rices: |          |                     |         |

Send for Special Quotation on carload lots. See Special Notice on top of page regarding Prepayment.

#### SHEEP MANURE Pulverized Wizard Brand

## Contains the Life-Giving Elements of Stable Manure in Concentrated Form, Dried, Screened, Sterilized, Pulverized

The Flower and Vegetable garden is particularly benefited by the use of Pulverized Sheep Manure. It should be spread at the rate of 100 lbs. to 1,000 square feet or 2,000 to 3,000 lbs. to the acre, applied after plowing just before the final harrowing.

Grass. Use 100 lbs. per 1,000 square feet. Scatter broadcast over the old lawn or rake thoroughly into the top soil a day or two before seeding a new one.

Farm Crops. The quantity required ranges from 1,500 to 2,000 lbs. to the acre, either drilled or broadcast.

Florists and Gardeners. In potting soil, one part Sheep Manure to six parts soil is the usual proportion. For liquid use 1 lb. of the manure to 5 gals. of water. In carnation, chrysanthemum or rose houses it is often used for a light top-dressing.

| Prices: |        | 50 lbs    | <br>2.75  |

See Special Notice on top of page regarding Prepayment.

## PLANT FOODS—FERTILIZER INGREDIENTS and REQUISITES

SPECIAL NOTICE—We prepay transportation charges on Fertilizers and Requisites by parcel post, express or freight at our option within the first and second zones (150 miles of New York City). Purchasers, beyond these zones, pay transportation charges

#### ADCO

Dry leaves mixed with Adco and kept moist, turn into excellent manure. So flower stalks, vines, and almost any other kind

of non-woody vegetable waste.

Price, 25-lb. bag, \$2.25. (Enough for 12 wheelbarrow loads of garden waste, making ½ ton of manure.) 150-lb. bag, \$10.50. (Enough for a heap 10 ft. x 10 ft. x 6 ft., making about 3 tons of manure.)

See Special Notice on top of page regarding

Prepayment.

#### **ALUMINUM SULPHATE**

Gives the soil the acidity necessary for the successful culture of Rhododendrons and similar plants.

Lb., 25c; 5 lbs., 65c; 10 lbs., \$1.00; 25 lbs., \$1.50; 100 lbs., \$5.00. See Special Notice on top of page regarding Prepayment.

#### AMMONIA, SULPHATE of (Dry)

It is highly concentrated, showing a guaran-

teed analysis of 20.50 Nitrogen.

Sulphate of Ammonia is particularly desirable for grass lands, lawns, sports turf or pasture grasses. It is also freely used for grains and market crops. Orchardists use it for stimulating fruit crops. Being readily soluble, it is quickly available.

Prices, 5 lbs., 50c; 10 lbs., 90c; 25 lbs., \$1.75;

50 lbs., \$3.25; 100 lbs., \$5.00.

Larger quantities, prices on application. See Special Notice on top of page regarding Prepayment.

#### ASHES, HARDWOOD

Apply 1,000 lbs, per acre. Indispensable for all crops requiring potash; excellent for mixing with potting soil. For top dressing lawns and grass fields it is applied to best advantage either in very early Spring or late

Prices, 25 lbs., \$1.00; 50 lbs., \$1.100 lbs., \$3.50; ½ ton, \$25.00; ton, \$45.00.

See Notice on top of page regarding Prepayment.

#### BLOOD (Dried)

For indoor culture of flowering plants, roses, carnations, etc., its chief element being nitrogen. One of the quickest acting fertilizers.

Prices, 5 lbs., 60c; 10 lbs., \$1.10; 25 lbs., \$2.00; 50 lbs., \$3.00; 100 lbs., \$5.00. See Notice on top of page regarding Pre-

payment.

#### CLAY'S FERTILIZER

An English organic fertilizer used for forcing greenhouse plants and vegetables. Can be used in either liquid or dry form and raked well into the soil around the plants.

Prices, 14 lbs., \$2.25; 28 lbs., \$4.00; 5 lbs., \$7.00; 112 lbs., \$12.00. See Special Notice on top of page regarding prepayment.

#### COMPOST

Spent Mushroom Soil. Henderson's Screened. An Ideal Preparation for Top-Dressing Gardens and Lawns. Also for Window Boxes and House Plants. It consists of well-rotted manure and soil, which has been used in the growth of mushrooms. Excellent for mulching or top-dressing roses, evergreens and fruit trees. For lawns, use 400 lbs. per 1,000 square feet,

broadcast evenly and rake well into the soil If properly done, the growth of the grass will be tremendously stimulated. When repotting plants this product is indispensable in the preparation of the soil.

Prices, 25 lbs., \$1.25; 50 lbs., \$2.00; 100 lbs., \$2.50; 500 lbs., \$10.00; 1,000 lbs., \$18.00; 2,000 lbs. (1 ton), \$30.00.

See Special Notice on top of page regarding Prepayment.

#### DRICONURE

It is composed of 65 per cent pure cow manure and 35 per cent peat moss. It possesses the feeding ability of rich cow manure.

Packed in 50 lb. bags with a bulk content of about 3½ bushels. Application, 50 to 100 lbs. to each 400 square feet for new seeding work or 50 lbs. as a top-dressing on lawns and gardens.

Prices, 50 lbs., \$3.00; 500 lbs., \$25.00; 1,000 lbs., \$45.00; 2,000 lbs., \$85.00.

See Notice top of page regarding Prepayment.

#### FLORANID (Urea)

The most highly concentrated nitrogenous fertilizer in commerce, contains 46 per cent of available nitrogen. Prices, 1 lb., 30c; lbs., \$1.00; 10 lbs.; \$1.75; 25 lbs., \$3.00; 100 lbs., \$10.00

See Special Notice top of page regarding

Prepayment.

#### LIME. Hydrated Finely Pulverized

Best grade testing calcium oxide, 67 per cent minimum.

Improves the mechanical condition of the soil, for grass, farm crops, etc.

Broadcast 10 lbs. to 100 square feet or 1

ton to the acre. Prices, 5 lbs., 45c; 10 lbs., 75c; 25 lbs., \$1.50;

50 lbs., \$2.00; 100 lbs., \$3.00; 500 lbs., \$12.50

Larger quantities, prices on application. See Special Notice on top of page regarding Prepayment.

#### NITRATE OF SODA

Apply between 100 and 150 lbs. to the acre.

Water in thoroughly to prevent burning.
Price, 100 lbs., \$4.25; 100-lb. bag smallest
quantity sold, by freight only. (Railway Express Agency will not accept shipments.)
See Special Notice on top of page regarding

Prepayment.

#### OYAMA PLANT FOOD

By using Oyama on house plants, it will keep them in bloom all winter and as green and luxuriant as if grown outdoors in the summer.

Price, House Plant size, makes 6 gallons, 30c. Garden size, makes 32 gallons, \$1.10. Transportation paid.

#### PEAT MOSS, Granulated

It adds organic matter (humus), improves the texture, conserves moisture and aerates the soil. Granulated Peat Moss is used extensively for mixing in soil for pot plants, also window boxes, and it is an excellent medium in which to grow bulbs. The rich mellow texture that it imparts to the soil with which it is incorporated puts the soil in ideal condition for the making of a lawn, a flower or vegetable garden. It is also used for mulch-ing Perennial and Rose beds as well as around Evergreens.

Many gardeners use Peat Moss for packing and storing bulbs, such as Cannas, Dahlias, etc.

Price, carton, 14 ibs., enough to cover 16 sq.ft. in. deep, \$1.00. Large bales, about 19 to
 bush., covers 240 sq. ft. 1 in. deep.
 Prices, 1 bale, \$3.50; 10 bales, \$32.50.

See Special Notice on top of page regarding Prepayment.

#### PHOSPHATE ACID (Super Phosphate)

A high-grade product of treated phosphate

rock. It is readily soluble.

Price, 100 lbs., \$2.00. See Special Notice on top of page regarding Prepayment. Send for special quotation on larger quantities.

#### POTASH MURIATE

For Corn, Grains and Potatoes, etc.,

quantity 350 to 700 lbs. to the acre. Prices, 5 lbs., 75c; 10 lbs., \$1.25; 25 lbs., \$2.00; 50 lbs., \$3.50; 100 lbs., \$6.00. Transportation paid.

See Notice on top of page regarding Prepayment.

#### POTASH, SULPHATE OF

Is the most highly concentrated form in which this very important plant food element is obtainable.

Price. 5 lbs., 85c: 10 lbs., \$1.40: 25 lbs., \$2.25; 50 lbs., \$4.00; 100 lbs., \$7.00. See Special Notice on top of page regarding

Prepayment.

#### SALT. AGRICULTURAL

Some crops, particularly asparagus, greatly benefited by an occasional application of agricultural salt. Price, 100 lbs., \$2.25.

See Special Notice on top of page regarding Prepayment.

#### SOOT, Imported Scotch

Used principally for bringing a good, healthy color into the foliage of Chrysanthemums and other greenhouse plants. Also destroys insects and grubs that work on top of and underneath the surface.

Prices, 5 lbs., 65c; 10 lbs., \$1.20; 25 lbs., \$2.00; 100 lbs., \$5.00. See Special Notice on top of page regarding

Prepayment.

#### STERILOAM (Duckham's)

A specially prepared sterilized soil for use in starting seeds, also for house plants. Free from weed seeds and bacterial spores. Many economical gardeners place a two-inch layer of this on ordinary garden soil to start seeds in.

Price, 10 lbs., \$1.25; 25 lbs., \$2.00; 50 lbs., \$3.50; 100 lbs., \$6.00. See notice top of page regarding Prepayment.

#### STIMUGERM BACTERIA

#### High-Bred Nitrogen Gathering Bacteria for Seed Inoculation.

Insures quicker catch, better crops, better

You cannot afford NOT to inoculate your legume seed at these low prices:

#### INOCULATE Lupins, Clovers, Alfalfa, with STIMUGERM

The inexpensive crop insurance. Prices. 4/2 bu., 25c; 1/2 bu., 35c; 1 bu., 65c; 21/2 bus., \$1.40.

2½ bus., \$1.40.
Also supplied for Soybeans, Cowpeas, Vetch, Field Peas and Beans. Prices, ½ bu., 25c; bu., 35c; 2 bus., 65c; 5 bus., \$1.40.
SPECIAL GARDEN SIZE for Peas, Beans and Sweet Peas, 25c. Simple to use; full directions with each package. Transportation paid.

#### STIM-U-PLANT (Odorless) TABLETS

Many professional and amateur growers use them extensively all the year round—from early spring until late fall outdoors, during the winter for pot plants, hothouse benches, etc. They are as fine for evergreens as for all garden and potted plants.

Price, small size, 25c; 100 tablets, 75c; 1,000 tablets, \$3.50. Transportation paid.

#### THOMSON'S SPECIAL TOP-DRESSING MANURE

Prices, 7 lbs., \$2.50; 14 lbs., \$4.00; 28 lbs., \$7.00. See Special Notice on top of page regarding Prepayment.

The Planet Jr. Seeder (see page 101) is an excellent implement for spreading fertilizers or top-dressing materials on the average-sized Lawn or Garden. Send for Special Quotations on Fertilizers in Larger Quantities and Carload Lots.

## Henderson's Selected List of Garden and Farm Books

#### Gardening for Pleasure By PETER HENDERSON

Its scope embraces directions for the culture and propagation of Flowers, Vegetables and Fruits. It exhaustively treats on the Vegetables, Flowers, Fruits, Greenhouse, Grapery, Window Garden, Lawn, the Water Garden, etc. 404 pages, fully illustrated, price, \$2.00.

#### Henderson's Bulb Culture

Gives up-to-date methods of treatment for all kinds of Hardy and Tender, Winter, Spring, Summer and Autumn Flowering Bulbs, Tubers, Corns, etc.—Bulbs for Gardens and Lawns—Soils and Preparation—Time and Depth to Plant—Treatment after Flowering—Bulbs in the House and Greenhouse—Forcing—Flowering Bulbs in Glasses of Water, etc.

Revised and enlarged edition, 68 pages, profusely illustrated, price 75c.

#### The Culture of Water Lilies and Aquatics By PETER HENDERSON

Gives the latest methods of growing Water Lilies and other Ornamental plants, both in natural and artificial ponds, pools, tanks, etc.

Revised and enlarged edition, profusely illustrated, price 60c.

#### Henderson's Garden Guide and Record

It treats concisely about vegetable and flower gardening. It contains under-

standable articles on all gardening topics.

It is of convenient pocket size, 5 x 8½ inches, containing 64 pages of text, including index. Also 12 pages, one for each month, for a diary.

Price, 35c.

#### Special Offer of Henderson's Books

If ordered at one time, we will supply the full set of seven Books offered above for \$10.00. (Separately, they would cost \$11.70.) This set of Books forms a complete Library of the Garden, Greenhouse and Farm.

## Henderson's Handbook of Plants and General Horticulture

By PETER HENDERSON

The standard American dictionary of plants, a complete work on cultivated plant life. Everything is arranged alphabetically and very complete descriptions are given, with full cultural instructions for everything of importance. There is sufficient matter given on all gardening subjects to allow this book to be termed The American Gardener's Dictionary.

526 pages, profusely illustrated, price, \$3.50.

#### Henderson's "Picturesque Gardens" By CHARLES HENDERSON

This unique new book mirrors the charms of the prettiest parks, lawns and gardens of Europe and America. Over three hundred illustrations from nature—just enough text matter to describe the view and name the plants vines, trees and shrubs needed to produce a similar effect or design. Those who are fond of improving their gardens and lawns will get many valuable ideas from this heavitful book. from this beautiful book

167 pages, 9¾ x 12 inches, 340 photographic illustrations, price, "De Luxe" Edition, handsomely bound in cloth, \$2.50.
Popular Edition, heavy levant paper cover, \$1.25.

#### Practical Floriculture

By PETER HENDERSON

If you wish to become a Florist, you should procure this book. We have numbers of letters from people who actually knew nothing of the florists' business, but who followed the instructions in this work and now are "full-fledged florists." Although written for the florist, it is equally valuable to the amateur. 325 pages, fully illustrated, price, \$2.00.

## General List of Books

#### Henderson's "Hardy Border" Collection

4715 Seventeen Packets of Hardy Perennials \$1.25 Postpaid

—Perennials renew their beauty every spring, and will keep a garden a-bloom all the season. This collection consists of 17 of the most popular and easily-grown sorts which will bloom the year following the sowing of seed. A few often flower the same the latter of the letter on the Plate. Our pamphlet, "A Perennial Flower Garden from Seed," sent with every collection.

- M 1057—Alyssum (Saxatile Compacta)
  Hardy Pkt. 10c
  Aquillegia, or Columbine. Mixed
  Olors Pkt. 25c
- Q 1470—Asters, Hardy. New large flower-ing, Mixed colors. Pkt. 10c G 1670—Canterbury Bells. Mixed L 1760—Carnation. Hardy garden. Finest double mixed. Pkt. 10c

- E 1994—Coreopsis "Harvest Moon."
  Rich yellow flowers. Pkt. 10c
  A 2090—Delphinium. Henderson's single
  and double, superb hybrids. Mixed
  colors. Pkt. 25c

- P 2250—Galllardia. Giant hardy hybrid.
  Mixed colors. Pkt. 10c

  B 2440—Hollyhock. Hardy, extra choice,
  double mixed. Pkt. 10c

  J 2854—Myosotis, Palustris Forget-menot. Pkt. 10c

  F 3410—Phiox, Hardy. Large-flowering,
  hybrid. Mixed. Pkt. 15c

  D 3490—Poppy. Giant Oriental, Mixed
  colors. Pkt. 10c

- O 3657—Scablosa. Hardy, 2 to 3 feet high. Flower semi-double, iliac-blue. Pkt. 10c

I. 1110 Antirrhinum, Large Flowering Mixed. Pkt. 15c. D. 3650 Scabiosa, Maxima Mixed......Pkt. 10c. PETER HENDERSON & CO., 35 Cortlandt St., NEW YORK

M. 1450 Aster, Semples Mixed. Pkt. 10c.
